2 SPEAKER MARK-VIVERITO: We're gonna if...
3 Oh I'm sorry, we're gonna do Karen Koslowitz'
4 Proclamation first. Got really quiet all of a
5 sudden. Thank you. So MOUSE Squad, Junior High
6 School 157... [cheers, applause] being named 2014 Mouse
7 Squad of the Year. The MOUSE Squad is a very
8 successful youth organization [clapping] that
9 empowers underserved communities to learn, lead and
10 create with technology, so congratulations. And I'll
11 ask Council Member Koslowitz... [applause]

12 COUNCIL MEMBER KOSLOWITZ: Thank you,
13 Madame Speaker.

14 SPEAKER MARK-VIVERITO: Come on up guys,
15 come on up.

16 [background comments]

17 COUNCIL MEMBER KOSLOWITZ: Usually we run
18 from them, this... [laughter][background comments]
19 Okay. [background comments]

20 Today we are honoring the MOUSE Squad.
21 In 2000 we had MOUSE Squad; it started in the year
22 2000, a year before I left the Council, so I did it
23 that year, but unfortunately was not able to do it
24 the rest of the time. But now I've been doing it
25 since I returned to the Council and I wanna introduce

1
2 everybody to the MOUSE Squad, who was recognized not
3 only in New York City, but the entire country.

4 [cheers, applause]

5 Junior High School 157 in Rego Park, to
6 all of you, congratulations; you worked hard and you
7 came out really on top. So good luck and we have a
8 Proclamation. Can you please read the Proclamation?

9 CITY CLERK: Council, City of New York
10 Proclamation.

11 Whereas the Council of the City of New
12 York is proud to honor the MOUSE Squad at Junior High
13 School 157, Stephen A. Halsey, for their outstanding
14 work and congratulates all of its members for being
15 named 2014 MOUSE Squad of the Year. And whereas,
16 founded in 1997, MOUSE Squad is a very successful
17 youth development organization that empowers students
18 from underserved communities to learn, lead and
19 create with technology. The students at JHS 157 have
20 provided critical technical support to
21 administrators, teachers and peers. Junior High
22 School 157 is a school which is dedicated to
23 preparing its students to become productive citizens
24 by instilling in them a love of learning through
25 enriched standard-driven curricula. And whereas, the

1
2 MOUSE Squad at JHS 157 has been together for more
3 than eight years and is currently comprised of 45
4 students who meet three times a week to work on
5 special projects focused on digital media and
6 technology. Halsey Squad members are frequent micro
7 project contributors and have received recognition on
8 the MOUSE's Wire for their work. They have gone
9 above and beyond to create projects like board games
10 from our serious game certification and robots for
11 the garage robotic certification. Squad members have
12 learned to use 3-D printers and are a mentor school
13 to other schools in New York City that are new to 3-D
14 printing and they have even participated in a special
15 assignment with the American Museum of Natural
16 History to 3-D print models of dinosaurs. Halsey's
17 MOUSE Squad coordinators led a digital meet-up about
18 Makerspaces, do-it-yourself technology and media
19 projects to encourage other MOUSE Squads to take on
20 more hands-on projects. And whereas, Vincent Suraci,
21 Principal, JHS 157 Stephen A. Halsey, Patricia
22 Elfers-Wygand and Lori Stahl-Van Brackle, MOUSE Squad
23 coordinators, have demonstrated an incredible
24 commitment to ensuring the students are engaged and
25 excited about the important work that they are doing

via the MOUSE Squad. Now therefore be it known, that the Council of the City of New York is proud to honor the members of the MOUSE Squad at JHS 157 Stephen A. Halsey for their outstanding achievements and congratulates them for being named 2014 MOUSE Squad of the Year. Melissa Mark-Viverito, Speaker for the Entire Council; Karen Koslowitz, Council Member 29th District, Queens.

[cheers, applause]

COUNCIL MEMBER KOSLOWITZ: You wanna... Who wants to speak, say something? You wanna say something?

FEMALE VOICE: I would like to thank everybody that's made us number one in the entire country; it's a big honor to hold on your shoulders... [background comments] and it's even heavier on my shoulders. [laughter] And I would like to say that... [background comment] I don't know what to say, actually. [laughter] Thank you.

[background comment] [cheers, applause]

[background comments] [applause, cheers]

1
2 SPEAKER MARK-VIVERITO: Alright, the next
3 and last ceremonial is Council Member Laurie Cumbo.
4 Right. We need to... right, if we can... Council Member
5 Cumbo, I think... [background comments] I don't know if
6 you... Alright. Okay. So the next ceremonial is
7 Council Member Cumbo recognizing Raymond V. Ingersoll
8 NYCHA development on their being listed as the NYCHA
9 development with the number one decrease in crime, 75
10 percent, thanks largely due to support from the Fort
11 Greene community, so she's gonna talk about that and
12 give it to some of the NYCHA development leaders.

13 [background comments] [applause]

14 COUNCIL MEMBER CUMBO: Everybody from
15 Ingersoll, can you come on up and please join us in
16 the front? [background comments] Thank you very
17 much. [background comments] [laughter] We're still
18 coming; that's how big we are, we're a large group.
19 [background comments]

20 Good afternoon everyone... [background
21 comments] oh, Community Affairs, can we have you all
22 in this photo as well in this experience? I just
23 wanna say to everyone before I begin my presentation;
24 I am so excited and humbled by my District support
25 today, it's so incredible to have all of you here

1 today in such large numbers and this is awesome,
2 [background comments, applause] this is incredible.
3 I wanna thank Speaker Melissa Mark-Viverito and
4 Council Member Ritchie Torres, Chair of Public
5 Housing Committee, for their support and advocacy to
6 keep all 57 NYCHA community and senior centers open
7 this past summer. [cheers, applause, background
8 comments] The closure of these centers would have
9 been detrimental to neighborhoods such as ours across
10 this City and a major setback in improving public
11 safety. It has been an incredible year thus far
12 serving as the member of the 35th District in
13 Brooklyn where I represent five NYCHA developments
14 that I'm so very proud of. Today it is my honor and
15 privilege to acknowledge the residents of the Raymond
16 V. Ingersoll Houses and community partners with a New
17 York City Proclamation in recognition of their
18 continued advocacy and unwavering support to the
19 betterment of the Fort Greene neighborhood in
20 Brooklyn.

22 The Ingersoll Houses was one of 15 NYCHA
23 developments included in the \$200 million
24 comprehensive citywide plan announced by the de
25 Blasio Administration to reduce violent crime through

1
2 more targeted law enforcement efforts, immediate
3 physical improvements, aggressive community
4 engagement and outreach efforts and the expansion of
5 work in education programs. I am joined by men and
6 women who worked tirelessly throughout the summer,
7 including myself -- we played Spades, we did
8 basketball tournaments, we did film festivals, we did
9 programs, we did So You Think You Can Sing, So You
10 Think You Can Dance; we all came together to do
11 incredible programming. And what I wanna say is,
12 from recreation to arts programs, the Fort Greene
13 development saw a decline in crime by 75 percent,
14 [cheer] what an incredible achievement in just three
15 months. [applause] And what I also wanna add is
16 that there are so many people that made this possible
17 -- Shola Olatoye, Chair and CEO of the New York City
18 Housing Authority, The Raymond V. Ingersoll Houses'
19 Jalda Mason, Manager Clement Walker, Assistant
20 Superintendent Hiram Mendez and Supervisor of
21 Caretakers, the Ingersoll Resident Association,
22 former President Dominique Bryant and Anthony Sosa,
23 the President-elect who is here with us, the
24 University Settlement Ingersoll Community Center,
25 Michael Zisser and the CEO, Tamika Ford, Program

1
2 Director Samantha Johnson, and there's so many others
3 -- we have PSA3, Captain Julio Delgado, the
4 Commanding Officer, Detective Leroy Houser [sp?] and
5 Police Officer Jeremy Eusebi [sp?] from Community
6 Affairs. And then we have from the 88th Precinct
7 Captain Peter Fiorello, the Commanding Officer,
8 Police Officers Vallos [sp?], Brathway [sp?] and
9 Officer Sergeant from Community Affairs; Taj Gibson,
10 the Chicago Bulls forward and a former Ingersoll
11 resident who is represented by his parents today, Mr.
12 and Mrs. Gibson, who did a phenomenal job of bringing
13 community support by organizing an incredible
14 basketball tournament that attracted youth from the
15 Tri-State area to our basketball courts at Ingersoll,
16 and Darrell [sp?] Burgess [sp?], the CEO of Kids in
17 the Crossfire and his Vice President Dennis Simmons.
18 I wanna thank Sean Doyle, Founder and CEO of Lifetime
19 Family, and I cannot forget the Garden of Eden
20 gardeners -- Edna Grant, President, Arnethia
21 Singleton, Edith Tucker and Mamie Grant.

