# Executive Summary

The following summarizes New York City Economic Development Corporation's (NYCEDC) Fiscal Year 2017 ("FY17") annual report on projects to support investment, job creation, job retention, and growth in New York City. This year's report includes information on 519 projects receiving Financial Assistance in the form of loans, grants, and tax or energy benefits. The report also includes information on 48 sales and 90 leases of City-owned land.

For the projects receiving Financial Assistance:

- NYCEDC has been directing the majority of its investments towards boroughs outside Manhattan, where more than three quarters (75.9%) of active projects were located during FY17.
- Twenty-two projects commenced in FY17, 14 of which were part of the Build NYC tax-exempt financing program. Seven New York City Industrial Development Agency's Industrial Incentive projects and one New Market Tax Credit project also commenced over the year.
- Of the projects that closed in FY17, seven were in the Educational Services sector, followed by four in Manufacturing, and four in Healthcare and Social Assistance. Of the \$8.4 million in assistance (net of recapture/penalties) provided to projects that began in FY17, the Educational Services sector captured the largest share (37.9%), followed by Manufacturing (22.3%), and Transportation (14.1%).
- Since the Food Retail Expansion to Support Health (FRESH) program began in FY10, 16 projects have closed, providing healthy foods to NYC's poorest and most underserved neighborhoods.
- Manufacturing companies constitute the greatest share of all active projects in FY17 (20.4%), followed by companies in Educational Services (18.1%), and Healthcare and Social Assistance (16.0%). Wholesale Trade accounts for a further 10.0% of projects.
- FTE employment at project locations was 2.3 times of employment prior to their start. Taking into account employees that may have been relocated to project sites from elsewhere in the City, employment growth was 93.0%.
- Financial assistance ended for 49 projects in FY17 because of natural expiration of the agreement, voluntary termination, or suspension as a result of default.
- Approximately \$6.8 million was recovered from projects during FY17, contributing to a total of more than \$110 million recovered from non-compliant projects since FY03.
- Four of the 26 projects that are required to pay a living wage closed in FY17. The total number of jobs associated with these 26 projects is approximately 2,900.
- Of all the projects that submitted living wage information in FY17, 95% of employees were paid a living wage (a total of 139,679 employees).

# Chapter One:

## NYCEDC and Public Benefits from Investment Projects

### Section 1. INTRODUCTION

This is New York City Economic Development Corporation's (NYCEDC) Fiscal Year 2017 ("FY17")<sup>1</sup> annual report on its projects with businesses to support investment, job creation, job retention and growth ("Investment Projects"), pursuant to City Charter §1301(1)(b).

City Charter §1301(1)(b) requires NYCEDC to submit to the New York City Council, the mayor, the City comptroller, the public advocate, and the borough presidents, an annual report, containing descriptive data on a selected group of NYCEDC projects, the amounts of City assistance (hereinafter referred to as "City Costs") provided by NYCEDC to the businesses involved in these projects, and estimates of the tax revenues generated (hereinafter referred to as "City Benefits") by these projects. Data on Investment Projects receiving loans, grants and tax or energy benefits ("Financial Assistance") are provided for the life of the project, irrespective of the date it initiated. Data on sales of City-owned land are provided for all transactions closed since January 1, 2005 if at least 25 jobs are estimated to be at the project's site. Data on leases of City-owned land are provided for all active contracts.<sup>2</sup>

This year's report has three volumes as well as data and documentation available online. Chapter One of this Volume includes a summary of results, the description of reporting requirements, and a summary of entities and programs included. Chapter Two presents the framework used to estimate City Benefits and a summary of results aggregated at the City level, by borough and by main program. Volume II includes the information on all projects receiving Financial Assistance. Volume III includes the information on sales and leases of City-owned land. The data in Volume II of each report from FY06 through FY16 are available for download at [edc.nyc](http://edc.nyc).

NYCEDC appreciates this opportunity to provide information on some of its key economic development services. NYCEDC believes that this report demonstrates how critical its economic development programs are in maintaining and expanding New York City's economic base by stimulating investment, job growth and business expansion. The typical company investment included in this report would have been delayed, abandoned or made outside New York City but for the intervention and support of NYCEDC.

In addition, NYCEDC appreciates this opportunity to discuss the public benefits generated by its Investment Projects and to explain the dynamic public/private partnership that makes NYCEDC successful.

### Section 2. FY17 Reporting Requirements and Summary of Results

NYCEDC's Annual Investment Projects Report is regulated by City Charter §1301(1)(b). City Charter §1301(1)(b) requires the City's Department of Small Business Services ("DSBS") to include in its contracts with NYCEDC, by virtue of its status as a not-for-profit entity engaged in providing or administering economic development benefits on behalf of the City and expending City capital appropriations in connection therewith, a requirement to prepare and submit this report for the prior fiscal year to the Mayor, the New York City Council, the City Comptroller, the Public Advocate, the Borough Presidents and Community Planning Boards by January 31 of each year. Accordingly DSBS has included such requirements in its annual contracts with NYCEDC for FY17. Table 1-1 below summarizes the reporting requirements of City Charter §1301(1)(b), as in effect on the effective date of the annual contracts between DSBS and NYCEDC for FY17. The text of City Charter §1301(1)

<sup>1</sup> Fiscal years cover the period from July 1 of a given year to June 30 of the following year. FY17 refers to the fiscal year commencing on July 1, 2016 and ending on June 30, 2017.

<sup>2</sup> Estimates of City Costs and City Benefits are no longer required under City Charter §1301(1)(b) for sales and leases of City-owned land. Reporting on leases of City-owned land is subject to the same jobs threshold as land sales. However, due to data availability, the report includes data on all contracts active in FY17.

(b) as then in effect is included in Appendix III of this Volume. This Annual Investment Projects Report pertains only to FY17 and was prepared in accordance with City Charter §1301(1)(b) as in effect on the effective date of the annual contracts between DSBS and NYCEDC for FY17. Note that in December 2017, City Charter §1301(1)(b) was repealed and a new City Charter §1301(1)(b) was enacted by Local Law 222 (2017) (“LL2017”). LL2017 is effective as of January 14, 2018 and the changes made by it are not required to be reflected in this Annual Investment Projects Report for FY17. References in this Annual Investment Projects Report to City Charter §1301(1)(b) shall be to those provisions in effect on the effective date of the annual contracts between DSBS and NYCEDC for FY17.

**TABLE 1-1: Summary of LL62 Reporting Requirements**

Project Type	Criteria for Inclusion	Information to be Reported <sup>3</sup>
<b>Financial Assistance</b> (Loans, grants and tax or energy benefits)	<ul style="list-style-type: none"> <li>• All Investment Projects for which Financial Assistance was made available on any day during the prior fiscal year (or “Reporting Year”), regardless of the execution date of the projects’ agreement (i.e., projects are included for the entire span of Financial Assistance)</li> <li>• Entities providing Financial Assistance: NYCEDC, NYC Industrial Development Agency (NYCIDA), and Build NYC Resource Corporation (Build NYC)</li> <li>• Types of Financial Assistance: NYCEDC loans, Business Incentive Rate (BIR) programs, tax-exempt bonds, sales tax waivers, mortgage reporting tax (MRT) waivers, Payments-In-Lieu-Of-Taxes (PILOT) real property tax exemptions, and incentives awarded as a part of the Applied Sciences NYC program, and New Markets Tax Credit program</li> </ul>	<ul style="list-style-type: none"> <li>• All information listed in clauses (i) through (xviii) of City Charter §1301(1)(b) and included in the project report tables (for an explanation, see Appendix I of this Volume)</li> <li>• Information on Investment Projects for which Financial Assistance in the Reporting Year was less than \$150,000 is aggregated</li> <li>• Data are to be made available in a non-proprietary database format</li> </ul>
<b>Sales of City-owned Land</b>	<ul style="list-style-type: none"> <li>• All sales of City-owned land that are (i) estimated to retain or create no less than 25 jobs and (ii) closed at any time within the 15-year period ending on the first day of the prior fiscal year, provided that such sale closed on or after 1/1/2005</li> </ul>	<ul style="list-style-type: none"> <li>• A list of sales and sale prices, to be made available in a non-proprietary database format</li> <li>• Terms or restrictions on the use or resale of the property</li> </ul>
<b>Leases of City-owned Land</b>	<ul style="list-style-type: none"> <li>• All leases of City-owned land (i) estimated to retain or create no less than 25 jobs and (ii) was effective at any time during the prior fiscal year, regardless of the commencement date of such lease</li> </ul>	<ul style="list-style-type: none"> <li>• A list of leases and rent payments in the reporting year, to be made available in a non-proprietary database format</li> <li>• Terms or restrictions on the use of the property</li> </ul>

## Section 2.1 Summary of Results

There are 519 Financial Assistance Investment Projects included in this year’s report. In FY17, 22 projects started reporting, and Financial Assistance ended for 49 projects. These 519 projects accounted for:

- 5.7% of total private employment in New York City;
- \$32.5 billion in private investment;
- \$1.4 billion in City Costs (present value), net of recapture, cancellations, reductions and penalties;<sup>4</sup>
- \$61.2 billion in City Benefits (present value), net of the assistance provided and recapture/penalties.

There are 48 land sales satisfying the criteria for inclusion in this year’s report. These sales account for \$599.7 million (in FY17 dollars).<sup>5</sup> Total rent in FY17 from the 90 leases included in the report was \$107.8 million.<sup>6</sup>

<sup>3</sup> For projects for which assistance was rendered before 7/1/2005, this report is required to include information that is available to NYCEDC, can be reasonably derived from available sources, or reasonably obtained from the business entity. For projects for which assistance was rendered before 7/1/2012, this report is required to include living wage data that is available to NYCEDC, can be reasonably derived from available sources, or reasonably obtained from the business entity.

<sup>4</sup> Present value calculation methods are explained in Chapter 2, Section 1 and Appendix I of this Volume.

<sup>5</sup> Sale prices were adjusted using NY Metropolitan Area Consumer Price Index—All Urban Consumers from the U.S. Bureau of Labor Statistics.

<sup>6</sup> There may be overlap between Financial Assistance projects and land sales or leases.

## Section 3: NYCEDC

NYCEDC is the City's primary agent for economic development. Acting under annual contracts with the City, NYCEDC is a not-for-profit corporation that serves as the catalyst for promoting economic development and business growth in the City. Its principal mandate is to encourage investment and attract, retain, and create jobs in New York City.

The Mayor appoints NYCEDC's president and chairman of the board, and NYCEDC's unpaid board includes representatives of City agencies as well as appointees recommended by the Borough Presidents and the Speaker of the City Council. Partnering with City, State, Federal and regional agencies, as well as businesses and residents, NYCEDC is a key driver of the City's three-pronged economic development strategy to create jobs, diversify the City's economy, and build affordable, attractive neighborhoods.

To fulfill its broad economic development mission, NYCEDC wears many hats—it is a business advocate and partner, a project manager, a policy analyst and a program administrator. The Initiatives Department at NYCEDC develops and implements initiatives to grow traditional and emerging industries in the City, as well as promote entrepreneurship generally across all industries. The Ports and Transportation Department advises on transportation and waterfront policy matters, and the Real Estate Transaction Services, Asset Management, and Capital Departments manage the sale of City-owned land, the management of City-owned property, and the management of capital construction projects, respectively. In addition, NYCEDC oversees industrial parks, wholesale and retail markets, cruise terminals, rail lines and waterfront development. Other responsibilities include design, planning and construction capabilities on various projects. NYCEDC also supports small businesses through a loan guarantee program for private lenders.

Furthermore, NYCEDC provides discretionary Financial Assistance and lower cost energy assistance to Investment Projects under the authority of the New York City Industrial Development Agency (NYCIDA), Build NYC Resource Corporation (Build NYC) and the Business Incentive Rate (BIR) programs, contingent upon the realization of specified investment and/or job commitments. This discretionary Financial Assistance is a focus of this report. NYCEDC also facilitates the use of the New Market Tax Credit program, a federal tax credit program administered by the U.S. Department of Treasury Community Development Financial Institutions Fund to generate private sector capital investment in low-income communities. In addition, in limited circumstances involving certain projects meeting Federal distressed-area criteria, NYCEDC provides loans with Federal funds.

Also described in this report are NYCEDC land sales and leases. NYCEDC makes underutilized City-owned properties available for sale or lease to private companies and organizations willing and able to invest in development or expansion for economic development.

## Section 4: NYCIDA/Build NYC Financial Assistance

The New York City Industrial Development Agency (NYCIDA) is a public benefit corporation organized under Article 18-A of the New York State General Municipal Law to serve the five boroughs of New York City. NYCIDA helps companies undertake capital expansions and become more competitive by locating within New York City or by expanding their existing operations. Its mission is to encourage economic development throughout the five boroughs, and to assist in the retention of existing jobs and the creation and attraction of new ones.

The Mayor appoints the Chairman of NYCIDA, and the fifteen-member Board of Directors includes representatives from each borough. NYCIDA's Board of Directors must approve all projects and NYCIDA files annual reports on its activities with the New York State Comptroller and the New York State Authorities Budget Office.<sup>7</sup> NYCIDA contracts with NYCEDC for staffing and administrative services. NYCEDC markets NYCIDA programs through a variety of initiatives, including providing

<sup>7</sup> These reports are available at [edc.nyc](http://edc.nyc)

a detailed description of NYCIDA services on its website, direct mailings, and informational seminars, often in partnership with local development corporations located Citywide.

## NYCIDA Programs

NYCIDA is empowered to provide four types of Financial Assistance to support qualifying private capital investment:

- a) **Tax-exempt bond financing.** NYCIDA is a qualified issuer of both taxable and tax-exempt bonds. The interest on NYCIDA bonds is exempt from the income taxes imposed by the New York State and City governments, and in certain cases by the Federal Government (referred to as “triple tax-exempt bonds”). Private investors, who assume the financing risks of the project, purchase these bonds. Repayment of the bonds is not an obligation of NYCIDA or the City, State or Federal Governments, but, rather, of the project owner. Investors in triple tax-exempt bonds typically accept a lower interest rate because of the income tax exemption.
- b) **Property tax reductions.** NYCIDA can exempt real property from City ad valorem real property taxes. Typically, NYCIDA utilizes this exemption authority to abate and/or stabilize the amount of real property taxes that would otherwise be due with respect to a company's real property. The company enters into an agreement with NYCIDA requiring the company to make Payments in Lieu of Taxes (PILOT) with respect to such exempted property; the PILOT reflects the amount of the abatement and/or stabilization provided.
- c) **Partial exemption of mortgage recording tax.** City and State mortgage recording tax (MRT) relating to the project financing, equal to 2.50 percent for mortgages equal to or greater than \$500,000, may be deferred or waived, as of January 1, 2017.
- d) **Exemption from sales and use taxes on construction and equipping costs.** The 8.875 percent City and State sales tax on materials used to construct, renovate or equip facilities may be exempted by NYCIDA.

