

Support Int. 1932, 1908-A, 1916 and More Small Biz bills

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,
Ksenia Kulynych

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Dan Pace

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Paul Seres

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,
Nick mathers

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,
michael schatzberg

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Erin Ward

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Stephen Young

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,
Claudio Marini

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Susannah KOTEEN

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Lauren Fox

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

jennifer Muldaur

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Andrew Cohen

Dear Hearings,

I am the founder and CEO of Blue Marble Ice Cream, NYC's only organic ice cream company, and pioneer of the artisanal ice cream movement. We have operated a successful ice cream shop/cafe in Prospect Heights since 2008. Our ice cream has been served at Gracie Mansion, on jetBlue flights, and at The Barclays Center. We are a poster child for successful small business, certified woman owned and a certified B-Corporation. We are in terrible crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Trevor Finn

Dear Hearings,

I am the co-owner of Sushi Yasuda. This will decide if we survive or not.

We need your urgent SUPPORT. The New York City restaurant industry is in crisis due to COVID-19 and as an operator of a business in your district, I URGE you to sponsor and pass the following critical legislation supporting small businesses in your district, especially:

INT. 1932 which would prohibit enforcement of personal liability provisions in commercial leases or rental agreements involving a COVID-19 impacted tenant where the default to other trigger event happened during the COVID-19 state of emergency. Threatening to or attempting to enforce such a provision would also be considered a form of harassment and

INT. 1914, which would make threatening a commercial tenant based on their status as a COVID-19 impacted business a form of harassment punishable by a civil penalty of \$10,000 to \$50,000 and

Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, and Int. 1916.

I am also asking you please OPPOSE:

INT. 1895 which would create unnecessary regulations and financial burdens on small businesses during this unprecedented time.

Int. 1846,

Int. 1921

Thank you for your help and support of neighborhood businesses during the crisis.

Sincerely,

Scott Rosenberg

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Louise Favier

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Joel Tietolman

Dear Hearings,

We need your urgent SUPPORT. The New York City restaurant industry is in crisis due to COVID-19 and as a concerned citizen and supporter of hospitality businesses in your district, I URGE you to sponsor and pass the following critical legislation supporting small businesses in your district, especially:

INT. 1932 which would prohibit enforcement of personal liability provisions in commercial leases or rental agreements involving a COVID-19 impacted tenant where the default to other trigger event happened during the COVID-19 state of emergency. Threatening to or attempting to enforce such a provision would also be considered a form of harassment and

INT. 1914, which would make threatening a commercial tenant based on their status as a COVID-19 impacted business a form of harassment punishable by a civil penalty of \$10,000 to \$50,000 and

Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, and Int. 1916.

I am also asking you please OPPOSE:

INT. 1895 which would create unnecessary regulations and financial burdens on small businesses during this unprecedented time.

Int. 1846,

Int. 1921

Thank you for your help and support of neighborhood businesses during the crisis.

Sincerely,

Dear Hearings,

Dear CouncilMember Chin, Margaret, CouncilMember Johnson, Corey, Mayor Bill de Blasio,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Best,

Kazusa Jibiki

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Dear Hearings,

We need your urgent SUPPORT. The New York City restaurant industry is in crisis due to COVID-19 and as an operator of a business in your district, I URGE you to sponsor and pass the following critical legislation supporting small businesses in your district, especially:

INT. 1932 which would prohibit enforcement of personal liability provisions in commercial leases or rental agreements involving a COVID-19 impacted tenant where the default to other trigger event happened during the COVID-19 state of emergency. Threatening to or attempting to enforce such a provision would also be considered a form of harassment and

INT. 1914, which would make threatening a commercial tenant based on their status as a COVID-19 impacted business a form of harassment punishable by a civil penalty of \$10,000 to \$50,000 and

Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, and Int. 1916.

I am also asking you please OPPOSE:

INT. 1895 which would create unnecessary regulations and financial burdens on small businesses during this unprecedented time.

