their household income in rent; and

Whereas, According to the 2014 HVS the median annual income for renter households did not

significantly change between 2010 and 2013, but the median monthly gross rent rose by 4.3% between 2011

and 2014; and

Whereas, Under the rent regulation system, rent increases annually or biannually, and once the rent hits

\$2,500 a month, and the tenant vacates the unit, or the tenant is found to have an income above \$200,000 two

years in a row, the unit may be deregulated; and

Whereas, When a tenant leaves a rent stabilized unit, and when a tenant in a rent controlled units leaves

and is replaced by a lawful successor, the owner may legally raise the rent by up to 20%; and

Whereas, Rents may also be increased in rent regulated units when owners make major capital

improvements or individual apartment improvements; and

Whereas, Once an apartment is deregulated owners can evict tenants at the end of their lease without

restriction and increase the rent at will, resulting in the City losing another unit of affordable housing; and

Whereas, According to the 2014 HVS, New York City is currently in the middle of an affordable

housing crisis; now, therefore, be it