NYCIDA provides its Financial Assistance through programs established under its Uniform Tax Exemption Policy (UTEP), the current version of which is available at [edc.nyc](http://edc.nyc), or as otherwise permitted by the NYCIDA statute. During FY17, the UTEP included the following programs:

### Tax-Exempt Bond Programs:

**Manufacturing Facilities Bond Program:** Manufacturers of tangible personal property developing or equipping facilities for their own use can access bond financing and real property and sales tax reductions, as well as MRT reduction.

**Not-For-Profit Bond Program:** Prior to February 2008, 501(c)(3) not-for-profit organizations developing, purchasing or equipping facilities for their own use could access financing and MRT exemptions through NYCIDA. A subcategory of this program was the Pooled Bond Program, established for borrowers that are members of the InterAgency Council, an association of not-for-profit organizations that provide services to individuals with disabilities. Beginning in FY12, access to financing for not-for-profit organizations resumed under the Build NYC Resource Corporation, described below.

**Exempt Facilities Bond Program:** Companies developing publicly-owned airports, docks or wharves, solid waste recycling facilities or other categories of Federal exempt facility bonds can access bond financing. Reductions in real property taxes and sales taxes, as well as MRT reduction, may also be available.

**Liberty Bond Program:** Developers of commercial and retail facilities can access tax-exempt bond refinancing through this program. The bonds authorized under this program have been fully allocated and thus are no longer available for new projects.

### **Industrial Tax Incentive Programs:**

The Industrial Incentive Program (IIP) and Food Retail Expansion to Support Health Program (FRESH) provide eligible companies with real property tax exemptions or abatements, and sales tax exemptions on purchases of materials used to construct, renovate or equip facilities, as well as MRT exemptions.<sup>8</sup> Eligible companies include manufacturers, distributors, warehouses, other industrial companies, and grocery store operators and developers seeking to acquire, construct or renovate facilities for their own use. Developers of such space in designated areas can seek MRT exemptions and sales tax exemptions on purchases of materials used to construct, renovate or equip facilities.

### **Hudson Yards Commercial Construction Projects**

The NYCIDA also provides discretionary Financial Assistance for Hudson Yards Commercial Construction Projects within the Hudson Yards area as part of a comprehensive financing and implementation program for Hudson Yards Infrastructure Corporation (“HYIC”) to realize the development potential of Manhattan’s far west side.

Such financial assistance includes real property tax exemptions and required payments in lieu of real property taxes (“PILOT”) to induce the construction of new Class A office buildings and other development within the Hudson Yards area. In addition, NYCIDA provides mortgage recording tax exemptions and requires payments in lieu of mortgage recording taxes (“PILOMRT”) equal to the full exemption amount mortgage for qualified projects. The PILOT and PILOMRT are in whole or in part remitted to HYIC to service debt issued to fund critical elements of the Hudson Yards project, including the No. 7 Subway extension, and the new open space network.

### **Commercial Growth Program:**

The NYCIDA’s UTEP provides for individually-negotiated benefit agreements for non-industrial projects and requires a commitment of a specific number of jobs and/or maintenance of certain designated operations, such as corporate headquarters, in return. These transactions may provide for reductions in real property, MRT and sales tax; most transactions, however, provide only for sales tax exemptions.

### **Commercial Projects:**

This category includes NYCIDA projects where the capital asset or assets are (or will be after a period of construction, reconstruction and/or renovation) for use primarily by the owners hereof (or their affiliates) in the pursuit of commercial endeavors, such as a Class A office buildings and ancillary support space and destination retail complexes. These transactions may provide for reductions in real property, MRT and sales tax. For purposes of this Report, the Commercial Project category includes Hudson Yards Commercial Construction Projects and stadia projects. In previous years, the projects reported in this category were included in the Commercial Growth Program category.

<sup>8</sup> Projects that were separately classified under the Small Industry Incentive program in previous Fiscal Years are now classified under the Industrial Incentive Program.

## **NYCIDA Selection Considerations**

All NYCIDA benefits are discretionary. Firms seeking Financial Assistance must submit an application to NYCIDA under one of its programs and receive approval for benefits from the NYCIDA Board of Directors. NYCIDA must ascertain that a project would not proceed, or would proceed in a substantially reduced form, without incentives. Consideration is given to the impact of the proposed project on New York City's economy, including planned job creation and retention, as well as infrastructure or technology upgrades.

The specific terms of NYCIDA transactions are set forth in project and lease agreements. Discussions with a company begin with a detailed information request by NYCIDA staff, followed by a rigorous staff review of the company's proposed investment, its existing real estate situation, potential alternatives, and the qualitative and quantitative factors driving its location decision. An environmental review is also conducted. NYCIDA staff consider the number of jobs that the company will retain, recruit and/or create, the value of private-sector investment that will result from the project, and the fiscal impact (e.g. direct and indirect taxes) of the company's investment and operations. In the case of bond financings, projects must comply with relevant Federal statutes and regulations.

In the case of negotiated Commercial Growth and Commercial Project incentives, staff determines the minimum level of assistance necessary to ensure a project's financial feasibility (established through, e.g., maximum effective rent or threshold developer rate of return). That required level of assistance is compared to the incremental fiscal impact of the project, which typically repays the City's cost of incentives many times over if incentives are to be provided. If appropriate, an incentive offer is then developed to maximize the return on the City's investment by assuring that the company performs in exchange for the incentives. This approach provides a significant return on the City's investment, while reflecting the reality of operating a business, particularly a cyclical one, in an unpredictable economy.

Negotiated Commercial Growth incentives may be provided for the maintenance of existing employment and operations, for the creation or relocation into the City of new jobs, or both. The more recent Commercial Growth agreements are structured so that most benefits are tied to future job growth. These growth benefits are made available on a per-job basis. The estimated per-employee tax revenue to the City from that prior year alone is usually several times the total per-employee incentive.

In prior years, the primary focus of Commercial Growth agreements was to provide incentives for the retention of existing jobs. Over time, incentives were increasingly focused on growth jobs, but those additional jobs previously were not required to be maintained in the City after the incentives were provided. More recent transactions include requirements that when benefits are provided for job growth, new jobs for which benefits are earned increase the required employment commitment.

## **Ongoing Monitoring of Performance**

Beneficiaries of NYCIDA agreements must submit employment and benefits reports each year. NYCEDC staff performs site visits and conduct other follow-up activities to monitor compliance with NYCIDA agreements.

Commercial Growth agreements generally provide for a required employment base that a company must maintain. These agreements are subject to certain negotiated buffers that determine reductions to remaining benefits or a recapture of benefits already received. The agreement may also provide for the maintenance of a company's headquarters and/or certain designated operations.

During the term of a Commercial Growth agreement, if a company falls below its required employment commitment in any year, the total benefits allowed over the term of the agreement are reduced, and, in most cases, if it has already exceeded the reduced maximum benefit, it must repay the difference. If the employment reduction is large enough, the agreement may be terminated. If a company falls below its required employment commitment due to a relocation of jobs out of New York City or, if applicable, it relocates its headquarters or designated operations, it also faces recapture of benefits with penalties as well as forfeiture of future benefits.

IIP, Manufacturing Facility Bond and Not-for-Profit Bond Programs require a company to maintain its operations at the project location. If the company moves to another location, its benefits are terminated. If the new location is within New York City, the company is not subject to recapture of prior benefits. If the company relocates out of New York City during the first ten years of its deal, it is subject to recapture of realized benefits pursuant to a declining recapture schedule.

Projects utilizing tax-exempt financing through the NYCIDA's various Bond Programs are required by the Internal Revenue Code to use the facilities and/or equipment financed with bonds as a qualifying project during the term of the bonds to preserve the tax-exempt status of the bonds.

### **Build NYC Resource Corporation**

The Build NYC Resource Corporation ("Build NYC") is a local development corporation incorporated under the New York Not-for-Profit Corporation Law and staffed by NYCEDC. The mission of Build NYC is to encourage community and economic development and job creation and retention throughout New York City by providing lower-cost financing programs to qualified borrowers in obtaining tax-exempt and taxable bond financing. Build NYC's administration and Board of Directors is similar to that of NYCIDA.

As a conduit bond issuer, Build NYC can make tax-exempt financing available to qualified entities to acquire, construct, renovate and/or equip their facilities in New York City.

Eligible borrowers include not-for-profit organizations with Federal 501(c)(3) status incorporated or otherwise qualified to do business within New York State, such as educational institutions, arts and cultural organizations, and organizations providing social services, student housing, senior housing and healthcare. Eligible projects seek to finance (or refinance) the construction, acquisition, renovation and equipping of facilities primarily for the borrower's own use located within New York City. Pursuant to the Internal Revenue Code, certain private companies may be able to access tax-exempt financing to finance the construction, renovation and equipping costs associated with the following types of projects, including airport facilities, other transportation-related infrastructure, dock and wharf facilities, solid waste disposal facilities, and recycling facilities.

## Section 5: Energy Assistance

### Business Incentive Rate

Business Incentive Rate (BIR) is an energy discount program provided by Con Edison but co-administered by NYCEDC for companies receiving a comprehensive Financial Assistance package. The program is designed to encourage economic growth in the manufacturing, industrial, and commercial sectors by offering a discount from Con Edison's electric delivery charges. The overall discount is approximately 10–15% of the client's total electric bill. During FY17 there were 12 New York City businesses enrolled in the NYCEDC's portion of the BIR program.<sup>9</sup>

Con Edison directly provides the electricity discount to eligible businesses under this program. NYCEDC processes and tracks the paperwork and performs account management and compliance functions for the companies that it adds to the program.

NYCEDC's BIR is a discretionary program. To be accepted into the program, companies must:

- Have an electric account under service class 4 or 9;
- Apply for, and subsequently receive, a substantial comprehensive package of economic development incentives from State or City authorities. The net present value of the matching benefits needs to be greater or equal than the expected net present value of BIR benefits over the course of the program;
- Conduct an energy use survey of their premises; and
- Commit to increasing employment by 10% in three years and/or relocating to new premises within New York City.

Retail and residential projects are not eligible.

NYCEDC screens incoming applicants and reviews compliance with employment and other requirements on an annual basis. Businesses that do not meet employment requirements or lose their matching benefit(s) are subject to reduction or termination of BIR discounts.

## Section 6: Sales and Leases of City-Owned Land

The sale or ground lease of City-owned property for new development or business expansion is another key tool that NYCEDC uses to promote economic development throughout the City. NYCEDC selects qualified purchasers (or lessees) that respond to requests for proposals or requests for expressions of interest or are otherwise uniquely positioned to successfully develop underutilized properties for the attraction and retention of companies, creation of new jobs, and other economic development purposes, such as community facilities. NYCEDC also provides technical assistance to help these purchasers complete public approval and environmental review processes and assists in coordinating applications for City incentive programs for the developers and tenants of City-owned land where appropriate.

Pursuant to its guidelines, NYCEDC conveys property at fair market value. Restrictions are imposed in the deed or lease agreement to ensure that the purchaser performs on the agreed economic development project. The purchase price or rent is based on an independent appraisal, with appropriate adjustments for site conditions, use restrictions, and other factors that affect value. In general, projects do not receive any discretionary tax benefits if the land sale or lease is the sole transaction with NYCEDC.

The business terms of each sale or lease by NYCEDC are approved by NYCEDC's Board of Directors and the Mayor, as well as through a community review process involving the local community board and borough board.

<sup>9</sup> Some NYCIDA projects also receive the Business Incentive Rate benefit from NYCEDC, but they are included in the report under their primary NYCIDA program type.

# Chapter Two:

## Overview of Public Benefit from Investment Projects

### Section 1. Framework of NYCEDC's Public Benefit Analysis

City Charter §1301(1)(b) requires NYCEDC to report on projects undertaken by NYCEDC for the purpose of the creation or retention of jobs if, in connection with such projects, Financial Assistance was provided in the form of loans, grants or tax benefits and/or a sale or lease of City-owned land took place.<sup>10</sup>

The analysis presented in this report reflects three basic steps: determining which Investment Projects are to be included, calculating City Costs, and estimating City Benefits.

#### Included Projects

For each Financial Assistance Investment Project, City Charter §1301(1)(b) requires that NYCEDC provide a variety of descriptive information, including project name (usually the name of the business receiving the benefits), the location, the time span over which the project is to receive assistance, the type of City assistance received, the maximum or estimated total amount of assistance, the number of employees at the start of the project, the number of jobs that the company must maintain during the reporting year in order to avoid any loss of allowable benefits, the actual number of employees in the reporting year, information about the residence, health benefits, the number and percentage of employees earning less than a living wage, and— for entities that employ at least 250 persons—compensation of workers, along with information on assistance provided in the reporting year under certain programs administered by the Department of Finance. The report also provides estimates of City Costs and City Benefits, except if City Costs are lower than \$150,000, in which case the information is aggregated.

LL62 extended reporting on Financial Assistance Investment Projects through the final year of assistance, regardless of the year they initiated. Accordingly, FY11's report—the first report to which LL62 applied—added 83 projects that started between FY81 and FY98, previously not required to be reported or not voluntarily reported.

The 519 currently-active Financial Assistance Investment Projects included in the report are distributed across program categories as follows:<sup>11</sup>

1. Manufacturing Facilities Bonds: 23 active projects in FY17; (2 terminated in FY17)
2. Not-for-Profit Bonds (through NYCIDA): 53 active projects in FY17; (15 terminated in FY17 – some refunded to Build NYC)
3. Build NYC Revenue Bonds: 96 active projects in FY17;<sup>12</sup> (4 terminated in FY17)
4. Build NYC Tax Exempt Promissory Notes: 16 active projects in FY17;
5. NYCIDA Pooled Bonds: 34 active projects in FY17; (6 terminated in FY17 – some refunded to Build NYC)
6. NYCIDA Exempt Facilities Bonds: 4 active projects in FY17;

<sup>10</sup> Some projects in this report are covered by the provision of City Charter §1301(1)(b) stating that reports with regard to projects for which assistance was rendered prior to 7/1/2005 need only contain such information as is available to NYCEDC, can be reasonably derived from available sources, and can be reasonably obtained from the business entity to which assistance is provided. The remainder of this report reflects the application of this provision.

<sup>11</sup> If a project received assistance under more than one program, it is included in the category that is highest on this list. For example, if a Commercial Growth project also received BIR assistance, it is included in the Commercial Growth category.