22 This was an incredible -- all the people
23 that I listed and there are so many more that I did
24 not list -- but it takes this level of collaboration
25 to make our communities not only safe, but places

1
2 where we can raise our family and have the type of
3 memories that every family should experience. So I
4 wanted to bring you all here today because you all
5 are New York City and you represent the very best of
6 what New York City has to offer and I'm humbled by
7 your presence and I can't thank you so very much.
8 Thank you.

9 [background comments, applause]

10 COUNCIL MEMBER CUMBO: Yes, and we will
11 now have the formal reading of our Proclamation and
12 I'm so happy so many of my colleagues are standing
13 with me here today. Yeah, so we're gonna have the
14 formal presentation, we've gotta get official now;
15 we're gonna read the Proclamation. [background
16 comments]

17 COMMITTEE CLERK: Council, City of New
18 York Proclamation.

19 Whereas the Council of the City of New
20 York is proud to honor the residents of the Raymond
21 V. Ingersoll Houses and community partners for their
22 outstanding leadership and continue advocacy for
23 public safety, youth development and senior
24 engagement. And whereas, the New York City Housing
25 Authority (NYCHA) provides public housing for low-

1
2 and moderate-income residents throughout the five
3 boroughs of New York City.

4 NYCHA was created in 1934 and is the
5 largest public housing authority in North America,
6 with 334 developments. And whereas, the Raymond V.
7 Ingersoll NYCHA Houses, a 22.9-acre complex in Fort
8 Greene, was completed on February 24th, 1944. Today
9 it's 20 buildings or home to more than 4,500 New
10 Yorkers. The development was named after Raymond V.
11 Ingersoll, a former Parks Commissioner and Brooklyn
12 Borough President who was a staunch advocate for
13 public housing.

14 And whereas, earlier this year the City
15 Council and Mayor de Blasio's administration secured
16 \$17 million to keep 57 NYCHA community and senior
17 centers open. Through a \$210.5 million citywide plan
18 to reduce violent crime in NYCHA developments, the
19 Ingersoll Houses underwent structural upgrades to
20 enhance security, provide additional officers and
21 expand the summer hours of its community center to
22 remain open until 11 p.m. seven days a week to
23 increase public access to quality programming for all
24 ages.

1
2 And whereas, the Ingersoll Houses
3 community has demonstrated their tenacity and
4 unwavering dedication to the betterment of our
5 beloved community, working in partnership with
6 several local organizations, including PSA3, the 88th
7 Precinct, University Settlement Ingersoll Community
8 Center, former Ingersoll resident and Chicago Bulls
9 forward, Taj Gibson, the Ingersoll Resident
10 Association, Kids in the Crossfire, Lifetime Family
11 and the Garden of Eden gardeners to host education,
12 recreational and arts programs that have galvanized
13 the community and supported all cultures.

14 And whereas, New York City remains an
15 extraordinary place to live due to the tireless
16 efforts of these dedicated individuals who have
17 cultivated a spirit of unity, friendship and love
18 that led to a remarkable 75 percent decline in crime
19 within the Ingersoll development between July 1st and
20 September 14th.

21 Now therefore be it known, that the
22 Council of the City of New York proudly honors the
23 residents of the Raymond V. Ingersoll Houses for
24 their invaluable contributions to the Fort Greene
25 community. Melissa Mark-Viverito, Speaker for the

1
2 Entire Council; Laurie A. Cumbo, Council Member, 35th
3 District, Brooklyn; Ritchie Torres, Chair, Public
4 Housing Committee.

5 [cheers, applause] [background comment]

6 COUNCIL MEMBER CUMBO: I wanna add as --
7 one of the things that we hear so much in our
8 community about our men and one of the things that
9 I'm so proud of is that we have so many strong men in
10 our community and Ingersoll that have stepped up to
11 the plate in a very big way, providing leadership,
12 from our TA leaders to the heads of our not-for-
13 profit organizations, to the heads of our programs
14 for youth and so I wanna utilize this opportunity to
15 have Sean Doyle, who is a rising star in our
16 community, whose future is so very bright that's
17 going to go on to do many, many extraordinary things
18 in our community and beyond and bring it back always.
19 So without further ado I bring on Sean Doyle.

20 [laughter, background comments, cheers]

21 SEAN DOYLE: On behalf of Ingersoll
22 Community, I would like to thank you all for your
23 participation for helping out; we would like to leave
24 with, "anything is possible."

25 [background comments, cheers, applause]

1
2 SPEAKER MARK-VIVERITO: Alright, I think
3 we're done with ceremonials today.

4 [background comments, cheers]

PUBLIC ADVOCATE JAMES: Thank you.

Please rise for the invocation delivered by Minister
Dominique Bryant of Victorious Triumphant Word
International Church in the borough of Brooklyn.

REVEREND BRYANT: Let all hearts and
minds be clear. Heavenly Father, as we stand in
unity on this November 13, 2014, we approach your
throne boldly to honor your presence in this room.
We honor you for being the creator of the heavens and
the earth; we honor you as the omniscient, omnipotent
and omnipresent god and because you're all knowing,
all powerful and all present, we dedicate this
meeting on this day before you. Father, as the
leaders in this great city gather together today to
discuss the pertinent issues that affect the lives of
their constituents, I ask that you would pour unto
them the wisdom that they will need to create the

1
2 laws that will govern and shake the very integrity
3 and lifeline of this city. I ask that you will
4 impregnate them with the knowledge and understanding
5 of the many needs that plagues the lives of the many
6 people who call this city home. Father, I pray that
7 you will guide and direct this meeting so that it
8 will be full of wisdom, positivity, productivity and
9 respect for one another as public servants. Father,
10 we thank you in advance for the accomplished work
11 that will result from this meeting, facilitated
12 through a collaborative mindset and shared goal for
13 the advancement of this great city. We thank you
14 that because of the unity represented in this room
15 you have and will continue to command the blessings
16 in this city; with many blessings, amen.

17 [background comment]

18 PUBLIC ADVOCATE JAMES: Please be seated.
19 Council Member Cumbo.

20 [background comments]

21 COUNCIL MEMBER CUMBO: Good afternoon. I
22 rise to spread the invocation today. Dominique
23 Bryant... [interpose]

24 PUBLIC ADVOCATE JAMES: Quiet in the
25 chambers please.

[background comment]

PUBLIC ADVOCATE JAMES: Quite in the chambers.

COUNCIL MEMBER CUMBO: Dominique Bryant is a licensed minister and youth pastor at the Victorious Triumphant Word International Church in Brooklyn. In May 2015 she will be ordained as an elder. She earned her Masters Degree in theology and is a professor at the Victorious College of Theology satellite school of the North Carolina College of Theology.

I just wanna say I first met Dominique Bryant three years ago and I heard very much about her before I met her; the word on the street was that Ingersoll had a new TA leader who was 25 years old, and so in my mind I couldn't imagine that there was going to be a new leader who was going to be so young and able to take on the challenge, but upon meeting her, I instantly experienced her power and her faith and her love of god and that power has so much contributed to the transformation of Ingersoll under your leadership as their TA leader and I thank you so much for your leadership and what you have brought and contributing to all that we experience today and

1
2 I'm so very proud that Ingersoll had the highest
3 reduction in crime of the NYCHA developments that
4 were pulled out by Mayor de Blasio, and I thank you
5 for your leadership, I thank everyone that came today
6 from Ingersoll to represent so very well; I'm proud
7 of you and she's also the most dynamic constituent
8 affairs director and I later hired her to work with
9 me on staff. Thank you very much and thank you to my
10 colleagues.

11 [applause]

12 PUBLIC ADVOCATE JAMES: Thank you, Fort
13 Greene and thank you, Reverend Bryant. Council
14 Member Miller.

15 COUNCIL MEMBER MILLER: [background
16 comments] Council Member make a motion to accept the
17 October 7th meeting minutes as written.

18 PUBLIC ADVOCATE JAMES: So be it.
19 Messages and Papers from the Mayor.

5 PUBLIC ADVOCATE JAMES: Land Use Call-

7 COMMITTEE CLERK: None.

8 [background comments]

9 PUBLIC ADVOCATE JAMES: May we have quiet
10 in the chambers please.

11 [background comments]

12 PUBLIC ADVOCATE JAMES: Communication
13 from Speaker Melissa Mark-Viverito.

14 SPEAKER MARK-VIVERITO: Thank you Madame
15 Public Advocate and good afternoon. Buenas tardes a
16 todos.

17 Before we begin today, I wanna take a
18 moment to recognize that yesterday was the
19 anniversary of Flight 587, when it crashed. It's
20 been 13 years since 265 lives were lost in a tragic
21 plane crash and we continue to mourn them today. So
22 I just wanted to ask everyone just to join in a
23 moment of silence to remember the loss of those 265
24 lives.

