

Petition Signatures and Sign-On Letters in Support of Monitor Point

May 2026

Below is a summary of the broad—and growing—community support for the proposed Monitor Point project in North Brooklyn. This support reflects a diverse coalition of residents, workers, organizations, and stakeholders who recognize the project’s commitment to delivering affordable housing, open space, and critical infrastructure investment in Greenpoint.

- New/Mode Petition: **491 signatures**
- Street Canvassing Efforts: **1,594 signatures**
- Local 79 Petitioning: **696 signatures**
- St. Nicks Alliance Petitioning: **384 signatures**
- Monitor Point Website Supporters: **1,201 supporters**
- Letters of Support: **17** letters from community members, organizations, and stakeholders

Total Support: In aggregate, these efforts represent **4,383** individuals and entities who support the Monitor Point project.

This level of engagement underscores strong, grassroots backing for a project that directly addresses community priorities, including deeply affordable housing, expanded waterfront access, and long-term neighborhood resiliency.

###

We Support Monitor Point at 40 Quay Street

We, the undersigned, support responsible development that delivers what Greenpoint needs most: affordable housing, environmental protection, and community investment.

Real Affordable Housing Solutions

North Brooklyn desperately needs housing. Our rental vacancy rate is just 2.3%. Brooklyn Community Board 1 has identified deeply affordable housing as its #1 priority. Monitor Point delivers:

- ~460 permanently affordable homes for families earning 40 to 100% of median income
- Deep affordability (40% of all homes will be permanently affordable)
- Zero displacement since the site currently has no housing

Environmental Protection, Not Destruction

The current site is deteriorating and eroding into Bushwick Inlet. Monitor Point helps strengthen our waterfront by:

- Stopping ongoing erosion that's damaging the inlet
- Stabilizing the shoreline with flood-resistant infrastructure
- Removing invasive species and planting native vegetation
- Creating wildlife habitat and bird-safe building design
- Investing in climate resiliency that our community desperately needs

More Public Space, Not Less

Monitor Point creates 50,000 square feet of new public waterfront access where none exists today, plus:

- A continuous waterfront walkway connecting Bushwick Inlet Park to the northern waterfront
- Opens up Box Street Park by relocating the MTA facility that blocks it
- \$300,000 annually for Bushwick Inlet Park maintenance
- Public access to areas currently blocked by industrial uses

🚧 Smart Infrastructure Investment

This project funds critical infrastructure our community needs:

- \$100 million upfront investment in site preparation and infrastructure
- New MTA facility consolidating operations and reducing truck traffic
- 100 years of rent payments supporting transit improvements
- All-electric buildings, reducing carbon emissions
- Flood protection for the entire area

Don't Let Fearmongering Block Progress

Some opponents are spreading misinformation that could actually harm the North Brooklyn community by blocking:

- Desperately needed affordable housing
- Critical environmental protection investments
- Infrastructure improvements we need
- Public waterfront access we deserve

The status quo isn't working. The site is deteriorating, housing costs are rising, and climate change threatens our waterfront. Monitor Point provides real solutions without relying on taxpayer dollars that could be allocated to communities in greater need.

Letter of Support for Monitor Point Project

Dear Council Member Restler, Borough President Reynoso, and ULURP stakeholders,

We, the undersigned residents and community members, support the proposed development at 40 Quay Street and urge you to work constructively with Gotham Organization to improve this proposal on behalf of our community.

Our Community Needs Solutions

As Greenpoint neighbors, we face a housing crisis daily — our rental vacancy rate is just 2.3%, and our Community Board has identified affordable housing as its top priority. We also see the environmental reality at 40 Quay Street: an eroding shoreline, blocked waterfront access, and an industrial warehouse that doesn't belong in our increasingly residential neighborhood.

This project offers real solutions: at least 300 permanently affordable homes, 50,000 square feet of new public waterfront access, critical environmental protection for the Bushwick Inlet, and a permanent home for the Greenpoint Monitor Museum — all without relying on public subsidies that can be allocated to communities in greater need.

Some misinformation is circulating about this project. The facts are:

- The 2005 rezoning designated this MTA site for housing — the current industrial use is inconsistent with that zoning
- No existing parkland is being taken; the museum lot is privately owned
- The project creates a new public open space along the waterfront and helps open up Box Street Park
- Without significant investment, the shoreline will continue deteriorating and impacting Bushwick Inlet

Moving Forward Together

We believe our community is best served by working collaboratively to strengthen this proposal. We encourage you to engage with Gotham Organization to explore ways to:

- Maximize affordable housing opportunities
- Enhance environmental and resiliency benefits
- Ensure robust community engagement throughout the process
- Address legitimate neighborhood concerns

We urge you to work with the development team to improve this proposal for our community's benefit. Greenpoint needs affordable housing, environmental protection, and infrastructure

investment. This project provides a pathway to deliver all three with private funding rather than taxpayer dollars.