<sup>12</sup> Build NYC bonds are also Not-for-Profit bonds, but are issued under a separate authority from the Not-for-Profit Bonds in Category #2. The proceeds from some Build NYC bond issuances refunded then-outstanding NYCIDA bonds (as refinancing of old debt—NYCIDA bonds—with the issuance of new debt—Build NYC financing) and terminated corresponding IDA projects during FY17. In this case, the Report counted both as a terminated project under NYCIDA and as a new, active project under Build NYC.

7. Empowerment Zone Facilities Bonds: 1 active project in FY17;
8. Liberty Bonds: 1 active project in FY17;
9. Industrial Incentive: 216 active projects in FY17; (13 terminated in FY17)
10. FRESH: 16 active projects in FY17;
11. Commercial Growth: 19 active projects in FY17; (1 terminated in FY17)
12. Commercial Project: 10 active projects in FY17;
13. Recovery Zone Facility Bonds: 3 active projects in FY17;
14. Applied Sciences: 5 active projects in FY17;
15. BIR Assistance: 12 active projects in FY17; (6 terminated in FY17)
16. NYCEDC Loans: 9 active projects in FY17; (2 terminated in FY17)
17. New Market Tax Credit Program: 1 active project in FY17.

It should be noted that the following programs are no longer available to new projects: Recovery Zone Facility Bonds, Not-for-Profit Bonds, Liberty Bonds and Pooled Bonds issued through NYCIDA.

City Charter §1301(1)(b) requires NYCEDC to provide information on sales of City-owned land closed on or after 1/1/2005 for 15 years after closing if such projects are estimated to retain or create at least 25 jobs. City Charter §1301(1)(b) also requires the provision of a list of all existing leases of City-owned land, regardless of start year, if the same jobs thresholds are met. Volume III of this year's report contains data on 48 sales and on 90 leases. In accordance with City Charter §1301(1)(b), estimates of City Costs and City Benefits associated with these projects are no longer provided.

## Calculation of City Costs

City Charter §1301(1)(b) requires NYCEDC to report on the type and amount of City assistance provided by NYCEDC to companies for eligible projects. Assistance that gives rise to City Costs includes the issuance of tax-exempt bonds, MRT exemption, real property tax savings from PILOT abatement and stabilization, sales tax exemption, and reduced taxes due to energy assistance. These incentives encourage eligible businesses to invest in New York City and locate jobs here.

Calculation of City Costs requires the collection of project-specific cost data on eligible projects. In general, the estimates of assistance reflect only those discretionary financial benefits provided by NYCEDC. PILOT savings (i.e., foregone taxes) figures are provided by the New York City Department of Finance ("DOF") and the amount of discretionary assistance may overstate the cost to the City provided those projects may have received as-of-right property tax benefits such as the Industrial and Commercial Incentive Program ("ICIP") or the Industrial and Commercial Abatement Program ("ICAP"), both administered by DOF.<sup>13</sup>

City Costs include only the revenue lost by the New York City government, even though some of the costs of the assistance NYCEDC provides are borne by the State and Federal governments. For example, the figures include only the City portion of the MRT exemptions and sales tax exemptions, although the assistance provided by NYCEDC waives the State portions of these taxes as well. The report counts as a City Cost only the City taxes foregone because of the lower electric rates provided to businesses; the lower rates themselves flow from non-City sources (the savings to the company from lower rates is shown separately in the project report table for each project). Similarly, the Federal and State governments realize most of the revenue loss resulting from the issuance of triple tax-exempt bonds.

The City Cost attributable to triple tax-exempt and taxable bond issuance is particularly difficult to estimate. Although New York City residents who purchase tax-exempt bonds are eligible to receive an exemption from City personal income taxes on interest earnings from these bonds, many of these bonds are held by mutual funds, other large financial institutions, New

<sup>13</sup> Effective 7/1/2008, the ICIP program was replaced by ICAP. Grandfathering rules regulate eligibility of projects completed on or after FY09 for ICIP.

York State residents who are not City residents but do not pay State income tax on their City bonds, and other non-City residents who would pay no taxes to the City even if the bonds were taxable. Information on the dispersion of holdings of tax-exempt bonds, which can be sold by initial investors to other investors during the period the bonds are outstanding, is not readily available. For estimation purposes, we have assumed that 35 percent of tax-exempt bonds are held by City residents and thus generate revenue loss to the City.

For each project, two measures of City Costs are provided: (1) the amount for the reporting year (FY17) and (2) the total amount over the life of the project. The total amount is presented as a present value discounted to the project start date, in order to reflect the value of assistance to both the City and the company at the time the project investment decision was made. This total present value is subdivided into two amounts: the portion (using actual figures) relating to the years from the project start through the reporting year, and the portion (using projected figures) from FY18 through the end of the project. Entries are also made to reflect any recapture, cancellation, or reduction of benefits made after the project start date and any penalties assessed.

## Calculation of City Benefits

City Charter §1301(1)(b) requires estimates of the tax revenues realized by the City as a result of each project. There are two categories of City Benefits:

**Company Direct Impacts.** The City Benefits generated directly by a company included in this report are called Company Direct Impacts. These include the tax revenues (business income taxes, real property taxes, sales tax from purchases made in the City, and employee income taxes) that would be paid if the City Costs were all zero (“full taxes”).

**Indirect and Induced Impacts.** The City Benefits generated elsewhere within the City by a company's business activities are called Indirect Impacts. These impacts include activities of various vendors and suppliers that provide essential goods and services the company requires. The City Benefits associated with the household spending of those residents whose employment depends directly or indirectly on a company are called Induced Impacts. These impacts include spending by employees on food, clothing, shelter, child-care, and other expenses related to living in the City. Estimates of the taxes from Induced and Indirect impacts are aggregated.

NYCEDC uses an economic model (described more fully in Appendix I) to estimate the portions of City Benefits that cannot be directly measured. Using current employment of the entity as the starting point, this model calculates the economic and fiscal impacts using multipliers, or factors, for the entity's relevant industry.

The calculation of City Benefits generally is based on employment figures as of the end of each fiscal year, as supplied to NYCEDC by each company in response to an annual survey administered by NYCEDC.<sup>14</sup> When employment figures were unavailable for the reporting year, the calculation estimated current employment to be equal to the previous year's figure, or jobs at the start of the project, in that order. When these data are not available, NYCEDC assumes that the project supported one job. To project employment in future years, NYCEDC assumes that employment remains at the FY17 figure. This assumption as to future employment may result in a substantial understatement of future City Benefits, especially for projects that are in a start-up phase. Average annual construction employment is reported separately and is not assumed to continue beyond the reporting year.

<sup>14</sup> Appendix IV contains the form sent to companies with NYCIDA projects to collect the employment and other information displayed in this report; similar forms were used for other projects.

## Section 2.1: NYC-wide Results for Loans, Grants and Tax Benefit Projects

The summary of the analysis for all 519 NYCEDC Financial Assistance Investment Projects is presented in Table 2-1. Similar results are presented by borough in Tables 2-2 through 2-6.<sup>15</sup> Results for individual projects are included in Volume II.<sup>16</sup>

The projects include an important part of the City's economy. In FY17, jobs at project locations totaled approximately 217,245 or 5.7 percent of the City's private sector jobs.<sup>17</sup> The projects involved approximately \$32.5 billion in private investments.

For FY17, total City Costs net of recapture, cancellations, reductions and penalties ("recapture and penalties") on these projects were \$90.8 million. Recaptures, cancellations, and reductions totaled \$6.8 million in FY17. City Benefits (tax revenues generated directly and indirectly by the projects) net of assistance, recapture, and penalties were estimated at \$7.9 billion. Nearly 70 percent of City Benefits in FY17 derived directly from business activity at project locations (Company Direct Impacts), while the remainder was generated by indirect and induced economy activity.

The present value of City Costs over the lives of the projects is estimated to be \$1.4 billion net of recapture and penalties.<sup>18</sup> PILOT savings comprised the greatest share of total assistance (57.0%), followed by sales tax exemptions (23.8%), MRT exemptions (15.7%), tax-exempt bond interest savings (3.3%), and energy tax savings (0.2%). The present value of City Benefits over the lives of the projects is estimated to be \$61.2 billion net of assistance, recapture and penalty.

Total full-time equivalent ("FTE") employment was 217,245, which was 2.3 times of the number of applicant jobs at the project site prior to project start. Taking into account employees that may have been relocated to project sites from elsewhere in the City, employment growth was 93.0 percent.<sup>19</sup> In companies reporting information on earnings levels (i.e., those with at least 250 employees at project locations), 41 percent of employees were non-exempt, as defined by the Federal Fair Labor Standards Act, and 20 percent earned over \$40,000 annually, while 59 percent were exempt.<sup>20</sup> 92 percent of full-time employees at project locations were offered health insurance, as were 19 percent of part-time employees. About 68 percent of employees at project locations live in New York City.<sup>21</sup>

The Fair Wages for New Yorkers Act, constituting Section 6-134 of the New York City Administrative Code, is intended to ensure that New York City companies that receive financial assistance from the City of New York pay their employees a salary commensurate to a "living wage." Living Wage is defined as the sum of the "living wage rate" and the "health benefits supplement rate" for each hour worked. The living wage rate as of June 30, 2017 was \$10.70 per hour and the health benefits supplement rate as of such date was \$1.75 per hour.

Only projects that closed on or after June 28, 2012 and that received \$1 million or more in financial assistance are subject to the Fair Wages for New Yorkers Act (the "Act"). For projects that closed prior to July 1, 2012, this report need only contain such information that is available to NYCEDC, can be reasonably derived from available sources, and can be reasonably obtained from the project companies. For the purposes of this report, 155 projects have closed since the enactment of the Act. Of these, 129 projects are exempt, while the remaining 26 are required to pay a living wage. This report includes living wage

<sup>15</sup> Results by borough are imprecise because many projects have multiple locations, which may be in more than one borough. The tables attribute the entire project to the borough of the main project location.

<sup>16</sup> As previously noted, only projects for which assistance exceeds \$150,000 are required to be shown separately in Volume II. Projects not meeting this threshold are included in aggregated fashion.

<sup>17</sup> With the exception of certain programs, the total number of jobs reflects full-time, part-time, permanent and temporary positions as well as contract employees at the project site or sites, as of the end of the fiscal year. City-wide employment is the FY17 average private sector payroll employment from the NYS Department of Labor's Current Employment Survey (CES) data as of the January 18, 2018 data release. All data definitions can be found in Appendix 1 of this Volume.

<sup>18</sup> Recapture and penalties include amounts through FY17.

<sup>19</sup> Employment at the start of a project only includes jobs specifically at project locations. Jobs at application are reported as 0 for projects involving an acquisition, new construction or start-ups. Connected jobs reflect employment at a company prior to project start that were not necessarily located on the project site(s) but not necessarily covering all the company's establishments in the City. Such jobs total in this year's report (where each full-time job is 1 job and each part-time job is 0.5 jobs).

<sup>20</sup> The terms "exempt" and "non-exempt" are defined under the federal Fair Labor Standards Act. Generally, an exempt employee is not eligible for overtime compensation.

<sup>21</sup> Figures on wage levels, health benefits, and residency in all of the summary tables, including those by borough and program, reflect information only for those companies that responded to these questions on the survey form and do not include employees of tenants.

information for all projects that submitted information regarding employment, benefits, and living wage. Of all the projects that submitted living wage information in FY17, 95% of employees were paid a living wage (a total of 139,679 employees).

At the end of FY17, there were 49 projects no longer receiving assistance because of termination, default or suspension of benefits.<sup>22</sup> For these projects, the present value of City Costs through FY17 is estimated to be \$18.6 million net of recapture and penalties. Roughly 49.6 percent of the assistance gross of recapture and penalties was in the form of MRT exemptions, while PILOT savings, tax-exempt bond interest savings, sales tax abatements, and energy tax savings made up 34.1, 8.7, 7.3, and 0.3 percent, respectively. The present value of City Benefits through FY17 is estimated to be \$1.2 billion net of assistance, recapture, and penalty. Table 2-7 below contains information on the 49 projects.

## **Section 2.2: Overall NYCEDC-wide Results – Sale and Lease of City-owned Land**

Of the 48 land sales included in the report, 17 took place in FY05 and FY06 for a total sale price of \$250.7 million (FY17 dollars) or 41.8 percent of the total. There were three FY17 transactions for a total sale price of \$55.7 million, or approximately 9.3% of the total. The most valuable properties were located in Manhattan, where eight transactions totaled approximately \$369.6 million or 61.6 percent of the total. Of the 90 leases active at the end of FY17, 41 were in the Bronx and Brooklyn, and accounted for \$42.5 million or 39.4 percent of total collections. Manhattan's 34 leases contributed 53.1 percent of total lease revenue in FY17.

Volume III contains all the information on sales and leases of City-owned land, including terms or restrictions on use or resale of the properties.

## **Section 3: Results by Financial Assistance Program**

This section provides an overview of the results for the main program category, as summarized in Tables 2-8 through 2-21.

### **Manufacturing Facilities Bonds (Table 2-8)**

23 projects are included for a total investment amount of \$222.8 million. The total of City Costs net of recapture and penalties in FY17 was \$2.8 million in the form of PILOT benefits and tax-exempt bond interest savings. In FY17, these projects generated about \$117.6 million in gross (before assistance) City Benefits. Of these tax revenues, 53.2 percent were Company Direct Impacts.

The present value of City Costs (net of recapture and penalties) is estimated at \$26.1 million. Before recapture and penalties, 88.5 percent of the assistance is in the form of PILOT savings. The present value of tax revenues (before assistance) generated by the projects is estimated to be approximately \$751.9 million.

The Manufacturing Facilities Bond projects have current FTE employment of 4,421, almost 8 times the number of jobs at project location and 2.2 times the number of jobs connected to the projects at time of application. 86 percent of the employees are New York City residents.

At the end of FY17, there were two Manufacturing Facilities Bond projects no longer receiving assistance. For these projects, the present value of City Costs through FY17 is estimated to be \$1.0 million net of recapture and penalties. PILOT savings comprise 87.2 percent of this total. The present value of gross City Benefits through FY17 is estimated to be \$26.2 million.

<sup>22</sup> Benefits can cease due to a variety of reasons. Terminated projects no longer receive assistance and become inactive. When a default occurs under an agreement, or a company is below certain employment thresholds or fails to meet other commitments, benefits may be forfeited and/or recaptured. Projects that have forfeited all remaining benefits may be required to report employment information to NYCEDC until the maturity date of the agreement.

## **Not-for-Profit Bonds (Issued through NYCIDA) (Table 2-9)**

53 projects are included with a total investment amount of about \$1.2 billion. The total City Costs net of recapture and penalties in FY17 were \$611,930, in the form of tax-exempt bond savings. In FY17, these projects generated about \$63.2 million in total revenues (before assistance). Of these tax revenues, about 31.5 percent were Company Direct Impacts.

