A Local Law to amend the administrative code of the city of New York, in relation to sound reproduction devices on sight-seeing buses.

Be it enacted by the Council as follows:

For purposes of this section, a

headphone-limited sound reproduction device shall consist of a reproduction device that transmits an audio signal, including but not limited to the amplified voice of any guide on such sight-seeing bus, that is audible to riders on such sight-seeing bus through personal headphones and is not otherwise audible.