We're counting on your leadership to help shape a development that truly serves Greenpoint's needs.

Respectfully,

I support the waterfront, resiliency, and affordable housing at 40 Quay St!

LET'S BUILD MONITOR POINT!

Dear Council Member Restler,

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

LET'S BUILD MONITOR POINT!

Dear Council Member Restler,

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

¡Construyamos Monitor Point!

Estimado Concejal Restler,

Como residente del vecindario, le urjo a que apoye el proyecto Monitor Point, que proporcionará viviendas para personas de la tercera edad, asequibles y de ingresos mixtos que tanto necesitan e innumerables otros beneficios para Greenpoint. Apóyenos en la lucha por una estabilidad económica real, durara mucho tiempo y buenas carreras.

Según lo propuesto, Monitor Point entregará lo siguiente:

- Construir 2 instalaciones críticas nuevas y modernas para la MTA sin ningún subsidio estatal, por lo tanto, protegiendo a los contribuyentes para gastar más de \$ 130 millones;
- Generar millones en pagos anuales de alquiler a la MTA a través de un arrendamiento de terreno, financiamiento crítico para sus operaciones generales;
- Crear hasta 1,000 unidades de viviendas para personas de la tercera edad, asequibles y de ingresos mixtos, de las cuales al menos el 25 por ciento serán permanentemente asequibles;
- Producir más de 1.2 acres de espacios abiertos frente al mar vibrantes de acceso público y mejorará la costa críticamente;
- Construir un nuevo museo moderno de 30,000 pies cuadrados; y
- Apoyar la creación de empleos sindicales, tanto permanentes para los trabajadores de mantenimiento de edificios como para los de la construcción.

Greenpoint es una comunidad maravillosa, y este proyecto garantizará que todos puedan compartir lo que hace que este vecindario sea especial.

Esperamos que apoye el proyecto Monitor Point para traer viviendas asequibles, empleos y oportunidades a Greenpoint.

Estoy con mi comunidad para apoyar a Monitor Point:

- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

LET'S BUILD MONITOR POINT!

Dear Council Member Restler,

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

LET'S BUILD MONITOR POINT!

Dear Council Member Restler,

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

LET'S BUILD MONITOR POINT!

Dear Council Member Restler,

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

LET'S BUILD MONITOR POINT!

Dear Council Member Restler,

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

¡Construyamos Monitor Point!

Estimado Concejal Restler,

Como residente del vecindario, le urjo a que apoye el proyecto Monitor Point, que proporcionará viviendas para personas de la tercera edad, asequibles y de ingresos mixtos que tanto necesitan e innumerables otros beneficios para Greenpoint. Apóyenos en la lucha por una estabilidad económica real, durara mucho tiempo y buenas carreras.

Según lo propuesto, Monitor Point entregaría lo siguiente:

- Construir 2 instalaciones críticas nuevas y modernas para la MTA sin ningún subsidio estatal, por lo tanto, protegiendo a los contribuyentes para gastar más de \$ 130 millones;
- Generar millones en pagos anuales de alquiler a la MTA a través de un arrendamiento de terreno, financiamiento crítico para sus operaciones generales;
- Crear hasta 1,000 unidades de viviendas para personas de la tercera edad, asequibles y de ingresos mixtos, de las cuales al menos el 25 por ciento serán permanentemente asequibles;
- Producir más de 1.2 acres de espacios abiertos frente al mar vibrantes de acceso público y mejorará la costa críticamente;
- Construir un nuevo museo moderno de 30,000 pies cuadrados; y
- Apoyar la creación de empleos sindicales, tanto permanentes para los trabajadores de mantenimiento de edificios como para los de la construcción.

Greenpoint es una comunidad maravillosa, y este proyecto garantizará que todos puedan compartir lo que hace que este vecindario sea especial.

Esperamos que apoye el proyecto Monitor Point para traer viviendas asequibles, empleos y oportunidades a Greenpoint.

- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

LET'S BUILD MONITOR POINT!

Dear Council Member Restler,

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

¡Construyamos Monitor Point!