Int. 1846,

Int. 1921

Thank you for your help and support of neighborhood businesses during the crisis.

Sincerely,

Keith Meeney

As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Dianna Loiselle

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Jonathan Schnipper

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Michael Mellor

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,
Derrick Runtas

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,
Masaji Akamine

Dear Hearings,

Hi. It is unconscionable to me that you will potentially continue to allow third party deliver services to pilfer from hard-working restaurants. It was already difficult to run a restaurant before coronavirus. This should have passed a long time ago. Please pass this legislation. Thanks!

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Aristotle

Sincerely,
Aristotle Deftereos

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Stefano Lorenzini

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, two Two Boots Pizza stores, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,
Stewart Gardner

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Mary Ann Giannone

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As a former operator of a restaurant on Manhattan's Upper East Side, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020.

As employers, as community leaders, as the soul of our neighborhoods and as entrepreneurs that do so much to make NYC the unique destination it is, no one understands more than restaurant operators, how essential the following measures are to the survival of our city's small businesses.

In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,
Dori Ann Scagnelli

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Small Business Owners oppose Intros. 1918 and 1923

Dear Member,

Dunkin' Brands is a 100% franchised system comprised of small business owners / franchisees. As one of these franchisees, who own and operate over 250 restaurants employing over 5,200 hardworking New Yorkers, we oppose Intros. 1923-2020 (Just Cause) and 1918-2020 (Premium Pay). These bills seek to impose exorbitant costs on our already struggling businesses at a time when many can barely afford to keep their doors open.

We implore the Council to stop pursuing legislation that creates such a hostile business environment in New York City for small business owners like ourselves. It goes beyond reason to think that during this pandemic that has forced businesses to pause to help contain the virus, that now would be a good time to impose new costs and restrictions on the few businesses that are fighting to stay open, provide jobs and serve the heroes who are working to help keep our city healthy and safe.

Intro 1923-2020 ? Just Cause

Intro 1923-2020 seeks to prohibit wrongful discharge: ?An essential employer shall not discharge an essential employee who has completed such essential employer's probation period without just cause.? As a community which employs thousands of New Yorkers, we can attest that we value our employees and invest considerable time, training, and resources into every new hire.

Our employees are the face of our business, and therefore one of the most important parts of the Dunkin' business model. We maintain high standards and train employees in customer service, food safety, and health procedures, while creating opportunity for further career development. According to the National Restaurant Association, nearly one-half of adults got their first job experience in a restaurant.

This legislation fails to account for the human aspect of the service industry. A positive attitude is the foundation of good customer service. If an employee is consistently rude to customers, how do we document that on paper to the satisfaction of a government agency? What types of ?progressive disciplinary? measures are acceptable and for how long? Why is New York City government trying to micromanage small business owners?

This legislation could force Managers at restaurants like ours to keep staff employed who may:

- * cause food and beverage safety and health issues;
- * cause scheduling issues that impact fellow employees and impede customer service;
- * provide poor customer service overall;
- * bully others or create a hostile work environment; or
- * any other number of scenarios.

The legislation also limits our ability to reduce hours, which in the current environment may be necessary to keep our businesses open.

In addition, it creates uncertainty for employers and invites increased litigation, which is both costly and time consuming for a business operating on extremely thin margins.

Intro 1918-2020

Intro 1918-2020 requires businesses with 100 or more employees to pay each hourly worker a premium between \$30 - \$75 per shift during the pandemic. This legislation seeks to add debilitating costs to our restaurant operations during a time when we are doing everything we can to simply stay afloat. As it stands, franchisees are doing their part to stay open to serve essential workers like health care professionals, law enforcement and other first responders. Beyond that, many are already providing additional pay to their employees as a way to say thank you for their continued commitment and to help them provide for their families amid the pandemic.

The definition of "large essential employer" accounts for full-time, part-time, or temporary staff. Given that "the number of persons who work for an employer for compensation per week fluctuates," this legislation calculates business size by averaging number of persons who worked during the preceding calendar year. It is unrealistic to equate the previous year's labor needs to those of this year, when the New York restaurant and foodservice industry is expected to lose an estimated \$3.6 billion in sales and lay off 80% of restaurant employees by the end of April.