The present value of City Costs net of recapture and penalties is estimated to be \$20.9 million. 55.4 percent of gross City Costs are in the form of MRT exemptions. The present value of gross City Benefits is estimated to be about \$912.0 million.

The Not-for-Profit Bond projects have current FTE employment of 10,660, 66.6 percent higher than the number of jobs at project location and 31.5 percent higher than the number of jobs connected to the projects at time of application. 74 percent of the employees are New York City residents.

At the end of FY17, there were 15 Not-for-Profit Bond projects no longer receiving assistance. For these projects, the present value of City Costs through FY17 is estimated to be \$6.5 million net of recapture and penalties. 75.5 percent of the total assistance is in the form of MRT exemptions, while costs related to tax-exempt bonds made up the remainder. The present value of gross City Benefits through FY17 is estimated to be \$163.2 million.

## **Build NYC Revenue Bonds (Table 2-10)**

96 projects are included with a total investment amount of about \$2.7 billion. The total City Costs net of recapture and penalties in FY17 were \$3.5 million, in the form of MRT exemptions and tax-exempt bond interest savings. In FY17, these projects generated about \$528.0 million in total revenues (before assistance). Of these tax revenues, about 53.6 percent were Company Direct Impacts.

The present value of City Costs net of recapture and penalties is estimated to be \$47.6 million. 64.0 percent of gross City Costs are in the form of MRT exemptions. The present value of gross City Benefits is estimated to be about \$9.0 billion.

The Build NYC Revenue Bond projects have current FTE employment of 40,414, 80.1 percent greater than the number of jobs at project location, and 77.6 percent greater than the number of jobs connected to the projects at time of application. 78 percent of the employees are New York City residents.

At the end of FY17, there were 4 Build NYC Revenue Bond projects no longer receiving assistance. For these projects, the present value of City Costs through FY17 is estimated to be \$597,525 net of recapture and penalties. 92.9 percent of the total assistance is in the form of MRT exemptions, while costs related to tax-exempt bond interest savings made up the remainder. The present value of gross City Benefits through FY17 is estimated to be \$33.9 million.

## **Build NYC Tax-Exempt Promissory Notes (Table 2-11)**

16 projects are included with a total investment amount of about \$348.1 million. The total City Costs net of recapture and penalties in FY17 were \$264,128, in the form of MRT exemptions and tax-exempt bond interest savings. In FY17, these projects generated about \$37.6 million in total revenues (before assistance). Of these tax revenues, roughly 54.8 percent were Company Direct Impacts.

The present value of City Costs net of recapture and penalties is estimated to be \$24.3 million. 91.7 percent of gross City Costs are in the form of MRT exemptions. The present value of gross City Benefits is estimated to be about \$613.8 million.

The Build NYC Tax-Exempt Promissory Note projects have current FTE employment of 3,285, approximately 20.3 percent higher than the number of jobs at project location and the number of jobs connected to the projects at time of application. 80 percent of the employees are New York City residents.

## **NYCIDA Pooled Bonds (Table 2-12)**

34 projects are included with a total project amount of \$52.6 million. The total of City Costs net of recapture and penalties in FY17 was \$13,657 in the form of tax-exempt bond interest savings. In FY17, these projects generated about \$19.8 million in total revenues (before assistance). Of these tax revenues, about 32.6 percent were Company Direct Impacts.

The present value of City Costs net of recapture and penalties is estimated to be \$1.4 million. 75.4 percent of gross City Costs are in the form of MRT exemptions. The present value of gross City Benefits are estimated to be \$213.3 million.

The Pooled Bond projects have current FTE employment of 3,754, over three times the number of jobs at project location and almost 2.5 times the number of jobs related to the projects at time of application. 89 percent of the employees are New York City residents.

At the end of FY17, there were 6 Pooled Bond projects no longer receiving assistance. For these projects, the present value of City Costs through FY17 is estimated to be \$184,314 net of recapture and penalties. 73.3 percent of total assistance was in the form of MRT exemptions while costs associated with tax-exempt bonds made up the remainder. The present value of gross City Benefits through FY17 is estimated to be \$34.5 million.

### **NYCIDA Exempt Facilities Bonds (Table 2-13)**

Four projects are included with a total project amount of \$554.9 million. The total of City Costs net of recapture and penalties in FY17 was \$418,826, in the form of tax-exempt bond savings. In FY17, these projects generated \$28.5 million in total revenues (before assistance). Of these tax revenues, 67.1 percent were Company Direct Impacts.

The present value of City Costs net of recapture and penalties is estimated to be \$13.8 million. 39.8% of these gross City Costs took the form of PILOT savings. The present value of gross City Benefits is estimated to be about \$318.2 million.

The Exempt Facilities Bond projects have current FTE employment of 1,158, almost seven times the number of jobs connected to the projects at the time of application. 53 percent of the employees are New York City residents.

### **Liberty Bonds (Table 2-14)**

In all, one project is included with a total project amount of \$50.0 million. The total of City Costs net of recapture and penalties in FY17 was \$5,894, in the form of tax-exempt bond interest savings. In FY17, this project generated \$6.9 million in total revenues (before assistance). Of these tax revenues, 91.1 percent were Company Direct taxes.

The present value of City Costs net of recapture and penalties is estimated to be \$148,493, entirely in the form of tax-exempt bonds. The present value of gross City Benefits is estimated to be \$106.5 million.

The Liberty Bond project has current FTE employment of 136, entirely created by this project. 77 percent of the employees are New York City residents.

## **Industrial Incentive (Table 2-15)**

In all, 216 projects are included with a total project amount of \$2.9 billion. The total of City Costs net of recapture and penalties in FY17 was \$30.0 million. PILOT savings represented 93.4 percent of gross City Costs, followed by sales tax exemptions with 4.8 percent. In FY17, these projects generated about \$534.8 million in total revenues (before assistance). Of these tax revenues about 61.9 percent were Company Direct taxes.

The present value of City Costs net of recapture and penalties is estimated to be \$348.1 million. 83.8 percent of gross City Costs are in the form of PILOT savings. The present value of gross City Benefits is estimated to be \$6.5 billion.

The Industrial Incentive projects have current FTE employment of 23,276, over three times the number of jobs at project location and 38.8 percent higher than the number of jobs connected to the projects at the time of application. 81 percent of the employees are New York City residents.

At the end of FY17, there were 13 Industrial Incentive projects no longer receiving assistance. For these projects, the present value of City Costs through FY17 was estimated to be \$10.6 million net of recapture and penalties. 57.4 percent of gross City Costs are in the form of PILOT savings, with the balance in the form of MRT exemptions, sales tax exemptions, energy tax savings, and tax-exempt bond interest savings. The present value of gross City Benefits through FY17 is estimated to be \$265.5 million.

**FRESH (Table 2-16)**

16 projects are included with a total investment amount of about \$73.1 million. The total City Costs net of recapture and penalties in FY17 were \$1.5 million, in the form of PILOT savings and sales tax exemptions. In FY17, these projects generated about \$15.1 million in total revenues (before assistance). Of these tax revenues, about 74.9 percent were Company Direct Impacts.

The present value of City Costs net of recapture and penalties is estimated to be \$23.6 million. 93.7 percent of gross City Costs are in the form of PILOT savings. The present value of gross City Benefits is estimated to be \$180.0 million.

The FRESH projects have current FTE employment of 1,332, almost 2.8 times the number of jobs at project location and the number of jobs connected to the projects at time of application. One hundred percent of the employees are New York City residents.

## **Commercial Growth (Table 2-17)**

In all, 19 projects are included with a total project amount of about \$7.8 billion. The total of City Costs net of recapture and penalties in FY17 was \$21.0 million. PILOT savings represented 83.7% of gross City Costs. In FY17, these projects generated about \$5.2 billion in total revenues (before assistance). Of these tax revenues, about 77.6 percent were Company Direct taxes.

The present value of City Costs net of recapture and penalties is estimated to be \$370.2 million. 75.5 percent of gross City Costs are in the form of sales tax exemptions. The present value of gross City Benefits is estimated to be \$29.6 billion.

The Commercial Growth projects have current FTE employment of 67,742, about 74.7 percent higher than the number of jobs at project location and 70.8 percent higher than the number of jobs related to the projects at the time project applications were received. 54 percent of the employees are New York City residents.

At the end of FY17, there was one Commercial Growth project no longer receiving assistance. For this project, the present value of gross City Costs through FY17 is estimated to be \$1.2 million and \$1.9 million was recaptured (benefits taken plus penalties). 97.5 percent of gross City Costs are in the form of sales tax exemptions. The present value of gross City Benefits through FY17 is estimated to be \$623.5 million.

## **Commercial Project (Table 2-18)**

In all, 10 projects are included with a total project amount of about \$16.1 billion. The total of City Costs net of recapture and penalties in FY17 was \$30.4 million. PILOT savings represented 96.0% of gross City Costs. In FY17, these projects generated about \$168.8 million in total revenues (before assistance). Of these tax revenues, about 53.7 percent were Company Direct taxes.

The present value of City Costs net of recapture and penalties is estimated to be \$520.4 million. 74.9 percent of gross City Costs are in the form of PILOT savings. The present value of gross City Benefits is estimated to be \$2.7 billion.

The Commercial Projects have current FTE employment of 11,789, over five times the number of jobs at project location and 92.3 percent higher than the number of jobs related to the projects at the time project applications were received. 58 percent of the employees are New York City residents.

## **Recovery Zone Facility Bonds (Table 2-19)**

In all, three projects are included with a total project amount of \$45.9 million. The total of City Costs net of recapture and penalties in FY17 was \$40,432, in the form of tax-exempt bond interest savings. In FY17, these projects generated about \$7.0 million in total revenues (before assistance). Of these tax revenues, 76.2 percent were Company Direct taxes.

The present value of City Costs net of recapture and penalties is estimated to be \$402,075. 91.2 percent of gross City Costs are in the form of tax-exempt bond interest savings. The present value of gross City Benefits is estimated to be \$101.6 million.

The Recovery Zone Facility Bond projects have current FTE employment of 318, nearly double the number of jobs at project location and the number of jobs related to the projects at the time project applications were received. 74 percent of the employees are New York City residents.

### **Applied Sciences NYC (Table 2-20)**

In all, five projects are included with a total project amount of \$463.5 million. The total of City Costs net of recapture and penalties in FY17 was \$18,868, all of which took the form of energy tax savings. In FY17, these projects generated about \$258.0 million in total revenues (before assistance). Of these tax revenues, 69.4 percent were Company Direct taxes.

The present value of City Costs net of recapture and penalties is estimated to be \$387,242, all of which derived from energy tax savings. The present value of gross City Benefits is estimated to be \$3.4 billion.

The Applied Sciences NYC projects have current FTE employment of 19,324, only 56 of which were connected to the projects at the time of application. 73 percent of the employees are New York City residents.

In all, one project is included with a total project amount of \$37.2 million. In FY17, this project generated \$16,230 in total revenues (before assistance). Of these tax revenues, 77.3 percent were Company Direct taxes.

The project closed at the end of FY17 and is under construction. The job creation estimate for the project is 38 FTE permanent jobs.

# APPENDIX I

# Appendix I.

## Cost/Benefit Model and Project Report Tables

### 1. UNDERSTANDING THE ANALYSIS: THE ECONOMIC MODEL

In order to analyze the impact of NYCEDC's Investment Projects, NYCEDC created an economic model, which relies on data provided by the Bureau of Economic Analysis (BEA), United States Department of Commerce. This Appendix describes the economic theory behind the model and then explains the organization and content of the Project Report Tables (PRT), which present the data for each project.

#### The RIMS II Model as Applied to New York City Projects

The analytical tool used to estimate the economic impact of NYCEDC's economic development activities in order to derive estimates of City Benefits and City Costs is the Regional Input-Output Modeling System, otherwise known as RIMS II, prepared by the BEA. This report uses the 2002 version of the model for calculations relating to FY03 and years prior, the 2004 version for FY04, the 2005 version for FY05, the 2006 version for FY06, the 2007 version for FY07, the 2008 version for FY08 and FY09, the 2010 version for FY10 through FY12, the 2013 version for FY13 through FY14 and the 2015 version for FY15 and years following.

RIMS II is based on inter-industry economic relationships known as input-output analysis. Input-output analysis is an accounting framework that shows the inter-relationships between sectors of the economy and reveals how the various parts relate to each other and to the whole. The analysis essentially quantifies the extent to which a given sector contributes to total output in the economy.

The RIMS II input-output analysis quantifies the extent to which each industry requires goods and services from other sectors in order to produce its own products. For example, a tool and dye operation requires inputs from metals suppliers and industrial machinery producers to do its work. In turn, the metals suppliers require inputs from the mining sector, which produces the raw ore. These relationships apply to retail and service industries as well; hotels, for example, purchase food from wholesalers to serve to their guests and, similarly, accountants require computer software and office paper in order to serve their clients.

However, not all inputs that an industry requires to produce its goods and services are available within any given regional economy. Even in a large economy like New York City, businesses may choose to acquire their inputs from outside of the area. Consequently, BEA can create versions of the RIMS II model that focus on regions as small as a single county. NYCEDC utilizes a version of the RIMS II model specific to New York City's economy.

RIMS II can also be used to translate these economic transactions into employment and the household earnings these jobs produce. The factors that describe the proportions between jobs, output (sales), and earnings are commonly known as multipliers. A multiplier represents the factor by which an initial change in output in an economic sector is multiplied to arrive at the total change in the economic measure of interest. The bullet points below summarize the types of multipliers available through RIMS II:

- **Output multipliers** reflect the change in total regional economic output resulting from a dollar change in final demand in a specific industry sector in that region. "Final demand" changes refer to purchases of goods and services by businesses, consumers, investors and government. RIMS II output multipliers are adjusted for the fact that regional industries make some of their purchases from outside the region. In this report, the output of a business, which is assumed to have otherwise relocated outside New York City in the absence of NYCEDC's economic development

efforts, represents its effect on the final demand in that sector. Output multipliers measure the extent to which specific industries are integrated with the rest of the regional economy: the higher the output multiplier of a given sector, the more integrated it is within the regional economy and the greater the extent to which it receives its inputs from that regional economy.

- Earnings multipliers measure the total earnings accruing to households generated by a dollar change in final demand.
- Employment multipliers measure the total number of jobs created by a million dollar change in final demand in a given sector.

These multipliers enable analysts to estimate the total economic impact, including jobs, earnings and output, based on either the number of direct jobs or direct earnings attributable to a specific project.

