The distance of [three hundred] 300 feet shall be measured in a straight line from the point on the exterior wall of such building nearest to any point in the location at which such lawn care device is operated or used or caused to be operated or used.

(b) No person shall operate, [or] use, or cause to be operated or used, any gas-powered leaf blower [not equipped with a functioning muffler] between or on the dates of May 15 and September 15 of any calendar year.

(c) No person shall operate, use, or cause to be operated or used, a gas-powered leaf blower rated to produce a maximum sound level in excess of 65 dB(A) as determined in accordance with the most current version of American national standards institute (ANSI) B175.2-2000.