25 [moment of silence]

1
2 SPEAKER MARK-VIVERITO: Thank you. Today
3 the City Council is voting on two legislative items
4 to improve housing policy and protect New York's
5 tenants. Introduction 0348, sponsored by Council
6 Member Ritchie Torres, creates inspection fees for
7 recurring violations of the housing maintenance code.

8 When building owners repeatedly fail to
9 correct violations, requiring the Department of
10 Housing Preservation and Development to make numerous
11 inspection visits, it creates a drain on public
12 resources. This bill requires building owners who
13 have numerous uncorrected violations over a 12-month
14 period to pay an inspection fee of \$200 in order to
15 help offset the costs. So with that I'd like to ask
16 Council Member Ritchie Torres to say a few words
17 about that bill.

18 COUNCIL MEMBER TORRES: Thank you, Madame
19 Speaker. First it's worth noting that the three
20 strikes law, as I call it, I think is gonna be my
21 first bill, so it only took me 11 months to pass a
22 bill, [laughter] so I'm among the slackers,
23 [applause] but I supposed it's better to get it done
24 well than to get it done quickly, but some members
25 can do both; I have trouble. But the three strikes

1
2 law is a simple bill if HPD inspects an apartment and
3 issues a violation for a dangerous or immediately
4 dangerous condition and the landlord fails to
5 certifiably repair it within the legal timeframe,
6 then the landlord will have one strike and once the
7 landlord has three strikes, becomes a repeat
8 offender; then the owner will have to bear the cost
9 of the third inspection and every inspection that
10 follows and so finally owners will have an incentive
11 to make repairs on apartments. Under the current
12 system, a Notice of Violation is a little like a
13 parking ticket without a fine; there's no incentive
14 to actually repair the condition, and finally, the
15 attachment of inspection fees to subsequent
16 inspections will change that dynamic. So I feel
17 inspection fees have the potential to improve the
18 quality of our housing stock and ensure that
19 landlords are making repairs in more cases and can be
20 a more effective tool than penalties, which depends
21 on HPD bringing landlords to court and that happens
22 infrequently, so these inspection fees will be
23 imposed to a much greater frequency and the impact of
24 these inspection fees are gonna be felt much more
25 widely. And I wanna thank the Speaker for allowing

1
2 me the opportunity to introduce this bill and as well
3 as the Housing Committee Chair, Jumaane Williams.

4 Thank you.

5 SPEAKER MARK-VIVERITO: Thank you,
6 Council Member Torres. And also Introduction 0345-A,
7 sponsored by Council Members Reynoso and Garodnick,
8 expands the City's alternative enforcement program
9 for distressed residential buildings with severe
10 building violations. Under the bill the program
11 would grow from 200 buildings to 250 and allow HPD
12 more flexibility in setting criteria for inclusion.
13 The alternative enforcement program provides building
14 owners with an urgent incentive to provide livable
15 conditions for tenants where they have failed to act
16 in the past. Expanding this program will protect
17 more New Yorkers and improve living conditions in
18 this city.

19 I'd like to thank Jennifer Wilcox,
20 Shijuade Kadree, Guillermo Patino, Jose Conde, Ed
21 Atkin and Jeff Baker for their work on these two
22 bills and would ask that Council Members Reynoso and
23 Garodnick say a few words.

24 COUNCIL MEMBER REYNOSO: Thank you,
25 Madame Speaker. I also want to give a shout-out to

1
2 Public Advocate Tish James who knows AEP all too well;
3 thank you for that; during its inception she was in
4 and around.

5 As housing prices continue to rise in New
6 York City, our existing stock of affordable housing
7 is more threatened than ever. Mayor de Blasio has
8 committed to the preservation of 120,000 units of
9 affordable housing in his new housing plan. However,
10 in rapidly gentrifying areas, such as Bushwick in my
11 district, landlords are turning to tactics of
12 disinvestment that border on the criminal in an
13 effort to drive rent-stabilized tenants from their
14 homes and replace them with tenants who can afford
15 much higher rent.

16 HPD's alternative enforcement program
17 (AEP) seeks to address this issue by requiring HPD to
18 identify the City's most poorly maintained buildings
19 based on building code violations and target them for
20 repair. If the landlord of an AEP building does not
21 address violations within four months, HPD will
22 undertake the necessary repairs on its own and bill
23 the landlord for the cost.

24 I thank the Council for allocating
25 \$750,000 in additional funding to this program in

1
2 this year's budget and for passing Int. 0345 today,
3 which would expand the program according from 200 to
4 a minimum of 250 buildings. I wanna thank Make the
5 Road for their assistance with this bill and to Jen
6 Wilcox and Ed Atkin of the Housing Committee, and the
7 expansion of AEP will have a dramatic impact for
8 rent-stabilized tenants throughout New York City and
9 help achieve Mayor de Blasio's goal for preserving
10 existing affordable housing citywide. And
11 congratulations to the Speaker on her bill to ban
12 bins. Thank you.

13 COUNCIL MEMBER GARODNICK: Thank you very
14 much, Madame Speaker and to my colleague, Council
15 Member Reynoso, it's been a pleasure working with him
16 on the AEP bill as well as I wanna express my thanks
17 to HPD for their collaboration in this effort.

18 As you heard from Council Member Reynoso,
19 too often some of the most vulnerable New Yorkers are
20 forced to live in hazardous conditions in their
21 buildings which are left uncorrected for far too long
22 and to deal with this, this Council, back in 2007,
23 crated the alternative enforcement program and has
24 had a very successful track record in improving the
25 lives of tenants by fixing up the very worst

1
2 buildings that are out there and with today's vote we
3 can take a step forward in strengthening and
4 expanding that program.

5 We're also gonna send an important
6 message to negligent building owners; if you allow
7 your property to fall into disrepair, we're not going
8 to sit back and let it happen. In those worse cases,
9 today even more broadly defined, New York City will
10 come in and repair the buildings, improve the lives
11 of residing tenants and send you the bill. These
12 issues were the impetus for this Council putting
13 nearly a million dollars into the budget for this
14 program in this fiscal year.

15 These problems are also frequently the
16 consequence of over-leveraged buildings where owners
17 take out far too much debt and either try to increase
18 their income by taking aim at rent-protected tenants,
19 as they have done in Stuyvesant Town, or they reduced
20 their costs by starving their properties for repairs,
21 as happens too frequently in this city and what this
22 bill is intended to address.

23 So this is an important expansion of the
24 program and one that I believe will greatly impact
25 the lives of New Yorkers who are living under

1
2 unacceptable conditions, so I encourage my colleagues
3 to vote yes; I also wanna congratulate Council Member
4 Torres on his also significant bill. Thank you.

5 SPEAKER MARK-VIVERITO: Thank you,
6 Council Member Garodnick and thank you to Council
7 Member Reynoso for acknowledging that then Council
8 Member Tish James was the original sponsor of this
9 bill and now we're glad that we're expanding it.

10 We're also excited to be voting on
11 Introduction 0378, sponsored by Council Member Costa
12 Constantinides, which requires an 80 percent
13 reduction in greenhouse gas emissions citywide by
14 2050. In September the Council announced a climate
15 agenda to make New York a more sustainable and
16 environmentally friendly city. This bill is the
17 first of multiple actions we plan to take in order to
18 implement that plan.

19 While rising seas and extreme weather
20 events are likely to be part of New York City's
21 future, we can still prevent the worst outcomes. Not
22 only can we turn the tide of climate change, but as
23 the most populous city in the country and a global
24 leader, have a moral responsibility to do so.

1
2 By enacting this measure the Council will
3 continue to place New York on the leading edge of
4 fighting climate change. I'd like to thank Samara
5 Swanston, Bill Murray, Jeff Baker and Ed Atkins for
6 their work on this bill and ask that our colleague
7 Costa Constantinides say a few words.

8 COUNCIL MEMBER CONSTANTINIDES: Thank
9 you, Madame Speaker.

10 A little more than a month ago many of us
11 in this room marched alongside over 400,000 people
12 from all over the city and all over the world in the
13 largest climate demonstration in history.

