ACS Overview

Child and youth development is a major component of ensuring the future of New York City’s population is equipped and prepared for the challenges that lie ahead. The Administration for Children’s Services (ACS or the Agency) aims to protect and promote the safety of children and their families by promoting a wide variety of programs such as child welfare, juvenile justice, and early care and education services. ACS contracts with various community-based organizations to provide services to communities throughout the city and ensure the safety of children and families. Annually, ACS conducts more than 55,000 investigations of suspected neglect and child abuse to live up to their commitment to make sure no child must live with abuse or neglect. ACS also manages and funds detention and placement for youth who require alternative community-based services or placements.

ACS Fiscal 2025 Budget Snapshot

ACS Financial Plan Overview

ACS’s Fiscal 2024 – 2028 Preliminary Financial Plan (Preliminary Plan) includes a budget of \$2.7 billion in Fiscal 2025, representing 2.47 percent of the City’s \$109.4 billion Fiscal 2025 budget. ACS’s Fiscal 2025 Budget includes \$561.2 million for Personal Services (PS) to support 7,025 full-time positions. The Agency’s Other Than Personal Services (OTPS) funding totals \$2.2 billion and includes \$1.6 billion for contractual services, most of which is allocated for child welfare services. Chart 1 below presents the breakdown of PS and OTPS funding.

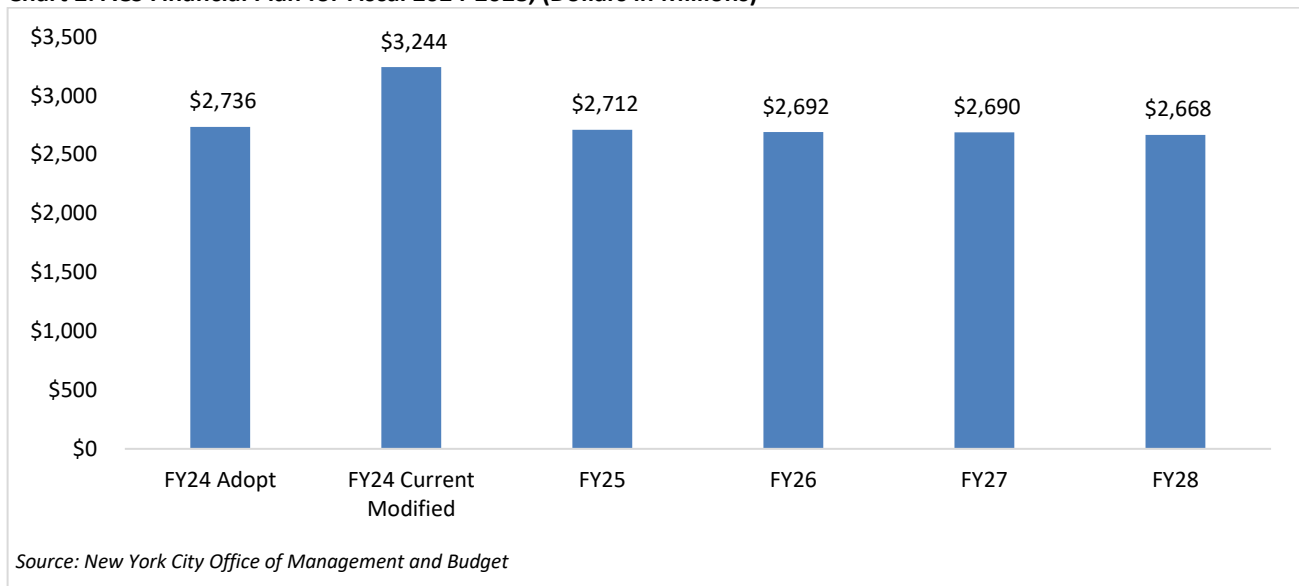

Chart 1: ACS Expense Budget – PS and OTPS, (Dollars in Millions)

ACS Financial Summary

The Preliminary Plan includes a \$3.2 billion budget for ACS in Fiscal 2024 decreasing to \$2.7 billion by the end of the Plan period. The decreases are partly due to the savings introduced in the November and Preliminary Plans and City Council initiatives, which are budgeted one year at a time and are not included in the Fiscal 2025 budget or the out years. Chart 2 provides the Adopted Budget for Fiscal 2024, the current Fiscal 2024 modified budget as of the Preliminary Plan, and planned spending for Fiscals 2025 and the outyears.

