AN ACT to amend the vehicle and traffic law, in relation to speed limits

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Paragraph 26 of subdivision (a) of section 1642 of the vehicle and traffic law is renumbered paragraph 27 and a new paragraph 26 is added to read as follows:

26. With respect to highways (which term for the purposes of this paragraph shall include private roads open to public motor vehicle traffic) in such city, other than state highways maintained by the state on which the department of transportation shall have established higher or lower speed limits than the statutory fifty-five miles per hour speed limit as provided in section sixteen hundred twenty of this title, or on which the department of transportation shall have designated that such city shall not establish any maximum speed limit as provided in section sixteen hundred twenty-four of this title, subject to the limitations imposed by section sixteen hundred eighty-four of this title, establishment of maximum speed limits at which vehicles may proceed within such city or within designated areas of such city higher or lower than the fifty-five miles per hour maximum statutory limit. No such speed limit applicable throughout such city or within designated areas of such city shall be established at less than twenty-five miles per hour.

§ 2. Paragraph 27 of subdivision (a) of section 1642 of the vehicle and traffic law, as added by chapter 499 of the laws of 1999 and as renumbered by section one of this act, is amended to read as follows:

27. (a) Establishment of maximum speed limits below twenty-five miles per hour at which motor vehicles may proceed on or along designated highways within such city for the explicit purpose of implementing traffic calming measures as such term is defined herein; provided, however, that no speed limit shall be set below fifteen miles per hour nor shall such speed limit be established where the traffic calming measure to be implemented consists solely of a traffic control sign and provided, further, that if such city has made a written determination that the implementation of traffic calming measures as such term is defined herein is not feasible on a particular designated highway, speed limits at which motor vehicles may proceed on or along such designated highway within such city may be established and posted at not less than twenty miles per hour. Establishment of such a speed limit shall, where applicable, be in compliance with the provisions of sections sixteen hundred twenty-four and sixteen hundred eighty-four of this chapter. Nothing contained herein shall be deemed to alter or affect the establishment of school speed limits pursuant to the provisions of section sixteen hundred forty-three of this article. For the purposes of this paragraph, "traffic calming measures" shall mean any physical engineering measure or measures that reduce the negative effects of motor vehicle use, alter driver behavior and improve conditions for non-motorized street users such as pedestrians and bicyclists.

(b) Any city establishing maximum speed limits below twenty-five miles per hour pursuant to clause (i) of this subparagraph shall submit a report to the governor, the temporary president of the senate and the speaker of the assembly on or before March first, two thousand [two] fifteen and biannually thereafter on the results of using traffic calming measures and speed limits lower than twenty-five miles per hour as authorized by this paragraph. Such report shall include, but not be limited to the following:

(i) a description of the designated highways where traffic calming measures and a lower speed limit were established and

**NEW YORK STATE ASSEMBLY
MEMORANDUM IN SUPPORT OF LEGISLATION
submitted in accordance with Assembly Rule III, Sec 1(f)**

BILL NUMBER: A9731

SPONSOR: O'Donnell (MS)

TITLE OF BILL: An act to amend the vehicle and traffic law, in relation to speed limits

SUMMARY OF PROVISIONS:

This bill amends section 1642 of the New York State Vehicle and Traffic Law (VTL) to allow the City of New York to establish a 25 mile per hour (mph) citywide speed limit.

The bill also amends section 1642 of the VTL to authorize the City to establish a 20 mph speed limit on certain streets where traffic calming measures are not feasible, provided that the city makes a written determination that such measures are not feasible.

REASONS FOR SUPPORT:

Mayor de Blasio recently released a detailed report outlining the City's "Vision Zero" action plan, which calls for the implementation of several traffic safety initiatives to reduce preventable pedestrian and motorist fatalities. This report highlights an unfortunate reality - each year in New York City over 250 people are killed and nearly 4,000 are seriously injured in traffic crashes. Crashes often have multiple contributing factors including speeding, driver inattention, and failure to yield to pedestrians.

A multi-faceted approach is needed to address these dangerous driving habits, especially excessive speeding. That is why the City has committed to pursuing several safety enhancements such as rapidly implementing engineering improvements at intersections, increasing speed enforcement on arterial streets and establishing new neighborhood slow zones. While these actions represent meaningful progress, the City needs additional tools that are impactful enough to significantly reduce the number of serious injuries and fatalities on City streets. One particularly powerful tool is the ability to establish a 25 mph speed limit in the City, which can be the catalyst in curbing dangerous driver behavior.

Studies have shown that lowering the speed limit, even by five mph, can have a serious impact in reducing the number of traffic-related injuries and deaths. Traveling at lower speeds can greatly reduce crashes because both motorists and other street users have more time to see each other and react safely to avoid potential accidents. And, if a crash does occur, the severity of injuries is greatly reduced at lower speeds.

To illustrate this point, one needs to consider the following facts: if a pedestrian is hit at 40 mph there is about a 7 in 10 chance of being killed. At 35 mph, there is a 5 in 10 chance of being killed. At 30 mph, there is a 1 in 5 chance of being killed. If the speed limit were lowered to 25 mph, the chance of an accident resulting in death drops significantly to 1 in 10.

Another benefit to having a citywide default speed limit of 25 mph is the marked improvement in vehicle stopping distance. At 25 mph, stopping distance is improved by 45 feet (23%), which will allow many crashes to be avoided altogether.

City streets must meet the demands of vehicles, buses, cyclists and pedestrians simultaneously. Being able to lower the speed limit to 25 mph would help ensure a harmonious relationship among all who traverse City streets and greatly increase the City's ability to keep everyone safe. Where an even lower speed limit is warranted, on streets where traffic calming measures are not feasible, the City can improve this relationship even further by establishing a 20 mph speed limit.

All in all, whether at 25 mph on a citywide basis or at 20 mph on a limited basis, reducing speed limits within the City is an absolute necessity to realizing the goal of the Mayor's Vision Zero initiative -- zero traffic fatalities in the City of New York.

BILL NUMBER: A9834

SPONSOR: Heastie (MS)

TITLE OF BILL: An act to amend chapter 746 of the laws of 1988 amending the vehicle and traffic law, the general municipal law and the public officers law relating to the civil liability of vehicle owners for traffic control signal violations, in relation to extending the effectiveness thereof; and to amend local law number 46 of the city of New York for the year 1989 amending the administrative code of the city of New York relating to civil liability of vehicle owners for traffic control signal violations, in relation to extending the effectiveness thereof

SUMMARY OF PROVISIONS:

Section one of the bill amends the effective date provision of chapter 746 of the laws of 1988 to extend the sunset provision of the authorization for the establishment of a local program for the operation of traffic-control signal photo violation-monitoring devices to December 1, 2019.

Section two of the bill amends the effective date provision of local law number 46 of the city of New York for the year 1989 to extend the sunset provision of the program for the operation of traffic-control signal photo violation-monitoring devices to December 1, 2019.

REASONS FOR SUPPORT: In 1988, the State Legislature enacted legislation that allowed cities with a population of one million or more to establish a demonstration program to install traffic-control signal photo violation-monitoring devices to record vehicles going through red light signals at traffic intersections. Since that date, the State Legislature has extended the duration of the demonstration program six times, with the current program set to expire in 2014.

Since 1994, New York City's red light camera program (the "Red Light Camera Program" or the "Program") has proven to be an enormously effective way to increase enforcement without requiring NYPD to divert additional resources, and has been shown to decrease injuries by 24%. Over 8 million vehicles have been cited through the Program for red-light running. In 2013 alone, 577,804 violations were issued to passenger vehicles, buses, trucks and taxicabs running through red lights where cameras were operating.

It is important to note that the use of these devices has dramatically reduced the number of such violations at the intersections being monitored. Violations have declined by as much as 40% to 60% at such intersections. The total number of violations issued through the Red Light Camera Program has declined from 8-22% every year since 2010.

New York City's Red Light Camera Program has proven to be a valuable instrument in the City's ongoing effort to enhance the overall safety of its roadways for motorists, passengers, pedestrians and bicyclists. It has proven to be an effective traffic safety initiative whose success has been recognized by the State Legislature in its repeated authorizations to extend the initial demonstration program. This legislation will affirm the Program's success by allowing the Program to operate for an additional five years.

Referred to the Committee on State and Federal Legislation.

Report of the Committee on Education

Report for Int. No. 12-A

Report of the Committee on Education in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to requiring the department of education to report academic and demographic information on co-located schools.

The Committee on Education, to which the annexed proposed law was referred on February 4, 2014 (Minutes, page 240), respectfully

REPORTS:

INTRODUCTION

On Wednesday, June 11, 2014, the Committee on Education, chaired by Council Member Daniel Dromm, will consider Proposed Int.12-A, a Local Law to amend the administrative code of the city of New York, in relation to requiring the department of education to report academic and demographic information on co-located schools. The committee heard testimony regarding this legislation on May 6, 2014. The New

York City Department of Education (DOE), education advocates and other members of the public testified.

ANALYSIS

Section one of Proposed Int. No. 12-A would amend the administrative code of the city of New York by adding a new title 21-A comprised of two chapters. Chapter 1 would be titled "Definitions" and Chapter 2 titled "Reporting on Co-located Schools."

Section 21-950 of Chapter 1 of new title 21-A would provide the following definitions: "chancellor" shall mean the Chancellor of the New York City Department of Education; "department" shall mean the Department of Education of the City of New York; and "student" shall mean any pupil under the age of twenty-one under the jurisdiction of the New York city public schools.

Section 21-951 of Chapter 2 would be titled "Annual reporting on co-located schools" and would provide the following definitions; "co-located school" shall mean any public elementary, middle or high school or any combination thereof, including any charter school, which shares space with one or more schools within the same building.

Subdivision b of section 21-951 would require that the DOE submit to the Council and post on the DOE's website, a report regarding information on all co-located schools, not later than August 30th, 2015 and annually thereafter, no later than August 30th. The report shall include but not be limited to: (i) a comparison of demographic information including, but not limited to race, ethnicity, English language learner status, special education status, and the percentage of students eligible for free and reduced price lunch and, (ii) information regarding student academic performance, including but not limited to, student scores received on state examinations.

Subdivision c of section 21-951 would provide that no information that is otherwise required to be reported pursuant to this section shall be reported in a manner that would violate any applicable provision of federal, state or local law relating to the privacy of student information or that would interfere with law enforcement investigations or otherwise conflict with the interests of law enforcement.

Section 2 of Proposed Int. No. 12-A would mandate that this local law take effect immediately after its enactment in to law.

Technical Correction:

A minor correction was made as the term "co-located schools" should not have been capitalized in subdivision a of 21-951.

RE: Finance Committee Agenda of June 11, 2014- Resolutions approving tax exemptions for 2 Land Use Items (Council District 17 and 33).

Christopher Court Apartments located at 2880 Park Avenue in Council Member Arroyo's District consists of one multi-family residential building with 160 units of rental housing for low income families. Christopher Court Housing Company Limited Partnership (the "company") developed the project using a federally-aided mortgage and Section 8 contract, and tax exemption from the City. On September 27, 1979 (Cal No. 53), the Board of Estimate approved a tax exemption pursuant to

Section 125 of the Private Housing Finance Law for the Exemption Area for a forty year period ("Prior Resolution"). The Prior Resolution provided a 40 year, partial exemption and required annual payments based on total rents received. However, the amount of real estate taxes payable by applying the real property tax rate exceeded the amount which would be payable as minimum shelter rent taxes. In order to maintain the affordability of the rental housing units, HPD is requesting that the Council approve an additional 40 year, partial tax exemption.

This item has the approval of Council Member Arroyo.

Greenpoint Landing –Site E3 located at 31 Eagle Street in Council Member Levin's district will consist of one multi-family residential building with 98 units of rental housing for low income families. HP E3 Housing Development Fund Corporation will develop the project with loans from the Department of Housing Preservation and Development (HPD) and the New York City Housing Development Corporations' New Housing Opportunities Program. The newly constructed rental units will be affordable to households earning between 30% to 120% Area Median Income (\$25,150 to \$103,050) per year, as per the Points of Agreement. In order to facilitate the project, HPD is requesting that the Council approve, pursuant to Section 577 of the Private Housing Finance Law, a full 40 year exemption from real property taxation.

This item has the approval of Council Member Levin.

(For text of the coupled resolution for LU No. 85, please see the Report of the Committee on Finance for LU No. 85 printed in these Minutes; for text of the coupled resolution for LU No. 84, please see below:)

Accordingly, this Committee recommends the adoption of LU No. 84 and LU No. 85.

