

Written Testimony in Opposition to 1362-A Flavored e-Liquid Ban”

Sir or Madam,

I am requesting that you cease and desist from attacking Vapers and Flavored Vaping. I am 4 Years Tobacco Free as a direct result of having this Viable Alternative. If You are not a smoker You should not take lightly how important this is. To Strip Vapers of the right to choose an alternative is Fascist behavior. This is a Free Country, and this legislation is NOT What the people want. Whom do you serve? The people or special interests? Please Stop Attacking Your Vape Constituency!!