BEA prepares two versions of RIMS II: one that evaluates the relationships among over 400 separate sectors, and an aggregated version that groups these industries together in about 60 categories. This analysis uses the aggregate version for the sake of simplicity. It should be noted that the multipliers generated by RIMS II represent averages across all businesses within a given sector operating within the New York City economy. Therefore, while they correctly represent the relationships among industrial sectors on average, they may not be accurate for any specific business.

## 2. MODEL BASICS AND PROJECT REPORT TABLE EXPLANATION

The model used to estimate the City Costs and City Benefits associated with each project included in this report consists of two components: information culled from NYCEDC and other agency files, along with the analysis conducted using the RIMS II multipliers as described above. These elements are discussed below.

NYCEDC has produced a Project Report Table (PRT) for most eligible projects. To help in understanding the model and the PRT, we have provided a “by-the-numbers” explanation of each item on the PRT. Refer to Table I-1 and the discussion below which explains each item on the PRT.

### Project Information – Loans, Grants and Tax Benefit Projects

**Item No. 1 – Project ID Number:** Each NYCEDC project was assigned a unique identification number that enables the model to utilize the proper information stored in the database. In the case of a company that reports total employment covering multiple projects included in the time frame of this report, a single PRT contains the combined cost and benefit information for all such projects. In these cases, the descriptive information in Items 1 to 15 refer to the project with the earliest start date or the earliest project receiving PILOT assistance, except that when all of the projects are NYCIDA projects, the entries in Items 8 and 9 are the sum of the individual project amounts.

**Item Nos. 2 and 3 – Name/Location:** This item provides the project participant’s business name, primary street address, and ZIP code. (In cases where a project has multiple locations, this item includes the project’s primary location.)

**Item No. 4 – Borough:** The Borough in which the company’s primary project site is located.

**Item No. 5 – Council District:** The Council District in which the company’s primary project site is located.

**Item Nos. 6 and 7 – Block and Lots:** The number of the block where the project’s primary site is located and, similarly, the number(s) designating the lot(s) on the block which include this site.

Comments:	
REAP:	<b>59</b>
CEP:	<b>60</b>

**COMMENTS: 62**

**Item Nos. 8 and 9 – Square Feet of Land and Building:** The size of the lot (in square feet) and the actual or planned area of the building contained in the project location. These data, which mainly come from the Department of Finance, were used to estimate annual property taxes paid for the project when property assessment figures were not available.<sup>23</sup>

**Item No. 10 – NAICS Code:** The project's North American Industrial Classification System Code, which is a business and government standard coding of establishments based on type of economic activity. Certain projects were intended for multiple tenants, potentially falling within different NAICS codes. For these projects, the NAICS code for the largest tenant is listed.

**Item No. 11 – Program Name:** The specific NYCEDC, NYCIDA, or Build NYC program under which assistance is provided (e.g., Manufacturing Facility Bond, Commercial Growth, Industrial Incentive, etc.).

**Item No. 12 – Start Date:** The Start Date is the date on which the transaction with NYCEDC, NYCIDA, or Build NYC was executed and, if applicable, Financial Assistance was made available.

**Item No. 13 – End Date:** The End Date is the date on which the company's agreement with NYCEDC, NYCIDA, or Build NYC is scheduled to terminate and/or mature.

**Item No. 14 – Project Amount:** The amount spent by the company on investment in the project inclusive of property acquisition cost, or, in the case of tax-exempt bond programs, the total amount of tax-exempt bonds authorized is provided instead. For energy assistance projects, this field is left blank.

**Item No. 15 – Type(s) of Assistance:** This item lists the types of assistance (involving a City Cost) the company received (e.g., sales tax exemption, MRT exemption, etc.) or is authorized to receive during the life of the project.

**Item Nos. 16 to 23 – Current Project Jobs Data:** These figures include information about jobs related to the project, as of the end of the fiscal year, were obtained from the companies and may include information on their tenants.

- Permanent Full-Time Employee is an employee, other than a Contract Employee, hired for permanent employment and not for seasonal or temporary purposes, who works at least 35 hours per week at a Project Location.
- Permanent Part-Time Employee is an employee, other than a Contract Employee, hired for permanent employment and not for seasonal or temporary purposes, who works on average at least 17.5 hours, but less than 35 hours, per week at a Project Location.
- Temporary Full-Time Employee is an employee, other than a Contract Employee, hired for temporary employment for seasonal or other temporary purposes, who works at least 35 hours per week at a Project Location.
- Temporary Part-Time Employee is an employee, other than a Contract Employee, hired for temporary employment for seasonal or other temporary purposes, who works on average at least 17.5 hours, but less than 35 hours, per week at a Project Location.
- Contract Employee is a person, other than a Contract Construction Employee, who is an independent contractor (i.e., a person who is not an "employee"), or is employed by an independent contractor, who provides services at a Project Location.
- Contract Construction Employee is a person who is an independent contractor or subcontractor, or an employee thereof, who provides construction services to the Company, an Affiliate or a Tenant at a Project Location. Construction jobs are reported on an annual average basis.

<sup>23</sup> Efforts were made for the FY12 report to list square feet of land and building for all projects. Where it was not provided directly by the company, data was gathered internally from other surveys and/or the Department of Finance's Real Property Assessment Data master file. As a result, total land and building square footage for all projects is significantly higher since the FY12 report.

- The Jobs Total field is the sum of the full-time, part-time, temporary, and contract jobs figures.
- The Jobs FTE field contains the figure used for the calculation of City Benefits: it is given by Contract + Full Time + ½ Part Time jobs at project location (both permanent and temporary jobs are included). As a result, sometimes when data is presented after aggregation, this field might be higher than the Total Current Jobs.
- For Commercial Growth recipients, the Jobs FTE number is the average annual employment for the 12-month period, as specified in the assistance agreement, that ends in the reporting (fiscal) year and includes jobs at all projects sites throughout New York City that are taken into account under job trigger provisions of the assistance agreement.
- If a company did not submit data for the reporting year, fields other than the “Jobs FTE” field are left blank. Jobs FTE is made equal to the previous year’s figure, or jobs at the time of application, in that order. When none of these data were available, the report assumes that the project supported one job.
- Projects that have affiliates and/or tenants at a project location may have employees included in the Full Time and Part Time employment calculation.

**Item No. 24 – Job Target for Current Year:** The figure in this item is the “base employment” level that applies to the project. If average annual employment falls below a certain percentage of base employment, reduction or cancellation of assistance is triggered. The percentage varies by project and by whether the fall in the employment level was due to relocation or reduction in the number of jobs. This field applies only to Commercial Growth, and BIR programs; it is 0 for all other types of projects.

**Item No. 25 – Total Project Jobs at Application (FTE):** Full time equivalent employment (Full Time + ½ (Part Time)) at the project’s location prior to Start Date. In cases where the company is a real estate company that owns real estate at the project location, this figure includes jobs of the company’s tenants. For most Commercial Growth projects, this figure includes jobs throughout New York City as set forth in the assistance agreement that make certain benefits contingent on annual employment. Note that this field is 0 in cases of acquisition, new construction, start-up companies, and projects intended for multiple tenants with potential multiple uses. Jobs connected to the project, but not located at the project site prior to project Start Date, are provided in comments where applicable.

**Item No. 26 – Job Creation Estimate:** The company’s estimated projection, provided at the start of the project, of the number of jobs that would exist three years after the start of the project, net of Total Project Jobs at Application. For certain Commercial Growth projects, the projection is of incremental jobs at the end (or for the life) of the project.

**Item Nos. 27 to 34 – Employee Information:** This information only refers to employees of the project company and is therefore not applicable to the employees of tenants. If a company did not supply this information for the reporting year, the fields are left blank. Items 27 to 31 were not required for companies with employment of less than 250 at project locations.

**Item No. 27 – Exempt:** The percentage of the company’s employees that are classified as “exempt” under the federal Fair Labor Standards Act. Generally, an exempt employee is not eligible for overtime compensation.

**Item Nos. 28 to 31 – Non-Exempt:** These items list the percentages of employees that are “non-exempt” and whose annual earnings fall within various ranges. The “greater than \$50,000” category was computed by subtracting from the total number of non-exempt employees (as reported on the survey form) the sum of the employees in the lowest three earnings ranges. The sum of Items 27 through 30 may differ from 100% because of rounding.

**Item No. 32 – % Living in NYC:** The percentage of employees of the company who are residents of NYC.

**Item Nos. 33 and 34 – Health Benefits Offered:** These items report whether or not the company offers health benefits to all its full-time and part-time employees, respectively.

## Cost and Benefit Calculations

Several of the items of City Benefit reported in the next section of the table use economic output estimates generated by the RIMS II model:

- **Estimated Company Direct Output:** The model estimates the subject company's annual business output for each year by dividing the number of its FTE employees by the relevant RIMS factor, representing the typical number of jobs per million dollars of output for that sector. To project employment in future years, as described above, the report assumes that employment will stay at the FY17 figure.
- **Estimated Indirect and Induced Output:** The model uses the proportional relationships between direct and total outputs expressed in the RIMS II model to calculate the remaining indirect and induced output attributable to the company's business activity.
- **Estimated Total Output:** The model estimates the total output (direct, indirect, and induced output) associated with the subject company's business activity by taking the product of the Output multiplier and the Estimated Company Direct Output.

The RIMS II factors produce dollar figures in historical dollars. The model converts these figures into current dollars for each fiscal year using historical and projected inflation factors.<sup>24</sup> For years after 2016, output is assumed to grow at 3.5% annually.

Actual data for tax savings (project assistance) and estimates for direct tax liability generated directly and indirectly by the project in absence of assistance from NYCEDC/NYCIDA/Build NYC (full tax) are reported for FY17 in the column "FY17."

The column "Through FY17" provides the present value, as of the project start date, of the estimated full taxes and the tax savings for each project from the project start date through FY17. All present values are computed using the discount rate in effect at the Start Date. For projects beginning in FY06 or later, the discount rate is 6.25 percent; for all other projects, the discount rate is 7.75 percent.

For all types of assistance, the column "FY18 and After" presents present values, as of the project start date, of estimated figures from FY18 through the date that assistance is scheduled to end. The bases of all taxes are assumed to increase from their FY17 level by 3.5 percent annually.

The column "Total" sums the "Through FY17" and "FY18 and After" columns. For Commercial Growth projects, a maximum assistance amount generally is provided in the project agreement and is included in the "Total" column; the column "FY18 and After" is the "Total" less the "Through FY17" column, rather than a figure derived from projected annual amounts. Note that the "Total" amounts may include some assistance that will be available to the company only if future employment exceeds specified levels.<sup>25</sup>

**Item Nos. 35 to 42 – Real Property-Related Taxes:** This section of the PRT shows the real property-related taxes generated by the company and by those companies that produce the indirect economic activity.

<sup>24</sup> Historic inflation is based on the NY Metro Area Consumer Price Index reported by Bureau of Labor Statistics.

<sup>25</sup> All Assistance and Total Revenues is presented in the tables in thousands. Numbers may not sum exactly due to rounding, and values less than \$1000 may display as \$0.

**Item Nos. 35 and 36 – Company Direct Property Taxes, Land and Building:** NYCEDC obtains information from DOF on what real property tax liability would have been for the land and the structure in the absence of PILOT assistance and in the absence of possible benefit from the ICIP or ICAP programs. When such data are not available, NYCEDC estimates property taxes by multiplying the effective Class IV (commercial/industrial) property tax rate by the Assessed Value (or, if lower, Transitional Value) obtained from DOF. If assessed value information is unavailable from DOF sources, NYCEDC estimates the assessed value of the property by multiplying the square footage of land or building by the average assessed value per square foot for the ZIP code in which the property is located. Square footage information is obtained from the company; when not reported, square footage is obtained from DOF's Real Property Assessment Data. Property taxes estimated based on square footage are split between land and building using an estimate of the average ratio of existing Land and Building assessed values.

**Item No. 37 – Mortgage Recording Tax:** This item is an estimate of the City portion of MRT (without regard to any exemption) generated directly by the project.<sup>26</sup> For NYCIDA and Build NYC projects receiving an MRT exemption, this amount is set equal to the exemption amount (Item 39) based on the assumption that the exemption offsets all MRT that otherwise would be due. For other NYCIDA and Build NYC projects, the mortgage is assumed to be equal to the bank loan and bond amounts reported to NYCIDA/Build NYC as sources of funds for the transaction. For other programs, this amount is estimated to be zero.

**Item No. 38 – PILOT Savings:** Tax savings realized by the company (i.e., tax expenditures of the City's real property tax) due to the PILOT agreement are reported here, as obtained from DOF. As explained in Chapter 2, the PILOT savings figures may be overstated since they could include property tax savings that would have been available as-of-right under the ICIP or ICAP programs, both administered by DOF. For purposes of projections for FY18 and thereafter, PILOT savings is assumed to grow by 3.5 percent annually from its FY17 level.

**Item No. 39 – Mortgage Recording Tax Exemption:** The City portion of tax savings enjoyed by the company due to its exemption from the MRT are reported here based on data in NYCEDC/NYCIDA/Build NYC project files. The total benefit is reported in the year that the project closes.

**Item Nos. 40 and 41 – Indirect and Induced Property Related Taxes:** Estimates of the property-related taxes paid by other businesses benefiting directly or indirectly from the company's economic activity are reported here. These estimates represent the project's estimated indirect and induced output resulting from its economic activity multiplied by the average ratio of New York City's property taxes to its Gross City Product for the current year and the previous four years. These taxes are split between land and building using an estimate of the average ratio of existing Land and Building assessed values.

**Item No. 42 – Total Real Property-Related Taxes:** This line totals the figures in this subsection, less any savings enjoyed by the participating company.

**Item Nos. 43 to 48 – Income, Consumption and Use Taxes:** This subsection presents estimates of the other taxes generated for New York City by the project's business activity.

**Item No. 43 – Company Direct Income, Consumption and Use Taxes:** This line reports the income, consumption, and use taxes generated by the company itself, including sales tax, business income, and employees' personal income taxes. These figures were estimated by multiplying the RIMS II estimate of company direct output by the average ratio of City receipts for these taxes to Gross City Product for the current fiscal year and the previous four fiscal years. The estimate corrects for the fact that, on average, a portion of a company's employees do not reside within the City (which affects employee income taxes) and that non-profit entities have reduced tax liability.

<sup>26</sup> The City portion is calculated as the percentage of mortgage recording tax that goes to the NYC General Fund. Rates differ for commercial mortgages above and below \$500,000, so a weighted average of the rate is used based on the sizes of the mortgages in NYCEDC's project portfolio.