In connection herewith, Council Member Ferreras offered the following resolution:

Res. No. 285

Resolution approving a partial exemption from real property taxes for property located at (Block 2440, Lot 1) the Bronx, pursuant to Section 125 of the Private Housing Finance Law (Preconsidered L.U.).

By Council Member Ferreras.

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated May 12, 2014 that the Council take the following action regarding a housing project located at (Block 2440, Lot 1) the Bronx ("Exemption Area"):

Approve an additional period of tax exemption for the Project pursuant to Section 125(1)(a-3) of the Private Housing Finance Law (the "Tax Exemption");

WHEREAS, the project description that HPD provided to the Council states that the owner of the Project (the "Company") is a duly organized redevelopment company under Article V of the Private Housing Finance Law;

WHEREAS, the Council has considered the financial implications relating to the Tax Exemption;

4. Notwithstanding any provision hereof to the contrary:
 - (a) The Exemption shall terminate if HPD determines at any time that (i) the Exemption Area is not being operated in accordance with the requirements of Article V of the Private Housing Finance Law, (ii) the Exemption Area is not being operated in accordance with the requirements of the Regulatory Agreement, (iii) the Exemption Area is not being operated in accordance with the requirements of any other agreement with, or for the benefit of, the City of New York, (iv) the Exemption Area is conveyed to a new owner without the prior written approval of HPD, or (v) the demolition of any private or multiple dwelling on the Exemption Area has commenced without the prior written consent of HPD. Report of the Committee on Rules, Privileges and Elections

Report for M-67

Report of the Committee on Rules, Privileges and Elections approving the appointment of Meenakshi Srinivasan as a member of the New York City Landmarks Preservation Commission.

The Committee on Rules, Privileges and Elections, to which the annexed resolution was referred on May 29, 2014 (Minutes, page 1737), respectfully

REPORTS:

Topic: *New York City Landmark Preservation Commission – (Candidate for appointment, upon the advice and consent of the Council)*

- **MEENAKSHI SRINIVASAN [M-67]**

In a letter dated May 19, 2014, Mayor Bill de Blasio formally submitted the name of Meenakshi Srinivasan to the Council of the City of New York, for its advice and consent, regarding her appointment to the Landmark Preservation Commission.

Pursuant to the *New York City Charter* (“*Charter*”) § 3020, the New York City Landmarks Preservation Commission (“LPC”) is responsible for establishing and regulating landmarks, portions of landmarks, landmark sites, interior landmarks, scenic landmarks, and historic districts. The LPC also regulates alterations to designated buildings.

The LPC consists of eleven (11) members. The membership of this commission must include at least three architects, one historian qualified in the field, one city planner or landscape architect, and one realtor; and shall include at least one resident from each of the five boroughs. The mayor appoints the members of the LPC with the advice and consent of the Council. When appointing a member of this commission, who must be an architect, historian, city planner, or landscape architect; the mayor may consult with the Fine Arts Federation of New York or any other similar organization, in the course of making this appointment. These members are appointed for staggered three-year terms. Each member continues to serve as a commissioner until his or her successor is appointed and qualified. The mayor also designates one of the members to serve as Chair of the LPC, and designates another member to serve as Vice Chair of the LPC. These members of the LPC shall serve until a successor is designated. The members of the LPC, with the exception of the Chair, serve without compensation, but are reimbursed for necessary expenses incurred in the course of performing their duties. The current Chair's salary is \$192,198.

The LPC must appoint a full-time executive director, to perform duties of the LPC. The LPC may also employ technical experts and other employees, necessary to perform its duties, within the appropriations therefor.

As enumerated in the *Charter*, the LPC is required to provide opportunities for comment in advance of any hearing, regarding a proposed landmark designation, landmark site, interior landmark, scenic landmark, or historic district.¹ Notices of proposed designations must be sent to the New York City Planning Commission (“CPC”), all affected Community Boards, and the Office of the Borough President, whose borough, which the property or district is located.

The LPC also has a duty to provide certain notices to the New York City Council (“the Council”). The LPC is required to file a copy of any designation with the Council and the CPC, within ten days of making the designation. Furthermore, within 60 days after such filing, CPC must hold a public hearing on any such designation of a historic district and must submit a report to the Council, with respect to the relation of any such designation to the *Zoning Resolution*, projected public improvements, and any plans for the development, growth, improvement or renewal of the area involved, whether it relates to the designation of a historic district or a landmark. The CPC must include in this report, its recommendation, if any, for the Council's action with respect to the historic district designation.

The Council may modify or disapprove of any LPC designation by a majority vote, within 120 days, from date that a copy of such designation is filed with the Council, provided that either CPC has submitted the required report on the designation or at least sixty days has elapsed since the filing of the designation with the Council. The Council's vote shall be filed with the mayor by the Council. The mayor has five days following the filing of the Council's vote to disapprove of the Council's action. If the mayor fails to disapprove of the Council's action during this time, the Council's action becomes final. If the mayor disapproves of the Council's action, the mayor must file his/her disapproval, with the Council. Thereafter, the Council may choose to override the mayor's disapproval, within ten days of the filing of the mayor's disapproval, with a two-thirds vote of the Council.

In addition to the designation of landmarks, pursuant to *Administrative Code* § 25-303(i), the LPC also has the ability to make recommendations to the CPC, at any time, regarding amendments to the provisions in the *Zoning Resolution*, which are applicable to improvements in the historic districts. Moreover, pursuant to *Administrative Code* § 25-307, the LPC is also responsible for determining whether a proposed alteration or demolition, affecting a landmark, is consistent with the *Landmarks Preservation and Historic Districts* chapter of the *Administrative Code*. In instances where the LPC determines that the proposed change complies with the *Code*, it may grant a *Certificate of Appropriateness*. Otherwise, LPC may deny the applicant's request.

A Hardship Appeals Panel also exists, which consisting of five members, whom are also appointed by the mayor, with the Council's advice and consent. This panel operates independently of the LPC and reviews appeals from LPC determinations denying applications for *Certificates of Appropriateness*, on the grounds of hardship, to demolish, alter, or reconstruct improvements. However, this panel only has the power to review applications involving tax-exempt properties.

If appointed to the LPC, Ms. Srinivasan, a Manhattan resident, will be eligible to complete the remainder of a three-year term that expires on June 28, 2016. Copies of the following are annexed to this briefing paper: the candidate's résumé, questions with the candidate's associated answers, regarding the proposed appointment to LPC, and the related message.

¹Landmarks are not always buildings. A landmark may be a bridge, a park, a water tower, a pier, a cemetery, a building lobby, a sidewalk clock, a fence, or even a tree. A property or object is eligible for landmark status when at least part of it is thirty years old or older.

Report of the Committee on State and Federal Legislation

At this point the Speaker (Council Member Mark-Viverito) announced that the following items had been **preconsidered** by the Committee on State and Federal Legislation and had been favorably reported for adoption.

Report for M-70

Report of the Committee on State and Federal Legislation in favor of approving a Communication from the Mayor - “AN ACT to amend the vehicle and traffic law, in relation to speed limits” A.9731.

The Committee on State and Federal Legislation, to which the annexed Mayor's Message Home Rule item was referred on June 11, 2014, respectfully

REPORTS:

(The following report refers to pending State legislation which requires a Home Rule Message for passage in the State Assembly in Albany, N.Y. This Committee is to decide whether to recommend the adoption of this respective Mayor's Message by the Council. By adopting this item, the Council would be

formally requesting the New York State Legislature to act favorably in this matter)

BACKGROUND:

The proposed legislation provides for the extension of City authority to impose certain speed limits. Specifically, New York City will be authorized to set lower citywide speed limits, including, in some situations, speeds below 25 miles per hour without physical traffic calming devices.

According to the sponsor’s memorandum in support, currently, New York City is permitted to set citywide speed limits between 30 and 55 miles per hour. The proposed legislation will increase that range to as low as 25 miles per hour for a citywide speed limit. Additionally, current law permits New York City speed limits to be between 15 and 24 miles per hour, only if such reduced speed limit is accompanied by physical traffic calming devices, with the only exception being if the roadway is within one quarter mile from a school. The proposed legislation would, with a written determination by the City that traffic calming devices are not feasible at set locations, permit New York City to set speed limits as low as 20 miles per hour, without traffic calming devices. Finally, the bill would require the City to provide a bi-annual report to the Governor, the Temporary President of the Senate, and the Assembly Speaker, beginning March 1, 2015, discussing the results of the locations where the speed limit has been established at less than 25 miles per hour and where traffic calming measures have been installed.

PROPOSED LEGISLATION:

According to the Sponsor’s Memorandum in Support, the provisions of the legislation are the following: Section 1 of the bill renumbers paragraph 26 of subdivision (a) of section 1642 of Vehicle and Traffic Law to paragraph 27, and adds a new paragraph 26, relating to the setting of the minimum speed limit for city highways at 25 miles per hour. Current law allows for cities to set speed limits between 30 and 55 miles per hour. This bill extends the lower bracket of that range to 25 miles per hour.

Section 2 of the bill amends the new paragraph 27 of subdivision (a) of section 1642 of Vehicle and Traffic Law, relating to the setting of speed limits below 25 miles per hour, without implementation of traffic calming measures. Current law allows a city to set speed limits between 15 and 24 miles per hour only if there are traffic calming measures implemented in that area. This bill creates an additional sub-range of 20 to 24 miles per hour, where there need not be traffic calming measures, so long as the city makes a written determination that implementation of such traffic calming measures is not feasible there.

Section 2 of the bill also amends paragraph 27 subparagraph (b) to require a city establishing speed limits below 25 miles per hour to submit a report to the governor, the temporary president of the senate and the speaker of the assembly on or before March 1, 2015 and biannually thereafter on the results of using traffic calming measures and speed limits lower than 25 miles per hour.

This Committee is to decide whether to recommend the adoption of this respective State Legislation Resolution [SLR] by the Council. By adopting this item, the Council would be formally requesting the New York State Legislature to act favorably in this matter)

BACKGROUND:

The proposed legislation provides for the continued use of red light cameras in New York City and removes all conditions currently attached to the cameras' use. Specifically, the bill would allow New York City to deviate from the currently legislated 150 red light cameras, allowing it to install red light cameras as it deems fit.

PROPOSED LEGISLATION:

According to the Sponsor's Memorandum in support, the provisions of the legislation are the following:

Sections 1 and 3 of the bill amend subdivision (a) of section 1111-a of the Vehicle and Traffic Law, as amended by chapter 658 of the laws of 2006 and paragraph 1 as amended by chapter 18 of the laws of 2009, and subdivision (a) of section 19-210 of the Administrative Code of the city of New York, as amended by chapter 658 of the laws of 2006 and paragraph 1 as amended by chapter 18 of the laws of 2009, respectively, relating to the distinction of a "demonstration program." The bill removes usage of the word "demonstration" and removes the restriction limiting traffic control cameras to one hundred fifty intersections at one time.

Section 2 of the bill repeals subdivision (m) of section 1111-a of the Vehicle and Traffic law.

Section 4 of the bill repeals subdivisions (n) and (o) of section 19-210 of the Administrative Code of the city of New York.

Section 5 of the bill amends section 16 of chapter 746 of the laws of 1988 amending the Vehicle and Traffic Law, the General Municipal Law and the Public Officers law, relating to the civil liability of vehicle owners for traffic control signal violations. The bill removes the term "demonstration," making the program permanent, relating to the purchase or lease of equipment for the program.

Sections 6 and 7 of the bill amends section 17 of chapter 746 of the laws of 1988 amending the Vehicle and Traffic Law, the General Municipal Law and the Public Officers law, and Section 2 of Local law number 46 of the city of New York for the year 1989 amending the Administrative Code of the city of New York, respectively. Report for State Legislation Res. No. 2

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Golden, S.7009, and Assembly Member Abbate, A.9573, "AN ACT to amend the general municipal law, in relation to training of fire officers in cities of one million or more".

The Committee on State and Federal Legislation, to which the annexed State Legislation Resolution was referred on June 11, 2014, respectfully

REPORTS:

(The following report refers to pending State legislation which requires a Home Rule Message for passage in the State Senate and State Assembly in Albany, N.Y. This Committee is to decide whether to recommend the adoption of this respective State Legislation Resolution [SLR] by the Council. By adopting this item, the Council would be formally requesting the New York State Legislature to act favorably in this matter)

BACKGROUND

The bill would require mandatory training for fire officers on fire, building and construction codes in New York City. According to the Memorandum in Support (MIS)...” in order to insure the most coordinated and efficient fire departments, it is necessary for new and existing fire officers to be knowledgeable of contemporary fire codes, as well as building and construction codes and local city ordinances.” This proposed legislation would mandate New York City to provide fire officers with mandatory classroom and field training on building and constructions codes and local ordinances of the city.