Chart 2: ACS Financial Plan for Fiscal 2024-2028, (Dollars in Millions)

The Financial Summary in Table 1 provides actuals for Fiscal 2022 and Fiscal 2023, the Adopted Budget for Fiscal 2024, and planned spending for Fiscals 2024 and 2025, as of the Preliminary budget. The Fiscal 2025 budget in the Preliminary Plan is less than the Fiscal 2024 budget at adoption in a number of program areas, including foster care services, placements, preventive homemaking services, preventive services, and secure detention. This information is broken down by program area, funding source, and headcount.

Table 1: ACS Financial Summary

*The difference of Fiscal 2025 Preliminary Budget compared to Fiscal 2024 Adopted Budget.

Source: New York City Office of Management and Budget

In Fiscal 2025, ACS's budget is funded with \$830.1 million of City funding, \$773.7 million of State funds, and \$1.1 billion of Federal funds. This is \$33.1 million less City funds than in Fiscal 2024 at adoption, \$10.5 million more in federal funding, and \$1.2 million more in State funds.

ACS's budget is divided into 16 program areas, with the foster care services program being the largest, accounting for \$616.8 million or 22.74 percent of the total budget. Appendix B provides an overview of ACS's program areas, including spending, funding, and budgeted headcount.

Fiscal 2025 Preliminary Budget Changes

Budget actions in the Preliminary Plan increase ACS's Fiscal 2024 budget by \$511.6 million in Fiscal 2024 and decreases the Fiscal 2025 budget by \$3.3 million, as compared to the November Plan. The Preliminary Plan includes one new need and one Program to Eliminate the Gap (PEG) initiative for NYC Aging, both of which are detailed below. Additionally, there are several other adjustments, the

most notable of which are discussed below. Chart 3 summarizes ACS’s spending changes from the November Plan to the Preliminary Plan.

The table below provides a summary of ACS’s spending changes from the November Financial Plan to the Preliminary Financial Plan.

Chart 3: Fiscal 2025 Preliminary Plan Net Changes by Fiscal Year*

*Savings in this chart are the sum of all expense savings, from all revenue sources, including but not limited to, City, State, and federal savings. As some agency PEGs may be revenue actions or savings from non-City sources, this number will not necessarily equal the agency’s PEG value.

Table 2 summarizes ACS’s PEG savings across the November and Preliminary Plans. Notably, some of the savings listed in Chart 3 relate to non-City funding. Thus, the savings amounts differ from the PEG totals listed in Table 2, as those only relate to City funding changes.

Table 2: ACS’s Total PEGs

Dollars in Thousands	FY24	FY25	FY26	FY27	FY28
November Plan	(\$42,574)	(\$41,838)	(\$42,062)	(\$42,062)	(\$42,062)
Preliminary Plan	(157,458)	(10,885)	(11,645)	(12,405)	(13,165)
TOTAL PEGs	(\$200,032)	(\$52,723)	(\$53,707)	(\$54,467)	(\$55,227)

Source: New York City Office of Management and Budget

New Needs

- **Childcare.** The Preliminary Plan includes an additional \$81.0 million in City funding in Fiscal 2024 only to support childcare vouchers. This additional funding supports a 25 percent increase in demand for childcare vouchers and an increase of 37 percent in the State-mandated market rates paid to providers. Most childcare funds come from federal revenue streams that funnel through the State, for which the City is required to provide a match. ACS anticipates the need will increase next year and additional funding will be added to a future financial plan to cover the outyear funding needs.
- **Foster Care.** The Preliminary Plan includes an additional \$118.0 million in City funding in Fiscal 2024 only for payments to children in foster care and children that were adopted from foster care. The State increased the Maximum State Aid Rates (MSAR) a couple of fiscal years ago but did not include additional funding to cover the cost of the increase. Additionally, the State altered the formula, removing the State share, which required the City to cover the shortfall.

Other Adjustments

- **Childcare.** The Preliminary Plan includes an additional \$311.0 million in non-City funding in Fiscal 2024 only for childcare vouchers relating to the new need previously detailed. The funding is comprised of \$66.1 million in State funds and \$244.9 million in federal funds.

