Int. No. 145

By Council Members Brooks-Powers, Hanif and Hudson (by request of the Queens Borough President)

A Local Law to amend the administrative code of the city of New York, in relation to placing a cap on the correlated color temperature of new and replacement streetlights

Be it enacted by the Council as follows:

Section 1. Subchapter 1 of chapter 1 of title 19 of the administrative code of the city of New York is amended by adding a new section 19-159.6 to read as follows:

§ 19-159.6. Limitation on correlated color temperature of streetlights. a. Definitions. For purposes of this section, the following terms have the following meanings:

Correlated color temperature. The term “correlated color temperature” means the perceived color of the light emitted by a lamp, expressed in Kelvin (K) units.

Kelvin. The term “kelvin” means the unit of measurement used to characterize the color of light emitted by a lamp.

b. Any lamp to be used in the illumination of streets, highways, parks, or any other public place shall have a correlated color temperature no higher than 3000 Kelvin. All new and replacement outdoor lamps shall be installed in accordance with this section.

§ 2. This local law takes effect immediately.