14 [background comments] I know that I will never
15 forget the poignant contrast of the solemn moment of
16 silence compared with the echoing roar of the crowd
17 that followed with a call to action in the battle
18 against climate change. In this spirit I am
19 immensely proud that we're moving forward today on
20 Int. 0378, which would require that New York City
21 reduce its carbon emissions by 80 percent by 2050.
22 With this stand... [interpose]

23 PUBLIC ADVOCATE JAMES: May we have some
24 quiet in the chambers please. Quiet in the chambers.

25 [background comment]

1
2 COUNCIL MEMBER CONSTANTINIDES: With this
3 standard written into the administrative code we have
4 strengthened our commitment to a more sustainable
5 future; would also make New York the largest city in
6 the world to commit to this crucial goal. I am proud
7 that with this bill we'll be taking bold steps to
8 provide 21st century solutions to improve our
9 resiliency, encourage public and private sector
10 innovation and lay the groundwork for future
11 technological progress.

12 I wanna thank the Chair of the
13 Environmental Protection Committee, who's been a true
14 champion for the environment, Donovan Richards, for
15 all of this efforts and leadership, I wanna commend
16 our Speaker, Melissa Mark-Viverito not only on this
17 bill, but her vision for this Council in combating
18 climate change and the boldness in which she's
19 undertaken that, and to our administration for
20 weaving 80 by 50 into the fabric of how the City is
21 going to grow for generations.

22 I additionally wanna thank the staff,
23 Jeff Baker, Bill Murray, Samara Swanston, who worked
24 so hard, the 50-plus people who came to testify in
25 favor of this bill and lastly, my staff, Nick

1
2 Roloson, Nick Widzowski, Shachar Sharon, Brian
3 Barnwell, Niki Kokkinos and Josefina Germosen. Thank
4 you, Madame Speaker.

5 SPEAKER MARK-VIVERITO: Thank you. We're
6 also excited to be voting on Int. 0378... sorry about
7 that; we just did that one. And finally we're gonna
8 be voting on Introduction 0409-A which will update
9 and improve the City's law regarding illegally placed
10 collection bins on public property. The past few
11 years a number of illegally placed collection bins on
12 public property have skyrocketed from under 100 to
13 over 2,000, an increase of more than 2,000 percent.
14 These illegal bins are a nuisance, an eyesore and
15 blight on our public spaces. Current law allows the
16 Sanitation Department to remove illegally placed bins
17 30 days after posting a notice on the bin. However,
18 this has allowed owners of the bins to simply move
19 them from one illegal location to another each time a
20 notice is posted. Under this bill the Sanitation
21 Department will be authorized to remove illegally
22 placed bins immediately. In addition, violators will
23 be fined \$250 for the first offense and \$500 for each
24 subsequent offense. And while we want to encourage
25 New Yorkers to donate clothing and other materials to

1
2 those in need, we also want to ensure that
3 organizations collecting these items are doing so
4 responsibly and this bill will achieve both of those
5 goals.

6 So I'd like to thank Colin Howe, Ed
7 Atkins and Jeff Baker for their work on this bill.
8 I'm the lead sponsor and I hope everyone supports it.

9 Before I conclude I'd like to mention a
10 few more things. I wanna acknowledge first that we
11 have visiting students here to observe the Council
12 today from the International Community High School,
13 they're here, yes. [applause]

14 International is a high school in the
15 Bronx for recently arrived immigrant students and I
16 had the chance to meet with them and with these young
17 New Yorkers a few weeks ago and enjoyed speaking with
18 them, so I'm happy to have them here today and I'm
19 proud to have International High School in my council
20 district. So welcome to the chambers.

21 And also, as we all know, Tuesday was
22 Veterans Day; we should always be grateful to those
23 who have bravely served our country and kept us safe,
24 but this week especially our brave servicemen and
25

1
2 women, present and past, are especially on our minds,
3 so I wanna recognize them all.

4 I also do wanna say congratulations to
5 the LGBT Caucus, I had the pleasure of presenting an
6 award to the caucus, the largest we've had in this
7 Council's history, and I was recognized by The
8 Hetrick-Martin Institute, so congratulations to the
9 LGBT Caucus members.

10 And lastly, tomorrow is Deputy Chief of
11 Staff Margaret Nelson's last day in the Council.

12 [background comments] Margaret has done a terrific
13 job with the Council and played a crucial role in so
14 much of what we've accomplished over this past year
15 and prior years and we're going to definitely miss
16 her here, but she is joining the Parks Department as
17 their new Chief of Staff [background comments] and we
18 do wish here the best of luck. [applause, cheers]

19 Well thank you, Margaret, and now we know
20 who to nudge whenever we have those problems with our
21 Parks projects. [laughter] And with that we
22 conclude Communication from the Speaker.

23 PUBLIC ADVOCATE JAMES: Congratulations
24 Margaret; you certainly deserve it.

25 General Orders, Council Member Barron.

1
2 COUNCIL MEMBER BARRON: Thank you, Madame
3 Public Advocate. I wanted to talk briefly about the
4 bill that addresses the clothing bins that we see
5 throughout, peppering and salting our communities,
6 they've been a concern to me for a long time; they
7 seem to particularly come in communities where
8 there's a low-income neighborhood and as we've talked
9 about, they're unsightly, but in addition to that,
10 they are deceptive. Several months ago, when I was
11 concerned about them, I went online and did some
12 research; most of the clothing that is collected in
13 those bins is part of a multi-national, multi-
14 million-dollar business. The clothes are taken,
15 they're cleaned, they're baled and they are sold to
16 middlemen who in turn sell them overseas, they sell
17 them at open-air markets and in some instances where
18 they are not sold, they are taken to South American
19 countries and rather than being distributed to the
20 needy they are burned in an open field and children
21 who might otherwise benefit are kept away from going
22 to get the clothing that is then doused with a fuel
23 and burned.

24 So I think that this is a great bill, I
25 think we're really addressing the need for people who

1
2 think that they're giving to charity but in many
3 instances that is not happening and if you would like
4 to go online, you can go to a website, How Textile
5 Recycling Works and you can see some of the data and
6 the information regarding this instance and I think
7 that we're making a great move here not only in terms
8 of improving the looks in our community, but not
9 allowing companies to deceive people to think that
10 the donations that they're giving are for a
11 charitable cause. Thank you.

12 PUBLIC ADVOCATE JAMES: Thank you.
13 Council Member Richards.

14 COUNCIL MEMBER RICHARDS: I wanted to
15 speak on Intr. 0378, Council Member Constantinides'
16 bill. Today New York City will take a historic step
17 in the right direction by becoming the largest city
18 in the world to commit to reducing carbon emissions
19 by 80 percent by 2050. For those of us who
20 encountered Hurricane Sandy, we all know too well
21 that if we don't address climate change now that we
22 are creating a dangerous dynamic for future
23 generations. You see, climate change doesn't
24 discriminate or look at your socioeconomic status;
25 good air, water quality and flood-free neighborhoods

1 shouldn't be considered a luxury for some but a human
2 right for all. By passing Int. 0378 we understand
3 that we are going way beyond rhetoric to put a stem
4 to the challenges we will continue to face as a city,
5 nation and world when it comes to climate change.
6 According to the United Nations, only an aggressive
7 push over the next 15 years will be sufficient to
8 bring greenhouse gas emissions under control and if
9 greater efforts to cut emissions are not implemented
10 soon, future generations that are seeking to limit or
11 reverse climate change will have to depend on
12 technologies that currently do not exist in order to
13 permanently remove greenhouse gas emission from the
14 atmosphere.
15

16 In a historic climate change bill just
17 announced yesterday, Preside Barack Obama and Chinese
18 President Xi Jinping -- I hope I said that right --
19 announced both countries will curb their greenhouse
20 gas emissions over the next two decades. Under the
21 agreement, the United States will cut its 2005 level
22 of carbon emissions by 26 to 28 percent before year
23 2025 and China would peak its carbon emissions by
24 2030 and will also aim to get 20 percent of its
25 energy from zero carbon emission sources by the same

1
2 year. When we pass Costa's bill today, New York City
3 will become the largest city once again in the world
4 to commit to reducing its greenhouse gas emissions by
5 80 percent by 2050 and it will set a path for
6 investment in renewable energy sources and a
7 transition away from the use of fossil fuels. It is
8 clear that at the local level [bell] we have to be
9 bold if we want to improve our chances for a
10 sustainable future. Just would like to thank the
11 Speaker; I wanna thank Costa, who's been an amazing
12 partner in the Environmental Protection Committee
13 [interpose]

14 PUBLIC ADVOCATE JAMES: Council Member,
15 please conclude.

16 COUNCIL MEMBER RICHARDS: and.. and I
17 wanna thank Samara Swanston, Bill Murray, all of
18 Costa's staff -- Laura Popa, Jeff Baker, Kate Selway
19 [sp?], Jarrell [sp?] Burney [sp?] and the
20 administration. Thank you.