- **Prior Year Revenue.** The Preliminary Plan includes an additional \$40.0 million of State funding which is swapped for City funds in Fiscal 2024 only, resulting in no net change to ACS's budget. The State funds are provided through the Child Welfare State Preventative Grant. This is the result of revenue received on a lagging basis for services rendered in previous fiscal years.

Savings and Program to Eliminate the Gap (PEGs)

- **Prior Year Revenue.** The Preliminary Plan includes a \$149.6 million City to State funding swap in Fiscal 2024 only, resulting in no net change to ACS's budget. The State source is largely the Child Welfare State Preventative Grant. This relates to revenue received on a lagging basis for services rendered in previous fiscal years.
- **Childcare Claiming.** The Preliminary Plan includes a City to federal funding swap of \$6.4 million in Fiscal 2024, and \$9.6 million in Fiscal 2025 and the outyears, resulting in no net change to ACS's budget. The City was able to claim additional federal revenue due to a State increase in the number of allowed closure days for which centers are permitted reimbursement.
- **Preventive Re-estimate.** The Preliminary Plan reflects savings of \$2.0 million in Fiscal 2025, \$4.0 million in Fiscal 2026, \$6.0 million in Fiscal 2027, and \$8.0 million in Fiscal 2028 from a slot reduction of under-utilized preventive services. These savings come from a combination of City and State funding. This action eliminates 320 slots available for the family treatment and rehabilitation program and 32 slots from the substance and mental health program. ACS has indicated that there are no waitlists or program closures due to this funding reduction.
- **Family Service Unit.** The Preliminary Plan reflects a baselined reduction of \$1.4 million, and 20 positions, starting in Fiscal 2024 for a decrease in Child Protective Services staff. The savings are from City, State, and federal sources. Since the onset of the pandemic, there has been a decrease in the number of court-ordered supervision cases, and the Agency requires less staff to support this work. The positions removed, which are all currently vacant, include 15 specialists, one assistant supervisor, three unit supervisors, and one childcare worker.

Headcount

The Preliminary Plan includes no additional positions to ACS's budgeted headcount. As of January 2024, 6,338 of ACS's budgeted positions were filled, with 742 vacancies, a 10.5 percent vacancy rate. The Agency's Fiscal 2025 budgeted headcount includes 7,025 full-time positions and 33 full-time equivalents (FTEs). Chart 4 provides a summary of ACS's headcount budgeted at adoption compared to the actual headcount as of the end of the year for the last ten fiscal years, except for Fiscal 2024, which reflects the budgeted headcount as of the Preliminary Plan and the actual headcount as of January 2024. The average budgeted headcount across the ten years is 7,107 positions, while the average vacancy rate is 8.9 percent.

Chart 4: Budgeted vs. Actual Headcount by Fiscal Year

ACS Contract Budget

The City’s Contract Budget includes all projected expenditures for personal service, technical, or consulting contracts. The Contract Budget is a subset of the OTPS portion of the City’s Expense Budget.

Contracts managed by ACS total \$1.57 billion in Fiscal 2025, \$66.7 million less than the contract total in Fiscal 2024 at adoption. The Fiscal 2025 Budget includes 574 contracts, one less than the total in Fiscal 2024 at adoption. Child Welfare Services comprise 342 contracts with a total value of \$405.5 million in Fiscal 2025. This contracting category is comprised of ACS contracts with community-based organizations that provide services to children across the five boroughs. Table 3 lists the funding amount and number of contracts, by category, in Fiscal 2024 at adoption and in Fiscal 2025 in the Preliminary Plan.

Table 3: ACS’s Contract Budget, FY24 Adopted vs. FY25 Preliminary

<i>Dollars in Thousands</i>

Fiscal 2024 Preliminary Mayor’s Management Report

ACS reports on key indicators in the Fiscal 2024 Preliminary Mayor’s Management Report (PMMR), which includes data on City agencies and their programs’ performances. Several of the Agency’s key indicators improved when compared to the first four months of Fiscal 2023, but some also declined or remained stagnant, suggesting ACS is continuing to rebuild after the dramatic impact of the pandemic on child care and welfare services.