PROPOSED LEGISLATION

The legislation would amend the General Municipal Law to include a new section (209-ff), which would require all fire departments in cities with a population of one million or more to provide all fire officers with at least 40 hours of field training and class room instruction in the building and construction codes and local ordinances of the City and 40 hours of field training and classroom instruction in the City’s fire code by July 1, 2015. Emphasis would be on the inspection duties of fire officers and any relevant changes to these duties as a result of the new fire and building codes that took effect on or after July 1, 2008.

RESOLUTIONS

Presented for voice-vote

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:

Report for voice-vote Res. No. 115

Report of the Committee on Governmental Operations in favor of approving a Resolution calling upon the New York State Legislature to pass and the Governor to sign into law A.2448 and S.4142, which would allow sixteen and seventeen year olds to be appointed to New York City Community Boards.

The Committee on Governmental Operations, to which the annexed resolution was referred on March 12, 2014 (Minutes, page 653), respectfully

REPORTS:

INTRODUCTION

Today, the Committee on Governmental Operations, chaired by Council Member Benjamin Kallos, will conduct a hearing on Resolution 115, which calls upon the New York State Legislature to pass and the Governor to sign into law A.2448 and S.4142, which would allow sixteen and seventeen year olds to be appointed to New York City Community Boards.

BACKGROUND

Often touted as the most local part of local government, community boards (CBs) are intended to provide a mechanism for members of the public who reside, work or have interests in a particular community district¹ to stay informed about what is occurring and being planned in that district, and to provide feedback to City and State agencies and other government bodies about how neighborhoods might be affected by government decisions, and how public services are being provided. This includes making recommendations on pending liquor licenses, zoning changes, development projects, sidewalk cafes and newsstands; monitoring and helping to coordinate the delivery of City services; making recommendations about the distribution of City resources and funding; receiving feedback from community members via public hearings and passing them along to the relevant governmental entities; and disseminating information to the broader community.²

CBs are composed of up to 50 members who are volunteers and must reside, work, or have significant interests in the community district in which they serve. Half are appointed directly by the Borough President in whose borough their district is located, and half are nominated by the Council Members from that district, for staggered two-year terms. The Council Members from the district are also non-voting members of the CB. Borough Presidents must assure adequate representation from different geographic sections and neighborhoods within community districts in making their appointments.

Each CB must establish district and borough service cabinets to coordinate and oversee the delivery of services within the district and the borough, and must hire a district manager whose duties include processing service complaints, presiding at meetings of the district service cabinet, and other duties assigned by the CB. Each CB must also meet at least once a month and hold a public hearing at least once a month, except during July and August.

RESOLUTION 115

Under current New York State Law, the minimum age to qualify as a Community Board member is 18 years old. This is a somewhat arbitrary cutoff point, and prevents younger people from fully engaging in civic life, despite the fact that many younger people are very active in their communities. By lowering the minimum age to 16 to allow more young people to serve, Community Boards could become a rich training ground for future leaders, as well as benefit from their unique perspectives, especially in areas like education and how best to utilize public space. Resolution 115 calls upon the New York State Legislature to change the law to allow sixteen and seventeen year olds to serve on Community Boards by enacting A.2448, introduced by Assemblymember Rozic, and the identical S.4142, introduced by Senator Lanza. These bills would cap the number of sixteen and seventeen year olds serving on each Community Board at two per Board.

Accordingly, this Committee recommends its adoption.

(The following is the text of Res. No. 115:)

Res. No. 115

Resolution calling upon the New York State Legislature to pass and the Governor to sign into law A.2448 and S.4142, which would allow sixteen and seventeen year olds to be appointed to New York City Community Boards.

By Council Members Kallos, Torres, Levine, Arroyo, Cohen, Constantinides, King, Lander, Reynoso, Rose, Van Bramer, Mendez, Menchaca, Richards, Vacca, Dromm and Cumbo (at the request of the Manhattan Borough President).

Whereas, Current regulations prohibit anyone under the age of eighteen from becoming a member of a New York City Community Board; and

Whereas, Many sixteen and seventeen year olds are active members of their communities and pay New York City income and sales tax, yet have no civic voice on how these revenues are spent; and

Whereas, Sixteen and seventeen year olds are legally accountable for breaking the law and can be arrested, tried and imprisoned as adults, but have no legal venue for advisement on community needs, programs, services, or development project and land use issues; and

for the Lower Ma_____

¹ There are a total of 59 community board districts across New York City.

² The duties and structure of CBs are espoused in Section 2800(d) of Chapter 70 of the New York City Charter.

Whereas, Sixteen and seventeen year olds contribute to community based agencies, not for profit agencies and municipal bodies, including advisory bodies in the various Borough Presidents' offices; and

Whereas, New Yorkers in this age group further contribute to the well-being of communities as counselors in day camps, jurists on Peer and Youth courts, and peacemakers in conflict resolution and mediation programs; and

Whereas, Research has shown that greater social engagement among youth provides numerous benefits to their local communities and improves their professional development, as well as many other human welfare indicators; and

Whereas, The benefits of youth engagement in civic processes has been demonstrated in consistent and powerful ways, including through youth commissions in San Francisco and Philadelphia, and

Whereas, New York City Community Boards are composed of dedicated and able volunteers who could serve as role models and mentors to emerging young civic actors, and should be opened to include members who are 16 and 17 years old; and

Whereas, Bills A.2448, introduced by Assemblymember Rozic, and S.4142, introduced by Senator Lanza, would lower the minimum age for New York City Community Board members from eighteen to sixteen; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass and the Governor to sign into law A.2448 and S.4142, which would allow sixteen and seventeen year olds to be appointed to New York City Community Boards.

Report for voice-vote Res. No. 121

Report of the Committee on Public Safety in favor of approving a Resolution recognizing every June as Gun Violence Awareness Month in New York City.

The Committee on Public Safety, to which the annexed resolution was referred on March 12, 2014 (Minutes, page 702), respectfully

REPORTS:

I. INTRODUCTION

On June 9, 2014, the Committee on Public Safety, chaired by Council Member Vanessa L. Gibson, will hold a public hearing to discuss and vote on Resolution No. 121, recognizing every June as Gun Violence Awareness Month in New York City. The Committee on Public Safety will also hear testimony on Resolution No. 264, supporting A.2736/S.1379, which would amend state law by prohibiting using possession of a condom as evidence in prostitution and prostitution related trials, hearings or proceedings.

II. RESOLUTION NO. 121

Recent horrific and tragic mass shootings have sparked nationwide conversations about the need for gun control measures and other necessary actions to curb gun violence. The problem of gun violence, however, is not limited to large scale and highly publicized incidents. Instead, gun violence tears apart families and communities on a daily basis throughout all American cities, including New York City.

For example, in New York City in 2012 there were nearly 1,375 shooting incidents, where a person was injured either fatally or non-fatally and 57% of all murders in 2012 were attributed to gun violence.¹ The gun violence epidemic disproportionately impacts certain communities within the city. For instance, approximately half of all shooting incidents in 2012 occurred in only 10 of the City's 76 police precincts.² It is clear, then, that nationwide conversations through which local, state, and federal officials work together to find solutions to the gun violence plague must be continued.

¹ NYPD Data, on file with the Committee on Public Safety

² New York City Council Task Force to Combat Gun Violence, December 2012 Report, available at: <http://council.nyc.gov/html/pr/gvtfreport.pdf>

The decision to recognize June as Gun Violence Awareness Month is timely because statistics show that gun violence and the resulting injuries and deaths increase substantially in the summer months. In 2011, for example, there was an almost 120% increase in shooting incidents in New York City when comparing the first quarter of that year to the third quarter of that year, which encompasses the months of July and August.

New York State Senator Ruth Hassell-Thompson and New York State Assembly Member Karim Camara introduced resolutions in the State legislature that declare the month of June as Gun Violence Awareness Month throughout the State. In 2013 the Senate and Assembly passed a similar resolution and several cities and counties throughout the State introduced and passed similar resolutions or proclamations to show their support for this awareness campaign. The Council recognizes that there is no one simple solution to the gun violence epidemic, but believes that in order to adequately address the problem all New Yorkers must be properly educated and informed. With the proper awareness, we can collectively work toward ensuring our loved-ones, friends, and neighbors are not the victims of gun violence.

For these reasons, this Resolution recognizes every June as Gun Violence Awareness Month in New York City. Such recognition by local and state officials will increase efforts to protect all New Yorkers, especially those who are disproportionately affected by such violence, by furthering the dialogue with our local, state and federal partners. This dialogue will help the continued efforts to examine the causes of gun violence and to create meaningful solutions.

III. RESOLUTION NO. 264

Under existing law state law, the possession of condoms may be introduced as evidence of prostitution and certain other sex offenses. This evidence may also be used in other certain civil proceedings. According to advocates, the policy has the impact of putting New Yorkers at greater risk of acquiring sexually-transmitted infections and diseases. Advocates allege that sex workers and other individuals who have been profiled by the police as being sex workers are less likely to carry condoms because they fear the possibility that the possession of condoms would be used against them as evidence of prostitution. Therefore, advocates are concerned that the current law has the effect of discouraging the carrying and use of condoms and accelerating the spread of sexually transmitted diseases, thus endangering the public health of all New Yorkers.

In 2013 former Kings County District Attorney Hynes implemented a policy of not using the possession of a condom as evidence in individual cases of prostitution and loitering for the purpose of prostitution. Nevertheless, the City's prosecutors and some advocates continue to believe that possession of a condom can be a useful tool in prosecuting certain subsets of prostitution cases, such as sex-trafficking.³ With that in mind, on May 12, 2014 the New York City Police Department announced that it had reviewed its agency protocols with respect to invoicing condoms in prostitution-related offenses and that it will limit the circumstances under which condoms will be secured as arrest evidence.⁴ However, under this forthcoming new policy condoms confiscated in arrests for promoting prostitution and sex trafficking will continue to be invoiced as arrest evidence.⁵

In January of 2013, Assembly Member Barbara Clark and Senator Velmanette Montgomery introduced A.2736/S.1379, which would amend the New York State Civil Practice Law and Rules, the New York State Criminal Procedure Law, and the New York State Executive Law to prohibit possession of a condom from being received in evidence in certain trials, hearings or proceedings.

A.2736/S.1379 specifically would prohibit the possession of a condom from being used as evidence of prostitution, patronizing a prostitute, promoting prostitution, permitting prostitution, or maintaining a premise for prostitution in a **civil proceeding** brought pursuant to the following:

- **NYS Multiple Dwelling Law §12(1)**, which makes it unlawful to use any multiple dwelling for the purpose of prostitution.
- **NYS Multiple Dwelling Law Article 10**, which allows for the placing of a lien on a multiple dwelling if it is used as a house of prostitution.
- **NYS Public Health Law §2320**, which declares that any building used for the purpose of lewdness or prostitution is a nuisance.
- **NYS Real Property Law §231**, which allows for the voiding of a lease if property is used for an unlawful purpose (including prostitution).
- **NYS Real Property Actions and Proceedings §711(5)**, which allows a landlord to bring a special proceeding if the premises is used for purposes of prostitution.
- **NYS Real Property Actions and Proceedings §715**, which

allows the owner or resident of a dwelling located within two hundred feet of a building being used for the purpose of prostitution to bring a removal proceeding against the owner and/or occupant of said building.

•
A.2736/S.1379 would also prohibit evidence that a person was in possession of one or more condoms from being admitted at any **criminal proceeding** to prove probable cause for an arrest or to prove a person's commission or attempted commission of the following offenses:

- **NYS Penal Law §230.00** - Prostitution
- **NYS Penal Law §230.03** - Prostitution in a school zone.
- **NYS Penal Law §230.04** - Patronizing a prostitute in the third degree
- **NYS Penal Law §230.05** - Patronizing a prostitute in the second degree
- **NYS Penal Law §230.06** - Patronizing a prostitute in the first degree.
- **NYS Penal Law §230.19** - Promoting prostitution in a school zone.
- **NYS Penal Law §230.20** - Promoting prostitution in the fourth degree

- **NYS Penal Law §230.25** - Promoting prostitution in the third degree
- **NYS Penal Law §230.30** - Promoting prostitution in the second degree
- **NYS Penal Law §230.32** - Promoting prostitution in the first degree
- **NYS Penal Law §230.33** - Compelling prostitution
- **NYS Penal Law §230.34** - Sex trafficking
- **NYS Penal Law §230.35** – Accomplice to promoting or compelling prostitution
- **NYS Penal Law §230.36** – Accomplice to sex trafficking
- **NYS Penal Law §230.40** - Permitting prostitution
- **NYS Penal Law §240.37** - Loitering for the purpose of engaging in prostitution

A.2736/S.1379 also amends the New York State Executive Law to ensure that all police and peace officers throughout the State of New York receive proper training regarding the above-mentioned evidentiary prohibitions.