21 PUBLIC ADVOCATE JAMES: Thank you.

COUNCIL MEMBER GIBSON: Permission to explain my vote.

PUBLIC ADVOCATE JAMES: Yes.

COUNCIL MEMBER GIBSON: Thank you, Madame Public Advocate. I wanna thank all of my colleagues who pass really good bills today; I wanna recognize our Speaker for passing the publicly assessable collection bins bill and I wanna recognize Council Member Ritchie Torres for passing his very first bill and Council Members Reynoso and Garodnick for very good bills as well and Council Member Constantinides, and I also wanna thank all of the staff and board members at the Fordham Road BID in the Bronx; I've been working with them along with Council Members Cabrera and Torres and I'm very excited that they are going to continue to expand opportunities for Bronx businesses on Fordham Road in the Bronx. And with that I will vote aye on all. And I also wanna

1
2 congratulate Margaret Nelson and thank you so much
3 for being such a great help and assistance to me; I
4 wish you well in your new position. God bless.
5 Thank you, Madame Public Advocate.

6 PUBLIC ADVOCATE JAMES: Thank you.

7 CITY CLERK: Greenfield.

8 COUNCIL MEMBER GREENFIELD: Can I explain

10 PUBLIC ADVOCATE JAMES: Yes.

11 COUNCIL MEMBER GREENFIELD: Thank you
12 very much. I would also like to congratulate Council
13 Member Reynoso for his legislation, along with
14 Council Member Garodnick; it's one of these great
15 common sense piece of legislations and I'm really
16 thrilled to be supporting it today. I wanna
17 congratulate Council Member Torres, not just his
18 first bill, but a bill that really will improve the
19 lives of many renters and it's very significant. So
20 thank you for that. Costa Constantinides, I don'
21 know how he does it; in his spare time he negotiates
22 major land use deals and he's also the leading voice
23 for sustainability in this body, following a long
24 tradition set by his predecessor, so thank you, Costa
25 for that. And of course, the Speaker, these bins are

1
2 really I think the vein of our existence and the
3 ability to finally get rid of them is terrific. I
4 actually authored a bill that would allow us to blow
5 them up, but the Speaker rightfully rejected that; I
6 went with her approach, which was simply take them
7 away. And finally, I do wanna thank, of course,
8 Margaret Nelson for the great work that she's done
9 here at the Council; I wish her a lot of luck; I
10 wanna publicly say that I expect her cell phone
11 number to be exactly the same. I vote aye on all.

17 PUBLIC ADVOCATE JAMES: Yes.

18 COUNCIL MEMBER KALLOS: I wanna
19 congratulate Council Member Torres on his first bill
20 and congratulate Council Member Constantinides an
21 being the environmental leader in the Council and for
22 this amazing legislation. I vote aye on all.

23 CITY CLERK: Koo.

24 COUNCIL MEMBER KOO: Aye.

25 CITY CLERK: Koslowitz.

for being great partners in advancing the Housing
Quality Act. I wanna thank a number of advocacy
organizations -- Make the Road, NYCC, Vocal New York,
Urban Justice Center, CASA, UHAB, Community Service

17 others as well. I really wanted to be heard because
18 I noted that as part of the Astoria Housing proposal
19 and I commend Councilman Constantinides, but they're
20 getting a \$5 million City grant or City allocation
21 for a pier for a ferry; I have to tell you, I'm
22 envious, we in the Bronx are the only borough still
23 without ferry service, which is environmentally
24 friendly and which will get a lot of people out of
25 their cars and on the waterfront that's vastly

1
2 unused. For years we've been fighting for ferry
3 service in the Bronx and we've been overlooked, yet
4 we are the borough in most need. Ferry service
5 should be concentrated in far-flung neighborhoods
6 that don't have public transportation access. What
7 we do is that when we install ferry service we put it
8 in neighborhoods within the ring of Manhattan and we
9 don't [background comments] put them where people are
10 stranded and lack public transportation. So I say
11 congratulations; I vote aye on all, but I cannot let
12 the opportunity go without saying that something must
13 and should be done in the Bronx; we have a vast
14 unused waterfront; we've been asking for years, so
15 I'm hoping that goodwill will prevail and we will
16 continue our fight in my borough, but I vote aye on
17 all.

18 PUBLIC ADVOCATE JAMES: Thank you.
19 Council Member Richards and the residents of Rockaway
20 join with you.

21 [background comment]

COUNCIL MEMBER VALLONE: Aye on all.

CITY CLERK: Weprin.

COUNCIL MEMBER WEPRIN: Aye.

CITY CLERK: Williams.

COUNCIL MEMBER WILLIAMS: May I please explain my vote?

PUBLIC ADVOCATE JAMES: Yes.

COUNCIL MEMBER WILLIAMS: Thank you. I wanna congratulate everybody who has bills today. I did wanna talk about the bills that Torres and Reynoso have. Congratulations to Council Member Torres on his first bill; very proud to have these bills come through the Housing Committee; as a former tenant organizer, I really wish that I had these bills present at the time when I was organizing; we racked our brains on how to deal with underlying conditions that landlords routine ignore, so I'm very proud of that bill and very excited that Council Member Reynoso has built upon the work that the Public Advocate had done with the new AEP and I'm very excited that the administration has been welcoming to both; looking forward to the new tenant organizing generation having these two tools in their

1
2 weaponry to battle the bad actors in the industry,
3 and I too wanna say congratulations to Margaret
4 Nelson, who did a fantastic job, along with a crew of
5 great staff people on the Gun Violence Task Force
6 that I co-chaired with Council Member Cabrera; it
7 can't be [background comments] understated the work
8 that she did to get us to where we are with the work
9 in the City Council today; she's gonna be missed
10 daily and I know the City Council's loss is a great
11 gain for Park Department. I vote aye on all.

12 CITY CLERK: Speaker Mark-Viverito.

13 SPEAKER MARK-VIVERITO: I vote aye. But
14 I wanted to... I just found out that Council Member
15 Barron, it's your 23rd year anniversary today?

16 COUNCIL MEMBER BARRON: 32nd.

17 SPEAKER MARK-VIVERITO: 32nd... [cheers]
18 they wrote it wrong; they mixed the numbers.
19 [applause] 32... 32nd anniversary. Congratulations.
20 [applause] [laugh] They inverted the number; they
21 gave me 23. So congratulations. I vote aye.

22 PUBLIC ADVOCATE JAMES: Congratulations,
23 Council Member Barron. And all items on today's
24 General Order Calendar were adopted... quiet... were

25

1
2 adopted by a vote of 46 in the affirmative, 0 in the
3 negative and 0 abstentions.

4 Introduction and Reading of Bills.

5 Discussions of Resolutions. Seeing none. General
6 Discussion. Council Member Johnson.

7 COUNCIL MEMBER JOHNSON: Thank you,
8 Madame Public Advocate. I rise today to ask my
9 colleagues to join me in supporting Int. 0535, which
10 would extend rights to time off for cancer screenings
11 currently granted to municipal employees all
12 throughout New York State, except for R5 counties in
13 New York City. [background comment] The Civil
14 Service Law provides that any public employee or
15 public officer has a right to take paid leave of up
16 to four hours per year for breast cancer screening or
17 for prostate cancer screening, but excludes cities
18 with populations over a million, which is our city,
19 New York City. Regular mammograms increase the
20 chances that cancer can be detected early and treated
21 effectively. Similarly, early detection and
22 treatment are key components to combating prostate
23 and colon cancer. Colon cancer is the second leading
24 cause of cancer death in New York City, claiming
25 nearly 1,500 lives per year; if caught early, it is

1 almost completely preventable. Employees of the City
2 of New York should have the same benefits afforded to
3 all other New York State governmental employees, to
4 be able to undergo screenings necessary for effective
5 treatment of these cancers and I hope all my
6 colleagues will join me in signing on and co-
7 sponsoring Int. 0535. Thank you very much, Madame
8 Public Advocate.
9

10 PUBLIC ADVOCATE JAMES: Thank you.

11 Council Member Kallos.

12 COUNCIL MEMBER KALLOS: I rise and am
13 pleased to introduce bill 0536 that will allow New
14 Yorkers to register to vote or update their
15 information and apply for an absentee ballot at the
16 same time. We're a mobile city, often changing
17 addresses and getting out of town for working hard on
18 election day; it turns out most New Yorkers don't
19 plan their lives around election day like we do, so
20 according to a professor at Queens College, up to 23
21 percent of New York City voters are registered with
22 information that is no longer up-to-date. They
23 shouldn't have to go update their registration, wait
24 for a card in the mail and then fill out an absentee
25 application by which time it's sometimes too late to

1
2 vote. We should make it easy for New Yorkers to
3 vote, not more difficult; this bill is part of a
4 concerted effort to combat our low participation
5 rates and ensure that more New Yorkers can easily
6 register to vote. I hope you will consider signing
7 on and thank those who already have done so. Thank
8 you.