- Foster Care Placement.** The number of children who moved from one foster care placement to another increased in the first four months of Fiscal 2024 to 1.3 per 1,000 care days compared to 1.2 per 1,000 care days in Fiscal 2023. This increase resulted from the closure of various residential foster care programs that did not receive awards from the system wide re-procurement of foster care contracts in spring 2023.
- Child Care Voucher Enrollment.** Child care voucher enrollment rose 25 percent from 52,360 in the first four months of Fiscal 2023 to 65,572 during the same period in Fiscal 2024. Several campaigns that ACS, the City, and the State have promoted have proven to be very successful due to the increase in enrollment. As a result, ACS has seen a temporary 30 percent reduction in the share of applications for which eligibility is determined within 30 days. In the first four months of Fiscal 2024 the share of applications which met this benchmark is 67 percent, down from 97 percent in the first four months of Fiscal 2023.
- Juvenile Detention Admission.** ACS saw a 12 percent increase in admissions to juvenile detention. In the first four months of Fiscal 2024 there were 632 admissions, up from 566 in the first four months of Fiscal 2023. This increase in admissions was coupled with an increase in the average length of stay during the same period, from 27 to 43 days. The overall increase in admission and in the length in which young people are staying has led to a 31 percent increase (from 198 to 260)

in the average daily population in the first four months of Fiscal 2024 from the same period in Fiscal 2023.

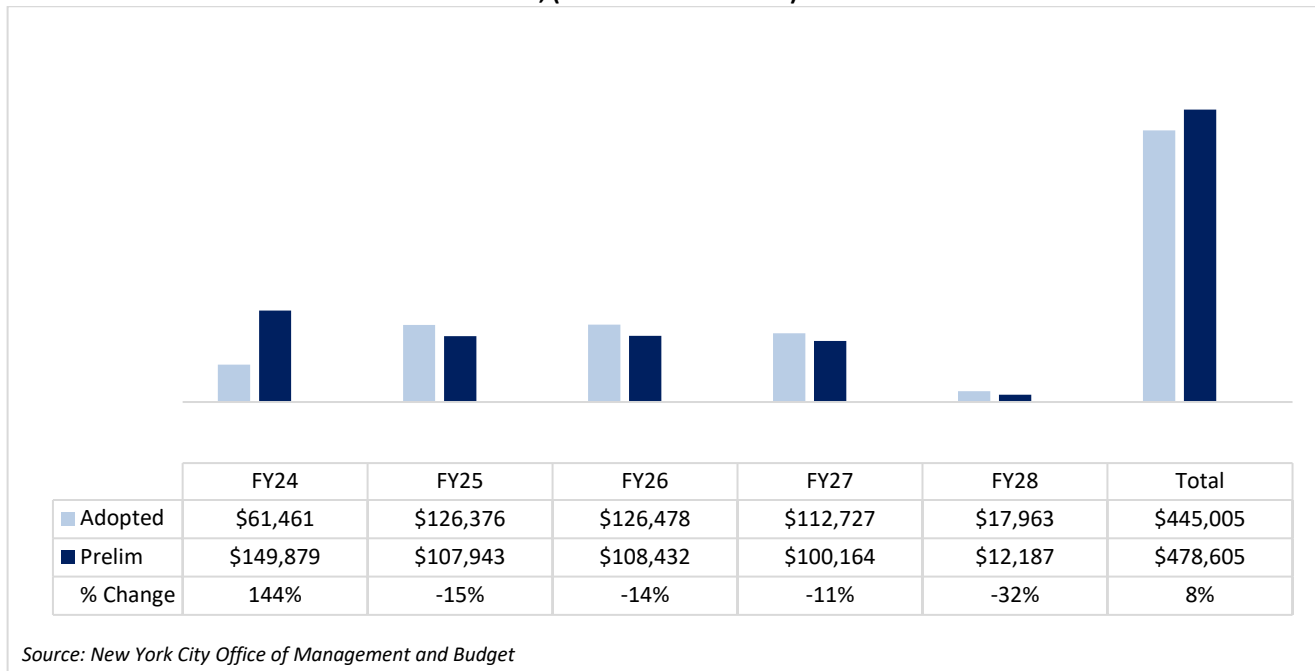

- **Escape Rate.** ACS saw an increase in the abscond rate per its 100 daily population in non-secure detention facilities. In the first four months of Fiscal 2023 the rate was 0.17, this has increased to 0.50 in Fiscal 2024. The population in non-secure detention has increased, which may be contributing to this increase.
- **Altercations.** ACS saw an increase in youth-on-staff assaults. The number rose from 0.09 per 100 care days in the first four months of Fiscal 2023 to 0.12 in the first four months of Fiscal 2024.