Resolution No. 264 supports A.2736/S.1379.

Editor's Note: Res No. 264 was laid over by the Committee on Public Safety on June 9, 2014 and therefore did not appear on the June 11, 2014 Stated Council Meeting Agenda for a vote.

Accordingly, this Committee recommends the adoption of Res No. 121.

(The following is the text of Res. No. 121:)

Res. No. 121

Resolution recognizing every June as Gun Violence Awareness Month in New York City.

By Council Members Williams, Chin, Constantinides, Dickens, Espinal, Gibson, Lander, Levine, Torres, Van Bramer, Rosenthal, Mendez, Koslowitz, Cumbo, Cornegy, King, Miller, Greenfield and Mealy.

Whereas, Gun violence is a national and local problem affecting many Americans and New Yorkers on a daily basis; and

Whereas, Numerous tragedies have occurred over the past few years demonstrating how serious of a problem gun violence can be; and

Whereas, Often national attention is drawn only to large scale tragedies, yet there are gun violence injuries occurring on a daily basis throughout many American cities; and

Whereas, In New York City in particular, 57% of all murders in 2012 were attributed to gun violence; and

Whereas, Moreover there were nearly 1,375 shooting incidents, where a person was injured either fatally or non-fatally, in New York City in 2012; and

Whereas, In New York City, gun violence is a problem that disproportionately impacts certain neighborhoods and populations; and

Whereas, For example, approximately half of all shooting incidents in 2012 occurred in only 10 of the City's 76 police precincts; and

Whereas, Additionally, 64 percent of the murder victims in New York City in 2012 were African American; and

Whereas, Of the African American males aged 16 to 21 who were murdered in 2012, 86% were killed by a gun; and

Whereas, It is therefore clear that gun violence is a plague on our communities which must be stopped;

Whereas, Furthermore, gun violence and the resulting injuries and murders typically increase substantially in the summer months; and

Whereas, In 2011, there was an almost 120% increase in shooting incidents when comparing the first quarter of that year to the third quarter of that year, which encompasses the months of July and August; and

Whereas, It is therefore necessary for the City of New York to join the efforts of New York State Senator Ruth Hassell-Thompson and New York State Assembly Member Karim Camara to continue to increase public awareness about guns and the severity of their impact on our communities by recognizing every June as Gun Violence Awareness Month; and

Whereas, Recognition of the month of June as Gun Violence Awareness Month by local and state officials will increase efforts to protect all New Yorkers, especially those who are disproportionately affected by such violence, by furthering the dialogue with our local, state and federal partners to help examine the causes of gun violence and create meaningful solutions in an effort to prevent the violence from peaking again in the summer; now, therefore, be it

Resolved, That the Council of the City of New York recognizes every June as Gun Violence Awareness Month in New York City.

BEN KALLOS, *Chairperson*, DAVID G. GREENFIELD, MARK LEVINE, RITCHIE J. TORRES, STEVEN MATTEO; Committee on Public Safety, June 9, 2014.

Pursuant to Rule 8.50 of the Council, the Public Advocate (Ms. James) called for a voice vote. Hearing no objections, the Public Advocate (Ms. James) declared the Resolution to be adopted.

Adopted unanimously by the Council by voice-vote.

INTRODUCTION AND READING OF BILLS

Int. No. 375

By Council Members Arroyo, Ferreras, Johnson, King, Mendez, Rose, Koslowitz, Rodriguez and Rosenthal.

A Local Law to amend the administrative code of the city of New York, in relation to the right of senior citizens residing in multiple dwellings to maintain pets.

Be it enacted by the Council as follows:

Section 1. Legislative intent. The City Council finds that companionship from household pets can have a beneficial impact on the physical and mental health of pet owners. Studies have demonstrated that senior citizens with pets live longer, visit the doctor less often, cope better with stressful life situations such as the loss of a spouse, and recover more quickly from illnesses. There exists a significant public interest and purpose in preserving and enhancing the quality of life of the City's senior citizens. Such citizens should not be compelled to choose between remaining in their homes and having the benefit of pet companionship. The City continues to experience an affordable housing crisis and the shortage of such housing offers senior citizens, many with limited incomes, few options if they are forced to leave their homes due to their need for pet companionship. Eviction of senior citizens from multiple dwellings or the failure to grant housing due to pet ownership is harmful to the public welfare.

§ 2. Article 1 of subchapter 2 of chapter 2 of title 27 of the administrative code of the city of New York is amended by adding a new section 27-2009.2 to read as follows:

§ 27-2009.2 *Right of senior citizens to maintain pets in multiple dwellings.*
a. *Notwithstanding the provisions of any lease, rental agreement or contract to the contrary, or any other applicable provision of law, no person who is sixty-two years old or older or who will attain such age during the term of such lease, rental agreement or contract, shall be denied occupancy in a dwelling unit in a multiple dwelling or be subject to eviction from such a dwelling unit solely on the ground that such person owns or maintains a household pet, of a type or species the harboring of which is not prohibited by this code, the multiple dwelling law or any other applicable law, where the keeping of such pet has been recommended for such person by a health care professional such as, but not limited to, a physician, physician assistant, nurse practitioner, mental health practitioner, licensed master social worker or clinical social worker.*

b. *An owner of a multiple dwelling may require a person who intends to maintain a pet pursuant to this section to furnish a copy of a health care professional's recommendation issued pursuant to subdivision a of this section, provided, however, that failure to furnish such documentation to an owner may not be a ground for eviction or removal of a pet unless such owner has first made a written demand for such documentation and allowed at least fifteen days for compliance.*

c. The provisions of this section shall not apply where the maintenance of a pet causes damage to the subject premises, creates a nuisance or interferes substantially with the health, safety or welfare of other lawful occupants of the multiple dwelling, provided, however, that before being subject to eviction on any of these grounds, a person who maintains a pet pursuant to this section shall be given an opportunity, within thirty days of a written demand by the owner of the multiple dwelling, to repair such damage or abate such nuisance or interference with the health, safety or welfare of other lawful occupants.

§ 3. This local law shall take effect immediately.

Referred to the Committee on Housing and Buildings.

c. Notwithstanding title II of article 7 of the election law, the voting system procured or developed pursuant to subdivision a of this section shall be deployed without being submitted to the state board of elections for approval, and need not comply with the requirements of such title.

d. The provisions of this section shall be in effect notwithstanding any inconsistent provision of the election law.

§2. This local law shall take effect immediately following its ratification by the voters of this city in a referendum to be held in the general election next following its enactment.

By Council Members Chin, Koo, Mendez, Rodriguez, Rose, Dromm and Rosenthal.

A Local Law to amend the administrative code of the city of New York, in relation to requiring the cleaning of liquid on a sidewalk, flagging or curbside generated by trash placed curbside for collection and allowing the use of a hose to conduct such cleaning during times otherwise proscribed by such code.

If the food or beverage service

establishment is not open for business on such day, the cleaning requirements of subparagraph i of this paragraph shall apply.

(2) For purposes of this subdivision, "food or beverage service establishment" shall mean any establishment that serves food or beverages that is required to be permitted pursuant to articles 85, 87, 88, or 89 of the New York city health code or any beverage service establishment required to be licensed pursuant to section 100 of the New York state alcoholic beverage control law that sells beverages for on-premises consumption.

9. (a) [Any] Except for violations of paragraph c of subdivision two of this section, any person violating the provisions of this section shall be liable for a civil penalty of not less than fifty dollars nor more than two hundred fifty dollars, except that for a second violation of subdivision one, three, four, or six of this section within any twelve-month period, such person shall be liable for a civil penalty of not less than two hundred fifty dollars nor more than three hundred fifty dollars and for a third or subsequent violation of subdivision one, three, four or six of this section within any twelve-month period such person shall be liable for a civil penalty of not less than three hundred fifty dollars nor more than four hundred fifty dollars.

(b) Any person who violates paragraph c of subdivision 2 of this section shall be liable for a civil penalty of not less than one hundred dollars nor more than five hundred dollars, except that for a second violation of such subdivision within any twelve-month period, such person shall be liable for a civil penalty of not less than five hundred nor more than six hundred dollars and for a third or subsequent violation of such subdivision within any twelve-month period such person shall be liable for a civil penalty of not less than seven hundred dollars nor more than nine hundred dollars.

[It] Except for the purposes of cleaning liquids by an owner, lessee, tenant, occupant or person in charge of a food or beverage service establishment as provided in paragraph c of subdivision 2 of section 16-118 of this code, it shall be unlawful for any person to wash any street, sidewalk, areaway, steps, building or other place in the city by means of a hose or piping, or to use water through a hose or sprinkler for watering lawns or gardens, or to operate any outside shower where the water runs upon a street, sidewalk, or other public place between the first day of November and the last day of March following.

Int. No. 378

By Council Members Constantinides, Chin, Cumbo, Mendez, Rodriguez, Rose and Rosenthal.

A Local Law to amend the administrative code of the city of New York, in relation to reducing greenhouse gases by eighty percent by two thousand fifty.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. The Council finds that the reduction of greenhouse gases that contribute to global warming is critical to the current and future prosperity of New York City. The Council further finds that in view of the rapid progress of climate change events and indicators and in order to increase the effectiveness of New York City measures intended to prepare for and alter the course of adverse climate change impacts on New York City's critical infrastructure and vulnerable citizens, and consistent with the spirit of PlaNYC 2030 and the New York City Climate Protection Act, Local Law 22 of 2008, the reduction of emissions citywide should be increased from a thirty percent reduction in citywide emissions by calendar year 2030, relative to such emissions for the base year, to an eighty percent reduction in citywide greenhouse gas emissions relative to such emissions for the base year by calendar year 2050.

Therefore, the Council finds that it is in the best interests of the City to provide for an increase in future reductions in citywide greenhouse gas emissions.

§ 2. Subdivision a of section 24-803 of the administrative code of the city of New York is amended to read as follows:

§24-803 Reduction of greenhouse gas emissions that contribute to global warming. a. (1) Reduction of emissions citywide. There shall be, at minimum, a thirty percent reduction in citywide emissions by calendar year 2030, and an eighty percent reduction in citywide emissions by calendar year 2050, relative to such emissions for the base year for citywide emissions.

(2) The emissions reduction required by paragraph one of this subdivision shall be achieved through the applicable policies, programs and actions included in PlaNYC, the long-term sustainability plan developed and updated pursuant to section twenty of the New York city charter, and any additional policies, programs and actions to reduce greenhouse gas emissions that contribute to global warming. If the office determines that such emissions reduction is not feasible despite the best efforts of city government, such office shall report such findings and make recommendations with respect to policies, programs and actions that may be undertaken to achieve such reductions.

§ 3. This local law shall take effect immediately.

§ 19-111 Curbs and curb cuts. a. All curbs for the support of sidewalks hereafter to be laid shall be of the material or materials, dimensions and construction required in department specifications for such work, which shall be prescribed by the commissioner and kept on file in his or her office.

b. Notwithstanding any other law, rule, or regulation, it shall be lawful for a property owner to paint a curb cut that was authorized pursuant to a permit from the department. However, this section shall not be construed to allow the painting of any curb for the purpose of unlawfully reserving parking. § 2. This local law shall take effect immediately.

Res. No. 275

Resolution calling upon the New York State legislature to pass and the Governor to enact S.6490/A.8344, regarding the repeal of reimbursement tax credits to low-wage employers who pay minimum wages to students ages 16 to 19.

By Council Members Constantinides, Miller, Rodriguez and Rose.