9 PUBLIC ADVOCATE JAMES: Council Member
10 Vacca.

11 COUNCIL MEMBER VACCA: Thank you. I look
12 today at the list of bill introductions and I must
13 voice concern about legislation that I see that
14 basically seeks to legislate the New York City Police
15 Department. I realize for many people in this body
16 and for many people in this city this is a very
17 difficult topic; I just want to extend some words of
18 caution. I believe in having a police commissioner
19 in the City of New York who runs the day to day
20 operations of the New York City Police Department. I
21 want a police commissioner free to do his or her job
22 and I want good police officers and most police
23 officers in this city are damn good. I want them
24 supported and I want them respected. By virtue of
25 their job, police officers in New York and across the

1
2 nation have discretion; if used inappropriately,
3 there are avenues of redress that must be utilized.
4 We in this body are not law enforcement
5 professionals; that's why there is a police
6 commissioner and those professionals serving under
7 him and if there are systematic issues, we in this
8 Council have oversight authority; we should use it
9 and we should use it effectively. Some of the
10 legislation introduced, even if it doesn't pass,
11 sends the wrong message and if some of the
12 legislation I see passes, it would be a grave mistake
13 for our city and for this institution. Some of the
14 bills, if passed, they'd be historical, right, they'd
15 be historic in that they would represent a grave
16 mistake for our city and for this institution.
17 [bell] I recognize all advocates and all
18 stakeholders, but today I wanna advocate for law-
19 abiding citizens in this city. Much of the
20 legislation that we are considering will be
21 legislation that will exist in perpetuity and it
22 would mean that this Council is inserting itself into
23 what would be many times the day to day operations of
24 the police department... [interpose]

25

1
2 PUBLIC ADVOCATE JAMES: Council Member,
3 could you please bring your comments to a close?

4 COUNCIL MEMBER VACCA: I will.

5 PUBLIC ADVOCATE JAMES: Thank you.

6 COUNCIL MEMBER VACCA: I for one am not
7 prepare to go there. I think that we go down a path
8 that many of us should realize now is not a path we
9 want to go down. So I extend these words of
10 cautiousness to my colleagues, who I respect, and I
11 hope they're taken in that vein. Thank you.

12 PUBLIC ADVOCATE JAMES: Thank you.
13 Council Member Treyger.

14 COUNCIL MEMBER TREYGER: Thank you. I
15 ask for your support on a package of bike safety
16 bills, Int. 0544 and 0545, intended on increasing
17 safety on our streets for all New Yorkers and to
18 build upon the Council's efforts that we've already
19 undertaken to advance Vision Zero. The first law
20 extends the ban [background comments] on the use of
21 hand-held devices to make phone calls, send or
22 receive text messages or surf the web while cycling.
23 The second, which really is evidence of the crux of
24 this proposal and the focus on safety, would
25 authorize and create bike safety courses that

1
2 cyclists could take in lieu of fines for first
3 offenses that don't lead to injury or property
4 damage. I was prompted to introduce this legislation
5 after watching a cyclist swerve into incoming traffic
6 while texting on Stillow [sp?] Avenue, nearly causing
7 a horrific collision. I was surprised to learn that
8 there is no law prohibiting such reckless behavior
9 [background comments]... [interpose]

10 PUBLIC ADVOCATE JAMES: May we have quiet
11 in the chambers, please, quiet; [background comment]
12 we're still in session. Sorry, Council Member.

13 COUNCIL MEMBER TREYGER: Chicago has
14 already instituted a similar ban and California is
15 considering a state-wide ban. Our bill is the least
16 punitive in the country; we already have rightfully
17 focused much attention on motor vehicles and I wanna
18 be clear in saying that drivers clearly have the
19 biggest role and responsibility when it comes to safe
20 streets; however, the bottom line is that we all have
21 a responsibility to move around in a safe and
22 responsible manner that does not place others at risk
23 of injury or death. All stakeholders have a role to
24 play to advance Vision Zero. I am proud that this
25 legislation has the support of Bike New York and a

1
2 number of my Council colleagues, including champion
3 for Vision Zero, Chair Ydanis Rodriguez, Council
4 Member Carlos Menchaca, who doesn't just talk the
5 talk; he bikes the bike, Council Members Vincent
6 Gentile, Laurie Cumbo, Ben Kallos and others and I
7 hope that you will join this effort to make our
8 streets safer [background comments] and reach the
9 ultimate goal of Vision Zero. Thank you.

10 [background comment]

11 PUBLIC ADVOCATE JAMES: And for a vote,
12 Council Member Dickens.

13 COUNCIL MEMBER DICKENS: I vote aye on
14 all.

15 PUBLIC ADVOCATE JAMES: Back to General
16 Discussion. Council Member Crowley.

17 COUNCIL MEMBER CROWLEY: Thank you,
18 Madame Public Advocate. I rise today to talk about
19 Jack Kittle, who is a dear friend and somebody
20 [background comments] I've admired for a very long
21 time; he's retiring as Political Director of the
22 Painters Union after dedicating over 40 years of work
23 and service to the working people in the City of New
24 York and there is going to be a celebration tonight
25 at the Beekman and many Council Members have signed

1
2 on to a proclamation for him. So I invite you to
3 come celebrate Jack's work and his retirement over at
4 The Beekman starting at 6 p.m. tonight.

5 PUBLIC ADVOCATE JAMES: Congratulations
6 Jack. Council Member Rosenthal.

7 COUNCIL MEMBER ROSENTHAL: Wow, that's
8 the first time I have heard an invitation to a bar,
9 but I too am very fond of Jack. Public Advocate
10 James, I rise today to ask my colleagues to consider
11 signing on to Res 0465, which follows the SUNY Board
12 of Trustees, which on October 2nd, 2014 adopted a
13 resolution to create a comprehensive system-wide
14 uniformed set of sexual assault prevention response
15 practices at the SUNY campuses, requiring all 64
16 [background comment] campuses to adopt a sexual
17 assault victim's bill of rights, a unified definition
18 of affirmative consent, training programs for campus
19 personnel dealing with sexual assault and an
20 extensive public awareness campaign. Following
21 SUNY's example, I'm calling on the CUNY Board of
22 Trustees to adopt a similar resolution in regards to
23 establishing a unified system of sexual assault
24 prevention across its campuses. [background
25 comments] Neither SUNY nor CUNY resolutions require

1
2 outright reporting to the police after a sexual
3 assault occurs, but both strongly encourage victims
4 of sexual assault to report the incidents to campus
5 public safety or their local police precinct. The
6 CUNY policy changes are more explicit in requiring
7 that colleges report incidents to law enforcement if
8 the Title IX coordinator decides that such action is
9 necessary and strongly recommends reporting to local
10 law enforcement where appropriate if an incident
11 involves a visitor to the CUNY campus. Sexual
12 assault on campus is a terrible and leading cause of
13 concern to women and certainly my two daughters, on
14 their college campuses [bell] and I urge our New York
15 City college campuses to take a strong and bold move
16 to support these women. Thank you... [crosstalk]

17 PUBLIC ADVOCATE JAMES: Thank you. Thank
18 you. Council Member Williams.

19 COUNCIL MEMBER WILLIAMS: Thank you. I'd
20 just very quickly like my colleagues to look at Int.
21 0548, 0549, 0550 and 0540. In order, one deals with
22 the Police Department submit a Council report on
23 naloxone hydrochloride, basically what is used for
24 heroin overdoses, a law to create task force of
25 representatives on feasibility of implementing both

1
2 online and electronic voter registration through the
3 Board of Elections. Another local law in relation to
4 conforming the New York City energy conservation code
5 to New York State energy code and I'm happy to join
6 with Council Member Cornegy as co-sponsor, with the
7 lead sponsor of Council Member Lancman in relation to
8 chokeholds.