**Item No. 44 – Sales Tax Exemption:** Tax savings enjoyed by the company due to the City portion of its sales tax exemption. For purposes of computing the present value of the savings in FY18 and after for projects other than Commercial Growth projects, the difference between the estimated total exemption and the amount through FY17 is assumed to be realized in FY18. (As noted above, for Commercial Growth projects, the “FY18 and After” column generally is computed by subtracting the amount in the “Through FY17” column from the “Total” figure, which is taken from the project agreement.)

**Item No. 45 – Energy Tax Savings:** The City charges utility taxes and sales tax on the purchase of energy. Through BIR assistance, low-cost energy is provided to project businesses. The estimated value of the City taxes forgone due to the lower cost of electricity is included in this line.

**Item No. 46 – Tax-Exempt Bond Savings:** Through NYCIDA and Build NYC, some companies receive the benefit of lower interest rates due to the exemption of interest earned on their bonds from City, State, and Federal income taxes. An estimate of City income taxes forgone is included in this line. It is calculated assuming that 35 percent of tax-exempt City bonds are held by taxpayers subject to City income taxes, that the applicable marginal tax rate is 3.876 percent (the highest rate under the City’s income tax), and that the taxable equivalent interest rate is 1.24 times the actual rate on the bond. These factors are applied to the average bond balances in each fiscal year to produce the estimate of City income tax forgone. Projections assume that bond balances remain constant at their level at the end of FY17.

**Item No. 47 – Indirect and Induced Income, Consumption and Use Taxes:** Estimates of the income, consumption, and use taxes paid by those businesses benefiting directly or indirectly from the company’s economic activity are reported here. These estimates represent the project’s estimated indirect and induced output multiplied by the average ratio of New York City’s total non-property taxes to its Gross City Product for the current fiscal year and the previous four fiscal years. As with Item 43, the estimate corrects for the facts that, on average, a portion of employees working in the City do not reside within the City.

**Item No. 48 – Total Income, Consumption and Use Taxes:** This line totals the figures in this subsection, less any savings enjoyed by the participating company.

**Item No. 49 – Assistance Provided:** This line sums the total assistance provided (Items 38-39; 44-46).

**Item No. 50 – Recapture/Cancellation/Reduction Amount:** Under certain circumstances (employee relocation, misuse of project benefits, prepayment by company, etc.), the assistance provided to the company is reduced, recaptured, repaid, or cancelled. This line provides the amount of assistance that was recaptured or recovered from the company, or a reduction in possible benefits that could have been claimed in future years. In the case of a reduction in future benefits, Item 48 (and the items included in that sum) is the amount of estimated benefits if the reduction had not taken place. Repayments of past assistance are accounted for on a cash basis, so that amounts that have been requested from companies but have not yet been repaid are not reflected in the table. If a company loses the ability to access future benefits, all cancelled benefits projected for the life of the project are included in this figure.

**Item No. 51 – Penalty Paid:** This line provides the amount of penalty assessed (interest on amounts due to NYCEDC/ NYCIDA/Build NYC) over and above the recapture/reduction amount.

**Item Nos. 53 and 54 – Tax Revenue Subtotals:** These two lines provide totals of all tax revenues generated by the company before assistance (Item 53) and other firms/households sharing in the economic activity generated (Item 54).

**Item No. 55 – Total Tax Revenues (Before Assistance):** The Total Tax Revenues line sums Items 53 and 54.

**Item No. 56 – Total Tax Revenues (Net of Assistance, Recapture and Penalties):** This line is equal to Item 55 minus Item 52.

**Item No. 57 – Bond Issuance:** This field is the volume of tax-exempt bonds issued in the reporting fiscal year.

**Item No. 58 – Value of Energy Benefit:** This is an estimate of the total benefit a project received from BIR during the reporting year (not including the tax savings in Item 45) from the purchase of electricity at rates lower than the company would otherwise pay.

**Item Nos. 59 and 60 – DOF Incentive Programs:** This indicates the amounts of assistance the company reports receiving during the reporting fiscal year under the Relocation and Employment Assistance Program (REAP) and the Commercial Expansion Program (CEP), both administered by DOF. These are not included in the total assistance figure in Item 52 since they are not provided by NYCEDC.

## Living Wage Information

The Fair Wages for New Yorkers Act, constituting Section 6-134 of the New York City Administrative Code, is intended to ensure that New York City companies who receive financial assistance from the City of New York pay their employees a salary commensurate to a “Living Wage”. Living Wage is defined as the sum of the “living wage rate” and the “health benefits supplement rate” for each hour worked. The living wage rate as of June 30, 2017 was \$10.70 per hour and the health benefits supplement rate for such period was \$1.75 per hour.

**Item No. 61 – Living Wage:** This section provides information on the Company, its Affiliates, and all Tenants at each site covered by the Project as of the last pay period on or prior to June 30, 2017. The Company must submit the number of employees (including All Permanent Full-Time Employees, Temporary Full-Time Employees, Permanent Part-Time Employees, Temporary Part-Time Employees and Contract Employees) earning less than a living wage categorized by industrial jobs, restaurant jobs, retail jobs, other jobs, and total jobs.

**Item No. 62 – Comments:** These lines may note the following:

- i) whether the company participated in multiple projects that share the same employment;
- ii) whether the project is a non-profit organization and hence exempt from various taxes;
- iii) whether the project is located on land owned by the Port Authority or City and hence exempt from property taxes;
- iv) whether and how NYCEDC has estimated employment data in the current reporting year due to non-reporting of employment by the company;
- v) whether the project has multiple locations, and, if so, the council district and borough of the project locations not reported in items 2 and 3;
- vi) whether assistance has been terminated or reduced before the originally planned date and if benefits have been repaid;
- vii) whether the company has applied for ICIP/ICAP;

- viii) whether the employee information includes tenant information because the company leases property to tenants at the project location;
- ix) whether the Jobs at application represent Citywide employment;
- x) whether benefits authorized under the PILOT program have not commenced during the Fiscal Year;
- xi) whether the project acquisition/construction was not reported as complete as of the end of the reporting fiscal year;
- xii) whether the project and/or holding company has filed for bankruptcy;
- xiii) whether there was a post-closing amendment that changed total project amount;
- xiv) whether there were jobs connected to the project at the time of application (only in cases where jobs at the project location prior to project Start Date were 0);
- xvi) whether the company is subject to the Fair Wages for New Yorkers Act, is exempt from paying a living wage, and provided an exemption certificate;
- xvii) whether the company is subject to the Fair Wages for New Yorkers Act and certified that it pays a living wage;
- xviii) whether the company is not subject to the Fair Wages for New Yorkers Act and did not submit data on living wage requested by NYCEDC;
- xix) other comments as needed.

## APPENDIX II

## Project Indexes: by Company

**INDEX TO LOCAL LAW 62 PROJECT REPORT FILES**

## APPENDIX III

## *NYC Charter 1301*

\*\*\*\*\* Current through October 12, 2017 \*\*\*\*\*

*New York City Municipal Code, Charter and Rules > New York City Charter > CHAPTER 56  
DEPARTMENT OF SMALL BUSINESS SERVICES\**

### **§1301.Powers and duties of the commissioner.**

---

Except as otherwise provided by law, the commissioner shall have charge and control of and be responsible for all functions and operations of the city relating to business and economic development, the enhancement of economic development and financial opportunity for minority and women owned business enterprises, and ensuring equal employment opportunity by city contractors. Such powers and functions shall include, without limitation, the following:

1. With respect to business and economic development generally the commissioner shall have the power and duty:
  - a. to establish business, industrial and commercial policies, programs and projects which affect the business, industrial, commercial or economic well-being, development, growth and expansion of the economic life of the city;
  - b. to serve as liaison for the city with local development corporations, other not-for-profit corporations and all other entities involved in economic development within the city. In furtherance of this function, the department shall include in any contract with a local development corporation or not-for-profit corporation of which a majority of its members are appointed by the mayor under which such contracted entity is engaged in providing or administering economic development benefits on behalf of the city and expending city capital appropriations in connection therewith, a requirement that such contracted entity submit to the mayor, the council, the city comptroller, the public advocate, the borough presidents and community planning boards by January 31 of each year, a report for the prior fiscal year in the form prescribed hereunder with regard to projected and actual jobs created and retained in connection with any project undertaken by such contracted entity for the purpose of the creation or retention of jobs, whether or not such project involves the expenditure of city capital appropriations, if in connection with such project assistance to a business entity was provided by such contracted entity in the form of a loan, grant or tax benefit in excess of one hundred fifty thousand dollars, or a sale or lease of city-owned land where the project is estimated to retain or create not less than twenty-five jobs. The report shall be for the period commencing on the date that the project agreement and any other documents applicable to such project have been executed through the final year that such entity receives assistance for such project, except that, as to projects consisting of a lease or sale of city-owned land, each annual report shall include only (1) a list of each existing lease, regardless of when such lease commenced, and a list of each sale of city-owned land that closed on or after January 1, 2005, and (2) for such leases or sales, any terms or restrictions on the use of the property, including the rent received for each leased property in the prior fiscal year, and for sales, the price for which the property was sold and any terms or restrictions on the resale of the property, and need not include any other information with regard to such lease or sale of a type required for reports for other projects hereunder. Information on any such lease shall be included until the lease terminates and information on sales of city-owned land shall be included for fifteen years following closing. The report, other than for leases or sales of city-owned land, shall contain, for the prior fiscal year, the following information with respect thereto: (i) the project's name; (ii) its location; (iii) the time span over which the project is to receive any such assistance; (iv) the type of such assistance provided, including the name of the program or programs through which assistance is provided; (v) for projects that involve a maximum amount of assistance, a statement of the maximum amount of assistance available to those projects over the duration of the project agreement, and for those projects that do not have a maximum amount, the current estimated amount of assistance over the duration of the project agreement, the amount of tax exempt bonds issued during the current reporting year and the range of potential cost of those bonds; project assistance to be reported shall include, but shall not be limited to, PILOT savings, which shall be defined for the purposes of this paragraph as the difference between the PILOT payments made and the property

## NYC Charter 1301

tax that would have been paid in the absence of a PILOT agreement, the amount of mortgage recording fees waived, related property tax abatements, sales tax abatements, the dollar value of energy benefits and an estimated range of costs to the city of foregone income tax revenues due to the issuance of tax exempt bonds; (vi) the total number of employees at all sites covered by the project at the time of the project agreement including the number of permanent full-time jobs, the number of permanent part-time jobs, the number of full-time equivalents, and the number of contract employee where contract employees may be included for the purpose of determining compliance with job creation or retention requirements; (vii) the number of jobs that the entity receiving benefits is contractually obligated to retain and create over the life of the project, except that such information shall be reported on an annual basis for project agreements containing annual job retention or creation requirements, and, for each reporting year, the base employment level the entity receiving benefits agrees to retain over the life of the project agreement, any job creation scheduled to take place as a result of the project, and where applicable, any job creation targets for the current reporting year; (viii) the estimated amount, for that year and cumulatively to date, of retained or additional tax revenue derived from the project, excluding real property tax revenue other than revenue generated by property tax improvements; (ix) the amount of assistance received during the year covered by the report, the amount of assistance received since the beginning of the project period, and the present value of the future assistance estimated to be given for the duration of the project period; (x) for the current reporting year, the total actual number of employees at all sites covered by the project, including the number of permanent full-time jobs, the number of permanent part-time jobs, the number of contract jobs, and, for entities receiving benefits that employ two hundred fifty or more persons, the percentage of total employees within the "exempt" and "non-exempt" categories, respectively, as those terms are defined under the United States fair labor standards act, and for employees within the "non-exempt" category, the percentage of employees earning up to twenty-five thousand dollars per year, the percentage of employees earning more than twenty-five thousand per year up to forty-thousand dollars per year and the percentage of employees earning more than forty thousand dollars per year up to fifty thousand dollars per year; (xi) whether the employer offers health benefits to all full-time employees and to all part-time employees; (xii) for the current reporting year, for employees at each site covered by the project in the categories of industrial jobs, restaurant jobs, retail jobs, and other jobs, including all permanent and temporary full-time employees, permanent and temporary part-time employees, and contract employees, the number and percentage of employees earning less than a living wage, as that term is defined in section 134 of title 6 of the administrative code of the city of New York. Reports with regard to projects for which assistance was received prior to July 1, 2012 need only contain such information required by this paragraph as is available to the city, can be reasonably derived from available sources, and can be reasonably obtained from the business entity to which assistance was provided; (xiii) for the current reporting year, with respect to the entity or entities receiving assistance and their affiliates, the number and percentage of employees at all sites covered by the project agreement who reside in the city of New York. For the purposes of this subparagraph, "affiliate" shall mean (i) a business entity in which more than fifty percent is owned by, or is subject to a power or right of control of, or is managed by, an entity which is a party to an active project agreement, or (ii) a business entity that owns more than fifty percent of an entity that is party to an active project agreement or that exercises a power or right of control of such entity; (xiv) a projection of the retained or additional tax revenue to be derived from the project for the remainder of the project period; (xv) a list of all commercial expansion program benefits, industrial and commercial incentive program benefits received through the project agreement and relocation and employment assistance program benefits received and the estimated total value of each for the current reporting year; (xvi) a statement of compliance indicating whether, during the current reporting year, the contracted entity has reduced, cancelled or recaptured benefits for any company, and, if so, the total amount of the reduction, cancellation or recapture, and any penalty assessed and the reasons therefore; (xvii) for business entities for which project assistance was provided by such contracted entity in the form of a loan, grant or tax benefit of one hundred fifty thousand dollars or less, the data should be included in such report in the aggregate using the format required for all other loans, grants or tax benefits; and (xviii) an indication of the sources of all data relating to numbers of jobs. For projects in existence prior to the effective date of this local law, information that business entities were not required to report to such contracted entity at the time that the project agreement and any other documents applicable to such project were executed need not be contained in the report.

The report shall be submitted by the statutory due date and shall bear the actual date that the report was submitted. Such report shall include a statement explaining any delay in its submission past the statutory due date. Upon its

## NYC Charter 1301

submission, the report shall simultaneously be made available in electronic form on the website of the contracted entity or, if no such website is maintained, on the website of the city of New York, provided that reports submitted in 2012 or after shall simultaneously be made available in a commonly available non-proprietary database format on the website of the contracted entity or, if no such website is maintained, on the website of the city of New York, except that any terms and restrictions on the use or resale of city-owned land need not be included in such non-proprietary database format, and provided further that with respect to the report submitted in 2012 in the commonly available non-proprietary database format, the contracted entity shall include, in such format, the data included in the reports for the period from July 1, 2005 to June 30, 2010. Reports with regard to projects for which assistance was rendered prior to July 1, 2005, need only contain such information required by this subdivision as is available to the contracted entity, can be reasonably derived from available sources, and can be reasonably obtained from the business entity to which assistance was provided.