In summary, the New York City Council should understand that passing these bills will lead to more closed businesses and fewer jobs for New Yorkers. They will harm us, our employees, and our businesses, which we are trying to keep open in an already difficult environment.

We welcome the opportunity to discuss what it takes to own and run a small business.

Sincerely,

Mrs. Pamela Danbusky

These bills seek to impose exorbitant costs on our already struggling businesses at a time when many can barely afford to keep their doors open.

We implore the Council to stop pursuing legislation that creates such a hostile business environment in New York City for small business owners like ourselves. It goes beyond reason to think that during this pandemic that has forced businesses to pause to help contain the virus, that now would be a good time to impose new costs and restrictions on the few businesses that are fighting to stay open, provide jobs and serve the heroes who are working to help keep our city healthy and safe.

Intro 1923-2020 ? Just Cause

Intro 1923-2020 seeks to prohibit wrongful discharge: ?An essential employer shall not discharge an essential employee who has completed such essential employer?s probation period without just cause.? As a community which employs thousands of New Yorkers, we can attest that we value our employees and invest considerable time, training, and resources into every new hire.

Our employees are the face of our business, and therefore one of the most important parts of the Dunkin' business model. We maintain high standards and train employees in customer service, food safety, and health procedures, while creating opportunity for further career development. According to the National Restaurant Association, nearly one-half of adults got their first job experience in a restaurant.

This legislation fails to account for the human aspect of the service industry. A positive attitude is the foundation of good customer service. If an employee is consistently rude to customers, how do we document that on paper to the satisfaction of a government agency? What types of ?progressive disciplinary? measures are acceptable and for how long? Why is New York City government trying to micromanage small business owners?

This legislation could force Managers at restaurants like ours to keep staff employed who may:

- * cause food and beverage safety and health issues;
- * cause scheduling issues that impact fellow employees and impede customer service;
- * provide poor customer service overall;
- * bully others or create a hostile work environment; or
- * any other number of scenarios.

The legislation also limits our ability to reduce hours, which in the current environment may be necessary to keep our businesses open.

In addition, it creates uncertainty for employers and invites increased litigation, which is both costly and time consuming for a business operating on extremely thin margins.

Intro 1918-2020

Intro 1918-2020 requires businesses with 100 or more employees to pay each hourly worker a premium between \$30 - \$75 per shift during the pandemic. This legislation seeks to add debilitating costs to our restaurant operations during a time when we are doing everything we can to simply stay afloat. As it stands, franchisees are doing their part to stay open to serve essential workers like health care professionals, law enforcement and other first responders. Beyond that, many are already providing additional pay to their employees as a way to say thank you for their continued commitment and to help them provide for their families amid the pandemic.

The definition of "large essential employer" accounts for full-time, part-time, or temporary staff. Given that "the number of persons who work for an employer for compensation per week fluctuates," this legislation calculates business size by averaging number of persons who worked during the preceding calendar year. It is unrealistic to equate the previous year's labor needs to those of this year, when the New York restaurant and foodservice industry is expected to lose an estimated \$3.6 billion in sales and lay off 80% of restaurant employees by the end of April.

In summary, the New York City Council should understand that passing these bills will lead to more closed businesses and fewer jobs for New Yorkers. They will harm us, our employees, and our businesses, which we are trying to keep open in an already difficult environment.

We welcome the opportunity to discuss what it takes to own and run a small business.

Sincerely,

Mr. Raymond Yen

These bills seek to impose exorbitant costs on our already struggling businesses at a time when many can barely afford to keep their doors open.

We implore the Council to stop pursuing legislation that creates such a hostile business environment in New York City for small business owners like ourselves. It goes beyond reason to think that during this pandemic that has forced businesses to pause to help contain the virus, that now would be a good time to impose new costs and restrictions on the few businesses that are fighting to stay open, provide jobs and serve the heroes who are working to help keep our city healthy and safe.