Whereas, Pursuant to Part EE of Chapter 59 of the New York State laws of 2013, employers who hire youths between the ages of 16 and 19, and pay said youths the state minimum wage, receive a reimbursement tax credit; and

Whereas, The reimbursement tax credit outlined in Part EE of Chapter 59 of the New York State laws of 2013 effectively incentivizes employers to hire low paid students over more experienced and better-compensated older individuals; and

Whereas, The repeal of said reimbursement tax credit would encourage employers to hire more experienced older individuals, and would result in a savings of approximately \$24 million for New York State in fiscal year 2015-2016; and

Whereas, On January 9, 2014, the New York State Assembly introduced and referred A.8344 by Speaker Sheldon Silver, which would repeal the reimbursement tax credit outlined in Part EE of Chapter 59 of the New York State laws of 2013, to the Assembly Committee on Ways and Means; and

Whereas, On January 29, 2014, the New York State Senate introduced and referred S.6490 by Senator José Peralta which would repeal the reimbursement tax credit outlined in Part EE of Chapter 59 of the New York State laws of 2013, to the Senate Committee on Investigations and Operations; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State legislature to pass and the Governor to enact S.6490/A.8344, regarding the repeal of reimbursement tax credits to low-wage employers who pay minimum wages to students ages 16 to 19.

Referred to the Committee on Civil Service and Labor.

Res. No. 276

Resolution calling on the New York State Legislature to pass and the Governor to sign, legislation to amend the Domestic Relations Law and the Family Court Act to prevent the Division of Child Support Enforcement from suspending driving privileges for individuals who need a functioning New York State driver's license in order to earn a living.

By Council Members Eugene, Rose and Rosenthal.

Whereas, Pursuant to New York State law, a child support enforcement unit, which in New York city is administered by the Human Resources Administration, or a family court judge may order the Department of Motor Vehicles to suspend an individual's driving privileges if the individual owes child support arrears equivalent to or greater than the amount of support past due for a period of four months; and

Whereas, Additionally pursuant to New York State law, the suspension of driving privileges cannot be applied to individuals who are receiving public assistance or supplemental security income, or low-income individuals whose income falls below the self-support reserve amount; and

Whereas, Individuals whose driving privileges are suspended may apply to the Department of Motor Vehicles for a restricted use license which enables an individual with a suspended license to drive to and from their employment, school or necessary medical appointments; and

Whereas, However, restricted use licenses are not available for the operation of commercial or for-hire vehicles such as a taxicab, livery, coach, limousine, van or wheelchair accessible van or tow truck; and

Whereas, In addition to the suspension of a driver's license, child support arrears may be collected by a child support enforcement unit through income executions, unemployment insurance benefits executions, income tax refund interceptions, reports to credit bureaus, lottery winnings interceptions, property executions, passport denials, liens, and referrals to the New York State Department of Taxation and Finance; and

Whereas, According to the Annie E. Casey Foundation "often the loss of a license is caused more by poverty . . . than it is by a willful disregard for the law"; and

Whereas, Although the suspension of a driver's license may serve as an effective enforcement method for some individuals, it is illogical to revoke the license of an individual who relies on a driver's license to generate income; and

Whereas, There are many other enforcement methods to collect child support arrears other than the suspension of a driver's license, which prohibits individuals such as taxicab drivers and deliverymen, whose ability to drive a vehicle is essential to their capacity to earn a living, from paying their child support; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Legislature to pass and the Governor to sign, legislation to amend the Domestic Relations Law and the Family Court Act to prevent the Division of Child Support Enforcement from suspending driving privileges for individuals who need a functioning New York State driver's license in order to earn a living.

Res. No. 278

Resolution calling upon the United State Congress to introduce and pass, and President Barack Obama to sign, legislation to expand the Earned Income Tax Credit, and further, calling upon the New York State Legislature to introduce and pass, and the Governor to sign, legislation which would enable the City of New York to increase the City's Earned Income Tax Credit from 5% to 10% of the federal Earned Income Tax Credit.

By Council Members Garodnick, Chin, Cumbo, Dickens, Ferreras, Johnson, Levine, Mendez, Richards, Rodriguez, Rose and Rosenthal.

Whereas, The Earned Income Tax Credit ("EITC"), first enacted by the Federal Government in 1975, reduces tax burdens and provides the working poor with a tax credit on federal personal income taxes which can exceed the taxes paid, as an incentive for low income workers to work; and

Whereas, The EITC is a refundable tax credit so that if a worker's income tax liability is less than the amount of the credit for which he or she qualifies, the worker receives the remaining amount as a refund; and

Whereas, Studies have shown that families use the EITC to pay for necessities, tuition, make home and car repairs, and in some cases, obtain additional education or training which in return can increase earning power; and

Whereas, To be eligible for the EITC, one must have a qualifying child, or be 25 years of age or older, but no older than age 65; and

Whereas, Earned income and adjusted gross income (AGI) must each be less than \$46,997 (\$52,427 married filing jointly) with three or more qualifying children; \$43,756 (\$49,186 married filing jointly) with two qualifying children; \$38,511 (\$43,941 married filing jointly) with one qualifying child; \$14,590 (\$20,020 married filing jointly) with no qualifying children; and

Whereas, Investment income must be \$3,350 or less for the year; and

Whereas, In Tax Year 2014, the maximum credit is \$6,143 with three or more qualifying children; \$5,460 with two qualifying children; \$3,305 with one qualifying child; and \$496 with no qualifying children; and

Whereas, In 1994, New York State adopted the New York EITC equal to 7.5% of the federal EITC; and

Whereas, After several increases throughout the years, the State's credit is now equal to 30% of the federal EITC; and

Whereas, In 2014, according to the New York State Division of the Budget, the State EITC provides approximately \$1.096 billion annually in tax credits to eligible taxpayers; and

Whereas, In 2004, at the Council's urging, the State authorized the City to adopt an EITC and the Council by local law adopted a refundable City EITC equal to 5% of the federal credit; and

Whereas, According to the New York City Department of Finance, as a result of this program, as of 2013, the City EITC provides approximately \$95.0 million annually in tax credits to 896,892 eligible taxpayers; and

Whereas, In New York City, the average credit per filer is \$106; and

Whereas, Research indicates that the EITC is an essential tool in reducing poverty because it provides targeted tax benefits to moderate and low-income taxpayers, encourages work, assists families and communities and reduces welfare receipts among single parents; and

Whereas, While the EITC is available to workers without qualifying children, the credit is small and phases out to at very low incomes, and as such, it provides little assistance to childless individuals at or near the poverty line, and little incentive to enter the workforce; and

Whereas, Moreover, the current age restriction prevent workers younger than age 25 from claiming the EITC; and

Whereas, Citing the EITC as one of the most significant tools for reducing poverty and encouraging people to enter the workforce, in March 2014, President Barack Obama announced a proposal to expand the federal EITC; and

Whereas, In his proposal, the federal EITC would double the maximum credit for individuals without children to approximately \$1,000, decrease the age of eligibility for such individuals from 25 to 21, and increase the upper age limit of such individuals from 65 to 67; and

Whereas, Since the City EITC is a function of the Federal EITC, the eligibility criteria of the City EITC must mirror the Federal EITC; and

Whereas, Amending the Federal EITC would encourage employment among young workers living independently without children, and incentivize those who are currently in the working to remain in the workforce longer; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United State Congress to introduce and pass, and President Barack Obama to sign, legislation to expand the Earned Income Tax Credit, and further, calling upon the New York State Legislature to introduce and pass, and the Governor to sign, legislation which would enable the City of New York to increase the City's Earned Income Tax Credit from 5% to 10% of the federal Earned Income Tax Credit.

i. The department shall recover the cost of restoring the curb from the owner of any property that benefited from the illegal curb cut, the person responsible for creating the illegal curb cut, or all of such persons. The recovery of such costs shall be in addition to any civil penalty imposed in accordance with subdivision h of this section.

The community board shall have sixty days from the date of notification to submit comments and recommendations to the department with respect to such application.

The department shall consider these comments and recommendations in its decision to grant or deny a permit for a curb cut and shall inspect any location proposed as the location of a curb cut prior to the issuance of a permit to create a curb cut. For the purposes of this section, the term "curb cut" shall mean a break in a curb to allow access from the roadway and across the sidewalk to a legal parking space within the property line.

Res. No. 279

Resolution calling upon the New York State Legislature to pass and the Governor to sign S.6455/A.9836, which would establish a living wage rate of \$15 for employees of large retail employers, including large fast food restaurant employees.

By Council Members Levine, Chin, Cumbo, Johnson, King, Mendez, Richards, Rodriguez, Rose and Rosenthal.

Whereas, The New York State Legislature and Governor Andrew Cuomo recently increased the minimum wage to \$8 per hour, which will increase to \$9 by the end of 2015; and

Whereas, Before taxes, a full time minimum wage worker in New York earning \$8 per hour, working 40 hours a week, 52 weeks a year, will earn \$64 per day, \$320 per week, or \$16,640 per year; and

Whereas, Minimum wage retail workers in New York City would be helped by the establishment of a separate and higher minimum wage rate for employees of large retail and fast food employers; and

Whereas, According to economic research, a higher minimum wage would likely increase spending on locally produced goods and services by workers benefiting from such increased wages, which in turn would likely produce greater demand and help stimulate the local economy; and

Whereas, According to the United States (U.S.) Bureau of Labor Statistics (BLS), as of May 2013, in the U.S., the average clothing store worker made \$10.53 per hour, the average department store worker made \$10.55 per hour and the average sporting goods worker made \$10.65 per hour; and

Whereas, the U.S. BLS also found that in 2013 the average retail salesperson in the New York City Metropolitan area made \$10.64 per hour; and

Whereas, According to the Huffington Post, the national average salary for fast food workers is about \$9 per hour or approximately \$19,000 per year; and

Whereas, In New York City, according to the Huffington Post, the average fast food worker's annual salary is about \$11,000; and

Whereas, The average CEO of a fast-food company was paid \$23.8 million in 2013, or more than 1,000 times what most of their employees make, according to CBS; and

Whereas, According to the 2013 Quick Service Restaurants ranking of fast food restaurants, McDonald's, Subway, Starbucks, Wendy's, Burger King, Taco Bell, Dunkin' Donuts, Pizza Hut, Chick-Fil-A and KFC are the nation's top earners; and

Whereas, According to New York Communities for Change, there are over 50,000 fast food workers in New York City; and

Whereas, According to Fast Food Forward, a group that seeks to highlight the wage related issues of the fast food restaurant workers, many of these fast food workers are adults in full time positions seeking to support their families with the wages earned from their fast food jobs; and

Whereas, According to a collaborative report released in 2005 by the Community Development Project of the Urban Justice Center, the Brennan Center for Justice at New York University Law School and the Community Service Society, there are social costs to low wage jobs; and

Whereas, According to the report, low wage workers in the food industry lack job security which leads to an increased reliance on unemployment insurance and social assistance programs such as welfare, housing subsidies and child care subsidies; and

Whereas, These programs are administered by local, state and federal governments but funded by tax payer dollars; and

Whereas, In 2004, the University of California, Berkeley Center for Labor Research and Education released a study estimating that California taxpayers pay \$10 billion annually in hidden costs associated with wages that perpetuate poverty earned by 2 million families; and

Whereas, The study found that in California, the majority of the public assistance (over 25 percent or \$5.7 billion) that went to working families was received by families whose workers were earning less than \$8 per hour; and

Whereas, The study further asserted that by creating conditions that essentially force workers to rely on and participate in social programs rather than providing essential benefits, fast food restaurants are, in effect, receiving an indirect public subsidy while placing profits over the livelihood of their workforce; and

Whereas, The corporations that own many fast food restaurants which employ these low wage workers continue to see revenue growth and in some cases are opening more locations in New York City; and

Whereas, If operators of fast food restaurants paid their workers a family sustaining wage that would allow them to support their families without relying on public benefit programs, the monies used to fund those programs could be reallocated to programs that combat issues such as obesity; and

Whereas, On May 15, 2014, fast food workers in approximate 150 cities staged a one-day strike demanding a \$15 per hour rate, according to CBS News; and

Whereas, According to the New York Times, workers first staged a strike demanding a \$15 per hour wage at a McDonald's in New York City on November 29, 2012; and

Whereas, Legislation sponsored by New York State Senator Daniel Squadron and Assembly Member Nily Rosik would require large for-profit non-manufacturing employers (primarily retail and fast food chains) with gross revenues over \$50 million to pay their workers a living wage higher than the state or federal minimum wage; and

Whereas, The living wage required under the legislation would initially be \$15, but be indexed to inflation to automatically increase annually; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass and the Governor to sign S.6455 and A.9386, which would establish a living wage rate of \$15 for employees of large retail employers.