Estimado Concejal Restler,

Como residente del vecindario, le urjo a que apoye el proyecto Monitor Point, que proporcionará viviendas para personas de la tercera edad, asequibles y de ingresos mixtos que tanto necesitan e innumerables otros beneficios para Greenpoint. Apóyenos en la lucha por una estabilidad económica real, durara mucho tiempo y buenas carreras.

Según lo propuesto, Monitor Point entregaría lo siguiente:

- Construir 2 instalaciones críticas nuevas y modernas para la MTA sin ningún subsidio estatal, por lo tanto, protegiendo a los contribuyentes para gastar más de \$ 130 millones;
- Generar millones en pagos anuales de alquiler a la MTA a través de un arrendamiento de terreno, financiamiento crítico para sus operaciones generales;
- Crear hasta 1,000 unidades de viviendas para personas de la tercera edad, asequibles y de ingresos mixtos, de las cuales al menos el 25 por ciento serán permanentemente asequibles;
- Producir más de 1.2 acres de espacios abiertos frente al mar vibrantes de acceso público y mejorará la costa críticamente;
- Construir un nuevo museo moderno de 30,000 pies cuadrados; y
- Apoyar la creación de empleos sindicales, tanto permanentes para los trabajadores de mantenimiento de edificios como para los de la construcción.

Greenpoint es una comunidad maravillosa, y este proyecto garantizará que todos puedan compartir lo que hace que este vecindario sea especial.

Esperamos que apoye el proyecto Monitor Point para traer viviendas asequibles, empleos y oportunidades a Greenpoint.

Estoy con mi comunidad para apoyar a Monitor Point:

- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

LET'S BUILD MONITOR POINT!

Dear Council Member Restler,

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

LET'S BUILD MONITOR POINT!

Dear Council Member Restler,

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

LET'S BUILD MONITOR POINT!

Dear Council Member Restler,

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

LET'S BUILD MONITOR POINT!

Dear Council Member Restler,

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

LET'S BUILD MONITOR POINT!

Dear Council Member Restler,

As a neighborhood resident, I urge you to support the Monitor Point project, which will provide much-needed mixed-income, affordable and senior housing and countless other benefits for Greenpoint. Support us in fighting for real, lasting economic stability and good careers.

As proposed, Monitor Point would deliver the following:

- Construct 2 new, modern critical facilities for the MTA without any State subsidy, therefore protecting taxpayers from spending upwards of \$130M;
- Generate millions in annual rent payments to the MTA via a ground lease, critical funding for its overall operations;
- Create up to 1,000 units of mixed-income, affordable and senior housing, of which at least 25 percent will be permanently affordable;
- Produce over 1.2 acres of publicly accessible vibrant waterfront open space and critical improvements to the shoreline;
- Construct a new 30,000 SF, state-of-the art museum; and
- Support the creation of union jobs – both permanent for workers in building maintenance and those in construction

Greenpoint is a wonderful community, and this project will ensure everyone can share in what makes this neighborhood special. We hope you will support the Monitor Point project to bring affordable housing, jobs, and opportunity to Greenpoint.

¡Construyamos Monitor Point!

Estimado Concejal Restler,

Como residente del vecindario, le urjo a que apoye el proyecto Monitor Point, que proporcionará viviendas para personas de la tercera edad, asequibles y de ingresos mixtos que tanto necesitan e innumerables otros beneficios para Greenpoint. Apóyenos en la lucha por una estabilidad económica real, durara mucho tiempo y buenas carreras.

Según lo propuesto, Monitor Point entregará lo siguiente:

- Construir 2 instalaciones críticas nuevas y modernas para la MTA sin ningún subsidio estatal, por lo tanto, protegiendo a los contribuyentes para gastar más de \$ 130 millones;
- Generar millones en pagos anuales de alquiler a la MTA a través de un arrendamiento de terreno, financiamiento crítico para sus operaciones generales;
- Crear hasta 1,000 unidades de viviendas para personas de la tercera edad, asequibles y de ingresos mixtos, de las cuales al menos el 25 por ciento serán permanentemente asequibles;
- Producir más de 1.2 acres de espacios abiertos frente al mar vibrantes de acceso público y mejorará la costa críticamente;
- Construir un nuevo museo moderno de 30,000 pies cuadrados; y
- Apoyar la creación de empleos sindicales, tanto permanentes para los trabajadores de mantenimiento de edificios como para los de la construcción.

Greenpoint es una comunidad maravillosa, y este proyecto garantizará que todos puedan compartir lo que hace que este vecindario sea especial.

Esperamos que apoye el proyecto Monitor Point para traer viviendas asequibles, empleos y oportunidades a Greenpoint.

Estoy con mi comunidad para apoyar a Monitor Point:
