Int. No. 323

By Council Members Rodriguez and Brannan

A Local Law in relation to a study to be conducted by the department of transportation determining the feasibility of building a light rail system in the city of New York

Be it enacted by the Council as follows:

Section 1. The commissioner of the department of transportation of the city of New York shall conduct a study determining the feasibility of developing a light rail system within the city of New York. Such study shall include recommendations related to light rail options that would increase access to mass transit in areas that have been identified as lacking adequate mass transit options.

§ 2. Such study shall be submitted to the mayor and the council and posted on the website of the department of transportation within one year, if feasible, but in no event later than two years, after enactment of this local law.

§ 3. This local law takes effect immediately.