A Local Law to amend the administrative code of the city of New York, in relation to indoor asthma allergen hazards in residential dwellings.

Be it enacted by the Council as follows:

Section 1. Subchapter 2 of chapter 2 of title 27 of the administrative code of the city of New York is amended by adding a new article 15 to read as follows:

ARTICLE 15

REDUCTION OF ASTHMA TRIGGERS IN RENTAL HOUSING

§27-2056.19 *Statement of findings and purposes.*

§27-2056.20 *Definitions.*

§27-2056.21 *Owners' responsibility to remediate.*

§27-2056.22 *Owners' responsibility to notify occupants and to investigate.*

§27-2056.23 *Violation in a dwelling unit.*

§27-2056.24 *Violation in a common area.*

§27-2056.25 *Violation in a dwelling unit upon turnover.*

§27-2056.26 *Department inspections.*

§27-2056.27 *Department implementation and enforcement.*

§27-2056.28 *Work practices.*

§27-2056.29 *Department removal of violations placed by the department of health and mental hygiene.*

§27-2056.30 *Reporting.*

§27-2056.31 *Waiver of benefit void.*

§27-2056.19 *Statement of findings and purposes. According to the United States environmental protection agency, Americans spend an average of 90 percent of each 24 hour period indoors. The Council finds that poor indoor air quality resulting from indoor asthma allergen hazards is a serious threat to the approximately one million New Yorkers, including around 177,000 children, diagnosed with asthma.*

Asthma is the leading cause of school absenteeism among children and the most common cause of hospitalization for children fourteen years and younger. Children living in low income areas are four times more likely to be hospitalized for asthma than children living in high income neighborhoods. Exposure to aeroallergens has been identified as a major environmental risk factor in the development of asthma in children, as an important determinant of asthma severity in children, and possibly as a key variable in accounting for the observed increase in the prevalence and severity of asthma in children observed over the past two decades. The Council finds that major indoor allergens, which often trigger asthma, include infestation of pests such as cockroaches, rats, and mice. According to the Department of Health and Mental Hygiene, residents of New York City with pest infestations in their homes are one and a half to two times more likely to suffer from asthma and tend to experience more severe symptoms.

The Council also finds that another major indoor allergen is fungi, commonly known as mold, many species of which can thrive in a residential indoor environment under certain conditions and produce potent mycotoxins, which are fungal metabolites that have been identified as toxic agents. The inhalation of mycotoxins can cause respiratory difficulties, cause or exacerbate allergies, particularly in persons who have a history of allergic diseases, and aggravate asthma. Fungal exposure is not only associated with new onset asthma and exacerbated asthma, but also adversely affects persons with other lung problems such as chronic obstructive pulmonary disease and lung cancer. In addition, unsafe remediation of indoor mold hazards can result in increased risks to occupants and workers alike, including the development of organic dust toxic syndrome or hypersensitivity pneumonitis.

The Council also finds that the contamination of a dwelling with mold hazards and pest infestation can be caused by a variety of building maintenance problems, generally related to water infiltration, moisture control, and pest entryways. The response to these hazards requires proper assessment of the underlying cause of fungal growth and the prompt and safe remediation of contaminated building materials and ventilation systems, and elimination of pest entryways. Mold complaints to the Department of Health and Mental Hygiene have increased dramatically over recent years. Moreover, many of the 70,000-plus New York City homes flooded by Superstorm Sandy in 2012 developed mold infestations, and due to slow-moving repair efforts after the storm, extensive mold was often left unabated and the contamination spread. The problem was also frequently exacerbated by hasty and ineffective remediation attempts by owners.

The Council further notes that the New York City Housing Authority, pursuant to a class action settlement in a federal lawsuit captioned Baez v. New York City Housing Authority, has committed to implementing extensive protocols in public housing for the prevention, detection, and prompt and safe remediation of mold contamination and the underlying defects that may lead to such contamination.

The Council further finds that the response by private building owners and the Department of Environmental Protection to indoor allergen hazards has not been consistent, nor guided by appropriate standards. While it is intended that the Department of Environmental Protection shall have the primary role of enforcing violations of the housing maintenance code concerning pest infestation and mold, it is also intended that the Department of Health and Mental Hygiene shall have a significant role in the promulgation of rules and in the development of necessary procedures pursuant to this article.

§27-2056.20 *Definitions.* Whenever used in this article the following terms shall have the following meanings:

"Indoor mold hazard" shall mean any condition of mold growth on an indoor surface, building structure or ventilation system, including mold that is within wall cavities, that is likely to cause harm to a person or that has been cited as a violation by the department.

"Pest" means (a) undomesticated rats and mice, and (b) any other insect or other pest as defined in section 27-2017 of this chapter, or any other form of plant or animal life, that the commissioner of health and mental hygiene has declared to be a pest for the purposes of this article.

"Susceptible person" shall mean a person who has had a medical diagnosis of asthma, chronic pulmonary obstructive disease, or lung cancer by a physician or other medical professional.

"Underlying defect" shall mean a condition that causes an indoor mold hazard, such as a water leak or water infiltration from plumbing or defective masonry pointing or other moisture condition, or an infestation of pests, including holes or entryway paths for pests.

"Visible mold" shall mean an indoor mold hazard that is readily identifiable by visual inspection, including an indoor mold hazard that is behind furniture or other interior obstructions.

§27-2056.21 *Owners' responsibility to remediate.* The existence of an indoor allergen hazard in any multiple dwelling is hereby declared to constitute a condition dangerous to life and health. An owner shall take action to prevent the reasonably foreseeable occurrence of such a condition and shall expeditiously remediate such condition and any underlying defect, when such underlying defect exists, consistent with the work practices established pursuant to section 27-2056.28 of this article.

§27-2056.22 *Owners' responsibility to notify occupants and to investigate.* a. The owner of a multiple dwelling shall cause an investigation to be made for indoor allergen hazards in all dwelling units where a susceptible person is known to reside.

b. The owner of a multiple dwelling shall also cause an investigation to be made for indoor allergen hazards in occupied dwelling units not otherwise subject to an investigation pursuant to subdivision a of this section as follows:

1. In one-hundred percent of such occupied dwelling units in a multiple dwelling with fewer than twenty dwelling units;

2. In at least sixty-seven percent of such occupied dwelling units selected at random in a multiple dwelling with fewer than fifty dwelling units;

3. In at least fifty percent of such occupied dwelling units selected at random in a multiple dwelling with fewer than one hundred dwelling units but not fewer than fifty dwelling units; and

4. In at least thirty-three percent of such occupied dwelling units selected at random in a multiple dwelling with one hundred or more dwelling units.

c. 1. Investigations under subdivisions a and b of this section shall be undertaken at least once a year and more often if necessary, such as when, in the exercise of reasonable care, an owner knows or should have known of a condition that is reasonably foreseeable to cause an indoor allergen hazard, or an occupant makes a complaint concerning a condition that is likely to cause an indoor allergen hazard or requests an inspection, or the department issues a notice of violation or orders the correction of a violation that is likely to cause an indoor allergen hazard.

2. If the investigations conducted of dwelling units pursuant to subdivision b of this section result in the identification of indoor allergen hazards in twenty-five percent or more of such dwelling units in a given year, the owner shall conduct an investigation for indoor allergen hazards that year in all the remaining occupied dwelling units not otherwise subject to an investigation pursuant to paragraphs one and two of subdivision b of this section.

3. No occupant of a dwelling unit shall refuse access to the owner at a reasonable time and upon reasonable prior notice to any part of the dwelling unit for the purpose of investigation and repair of indoor allergen hazards.

d. All leases offered to tenants or prospective tenants in such multiple dwellings must contain a notice, conspicuously set forth therein, which advises tenants of the obligations of the owner and tenant as set forth in this section. Such notice must be in a manner approved by the department, the content of which shall, at a minimum, be in English and in the covered languages set forth in section 8-1002 of this code. The owner of such a multiple dwelling shall provide the occupant of such dwelling unit with the pamphlet developed by the department of health and mental hygiene pursuant to section 17-198 of this code. Such pamphlet shall be made available in English and in the covered languages set forth in section 8-1002 of this code.

e. The owner of a multiple dwelling with twenty or more dwelling units shall provide to an occupant of a dwelling unit at the signing of a lease, including a renewal lease, if any, or upon any agreement to lease, or at the commencement of occupancy if there is no lease, a notice in English and in the covered languages set forth in section 8-1002 of this code, the form and content of which shall be approved by the department of health and mental hygiene, inquiring whether a susceptible person resides or will reside therein. If there is a lease, such notice shall be included in such lease or be attached as a rider to such lease. For initial leases, such notice shall be completed by the occupant prior to commencement of occupancy but shall not be required prior to execution of such initial lease. For renewal leases, such notice shall be completed by the occupant at the time of such signing of such renewal lease.

f. Occupants of a multiple dwelling with twenty or more dwelling units shall have the option of disclosing to the owner of such multiple dwelling whether they are susceptible persons or whether a susceptible person resides in their dwelling unit, however no occupant shall be forced to disclose such information against their wishes. The owner of such multiple dwelling shall not disclose any information provided by an occupant concerning the presence of a susceptible person other than to the owner's employees and the department or the department of health and mental hygiene to the extent required for the purposes of compliance with this article.

g. 1. Each year, an owner of a multiple dwelling subject to subdivision b of this section shall, no earlier than January first and no later than January sixteenth, except as provided for in subparagraph iii of paragraph two of this subdivision, present to the occupant of each dwelling unit in such multiple dwelling a notice inquiring as to whether a susceptible person resides therein. Such notice, the form and content of which shall be approved by the department of health and mental hygiene, shall be presented as provided for in paragraph two of this subdivision, and shall be, at minimum, in English and in the covered languages set forth in section 8-1002 of this code.

2. The owner may present the notice required by paragraph one of this subdivision by delivering said notice by any one of the following methods:

i. by first class mail, addressed to the occupant of the dwelling unit;

ii. by hand delivery to the occupant of the dwelling unit;

3. i. Upon receipt of such notice provided pursuant to this subdivision the occupant shall have the responsibility to deliver by February fifteenth of that year, a written response to the owner indicating whether or not a susceptible person resides therein.

ii. Where an occupant has responded to the notice provided by the owner pursuant to subparagraph i of this paragraph by indicating that no susceptible person resides therein, during the period between the date of such response and the delivery of the notice provided by the owner pursuant to this subdivision during the immediately following year the occupant shall have the responsibility to inform the owner of susceptible person that comes to reside therein or any resident who becomes a susceptible person during such period.

h. Any owner who violates the provisions of this section, or the rules promulgated hereunder, shall be guilty of a misdemeanor punishable by a fine of up to five hundred dollars or imprisonment for up to six months or both. In addition, any violation of this section shall subject the owner to a civil penalty of not more than one thousand five hundred dollars per violation.

i. The department may, at its discretion, perform audits to determine compliance with the requirements of this section.

§27-2056.23 *Violation in a dwelling unit.* a. In any occupied dwelling unit in a multiple dwelling the existence of an indoor allergen hazard not caused by a tenant shall constitute a class C immediately hazardous violation.

§27-2056.24 *Violation in common areas of any multiple dwelling.* a. The existence of visible mold that covers an area in excess of ten square feet in any one room or any one level of a hallway of a common area, or fifty square feet in the aggregate in the common areas shall constitute a class C immediately hazardous violation.

b. The existence of visible mold that covers an area of ten square feet or less in any one room or any one level of a hallway of a common area shall constitute a class B hazardous violation.

b. Any owner who fails to comply with the provisions of subdivision a of this section, or the rules of the department shall be liable for a class C immediately hazardous violation.