9 I went through that quickly because I
10 really wanted to respond to some words that were said
11 directly of my colleague on I assume were some of the
12 bills that are gonna be put in and I very much
13 appreciate discussions on these bills. I did wanna
14 mention, so we're clear, the redress that exists now
15 in dealing with police issues are not working; if
16 they did work we wouldn't be at this position. As
17 well, Council Members, none of us here are experts in
18 most of the departments that we have oversight on,
19 whether it is the Health Department, the Sanitation
20 Department or the Fire Department, we also do not
21 have expertise necessarily in the NYPD; we do however
22 have a job to provide oversight and make sure that
23 the policing that is done in this city is done
24 equitably and hopefully we can continue discussions
25 on the bills here, but make sure the discussions are

1
2 actually what's in the bill; not mass hysteria that's
3 created, not necessarily by my colleagues here, but
4 outside forces. I'm very disappointed in the PBA and
5 some of the other police unions, the ad that was in
6 the paper today was disgusting; I have known them at
7 this point, unfortunately, to tell complete untruths
8 and try to spread mass hysteria instead of dealing
9 with the facts on the bills. The mass hysteria
10 that's always talked about when we deal with better
11 policing has never come to fruition, whether across
12 the country or the bills that we passed this last
13 year and it will not happen with these bills that are
14 carefully crafted at this moment in time. So those
15 police unions, I would ask, if you cannot be adults
16 in this discussion, please be quiet [bell] and let
17 the adults have a productive conversation on
18 equitable policing in this city and safer streets.
19 Thank you.

20 PUBLIC ADVOCATE JAMES: Thank you.
21 Council Member Chin.

22 COUNCIL MEMBER CHIN: Thank you, Madame
23 Public Advocate. Good afternoon. I'd like to ask my
24 colleagues to sign onto Int. 0527, which I'm
25 introducing today. This bill would call for the City

1
2 to annually monitor and report ambient noise level
3 citywide. As Council Members, noise complaints are
4 probably the most common issue we hear from our
5 constituents. I know in my district in Lower
6 Manhattan I get lots of calls about bar noise,
7 traffic noise and late-night construction noise. In
8 a report put out by the Department of Health this
9 year, they say that noise pollution is a big issue in
10 New York City, but the City currently does not
11 monitor or report ambient noise citywide, but it is a
12 real health issue for all New Yorkers. This bill
13 would require sound monitors to be installed
14 throughout the city and begin annual reporting by the
15 City on the state of noise pollution levels and its
16 health impacts on New Yorkers. I'd like to thank
17 Samara Swanston of the central staff for her work on
18 this bill and I hope my colleagues will sign on.
19 Thank you.

20 PUBLIC ADVOCATE JAMES: Council Member
21 Gentile.

22 COUNCIL MEMBER GENTILE: Thank you. As
23 we celebrate Veterans Day it's always good to look
24 for ways to honor veterans, especially those who
25 suffered a disability as a result of their service.

1
2 One tangible way New York City can honor disabled
3 vets is to give them an expedient way to get from
4 point A to point B; not to have to contend with
5 traffic jams, especially when traveling to VA
6 hospitals or other medical care related to their
7 service disability. Some service-related
8 disabilities cause these vets pain and suffering when
9 stuck in traffic; we can help and give disabled vets
10 who qualify for a disabled veterans license plate,
11 the use of the City's HOV express lanes, regardless
12 of occupancy. This is a way to help and honor our
13 disabled vets. But to ensure that localities like
14 ours are not penalized with loss of federal money, we
15 need to call on the federal government to hold us
16 harmless. So I ask for your co-sponsorship on Res
17 0464 today, which calls on Congress to pass and the
18 President to sign legislation allowing states and
19 localities to grant disabled veterans access to high
20 occupancy vehicle lanes without risking the loss of
21 federal highway funds to the localities; that's
22 Veterans Day Res 0464.

23 Also, childhood cancer research got the
24 spotlight in September, so I'm introducing Res 0463,
25 asking the State to create a specialty license plate

1
2 that says "Cure Childhood Cancer" and proceeds of
3 which will go to specific research on pediatric
4 cancer research.

5 And finally, introducing a bill to
6 suspend alternate side street parking and muni meters
7 on September 11; 9/11 is a day of solemn reflection
8 and ceremonies that no New Yorker should have to
9 spend concerned about being issued a parking summons;
10 our city should not be playing the gotcha game on a
11 solemn day like September 11th; that is Int. 0531.

12 Thank you.

13 PUBLIC ADVOCATE JAMES: Council Member
14 Greenfield.

15 COUNCIL MEMBER GREENFIELD: Thank you
16 very much. I must say that I personally very much
17 enjoy the open mic portion [background comments] of
18 our Council meetings; it's a great opportunity to
19 hear what our colleagues are thinking and what pieces
20 of [background comments] legislation they're working
21 on. I'm always surprised that people leave, 'cause
22 for me it really is the highlight. And [background
23 comments] I really would just like to highlight one
24 piece of legislation that I'm introducing; I have a
25

1
2 few, but I'm just gonna focus on one and that is Int.
3 No. 0532.

4 So here's what happens, right, for some
5 bizarre reason, under the City's regulations, your
6 recycling is only picked up once a week; god forbid
7 you should actually be one of the people who for
8 example has their recycling picked up on a Monday; it
9 makes your life very difficult, because what happens
10 is, all of these holidays are on Monday and your
11 recycling doesn't get picked up and you end up with a
12 week's worth of trash; it happens on Tuesday, for
13 example on Veterans Day, but it's something that
14 really is very challenging and it's a major quality
15 of life issue that I have heard from a lot of my
16 constituents. So I'm introducing what is in effect a
17 common sense piece of legislation and this
18 legislation basically says that if there is a holiday
19 and you cannot pick up said recycling, we should not
20 have two weeks worth of recycling piling up and
21 rodents and roaches and all the other nasty stuff
22 that happens when you've got mounds of garbage and
23 instead, the City should do something that's really
24 crazy; they should pick up the trash the next day,
25 and I'm asking that you kindly consider signing onto

1
2 this legislation; it's Int. No. 0532, common sense
3 piece of legislation that would in fact require the
4 City to do something basic, which is, pick up the
5 trash. Thank you very much.

6 PUBLIC ADVOCATE JAMES: Thank you.
7 Council Member Barron.

8 COUNCIL MEMBER BARRON: Thank you, Madame
9 Public Advocate. I rise to talk about the Astoria
10 Cove bill which we did not actually pass, but which I
11 understand has been sent back to another agency for
12 fine-tuning. And while I commend my colleague,
13 Council Member Constantinides, for the work that he's
14 done, I do feel that this is not a bill that
15 incorporates or that presents what we will hopefully
16 see as affordable housing. The bill talks about
17 affordable, but it's affordable basically for people
18 from \$51-110,000, [background comments] so it does
19 not look at persons who make less than that in terms
20 of offering them housing, nor does it look to have
21 provisions for persons with disabilities or the
22 homeless. So yes, we know this is luxury housing,
23 but is in fact a way of keeping population isolated
24 from each other and establishing a ban that does not
25 reach to the affordability of most of New York City

1
2 and even exceeds the affordability of that area
3 median income.

4 Secondly, in terms of Int. 0540, which
5 addresses chokeholds, we know that so-called
6 chokeholds have been banned since 1993. "Members of
7 the NYPD will not use chokeholds. A chokehold shall
8 include but is not limited to any pressure to the
9 throat or windpipe which may prevent or hinder
10 breathing or reduce intake of air." There were 1,000
11 complaints made between 2009 and 2013 of illegal
12 chokeholds and there were only 9 cases that were
13 substantiated and the most serious sanction that
14 those police officers received was a loss of vacation
15 days. I think that we need to look at this [bell]
16 misuse of the chokehold, which has been banned, and
17 look at the lack of consequences and I think that
18 this intro will do much to correct that situation.
19 Thank you.

20 PUBLIC ADVOCATE JAMES: Council Member
21 Cumbo.

22 COUNCIL MEMBER CUMBO: I am pleased that
23 through a coalition created of housing advocates,
24 tenant associations, elected officials and labor
25 unions from Brooklyn to the Rockaways we were able to

1
2 thus far negotiate a better affordable housing mix
3 for the residents of Astoria Queens and create
4 quality unionized jobs for hard-working New Yorkers.
5 However, what remains unresolved is that 700 units of
6 affordable housing owned by Alma Realty in Brooklyn
7 are being transitioned into market rate apartments as
8 we speak that local residents cannot afford and where
9 many tenants are currently faced with pending
10 evictions. Many of the leases are up December 1st
11 and we are faced with the challenges of how to work
12 with our tenants in our district so that that doesn't
13 happen. Though Alma Realty will create slightly more
14 than 400 units of affordable housing in Astoria, 700
15 will be lost in Brooklyn for a net loss of 200
16 affordable housing units in New York City that will
17 be paid for with our taxpaying dollars. This is not
18 a win for the Mayor of the City of New York who
19 promised to build 120,000 units of affordable housing
20 and to build 80,000 units of affordable housing. The
21 Mayor's goal was to utilize taxpayer dollars to
22 create more affordable housing and yet we are moving
23 backwards and not forward. I remain hopeful that
24 between now and when the vote is taken a win-win can
25 be created by Alma Realty to stabilize the affordable

1
2 housing units in Crown Heights until an appropriate
3 tax abatement program can be negotiated in order to
4 preserve those affordable housing units. This is a
5 very challenging situation in our district, as many
6 over the 700 tenants have no idea what their future
7 will be come December 1st; they do not know if they
8 will be evicted, they do not know if they will have
9 to transition their children to different schools
10 that they worked hard to get into, they do not know
11 if they are gonna have to move to another location
12 and they do not [bell] understand what the future
13 holds for them. So I do hope that we can secure a
14 win-win situation that will preserve those affordable
15 housing units and to actually implement the Mayor's
16 goal. Thank you.