- b-1. By March 1, 2007, and by March 1 every two years thereafter, the entity under contract with the department to provide or administer economic development benefits on behalf of the city, in consultation with the speaker of the city council and other persons selected jointly by the mayor and the speaker of the city council, who have extensive experience and knowledge in the fields of finance, economics, and public policy analysis, shall evaluate the methodology employed for making the determinations required for this report and generate recommendations, where appropriate, on the methodology by which projects receiving economic development subsidies are evaluated. The department shall present to the mayor and the speaker no later than October 1 of every year in which such evaluation is required, a report containing such recommendations as are presented as a result of this review.
- b-2. By August 1, 2017, and by August 1 every year thereafter, the entity under contract with the department to provide or administer economic development benefits on behalf of the city shall assess and evaluate each business entity to which it provided assistance in the form of a loan, grant or tax benefit in excess of one hundred fifty thousand dollars, or sale or lease of city-owned land for a project expected, in accordance with information provided by the applicant for the sale or lease, to retain or create not less than twenty-five jobs, to determine whether they met minority and women-owned business goals, if any, pursuant to the contract. The findings of such assessments shall be submitted to the department on or before November 1, 2017, and on November 1 every year thereafter. By January 30, 2018, and by January 1 every year thereafter, the department shall submit such assessment and evaluation to the mayor and the speaker of the council, which shall include, but not be limited to: (i) a list of all recipients of such economic development benefits; (ii) the minority and women-owned business goals for these recipients; (iii) whether the recipient conducted a good faith effort to identify and utilize minority and women-owned businesses to achieve such goals; and (iv) if minority and women-owned business contracting goals were not met by a recipient, a description of the reasons the goals were not met.
- c.to study, organize, promote, coordinate and carry out within or without the city, activities, projects and programs designed to encourage, stimulate and foster the well-being, development, growth and expansion of business, industry and commerce in the city, and the enhancement and protection of the economic life of the city;
- d.to assist, encourage and promote broadened employee ownership, particularly through the use of employee stock ownership plans and producer cooperatives, by conducting research, outreach and public informational programs pertaining to employee ownership and employee stock ownership plans; by providing technical assistance to employee groups exploring an employee buyout, where such an action might be instrumental in retaining a business within the city of New York; and by ensuring that firms applying for financial assistance from any entity involved with economic development in the city of New York shall be correctly advised as to the potential advantages of forming an employee stock ownership plan;
- e.to serve as a clearinghouse in connection with efforts to devise solutions for problems affecting business, industry and commerce in the city;
- f.to promote and encourage the expansion and development of markets for city products;
- g.to promote and encourage the location and development of new business and industry in the city, as well as the maintenance and expansion of existing business and industry, and for this purpose to cooperate with public and private agencies, organizations and individuals;

## NYC Charter 1301

- h. to promote, coordinate and implement activities, projects and programs designed to attract foreign direct investment and promote overseas sales by firms in the city and to otherwise encourage, stimulate and foster the well-being, development, growth, and expansion of international business, commerce, and trade in the city;
  - i. to administer and promote the development of foreign trade zones within the city;
  - j. to study conditions affecting business, industry and commerce in the city, and to collect and disseminate such information, make such studies and carry on such educational activities as may be necessary or useful in relation to the promotion and development of business, industry and commerce in the city;
  - k. to maintain a business information service in order to assist business and industry in the city, and to encourage business and industry outside of the city to patronize the business and industrial establishments of the city;
  - l. to make, from time to time, recommendations to the mayor concerning steps deemed advisable for the promotion and advancement of business and industrial prosperity in the city and the elimination of restrictions, burdens and handicapping factors having an adverse effect on business, industry and commerce in the city;
  - m. to publicize the economic advantages and other factors which make the city a desirable location for business and industry;
  - n. to collect information and compile and distribute literature and publicity material dealing with the facilities, advantages and attractions of the city and the historic and scenic points and places of interest therein;
  - o. to plan and conduct publicity and information programs designed to attract tourists, vacationers, visitors and other interested persons to the city, and to encourage, coordinate and cooperate with the efforts of public and private agencies, organizations and groups to publicize the advantages and attractions of the city for such purposes;
  - p. to encourage and cooperate with the efforts of public and private agencies, organizations and groups in publicizing the business, industrial and commercial advantages of the city;
  - q. to cooperate with and assist any corporation, organization, agency or instrumentality, whether public or private, the objects of which include, or which is authorized to act for, the advancement of the business and industrial prosperity and economic welfare of the city, or the furnishing of assistance in the location of new business and industry therein, or the rehabilitation or expansion of existing business and industry therein, or the creation of job opportunities or additional employment therein, so as to provide support for any action, efforts or activities for the accomplishment of any such purposes in the city on the part of any such corporation, organization, agency or instrumentality; and
  - r. to issue permits for the taking of motion pictures, and for the taking of photographs and for the use or operation of television cameras and/or any other transmitting television equipment in or about city property, or in or about any street, park, marginal street, pier, wharf, dock, bridge or tunnel within the jurisdiction of any city department or agency or involving the use of any city owned or maintained facilities or equipment.
2. The commissioner shall have the power and duty to exercise the functions of the city relating to the development, redevelopment, construction, reconstruction, operation, maintenance, management, administration and regulation of public markets, wharf property, water front property and airports within the city of New York including, without limitation, the following:
- a. to have exclusive charge and control of the public markets of the city, to fix fees for services, licenses and privileges in connection therewith, to rent space therein and to enter into leases therefor, and to regulate all facilities in use as public markets for the public health, safety and welfare;
  - b. to have exclusive charge and control of the wharf property and water front owned by the city and of the building, rebuilding, repairing, altering, maintaining, strengthening, protecting, cleaning, dredging, and deepening of such wharf property and water front property; provided, that the commissioner may, subject to the approval of the mayor, designate parcels of wharf property and water front property to be managed pursuant to this paragraph and leased or permitted pursuant to paragraphs g and h of this subdivision by the commissioner of citywide administrative services. Any such designation shall be made in writing and may be withdrawn by the commissioner subject to the approval of the mayor;

## NYC Charter 1301

- c. to have the exclusive power to enforce with respect to public markets, water front property and any structures on water front property under its jurisdiction, the labor law and such other laws, rules and regulations as may govern the dredging, filling, removal, construction, alteration, maintenance, use, occupancy, safety, sanitary conditions, mechanical equipment and inspection of structures in the city, and the issuance of permits and certificates of completion in reference thereto, and to establish and amend fees to be charged for the issuance of such permits or certificates of completion, which fees shall be established by the rules of the commissioner;
- d. to have exclusive power to regulate water front property and the following structures on any water front property: wharves, piers, docks, bulkheads, structures wholly or partly therein, and such other structures used in conjunction with and in furtherance of water front commerce and/or navigation;
- e. to have exclusive power to regulate the use of marginal streets so that they may be used to the best advantage in connection with wharf property and to regulate by license or otherwise the transfer of goods and merchandise upon, over or under all such marginal streets;
- f. to lease, subject to the approval of the council, any wharf property belonging to the city primarily for purposes of water front commerce or in furtherance of navigation. Such leases may be sold at public auction duly advertised in the City Record for at least ten days prior thereto, and if not so sold the terms of any lease must be approved by the council by a three-fourths vote after a public hearing, notice of which shall be published in the City Record for the six days of publication of the City Record immediately prior thereto. All such leases shall be for such terms and shall contain such conditions as may be provided by law. The council shall act within forty-five days of the filing of the proposed terms and conditions of any such lease with the council. Failure of the council to act on a lease within such forty-five day period shall be deemed an approval of such lease. All votes of the council pursuant to this subdivision shall be filed by the council with the mayor and shall be final unless disapproved by the mayor within five days of such filing except that there shall be no right of mayoral disapproval if a three-fourths vote of the council is required pursuant to this subdivision. Any such mayoral disapproval shall be filed by the mayor with the council and shall be subject to override by a two-thirds vote of the council within ten days of such filing;
- g. to lease, pursuant to review and approval pursuant to sections one hundred ninety-seven-c and one hundred ninety-seven-d, any wharf property belonging to the city for purposes other than water front commerce or in furtherance of navigation, including, without limitation, commercial, industrial, residential or recreational purposes. All such leases shall be for such terms and shall contain such conditions as may be provided by law. No such lease may be authorized by the commissioner until a public hearing has been held with respect thereto after the publication of notice in the City Record at least thirty days in advance of such hearing;
- h. to grant temporary permits terminable at will for a period not exceeding three years for the purposes of water front commerce or in furtherance of navigation and not exceeding one year for other purposes to use and occupy any wharf property belonging to the city;
- i. to set aside by order any wharf property belonging to the city, which has not been leased, for general wharfage purposes or for the use of any special kind of commerce, or of any class of vessel, or of any agency, and to revoke or modify such order as to any such wharf property at any time;
- j. to regulate the charges for wharfage, crantage and dockage of all vessels or floating structures using any wharf property set aside under paragraph i of this subdivision, provided that the rates which it shall be lawful to charge for wharfage, crantage and dockage from any vessel or floating structure which makes use of any other wharf property within the port of New York shall be fixed by rules of the commissioner;
- k. to sell buildings, structures and other improvements on market property and wharf property to a person leasing such property pursuant to paragraphs a, f and g of this subdivision; provided, however, that any such sale of improvements shall be subject to the procedure for review and approval applicable to the lease related to the improvements;
- l. to manage and promote the economic development of all airports, airplane landing sites, seaplane bases, heliports and helistops owned by the city, and to lease such property, subject to review and approval pursuant to sections one hundred ninety-seven-c and one hundred ninety-seven-d. No such lease may be authorized by the

## NYC Charter 1301

commissioner until a public hearing has been held with respect thereto after the publication of notice in the City Record at least thirty days in advance of such hearing;

m. except as provided in section 487, to have charge and control of the regulation for the health and safety of the general public of all airports, airplane landing sites, seaplane bases, heliports, helistops, marginal streets and parking facilities appurtenant thereto owned by the city;

n. except as provided in section 487, to establish, amend and enforce rules for the proper care and use of all public markets, wharf property, water front property and all airports, airplane landing sites, seaplane bases, heliports and helistops owned by the city and placed in his or her charge or over which he or she shall have power of regulation, and to issue such orders as may be necessary for such enforcement. The violation of or the failure to comply with any such order or rule shall be triable in criminal court and punishable, upon conviction, by not more than thirty days imprisonment or by a fine of not less than one hundred dollars nor more than five thousand dollars, or both;

o. except as provided in section 487, to have the exclusive power to regulate all privately owned airports, airplane landing sites, seaplane bases, heliports and helistops and the operation out of and into such bases as well as the control of ground effect craft and aircraft operations to or from other sites within the city not so designated as airports, heliports, helistops, airplane landing sites or seaplane bases;

p. to promote and encourage the expansion and development of the city as a center for intrastate, interstate and international overland freight transportation; and

q. to administer and enforce the provisions of the zoning resolution of the city of New York in respect to the following structures on any water front property: wharves, piers, docks, bulkheads, structures wholly or partly thereon, and such other structures used in conjunction with and in furtherance of water front commerce and/or navigation in the same manner and in accordance with the same procedure as is prescribed therein.

3. With respect to energy matters, the commissioner shall have the power and duty:

a. to plan, formulate, coordinate and advance energy policy for the city;

b. to analyze the energy and fuel needs of the city with respect to all kinds of energy, to prepare intermediate and long-range plans, goals and programs designed to meet such needs, and to establish priorities among them;

c. to develop, implement and manage energy-related programs for economic development and other purposes, including, without limitation, the administration of the public utility service established by section 22301 of the administrative code, and to exercise all of the functions, powers and duties of such public utility service; and

d. to perform such other responsibilities with respect to energy matters, including responsibilities delegated elsewhere by the charter, as the mayor shall direct.

4. For purposes of subdivision three of this section, "energy" shall include work or heat that is, or may be, produced from any fuel or source, including but not limited to electrical, fossil, geothermal, wind, hydro, solid waste, tidal, solar and nuclear.

5. The commissioner shall have the power and duty to:

a. advise and assist the mayor in developing policies designed to meet the job training and employment needs of the economically disadvantaged and unemployed residents of the city of New York, as well as the labor needs of private industry;

b. provide job training and employment services for economically disadvantaged and unemployed residents of the city of New York;

c. disburse available city, state and federal funds for job training and employment programs throughout the city, and, when practical, to coordinate such funds with available funding from the private sector;

d. maintain, operate and control such programs as may be necessary or required to achieve the objectives of the department;

e. promote cooperation among business, labor and community organizations in response to labor market conditions; and

f. promote public awareness of resources available for the economically disadvantaged and unemployed, and to refer the public to appropriate job training and employment services.

**DERIVATION**

Formerly §1313 added by LL 1977, No. 28

Formerly §1303 renumbered by LL 1978, No. 37

Sub d added by LL 1984, No. 67

Sub 13 amended by LL 1969, No. 74

Sub 1 par d amended at General Election, Nov. 7, 1989

§16.No existing right or remedy of any character shall be lost, impaired or affected by reason of the adoption of this local law.

§17.No action or proceeding, civil or criminal, ending at the time when this local law shall take effect, brought by or against the city or any agency or officers, shall be affected or abated by the adoption of this local law or by anything herein contained; but all such actions or proceedings may be continued notwithstanding that functions, powers and duties of any agency or officer party thereto may by this local law be assigned or transferred to another agency or officer, but in that event the same may be prosecuted or defended by the head of the agency or the officer to which such functions, powers and duties have been assigned or transferred by this local law.

§18.Whenever by any provision of this local law functions, powers or duties are assigned to any agency or officer which have been heretofore exercised by any other agency or officer, all officers and employees in the classified city civil service who at the time that this local law shall take effect are engaged in the performance of such function, powers or duties shall be transferred to the agency to which such functions, powers or duties are assigned by this local law, without examination and without affecting existing compensation or pension or retirement rights, privileges or obligations of such officers and employees.

§19.Nothing contained in this local law shall affect or impair the rights or privileges of officers or employees of the city or of any agency existing at the time when this local law shall take effect and not inconsistent with the provisions of this local law in relation to the personnel, appointment, ranks, grades, tenure of office, promotion, removal, pension and retirement plans rights and any other rights or privileges of officers or employees of the city generally or officers of any agency.

§20.Effective date. This local law shall take effect on July 1, 2003, or as soon thereafter as a transfer of agency functions may be effectuated.

2.Provisions of 61/1991:

## NYC Charter 1301

.....

