

This report contains services provided by the Department of Health and Mental Hygiene’s Bureau of Developmental Disabilities, within the Division of Mental Hygiene, and the Bureau of Early Intervention, within the Division of Family and Child Health. This report contains the number of individuals receiving services for autism spectrum disorders for each relevant program, disaggregated by geographic boundary. For each category reported below that contains between 1 and 9 individuals, has been reported with a symbol (*), to maintain privacy of the individual.

Autism Spectrum Disorder Services

The DOHMH Bureau of Developmental Disabilities contracts with 44 programs providing services for individuals with ASD who are either ineligible or are waiting to be deemed eligible to receive services under the auspices of the state Office for People with Developmental Disabilities (OPWDD) or other publically funded programs. In addition to components that support the needs of families and caregivers, ASD programs serve children, youth, and/or young adults (age 3 to 25) with direct wraparound services that complement school programming for children such as after-school and/or weekend/holiday recreational programs; recreational and socialization opportunities for adults or children designed to increase their repertoire of social experiences, foster community integration and enhance interpersonal communication; and/or vocational readiness training for individuals with autism spectrum disorder.

As represented in the below table, for calendar year 2017, 4,839 individuals received services for ASD services from 44 DOHMH-contracted providers throughout New York City. It is important to note that while contractors reported the *numbers* of individuals on their rosters, these data do not account for the possibility of duplication within DOHMH-funded and across OPWDD-sponsored services, as service enrollment is not mutually exclusive.

Geography	Persons Served
Bronx	1,082
Brooklyn	1,250
Manhattan	1,077
Queens	1,096
Staten Island	317
Undisclosed*	14
Grand Total**	4,836

*Undisclosed refers to individuals who didn’t provide proper addresses.

**Denotes total number of individuals receiving services from Autism Spectrum Disorder that received recreational and socialization services from 44 DOHMH-funded contracts in CY2017, disaggregated by zip code.

Early Intervention Services

The DOHMH Bureau of Early Intervention provides early intervention services for infants and toddlers from birth to age 3 who have been diagnosed with a physical or mental condition that will likely result in a developmental delay. Children may also be eligible if their families suspect they have a developmental delay or disability but have not yet received a diagnosis. The Early Intervention Program is free and available to all eligible New York families, regardless of race, ethnicity, income or immigration status.

As represented in the below table, for calendar year 2017, 6,481 individuals with a diagnosis of ASD received Early Intervention services throughout New York City. In addition, for the Early Intervention program, data is recorded by United Hospital Fund (UHF) neighborhood. Representative Zip Codes for each UHF neighborhood are included in the table.