§27-2056.26 *Department inspections.* a. When entering a dwelling unit in a multiple dwelling for the purpose of investigating the existence of any violation of this code, the department shall make diligent efforts to ascertain whether there is visible mold in the dwelling unit and shall inquire of the occupant whether mold is present in the dwelling unit.

b. In any dwelling unit in a multiple dwelling the department shall conduct an inspection pursuant to subdivision a of this section no later than twenty days after the department's receipt of a complaint describing a condition that would constitute a violation under sections 27-2056.23 or 27-2056.24 of this code. Where the department attempts to perform an inspection of a dwelling unit within the time period required by this subdivision but is unable to gain access, the department shall be required to make a second attempt to gain access to such dwelling unit within five days of such prior attempt. If the department is unable to gain access to that dwelling unit during this additional time period, the department shall provide written notice to the occupant of such dwelling unit that no further attempts at access shall be made unless a new complaint is submitted.

c. Each inspector who performs an inspection pursuant to subdivision b of this section shall use, where appropriate, diagnostic devices such as a moisture meter or borescope. For each room where visible mold or an indoor allergen hazard is found, the department shall also inspect for evidence of an underlying defect and shall indicate on the inspection report the location with the room of any visible mold, the condition of the subsurface below it, and the location of any underlying defect. Where, upon conducting an inspection, the department determines the existence of a condition constituting a violation of this article, the department shall serve a notice of violation within ten additional days.

d. The pamphlet developed by the department of health and mental hygiene pursuant to section 17-198 of this code shall be left at the premises of the dwelling unit at the time of an inspection made by the department pursuant to this section. Such pamphlet shall be delivered by the department in conjunction with all notices of violation issued pursuant to paragraph one of subdivision o of section 27-2115 of this code. Failure to include such pamphlet with such notices of violation shall not render null and void the service of such notices of violation. Such pamphlet shall also be made available to any member of the public upon request.

e. Notwithstanding any other provision of law, failure by the department or the department of health and mental hygiene to comply with any time period provided in this article or section 27-2115 of this chapter relating to responsibilities of the department and the department of health and mental hygiene, shall not render null and void any notice of violation issued by the department or the department of health and mental hygiene pursuant to such article or section, and shall not provide a basis for defense or mitigation of an owner's liability for civil penalties for violation of such article.

§27-2056.27 Department implementation and enforcement. a. The department shall provide appropriate training for indoor allergen hazard inspection and supervisory personnel. The department shall provide for the continuing education of inspection and supervisory personnel regarding changes in applicable federal, state, and local laws and guidance documents and require that each such individual has successfully demonstrated knowledge of those materials and the requirements of this article.

b. The department, with the approval of the department of health and mental hygiene, shall promulgate a comprehensive written procedure to guide department personnel in implementing and enforcing this article. Such procedures shall include a methodology and a form to be used by department personnel when conducting an inspection to carry out and record an inspection pursuant to section 27-2056.26 of this article.

c. The department shall promulgate rules for the implementation and enforcement of this article and to effect compliance with all applicable provisions of this article, rules promulgated thereunder, and all applicable city, state or federal laws, rules or regulations. Such rules shall be subject to the approval of the department of health and mental hygiene prior to their promulgation and shall include, but not be limited to, establishing:

1. uniform specifications and procedures to govern testing, including a standardized format for reporting such testing results, whenever tests for indoor allergen hazards in residential dwellings are performed, whether by or on behalf of an owner or an agency of the city of New York;

2. procedures by which an owner may apply to the department to postpone the date by which a violation shall be corrected pursuant to subdivision o of section 27-2115 of this code; and

(3) procedures to implement and to enforce compliance with paragraph 2 of subdivision o of section 27-2115 of this code, which shall include, but not be limited to, the requirement that an owner certify to:

(i) the correction of a violation of this article of the code, and

(ii) compliance with the rules promulgated by the department pursuant to section 27-2056.28 of this code.

§27-2056.28 Work practices. The department shall promulgate rules, with the approval of the department of health and mental hygiene, establishing work practices when correcting indoor allergen hazards, and underlying defects including violations cited by the department pursuant to this article. The department shall from time-to-time review and revise such rules based upon, among other things, the latest scientific data and developing federal and industry standards. The rules shall include training requirements, occupant protection measures, and relocation guidelines as needed, and shall further provide that any test results shall be filed with the department, and a copy shall be provided by the owner to the occupant of the dwelling unit.

§27-2056.29 Department removal of violations placed by the department of health and mental hygiene. Where the owner of the dwelling or relevant dwelling unit within such dwelling fails to comply with an order of the department of health and mental hygiene to correct a violation placed by the department of health and mental hygiene pursuant to section 17-197 of this code, the department of health and mental hygiene shall certify such conditions to the department of housing preservation and development within ten days after the date set for correction in said order. The conditions so certified shall be corrected by the department of housing preservation and development within thirty days of certification to the department.

§27-2056.30 Reporting. a. Within four months after the close of the first fiscal year after which this the local law adding this article takes effect and for every fiscal year thereafter, the commissioner shall provide to the council a written report on the department's implementation of this article during the preceding fiscal year. Such report shall include, at a minimum, an analysis of the department's program, a detailed statement of revenue and expenditures and a statistical section designed to provide a detailed explanation of the department's enforcement including, but not limited to, the following:

1. the number of complaints for visible mold and indoor allergen hazards in dwelling units, disaggregated by city or non-city ownership of the building which is the subject of the complaint;

2. the number of inspections by the department pursuant to this article, disaggregated by the city or non-city ownership of the building where the inspection occurred;

3. the number of violations issued by the department pursuant to this article;

4. the number of violations issued pursuant to this article that were certified as corrected by the owner, the number of such certifications that did not result in the removal of such violations, and the number of civil actions brought by the department against such owners; and

5. the number of jobs performed in which violations issued pursuant to this article were corrected by the department, the total amount spent by the department to correct the conditions that resulted in the violations, and the average amount spent per dwelling unit to correct such conditions; and

6. a statistical profile with geographic indexing, such as by community district, council district, and/or zip code, of multiple dwellings in which violations are placed, indicating the ages and general condition of the multiple dwellings and other factors relevant to the prevalence of indoor allergen hazards, which may include asthma rates in the relevant community, outstanding violations, and emergency repair charges.

b. The department of health and mental hygiene shall prepare a statistical profile on asthma rates in the population with geographic indexing, such as by community district, council district, and/or zip code. This report shall be utilized by the department in its implementation of this article to ascertain the sources and reduce the presence of asthma allergens. Such report shall be submitted to the council within nine months after the close of each calendar year.

c. The department shall maintain a central register of all department orders to correct a violation under this article. Such register shall indicate, if applicable, the date of the complaint, address of the premises, and the date of each inspection and reinspection.

§27-2056.31 Waiver of benefit void. a. No owner may seek to have an occupant of a dwelling unit waive the benefit or protection of any provision of this article. Any agreement by the occupant of a dwelling unit purporting to waive the benefit or protection of any provision of this article is void. Any owner who violates this section, or the rules promulgated hereunder, shall be guilty of a misdemeanor punishable by a fine of up to five hundred dollars or imprisonment for up to six months or both. In addition, any owner who violates this section shall be liable for a civil penalty of not more than five hundred dollars per violation.

b. Notwithstanding any other provision of this article, nothing herein shall be construed to alter existing or future agreements which allocate responsibility for compliance with the provisions of this article between a tenant shareholder and a cooperative corporation or between the owner of a condominium unit and the board of managers of such condominium.

c. The provisions of this article, other than section 27-2056.29, shall not apply to a dwelling unit in a multiple dwelling where (i) title to such multiple dwelling is held by a cooperative housing corporation or such dwelling unit is owned as a condominium unit, and (ii) such dwelling unit is occupied by the shareholder of record on the proprietary lease for such dwelling unit or the owner of record of such condominium unit, as is applicable, or the shareholder's or record owner's family.

§3. Section 27-2115 of the administrative code of the city of New York is amended by adding a new subdivision o to read as follows:

(o) (1) Notwithstanding any other provision of law, when the department serves a notice of violation to correct and certify a condition that constitutes a violation of article fifteen of subchapter two of this chapter, the notice of violation shall specify the date by which the violation shall be corrected, which shall be twenty-one days after service of the notice of violation, and the procedure by which the owner, for good cause shown pursuant to this subdivision, may request a postponement. The notice of violation shall further specify that the violation shall be corrected in accordance with the work practices established pursuant to section 27-2056.28 of this code. The notice of violation shall be served by personal delivery to a person in charge of the premises or to the person last registered with the department as the owner or agent, or by registered or certified mail, return receipt requested, or by certified mail with proof of delivery, to the person in charge of the premises or to the person last registered with the department as the owner or agent; provided that where a managing agent has registered with the department, such notice of violation shall be served on the managing agent. Service of the notice of violation shall be deemed completed three days from the date of mailing. Notification, in a form to be determined by the department, of the issuance of such violation shall be sent simultaneously by regular mail to the occupant at the dwelling unit that is the subject of such notice of violation. The department may postpone the date by which a violation shall be corrected upon a showing, made within the time set for correction in the notice, that prompt action to correct the violation has been taken but that full correction cannot be completed within the time provided because of serious technical difficulties, inability to obtain necessary materials, funds or labor, inability to gain access to the dwelling unit wherein the violation exists, or such other portion of the building as may be necessary to make the required repair. Such postponement shall not exceed fourteen days from the date of correction set forth in the notice of violation. The department may require such other conditions as are deemed necessary to insure correction of the violations within the time set for the postponement. The department shall provide to the owner and the occupant a written statement signed and dated by the person making such decision setting forth the reasons for each postponement of the date by which a violation shall be corrected or the reason for the denial of such application for a postponement. Said written statement shall be part of the records of the department.

(2) Notwithstanding any other provision of law, the notice of violation shall direct that the correction of each violation cited therein shall be certified to the department. Such certification shall be made in writing, under oath by the registered owner, a registered officer or director of a corporate owner or by the registered managing agent. Such certification shall include a statement that the violation was corrected in compliance with the work practices established pursuant to section 27-2056.28 of this code. All certifications shall be delivered to the department and acknowledgment of receipt therefore obtained or shall be mailed to the department by certified or registered mail, return receipt requested, no later than five days after the date set for correction, and shall include the date when each violation was corrected. Such certification of correction shall be supported by a sworn statement saying that the violation was properly corrected by the person who performed the

work if performed by an employee or agent of the owner. A copy of such certification shall be mailed to the complainant by the department not more than twelve full calendar days from the date of receipt of such certification by the department. Failure to file such certification shall establish a prima facie case that such violation has not been corrected.

(3) Whenever the department shall issue a notice of violation to correct a condition that constitutes a violation of sections 27-2056.23 or 27-2056.24 of article fifteen of subchapter two of this chapter, the department shall within fourteen days after the date set for the correction of such violation conduct a final inspection to verify that the violation has been corrected. Where, upon conducting an inspection, the department determines that a violation has not been corrected, the department shall correct such violation within forty-five additional days of such inspection or in such shorter time as is practicable.

(4) Notwithstanding any other provision of law, a person making a false certification of correction of a violation issued pursuant to article 15 of subchapter 2 of this chapter, in addition to any other civil penalty, shall be subject to a civil penalty of not less than one thousand dollars nor more than three thousand dollars for each false certification made, recoverable by the department in a civil action brought in a court of competent jurisdiction. If the person making such false certification is an employee of the owner then such owner shall be responsible for such civil penalty. In addition, any such person making a false certification of correction shall be guilty of a misdemeanor punishable by a fine of up to one thousand dollars or imprisonment for up to one year or both.

(5) Notwithstanding any other provision of law, a person who violates article fifteen of subchapter two of this chapter by failing to correct such violation in accordance with the work practices established pursuant to section 27-2056.28 of this code shall be subject to a civil penalty of two hundred fifty dollars per day for each violation to a maximum of ten thousand dollars from the initial date set for correction in the notice of violation until the date the violation is corrected and certified to the department, and in addition to any civil penalty shall, whenever appropriate, be punished under the provisions of article three of subchapter five of this code. There shall be a presumption that the condition constituting a violation continues after the service of the notice of violation. The owner shall be responsible for the correction of all violations noticed pursuant to article fifteen of subchapter two of this chapter, but in an action for civil penalties pursuant to this subdivision may in defense or mitigation of such owner's liability for civil penalties show:

(i) That the condition which constitutes the violation did not exist at the time the violation was placed; or

(ii) That he or she began to correct the condition which constitutes the violation promptly upon discovering it but that full correction could not be completed expeditiously because of serious technical difficulties, inability to obtain necessary materials, funds or labor, or inability to gain access to the dwelling unit wherein the violation exists, or such other portion of the building as might be necessary to make the repair, provided that a postponement was granted pursuant to this subdivision; or

(iii) That he or she was unable to obtain a permit or license necessary to correct the violation, provided that diligent and prompt application was made therefore; or

(iv) That the violation giving rise to the action was caused by the act of negligence, neglect or abuse of another not in the employ or subject to the direction of the owner, except that the owner shall be precluded from showing in defense or mitigation of such owner's liability for civil penalties evidence of any acts occurring, undertaken, or performed by any predecessor in title prior to the owner taking control of the premises. Where the aforesaid allegations are made by way of mitigation of penalties, the owner shall show, by competent proof, pertinent financial data and efforts made to obtain necessary materials, funds or labor or to gain access, or to obtain a permit or license and such other evidence as the court may require. If the court finds that sufficient mitigating circumstances exist, it may remit all or part of any penalties arising from the violations, but may condition such remission upon a correction of the violation within a time period fixed by the court.