Intro 1923-2020 ? Just Cause

Intro 1923-2020 seeks to prohibit wrongful discharge: ?An essential employer shall not discharge an essential employee who has completed such essential employer?s probation period without just cause.? As a community which employs thousands of New Yorkers, we can attest that we value our employees and invest considerable time, training, and resources into every new hire.

Our employees are the face of our business, and therefore one of the most important parts of the Dunkin' business model. We maintain high standards and train employees in customer service, food safety, and health procedures, while creating opportunity for further career development. According to the National Restaurant Association, nearly one-half of adults got their first job experience in a restaurant.

This legislation fails to account for the human aspect of the service industry. A positive attitude is the foundation of good customer service. If an employee is consistently rude to customers, how do we document that on paper to the satisfaction of a government agency? What types of ?progressive disciplinary? measures are acceptable and for how long? Why is New York City government trying to micromanage small business owners?

This legislation could force Managers at restaurants like ours to keep staff employed who may:

- * cause food and beverage safety and health issues;
- * cause scheduling issues that impact fellow employees and impede customer service;
- * provide poor customer service overall;
- * bully others or create a hostile work environment; or
- * any other number of scenarios.

The legislation also limits our ability to reduce hours, which in the current environment may be necessary to keep our businesses open.

In addition, it creates uncertainty for employers and invites increased litigation, which is both costly and time consuming for a business operating on extremely thin margins.

Intro 1918-2020

Intro 1918-2020 requires businesses with 100 or more employees to pay each hourly worker a premium between \$30 - \$75 per shift during the pandemic. This legislation seeks to add debilitating costs to our restaurant operations during a time when we are doing everything we can to simply stay afloat. As it stands, franchisees are doing their part to stay open to serve essential workers like health care professionals, law enforcement and other first responders. Beyond that, many are already providing additional pay to their employees as a way to say thank you for their continued commitment and to help them provide for their families amid the pandemic.

The definition of "large essential employer" accounts for full-time, part-time, or temporary staff. Given that "the number of persons who work for an employer for compensation per week fluctuates," this legislation calculates business size by averaging number of persons who worked during the preceding calendar year. It is unrealistic to equate the previous year's labor needs to those of this year, when the New York restaurant and foodservice industry is expected to lose an estimated \$3.6 billion in sales and lay off 80% of restaurant employees by the end of April.

In summary, the New York City Council should understand that passing these bills will lead to more closed businesses and fewer jobs for New Yorkers. They will harm us, our employees, and our businesses, which we are trying to keep open in an already difficult environment.

We welcome the opportunity to discuss what it takes to own and run a small business.

Sincerely,

Mr. RAFIQ MAJEED

These bills seek to impose exorbitant costs on our already struggling businesses at a time when many can barely afford to keep their doors open.

We implore the Council to stop pursuing legislation that creates such a hostile business environment in New York City for small business owners like ourselves. It goes beyond reason to think that during this pandemic that has forced businesses to pause to help contain the virus, that now would be a good time to impose new costs and restrictions on the few businesses that are fighting to stay open, provide jobs and serve the heroes who are working to help keep our city healthy and safe.

Intro 1923-2020 ? Just Cause

Intro 1923-2020 seeks to prohibit wrongful discharge: "An essential employer shall not discharge an essential employee who has completed such essential employer's probation period without just cause." As a community which employs thousands of New Yorkers, we can attest that we value our employees and invest considerable time, training, and resources into every new hire.

Our employees are the face of our business, and therefore one of the most important parts of the Dunkin' business model. We maintain high standards and train employees in customer service, food safety, and health procedures, while creating opportunity for further career development. According to the National Restaurant Association, nearly one-half of adults got their first job experience in a restaurant.

This legislation fails to account for the human aspect of the service industry. A positive attitude is the foundation of good customer service. If an employee is consistently rude to customers, how do we document that on paper to the satisfaction of a government agency? What types of "progressive disciplinary" measures are acceptable and for how long? Why is New York City government trying to micromanage small business owners?