Preliminary Capital Commitment Plan for Fiscal 2024 to Fiscal 2028

The City’s Capital Commitment Plan details the Administration’s plan to spend the appropriations at Adoption. The Commitment Plan provides project-level funding detail, as well as an estimate of expenditure dates. This document includes projects’ estimated costs, start date, and time to completion.

ACS’s Preliminary Commitment Plan includes approximately \$478.6 million in Fiscal 2024-2028. This represents approximately 0.54 percent of the City’s \$88.47 billion Preliminary Commitment Plan. ACS’s Preliminary Capital Commitment Plan for Fiscal 2024-2028 reflects an increase of \$33.6 million, or 8 percent, from the amount scheduled in the Fiscal 2024 Adopted Commitment Plan of \$445.0 million. The changes, by fiscal year, between the Fiscal 2024 Adopted Commitment Plan and the Fiscal 2025 Preliminary Commitment Plan are illustrated in Chart 5.

Chart 5: ACS Fiscal 2025-2028 Commitment Plan, (Dollars in Thousands)

Preliminary Capital Commitment Plan Highlights

Below are some of the major capital projects in the Preliminary Capital Commitment Plan for Fiscal 2024-2028.

- **New Construction at Horizon.** ACS’s Fiscal 2025 Preliminary Capital Plan includes \$258.3 million in Fiscals 2024 through 2028 for phase two of new construction at the Horizon detention center. The total planned commitments in the Preliminary Plan are \$136.7 million more than they were in the Adopted Capital Commitment Plan. This is due to funds from the outyears being pushed into the current fiscal year.
- **William Street Relocation.** ACS’s Fiscal 2025 Preliminary Capital Plan includes \$43 million in Fiscals 2024 through 2028 for structure improvements to ACS run facilities. The total planned commitments in the Preliminary Plan are the same as they were in the Adopted Capital Commitment Plan.
- **Children’s Aid Society.** ACS’s Fiscal 2025 Preliminary Capital Plan includes \$24.5 million in Fiscal 2024 through 2028 for the construction and design of 13 classrooms. The total planned commitments in the Preliminary Plan are the same as they were in the Adopted Capital Commitment Plan.

Chart 6 displays the Agency’s Capital Commitment Plan at adoption in Fiscals 2019 through 2023 and the actual commitments in the corresponding fiscal year. ACS’s commitment rate has fluctuated over the last five years. In Fiscal 2019 the Agency’s capital commitment rate was 22 percent, in Fiscal 2020 it increased to 39 percent, and then decreased to 12 percent in Fiscal 2021. In Fiscal 2022, the rate dropped to eight percent, and in Fiscal 2023 it dropped again to six percent.

Chart 6: ACS Capital Commitment Rate

Budget Issues and Concerns

- **Preventive Re-estimate PEGs.** ACS’s budget in the Preliminary Plan includes a \$2.0 million PEG in Fiscal 2025, \$4.0 million in Fiscal 2026, \$6.0 million in Fiscal 2027, and \$8.0 million in Fiscal 2028 for preventive programs. With the recent growth of the City’s juvenile detention population, reductions in funding for preventative programs may impose further constraints on services and

resources for young adults. According to the PMMR, in the first four months of Fiscal 2024, ACS saw a 12 percent increase in the number of juveniles admitted into juvenile detention.

- **Childcare Voucher Enrollment.** The PMMR revealed ACS has seen an increase in the time it takes for childcare applications to be processed. The PMMR also reported a 30 percent decrease in applications processed for eligibility during the first four months of Fiscal 2024 compared to the same period in Fiscal 2023. Vouchers play a vital role in assisting families with children and allowing them to find affordable care while they are away at work or school. Without sufficient funding and staffing the Agency cannot ensure clients are able to receive the services they need and as the demand for childcare vouchers continues to increase, it is imperative to have the infrastructure in place to manage an influx.
