Int. No. 1216

By Council Members Espinal, Cornegy, Miller, Maisel, Vallone and Borelli

A Local Law to amend the administrative code of the city of New York, in relation to allowing service stations with certain technologies to simultaneously fill their storage tanks while dispensing gas to customers

Be it enacted by the Council as follows:

Section 1. Subchapter 5 of Chapter 4 of title 20 of the administrative code of the city of New York is amended by adding a new section 20-673.4 to read as follows:

§ 20-673.4. Water in gasoline. It shall be unlawful for any person who sells or offers for sale, at retail, gasoline or other petroleum product for use in motor vehicles or motor boats to use or allow the use of any pump or dispensing device that draws gasoline or other petroleum product from a storage tank into which a truck is delivering petroleum product unless that storage tank is equipped with technology that continuously monitors the water level in the storage tank and such water level measures less than one inch.

§ 2. This local law takes effect 120 days after it becomes law, except that the commissioner of the department of consumer affairs may take such measures as are necessary for the implementation of this local law, including the promulgation of rules, before such date.