This legislation could force Managers at restaurants like ours to keep staff employed who may:

- * cause food and beverage safety and health issues;
- * cause scheduling issues that impact fellow employees and impede customer service;
- * provide poor customer service overall;
- * bully others or create a hostile work environment; or
- * any other number of scenarios.

The legislation also limits our ability to reduce hours, which in the current environment may be necessary to keep our businesses open.

In addition, it creates uncertainty for employers and invites increased litigation, which is both costly and time consuming for a business operating on extremely thin margins.

Intro 1918-2020

Intro 1918-2020 requires businesses with 100 or more employees to pay each hourly worker a premium between \$30 - \$75 per shift during the pandemic. This legislation seeks to add debilitating costs to our restaurant operations during a time when we are doing everything we can to simply stay afloat. As it stands, franchisees are doing their part to stay open to serve essential workers like health care professionals, law enforcement and other first responders. Beyond that, many are already providing additional pay to their employees as a way to say thank you for their continued commitment and to help them provide for their families amid the pandemic.

The definition of "large essential employer" accounts for full-time, part-time, or temporary staff. Given that "the number of persons who work for an employer for compensation per week fluctuates," this legislation calculates business size by averaging number of persons who worked during the preceding calendar year. It is unrealistic to equate the previous year's labor needs to those of this year, when the New York restaurant and foodservice industry is expected to lose an estimated \$3.6 billion in sales and lay off 80% of restaurant employees by the end of April.

In summary, the New York City Council should understand that passing these bills will lead to more closed businesses and fewer jobs for New Yorkers. They will harm us, our employees, and our businesses, which we are trying to keep open in an already difficult environment.

We welcome the opportunity to discuss what it takes to own and run a small business.

Sincerely,

Mr. Rao Tummala
154 E 116th Street

Support Int. 1932, 1908-A, 1916 and More Small Biz bills

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

ernest gonzalez

Dear Hearings,

Please help.

We can't pay our rent while closed. Grants for rent are badly needed.

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Louise Favier

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Robert Hammer

: Please support Int. 1932 & 1914 to protect small businesses that are commercial tenants

Dear Hearings,

Please support Int. 1914 and Int. 1932. I urge you to help NYC's small commercial tenants by vigorously advocating for and working to pass these bills that would prohibit the enforcement of personal liability provisions in commercial leases or rental agreements involving a COVID-19 impacted commercial tenant where the default or other trigger event happened during the COVID-19 state of emergency. NYC small commercial tenants are facing an existential threat from the COVID-19 pandemic, and these bills will help keep NYC small businesses alive so that they have a fairer chance of adapting and surviving as 2020 progresses.

Sincerely,

Scott Isebrand

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,
Barry Aherne

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,
Gregory Lipari

Dear Hearings,

The NYC restaurant and nightlife industry are in crisis due to COVID-19 and we need your urgent support. As the operator of a business in your district, I URGE you to SPONSOR and PASS the following critical legislation that will support small businesses in your district, giving us a fighting chance to survive: Int.1932 that prohibits the enforcement of personal liability provisions in commercial leases related to COVID-10 so New Yorkers don't lose their personal assets in addition to their businesses, Int. 1908-A that caps excessive third-party delivery fees restaurants pay at 10%, and Int. 1916 which waives (or refunds) expensive sidewalk café fees in 2020. In all, I urge you to:

Please SUPPORT: Int. 1896, Int. 1897, Int. 1898, Int. 1907, Int. 1908-A, Int. 1914, Int. 1916 and Int. 1932

I am also asking you to Please OPPOSE: Int. 1846, Int. 1895 and Int. 1921 – while well intentioned, these bills create unnecessary new regulatory burdens on small businesses at a time they can least afford it.

Thank you for your consideration and support of neighborhood small businesses during the crisis.

Sincerely,

Kaitlin O'Neill
