removal. Parking meter and muni-meter rules and all other parking regulations, except those regulations that would not permit parking or standing at any time, except for emergency vehicles at such location, shall be suspended for forty-eight hours following the falling of six inches of snow in any part of the city of New York based on the department of sanitation's measurements, provided that at the conclusion of such forty-eight hour period, the department may continue to suspend any and all such parking rules if, in the discretion of the commissioner, such suspension remains necessary in order to facilitate the plowing or removal of snow. Such forty-eight period shall conclude at the end of the calendar day of the expiration of such forty-eight hours.

§2. This local law shall take effect sixty days after its enactment.