17 PUBLIC ADVOCATE JAMES: Council Member
18 Koo.

19 COUNCIL MEMBER KOO: Thank you, Madame
20 Advocate. Today I'm asking my colleagues to support
21 my bill, Int. 0537, which is to amend the
22 administrative code of the City of New York in
23 relation to the designation of a small business
24 accessibility coordinator. This proposed legislation
25 will require an employee within the Mayor's Office

1
2 for People with Disabilities to be designated as a
3 small business accessibility coordinator, responsible
4 as a liaison with agencies involved in accessibility
5 projects and for educating business owners and
6 operators about their obligations under local, state
7 and federal law to make their business accessible to
8 people with disability. So I hope my colleagues will
9 sign on to this bill. Thank you.

10 PUBLIC ADVOCATE JAMES: Thank you.

11 Council Member Cornegy.

12 COUNCIL MEMBER CORNEGY: I would like to
13 briefly speak about Int. 0540, the chokehold bill
14 that is co-sponsored by myself, Jumaane Williams and
15 Rory Lancman. I was absolutely sickened when I saw
16 the video showing the NYPD officers treatment of
17 brother Eric Garner, but I'm so grateful that that
18 video exists. Likewise, I'm grateful for the new
19 CCRB leadership that has released data on the number
20 of chokehold complaints filed in recent years. That
21 video and that data are clear, they don't lie; this
22 dangerous practice banned by NYPD policy for decades
23 is still being used and as a result, New Yorkers are
24 being hurt and some, in the case of brother Garner,
25 are losing their lives. For those reasons I don't

1
2 think that there should be an argument that this bill
3 is not needed. Let's codify with the criminal law
4 that the NYPD are sworn to uphold and protect -- no
5 chokeholds, period. The bill will provide hope for a
6 measure of justice to individuals and families that
7 have been harmed by chokeholds and provide clarity to
8 every officer in our city. Let's speak clearly and
9 strongly together to ensure that no other man or
10 woman experiences this particular brutality in the
11 city we all love. Please joint Council Members
12 Lancman, Williams and myself in co-sponsoring and
13 passing Int. 0540. Thank you.

14 PUBLIC ADVOCATE JAMES: Thank you.
15 Council Member Cabrera. [background comments]
16 Council Member Cabrera.

17 COUNCIL MEMBER CABRERA: Thank you so
18 much. Just wanted to take a moment, brief but
19 informing [sic], to thank Margaret Nelson; she just
20 is simply an amazing city staff that got us through
21 the Gun Violence Task Force that Council Member
22 Jumaane Williams was pouring his heart, and today we
23 have 14 districts in which we have prevention
24 intervention programs for those involved in crews and
25 gangs and working also with victims of violence, gun

1
2 violence. Margaret, thank you so much, it's a loss
3 to the City Council, but it's still a gain to the
4 City and that's good with me. I wish you the best
5 and thank you so much.

6 PUBLIC ADVOCATE JAMES: Council Member
7 Ulrich.

8 COUNCIL MEMBER ULRICH: Thank you, Madame
9 Public Advocate. I wish to echo some of the
10 sentiments that were expressed earlier by my good
11 friend and colleague Jimmy Vacca regarding the
12 proposed police bills, but specifically I wanna get
13 into the one that would require NYPD officers to gain
14 the permission or consent of individuals that they
15 wish to search when they don't have probable cause
16 and when they're not making an arrest or have a
17 warrant to make that arrest. It's deeply troubling
18 to me that despite driving crime down to historic
19 levels, despite New York becoming the safest big city
20 in America, that we would somehow find other ways to
21 make it more difficult for police officers to do
22 their jobs and to keep New Yorkers safe. Why we are
23 attempting to demoralize police officers who are
24 already demoralized, who are already underpaid, who
25 are always getting their butts kicked in the news

1 every day by folks who don't like them to begin with,
2 quite frankly, is beyond me, it just doesn't make any
3 sense. The idea that we're gonna ask people
4 permission before we search them, who's gonna say
5 yes; of course they're gonna say no. This would be
6 the equivalent of us giving people the opportunity to
7 refuse a breathalyzer when they're driving under the
8 influence, of driving intoxicated. If someone is up
9 to no good, if someone is about to commit a crime, if
10 there's an investigation into a crime or a pattern of
11 crimes, police officers should be free to use the
12 reasonable suspicion and the constitutional
13 protections that they have to engage that individual,
14 to search that individual if they think that the
15 individual might have illegal weapons, dangerous
16 guns, knives, drug paraphernalia; what have you. We
17 are making it more difficult for police officers and
18 basically telling them, don't stop people, don't
19 search people, even when you think they're up to no
20 good, even when you think they have a gun, even when
21 you think they're about to commit a crime, because
22 we're gonna bring you up on charges, we're gonna put
23 you in the newspaper tomorrow, we're gonna embarrass
24 you in some way, shape or form; [bell] it's sending
25

1
2 the wrong message to the police; it's sending the
3 wrong message to all New Yorkers. Thank you.

4 PUBLIC ADVOCATE JAMES: Thank you.
5 Council Member Gibson.

6 COUNCIL MEMBER GIBSON: Thank you, Madame
7 Public Advocate. I also want to thank all of our
8 distinguished veterans, for those who have served and
9 are serving; I wanna recognize my uncle, who is a
10 Vietnam War veteran and thank him for his service and
11 I want to thank all of my colleagues about a week-
12 and-a-half ago that stood with me and many of our law
13 enforcement groups; members of the Council, in
14 regards to the recent retirement of the First Deputy
15 Commissioner, Rafael Pineiro of the Police
16 Department, as well as the former Chief of
17 Department, Chief Philip Banks. Recognizing that we
18 have the greatest and most diverse police department
19 in the entire nation, the loss of Chief Banks, as
20 well as Deputy Commish Pineiro is certainly a loss to
21 all 40 and 28 years of dedicated service, so I really
22 want to acknowledge and go on record in thanking Raf
23 Pineiro and Phil Banks for their incredible service
24 and dedication to all New Yorkers and the City of New
25 York and thank them for their service, and also

1
2 moving forward, in some of the new appointments that
3 have recently made by Commissioner Bratton in
4 Benjamin Tucker, as well as of Chief James O'Neill
5 and James Secreto, as well as Carlos Gomez, in
6 recognizing that this conversation must continue
7 around diversity, around changes and reforms, around
8 the cultural shift, and I want my colleagues to be
9 very clear that as your Chair of this Committee, I
10 will continue to work with everyone, with our
11 advocacy groups, with out law enforcement, with all
12 of my colleagues to make sure that we strike the
13 necessary balance, we ensure that law enforcement has
14 the ability and resources to do their jobs and do
15 their jobs well, is respecting individuals' rights
16 and really that there's one system of justice for all
17 New Yorkers and so I really wanna thank our Speaker,
18 because she has always been a champion on these
19 issues and I'm looking forward as we have [bell]
20 conversations on these legislations to make sure that
21 we strike that balance that is necessary for public
22 safety for this entire City of New York. Thank you
23 again, Madame Public Advocate.

24 PUBLIC ADVOCATE JAMES: Thank you. On
25 behalf of Council Member Jumaane Williams, I wanna

1
2 recognize his cousin, Andre Mitchell, on his first
3 visit to City Hall. Welcome. In addition to that,
4 let's stand up and.. okay, we gave a shout-out to his
5 cousin, welcome. [laughter]

6 All items on today's on General Order
7 Calendar were adopted by a vote of 47 in the
8 affirmative, 0 negative and 0 abstentions, and to
9 close with the Speaker, Melissa Mark-Viverito.

10 SPEAKER MARK-VIVERITO: No, thank you
11 again, Madame Public Advocate and I guess it's.. the
12 ending's earlier than before, 3:10; this meeting is
13 adjourned.