- §9. Any agency or officer to whom are assigned by this local law any powers and duties shall exercise such powers and duties in continuation of their exercise by the agency or officer by which the same were heretofore exercised and shall be authorized to continue any business, proceeding or other matter commenced by the agency or office by whom such powers and duties were heretofore exercised. Any provision in any law, rule, regulation, contract, grant or other document relating to the subject-matter of such powers or duties and applicable to the agency or officer formerly exercising the same, shall, so far as not inconsistent with the provisions of this local law, apply to the agency or officer to which such powers and duties are assigned.
- §10. All records, property and equipment whatsoever of any agency or part thereof, the powers and duties of which are assigned to any other agency by this local law, shall be transferred and delivered to the agency to which such powers and duties are so assigned.
- §11. Any rule in force upon the effective date of this local law and promulgated by an agency or officer whose power to promulgate such rule is assigned by this local law to another agency or officer shall continue in force as the rule of the agency or officer to whom such power is assigned, unless and until such rule is superseded, amended, or repealed.
- §12. No existing right or remedy of any character shall be impaired or affected by reason of the adoption of this local law. Any lease, license or permit in force upon the effective date of this local law, and entered into or issued by any agency or officer whose power to enter into or issue such type of lease, license or permit is assigned by this local law to another agency or officer shall continue to force according to its terms and applicable law.
- §13. Notwithstanding any provision of the charter to the contrary, the commissioner of small business services shall, no later than sixty days prior to entering into any contract with a local development corporation or not-for-profit corporation of which the majority of its members are appointed by the mayor for the provision of services to assist the department in performing any of the functions set forth in subdivision 2 of section 1301 of the charter where such functions were previously performed by the former department of ports and trade, provide the council with a copy of such proposed contract, together with a statement explaining the reasons which justify contracting for such purposes. The commissioner shall be authorized to enter into such contract unless, within such sixty day period, the council enacts a local law prohibiting the commissioner from contracting for such purposes. [§13 amended L.L. 102/2013 §4, eff. Nov. 19, 2013]
- §14. This local law shall take effect July 1, 1991, provided that if enacted after such date it shall take effect immediately and be deemed in effect as of July 1, 1991.

#### Annotations

### Note

---

#### 1.Provisions of L.L. 52/2003:

§13.Any agency or officer to which is assigned by this local law any functions, powers and duties shall exercise such functions, powers and duties in continuation of their exercise by the agency or officer by which the same were heretofore exercised and shall have power to continue any business, proceeding or other matter commenced by the agency or officer by which such functions, owners and duties were heretofore exercised. Any provision in any law, rule, regulation, contract, grant or other document relating to the subject matter of such functions, powers or duties, and applicable to the agency or officer formerly exercising the same shall, so far as not inconsistent with the provisions of this local law, apply to the agency or officer to which such functions, powers and duties are assigned by this local law.

§14.Any rule in force on the effective date of this local law, promulgated by an agency or officer whose power to promulgate such rule is assigned by this local law to some other agency or officer shall continue in force as the rule of the agency or officer, to whom such power is assigned, and such agency or officer may hereafter duly amend, supersede, or repeal such rule.

NYC Charter 1301

§15. All records, property and equipment whatsoever of any agency, the functions, powers and duties of which are assigned to any other agency by this local law, shall be transferred and delivered to the agency to which such functions, powers and duties are so assigned.

Certification: I, the undersigned, an authorized officer or principal owner of the Company/Affiliate/Tenant, hereby certify to the best of my knowledge and belief that all information contained in this report is true and complete. This form and information provided pursuant hereto may be disclosed to the New York City Economic Development Corporation ("NYCEDC"), New York City Industrial Development Agency ("NYCIDA"), Build NYC Resource Corporation ("BUILD NYC") and/or New York City Neighborhood Capital Corporation ("NYCNCC") and may be disclosed by NYCEDC, NYCIDA, BUILD NYC and/or NYCNCC in connection with the administration of the programs of NYCEDC, NYCIDA, BUILD NYC and/or NYCNCC and/or the City of New York; and, without limiting the foregoing, such information may be included in (x) reports prepared by NYCEDC pursuant to New York City Charter Section 1301 et. seq., (y) other reports required of NYCIDA, NYCEDC, BUILD NYC and/or NYCNCC, and (z) any other reports or disclosure required by law.

Project Name: \_\_\_\_\_

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Name: \_\_\_\_\_ Title: \_\_\_\_\_

## DEFINITIONS

**"Affiliate"** is (i) a business entity in which more than fifty percent is owned by, or is subject to a power or right of control of, or is managed by, an entity which is a party to a Project Agreement, or (ii) a business entity that owns more than fifty percent of an entity which is a party to a Project Agreement or that exercises a power or right of control of such entity.

**"Company"** includes any entity that is a party to a Project Agreement.

**"Contract Construction Employee"** is a person who is an independent contractor or subcontractor, or an employee thereof, who provides construction services to the Company, an Affiliate or a Tenant at a Project Location.

**"Contract Employee"** is a person, other than a Contract Construction Employee, who is an independent contractor (i.e., a person who is not an "employee") or is employed by an independent contractor, who provides services at a Project Location.

**"Financial Assistance"** is any of the following forms of financial assistance provided or administered by NYCEDC: a loan, grant, tax benefits or energy assistance benefits through any discretionary program, such as the Business Incentive Rate (BIR) Program, in each case in excess of \$150,000, and any sale or lease of City-owned land where the project is estimated to retain or create not less than 25 jobs.

**"Living Wage"** is an hourly compensation package as of June 30, 2017 that is no less than the sum of \$10.50 per hour (paid in cash wages) and \$1.70 per hour (paid in health benefits, cash, or any combination of the two). The value of any health benefits received shall be determined based on the prorated hourly cost to the employer of the health benefits received by the employee. For employees who customarily and regularly receive tips, any tips received and retained by the employee may be credited towards the living wage rate.

**"Non-Permanent Full-Time Employee"** is an employee, other than a Contract Employee, hired for temporary employment for seasonal or other temporary purposes, who works at least 35 hours per week at a Project Location.

**"Non-Permanent Part-Time Employee"** is an employee, other than a Contract Employee, hired for temporary employment for seasonal or other temporary purposes, who works on average at least 17.5 hours, but less than 35 hours, per week at a Project Location.

**"Permanent Full-Time Employee"** is an employee, other than a Contract Employee, hired for permanent employment and not for seasonal or temporary purposes, who works at least 35 hours per week at a Project Location.

**"Permanent Part-Time Employee"** is an employee, other than a Contract Employee, hired for permanent employment and not for seasonal or temporary purposes, who works on average at least 17.5 hours, but less than 35 hours, per week at a Project Location.

**"Project Agreement"** is any agreement pursuant to which NYCEDC provides Financial Assistance in connection with a project

**"Project Location"** is any location (a) with regard to which Financial Assistance has been provided to the Company and/or its Affiliates during the fiscal year reporting period covered by the Employment and Benefits Report, or (b) that is occupied by the Company and/or its Affiliates at which such entities have employees who are eligible to be reported per the terms of the Agreement with the Company and/or its Affiliates.

**"Tenant"** is any entity other than the Company and its Affiliates that occupies space at any Project Location.

## INSTRUCTIONS

For each Project Agreement, please submit one report that covers (i) the Company and its Affiliates and (ii) Tenants at all Project Locations covered by the Project Agreement. All Tenant employment info should be aggregated, combined with employment information for the Company and its Affiliates at all Project Locations and reported on the Company's Employment and Benefits Report. Please include the completed Tenant's Employment and Benefits Report(s) along with the Company's Employment and Benefits Report when submitting to NYCEDC. The Company must retain for six (6) years all forms completed by its Affiliates and Tenants and at NYCEDC's request must permit NYCEDC upon reasonable notice to inspect such forms and provide NYCEDC with a copy of such forms.

**1- 4.** Items **1, 2, 3 and 4** must be determined as of June 30, 2017 and must include Permanent Full-Time Employees, Permanent Part-Time Employees, Non-Permanent Full-Time Employees and Non-Permanent Part-Time Employees at all Project Locations, including those employed by the Company or its Affiliates and by Tenants. **Do not include Contract Employees or Contract Construction Employees in Items 1, 2, 3 and 4.**

**5. (a)** Report all Contract Employees providing services to the Company and its Affiliates and Tenants at all Project Locations. Do not include Contract Construction Employees in question 5a. **(b)** Report the 12 month average of Contract Construction Employees providing services to the Company and its Affiliates and Subtenants at all Project Locations for the previous fiscal year. Use the number of Contract Construction Employees on the last payroll date of each month to compute this average.

**6-8.** Report information here only for the employees, of the Company and its Affiliates at all Project Locations. Do not report Contract Employees, Contract Construction Employees or employees of Tenants.

**9-10.** If applicable, Indicate the number of employees included in item 6 who are classified as "Exempt" or "Non Exempt", as defined in the federal Fair Labor Standards Act. Generally, an Exempt employee is not eligible for overtime compensation and a Non-Exempt employee is eligible for overtime compensation.

**14-15.** Report all CEP and/or REAP benefits received by the Company and its Affiliates and any Tenants at all Project Locations. CEP is a package of tax benefits, administered by the New York City Department of Finance, designed to help qualified businesses to relocate or expand in designated relocation areas in New York City. REAP is designed to encourage qualified businesses to relocate employees to targeted areas within NYC. For more information regarding CEP or REAP, please visit <http://www.nyc.gov/dof>.

**16.** If you have applied for ICAP list your application number. ICAP provides abatements for real property taxes to Companies that build, modernize, expand or otherwise physically improve eligible industrial and commercial buildings. ICAP is administered through the Department of Finance. Visit <http://www.nyc.gov/dof> to confirm if you are a recipient of ICAP.

**17-21.** Include Permanent Full-Time Employees, Non-Permanent Full-Time Employees, Permanent Part-Time Employees, Non-Permanent Part-Time Employees, Contract Employees and Construction Contract Employees (including, in each case, those of Tenants). The sum for 21a should equal the sum of lines 17a-20a, which should also equal the sum of lines 1-5b. The sum for 21b should equal the sum of lines 17b-20b.

**22.** If applicable, report all sales and use tax exemption benefits realized at all Project Locations by the Company and its Affiliates and granted by virtue of the exemption authority of NYCIDA or NYCEDC. Do not include any savings realized under the NYS Empire Zone Program or through a not-for-profit exemption.

**23.** If applicable, and for purposes of this form, "BIR Energy Assistance" is any reduction in energy delivery charges or other benefits or energy discounts provided pursuant to the Business Incentive Rate (BIR) program administered by Consolidated Edison Company of New York, Inc.

Please provide the information required below for the location or locations that are receiving benefits.

**LANDLORD NAME** \_\_\_\_\_

**TENANT NAME** \_\_\_\_\_

**NAME/TITLE** \_\_\_\_\_

**SIGNATURE** \_\_\_\_\_

**DATE** \_\_\_\_\_

**DEFINITIONS:**

“**Contract Construction Employee**” is a person who is an independent contractor or subcontractor, or an employee thereof, who provides construction services to the Tenant at a Project Location.

“**Contract Employee**” is a person, other than a Contract Construction Employee, who is an independent contractor (i.e., a person who is not an “employee”), or is employed by an independent contractor, who provides services to the Tenant at a Project Location.

“**Financial Assistance**” is any of the following forms of financial assistance provided by or at the direction of NYCEDC: a loan, grant, tax benefits or energy assistance benefits through any discretionary program, such as the Business Incentive Rate (BIR) Program, in each case in excess of \$160,000, and any sale or lease of City-owned land where the project is estimated to retain or create not less than 25 jobs.

“**Living Wage**” is an hourly compensation package as of June 30, 2017 that is no less than the sum of \$10.50 per hour (paid in cash wages) and \$1.70 per hour (paid in health benefits, cash, or any combination of the two). The value of any health benefits received shall be determined based on the prorated hourly cost to the employer of the health benefits received by the employee. For employees who customarily and regularly receive tips, any tips received and retained by the employee may be credited towards the living wage rate.

“**Non-Permanent Full-Time Employee**” is an employee of Tenant, other than a Contract Employee, hired for temporary employment for seasonal or other temporary purposes, who works at least 35 hours per week at a Project Location.

“**Non-Permanent Part-Time Employee**” is an employee of Tenant, other than a Contract Employee, hired for temporary employment for seasonal or other temporary purposes, who works on average at least 17.5 hours, but less than 35 hours, per week at a Project Location.

“**Permanent Full-Time Employee**” is an employee of Tenant, other than a Contract Employee, hired for permanent employment and not for seasonal or temporary purposes, who works at least 35 hours per week at a Project Location.

“**Permanent Part-Time Employee**” is an employee of Tenant, other than a Contract Employee, hired for permanent employment and not for seasonal or temporary purposes, who works on average at least 17.5 hours, but less than 35 hours, per week at a Project Location.

“**Project Agreement**” is any agreement pursuant to which NYCEDC provides Financial Assistance in connection with a project.

“**Project Location**” is any location (a) with regard to which Financial Assistance has been provided to the Company and/or its Affiliates during the fiscal year reporting period covered by the Employment and Benefits Report, or (b) that is occupied by the Company and/or its Affiliates at which such entities have employees who are eligible to be reported per the terms of the Agreement with the Company and/or its Affiliates.

“**Tenant**” is a tenant or subtenant at any Project Location.

**INSTRUCTIONS:**

**Please copy this form and have each Tenant occupying space at a project location complete.**

**1- 4.** Items 1, 2, 3 and 4 must be determined as of June 30, 2017 and must include all of Tenant’s Permanent Full-Time Employees, Permanent Part-Time Employees, Non-Permanent Full-Time Employees and Non-Permanent Part-Time Employees at all Project Locations. Do not include Tenant’s Contract Employees or Contract Construction Employees in 1- 4.

**5. (a)** Report all Contract Employees providing services to the Tenant at all Project Locations. Do not include Contract Construction Employees in question 5a. **(b)** Report the 12 month average of Contract Construction Employees providing services to the Tenants at all Project Locations for the previous fiscal year. Use the number of Contract Construction Employees on the last payroll date of each month to compute this average.

**6. & 7.** Report all CEP and/or REAP benefits received by the Tenant at all Project Locations. CEP is a package of tax benefits, administered by the New York City Department of Finance, designed to help qualified businesses to relocate or expand in designated relocation areas in NYC. REAP is designed to encourage qualified businesses to relocate employees to targeted areas within NYC. For more information regarding CEP or REAP, please visit <http://www.nyc.gov/dof>.

**8-12.** Include Permanent Full-Time Employees, Non-Permanent Full-Time Employees, Permanent Part-Time Employees, Non-Permanent Part-Time Employees, Contract Employees and Construction Contract Employees (including, in each case, those of Tenants). The sum for 12a should equal the sum of lines 8a-11a, which should also equal the sum of lines 1-5b. The sum for 12b should equal the sum of lines 8b-12b.