(6) Notwithstanding any other provision of law, failure by the department to comply with any time period provided in this section relating to responsibilities of the department shall not render null and void any notice of violation issued by the department or the department of health and mental hygiene pursuant to such article or section, and shall not provide a basis for defense or mitigation of an owner's liability for civil penalties for violation of such article

§4. Chapter 1 of title 17 of the administrative code of the city of New York is amended by adding new sections 17-197, 17-198, and 17-199 to read as follows:

§17-197 Investigations of indoor allergen hazards. a. The department shall establish procedures to permit doctors, nurses, or other health professionals, upon the consent of their patients, to request a department investigation of possible indoor allergen hazards in dwellings where persons reside who have been medically diagnosed with asthma. The procedures may provide for referrals to the department of housing preservation and development of complaints that would be subject to section 27-2056.26 of this code. The procedures shall also provide for an investigation to be made when the department is notified that a person who has been medically diagnosed with asthma is residing in a dwelling with possible indoor allergen hazards. Such indoor allergen hazards may include, but are not limited to, mold that is not readily observable to the eye, including mold that is hidden within wall cavities, or such other conditions as the department shall from time-to-time determine are indoor allergen hazards.

b. In the event that the department determines that an indoor allergen hazard exists, the department shall order the owner to correct the condition and the underlying causes of such a condition within twenty-one days, in a manner and under such safety conditions as it may specify, including the work practices established pursuant to section 27-2056.28 of this code.

c. In the event that the department determines that the owner or other person having the duty or liability to comply with an order issued pursuant to this section fails to substantially comply therewith within twenty-one days after service thereof, the department shall in accordance with section 27-2056.29 of this code, request the department of housing preservation and development to execute such order pursuant to section 17-147 of this code.

§17-198 Education about indoor allergen hazards. The department shall develop a pamphlet, the content of which shall, at a minimum, be in English and in the covered languages set forth in section 8-1002 of this code, explaining the hazards associated with indoor allergens and describing the procedures to be used in order for a violation of sections 27-2056.23 and 27-2056.24 of this code to be corrected, including the work practices to be established pursuant to section 27-2056.28 of this code. Such pamphlet shall be made available in accordance with section 27-2056.26 of this code. Such pamphlet shall also be made available to any member of the public upon request.

§17-199 Inspection by the department of unsafe work practices for pest infestation and mold hazard remediation. The department shall promulgate rules requiring the department to respond to complaints regarding unsafe indoor mold hazard remediation.

§5. The provisions of this local law shall take effect one hundred eighty days after its enactment, except that the commissioners of health and mental hygiene and housing preservation and development shall promulgate all rules and take all other actions necessary to implement this local law on or before the date upon which it shall take effect.

Res. No. 280

Resolution calling on the Legislature and the Governor to restore funding to the Brownfields Opportunity Areas (BOA) Program, find a long-term funding source for the Program, and allow projects built consistent with a BOA to access the state's Tangible Property Brownfield Tax Credits and also receive a 5 percent tax credit bonus.

By Council Members Richards, Chin, Cohen, Constantinides, Mendez, Reynoso, Rodriguez, Rose, Miller and Rosenthal.

Whereas, The Brownfield Opportunity Areas (BOA) Program is stimulating the cleanup and revitalization of 12,075 potential brownfield sites in 126 communities across New York State; and

Whereas, Approximately \$12.6 million has been awarded to advance BOA revitalization projects in New York City involving over 2,500 potential brownfield sites; and

Whereas, The BOA Program is advancing area-wide revitalization strategies in poor neighborhoods and communities of color to prepare economically depressed sites and areas for community-supported rehabilitation and beneficial reuse; and

Whereas, The 2014-2015 New York State Budget has inexplicably eliminated funding for the BOA Program; and

Whereas, Withholding the modest funding required to maintain and sustain the momentum of this cost-effective program will damage the efforts of many of the City's most economically devastated areas to advance their economic revitalization and affordable housing objectives; and

Whereas, Funding for the BOA Program should be reinstated; and

Whereas, To avoid year-to-year threats of the BOA Program losing funding, a long-term funding source should be established; and

Whereas, The BOA Program can play a vital role in restoring and revitalizing distressed communities and creating jobs and so should be incentivized by allowing BOA Projects to access the Tangible Property Brownfield Tax Credits and also receive a 5 percent tax credit bonus; now, therefore, be it

Resolved, That the Council of the City of New York calls on the Legislature and the Governor to restore funding to the Brownfields Opportunity Areas (BOA) Program, find a long-term funding source for the Program, and allow projects built consistent with a BOA to access the state's Tangible Property Brownfield Tax Credits and also receive a 5 percent tax credit bonus.

Res. No. 281

Resolution declaring every third Friday of March as Student Voter Registration Day, and calling upon the Mayor of the City of New York to issue an executive order affirming that day as Student Voter Registration Day, and requiring that public schools observe this day with civic educational and registration drives.

By Council Members Rosenthal, Levine, Kallos, Constantinides, Cumbo, Ferreras, Gentile, Mendez, Reynoso, Rodriguez and Torres.

Whereas, According to a 2012 report by the New York City Campaign Finance Board (CFB), voters between the ages of 18 and 30 have the lowest voter turnout relative to any other age or socioeconomic group, and are also less likely to be registered to vote; and

Whereas, As an example, in the 2008 general election in New York City, only 19% of women and 13% of men between the ages of 18 and 29 voted, and in the 2009 election, that dropped to 4% for both women and men in this age group; and

Whereas, According to a report by the Center for American Progress Action Fund, by 2020, the millennial generation will comprise just under 40% of all eligible voters nation-wide; and

Whereas, Eligible voters who do not register by the age of 18 and do not attend college are the least likely group to vote in their lifetimes, which means that they will not be represented in the political process, and are less likely to have their issues addressed or become involved in their communities; and

Whereas, The CFB report speculated that part of the reason young voters are so underrepresented is because they are generally not engaged by political campaigns, and as a result, do not feel like their vote makes a difference or that voting is important; and

Whereas, New York City schools offer the best opportunity to engage students and prepare them for civic engagement; and

Whereas, As such, the Council of the City of New York shall declare every third Friday of March as Student Voter Registration Day (SVRD) in New York City as a commemoration of March 23, 1971, when both houses of Congress adopted the 26th Amendment to the United States Constitution, which lowered the voting age to 18; and

Whereas, Schools in New York City should observe this day with voter and civic education, discussion, and voter registration for eligible 17 and 18-year-olds; now, therefore, be it

Resolved, That the Council of the City of New York declares every third Friday of March as Student Voter Registration Day, and calls upon the Mayor of the City of New York to issue an executive order affirming that day as Student Voter

Registration Day, and requiring that public schools observe this day with civic educational and registration drives.

Res. No. 282

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, legislation increasing the income eligibility for the disability rent increase exemption program and the senior citizen homeowners' exemption program in equal proportion to the increase in income eligibility for the senior citizen rent increase exemption program included in the 2014-2015 Executive Budget.

By Council Members Rosenthal, Vacca, Arroyo, Chin, Cohen, Constantinides, Dickens, Eugene, Ferreras, Gentile, Johnson, Mendez, Reynoso, Rodriguez, Rose, Vallone, Dromm and Koslowitz.

Whereas, New York State law authorizes the City of New York to provide certain senior citizens and persons with disabilities property tax and rent increase exemption benefits that help them remain in affordable housing; and

Whereas, In 1970, New York City instituted the senior citizen rent increase exemption (SCRIE) program to shield low-income seniors from rising housing costs by offering landlords a property tax abatement in exchange for freezing the rent of eligible senior tenants; and

Whereas, Tenants are eligible for the SCRIE program if they are at least 62 years old, have a total household income that does not exceed a maximum amount authorized by State law, reside in a rent controlled or rent stabilized apartment, rent regulated hotel, or an apartment owned by a Mitchell-Lama development, and spend more than one-third of their monthly income on rent; and

Whereas, Under the senior citizen homeowners' exemption (SCHE) program, those age 65 and over are eligible for a property tax property tax exemption if the combined income of all owners of the property and their spouses does not exceed \$37,399 and the applicant maintains the property as their primary residence; and

Whereas, Under the disability rent increase exemption (DRIE) program, individuals that receive State or federal disability related assistance are eligible to be exempted from future rent increases if they have an annual household income no greater than \$20,412 for a single-person household or \$29,484 for households consisting of two or more people, reside in a rent controlled or rent stabilized apartment, rent regulated hotel, or an apartment owned by a Mitchell-Lama development, and spend more than one-third of their monthly income on rent; and

Whereas, New York State's 2014-2014 Executive Budget contained an authorization for localities in the State to adopt a local law to increase the maximum income level qualifying for SCRIE from \$29,000 to \$50,000 for a period of two years beginning July 1, 2014; and

Whereas, In May 2014, the Council adopted legislation implementing the income threshold increase for SCRIE; and

Whereas, The State Budget did not provide authorization for increases to the income limits for the SCHE and DRIE programs; and

Whereas, Even minor cost-of-living adjustments to entitlement programs such as Social Security and disability assistance can cause senior citizen homeowners and tenants with disabilities to lose their SCHE and DRIE benefits; and

Whereas, SCHE and DRIE recipients are no less deserving of regular adjustments to income requirements of such programs than those receiving SCRIE benefits; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, legislation increasing the income eligibility for the disability rent increase exemption program and the senior citizen homeowners' exemption program in equal proportion to the increase in income eligibility for the senior citizen rent increase exemption program included in the 2014-2015 Executive Budget.

Referred to the Committee on Mental Health, Developmental Disability, Alcoholism, Substance Abuse and Disability Services.

Res. No. 283

Resolution calling upon the New York State Legislature to pass, and the Governor to sign S.7350/A.9341, the Abandoned Property Neighborhood Relief Act of 2014.

By Council Members Torres, Chin, Mendez, Miller, Rodriguez, Rose and Rosenthal.

Whereas, When a property owner is unable to or fails to make mortgage payments, a lender can take back possession of such property through a lengthy process known as foreclosure; and

Whereas, According to the New York State Department of Financial Services, the foreclosure process in New York currently takes about 445 days from the date of the first missed mortgage payment to the sale of the property; and

Whereas, Many property owners abandon their properties early on in the foreclosure process when they receive a foreclosure notice from their lender, unaware that they have the right to remain in their properties until a judgment of foreclosure and sale is issued by the court; and

Whereas, Currently, State law requires that lenders maintain vacant or abandoned residential properties only after a judgment of foreclosure and sale has been entered by the court; and

Whereas, Existing State law is inadequate to address the growing number of vacant and abandoned residential properties because not all vacant and abandoned residential properties proceed to a judgment of foreclosure and sale, which means they go unmaintained; and

Whereas, Vacant and abandoned residential properties can pose a variety of costly problems for municipalities: they can decrease neighborhood property values and quality of life; they can fall into disrepair, collapse, or be a source of fires; they can attract criminal activity; and they can drain a municipality's budget, as well as the resources of its police, firefighters, and building inspectors; and

Whereas, S.7350, sponsored by State Senator Jeffrey D. Klein, currently pending in the New York State Senate, and A.9341, sponsored by State Assembly Member Helene E. Weinstein, currently pending in the New York State Assembly, would create a statewide registry of vacant and abandoned residential properties and impose a duty on lenders and their loan servicing agents to report such properties to the registry and take earlier action to identify, secure and maintain them; and

Whereas, The legislation would also require that lenders notify property owners who are unable to or have failed to make mortgage payments on residential properties of their right to remain in such properties until the foreclosure process is completed; and

Whereas, The Abandoned Property Neighborhood Relief Act of 2014 would help community residents and municipalities throughout the State better address the growing problem of vacant and abandoned residential properties by making lenders responsible for them soon after they become abandoned; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign S.7350/A.9341, the Abandoned Property Neighborhood Relief Act of 2014.

Referred to the Committee on Housing and Buildings.

IN ASSEMBLY

June 9, 2014

Introduced by COMMITTEE ON RULES -- (at request of M. of A. Silver, Brennan, Rodriguez) -- read once and referred to the Committee on

Cities -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee -- again reported from said committee with amendments, ordered reprinted as amended and recommitted to said committee AN ACT relating to joint bidding on contracts for public work projects and providing for the repeal of such provisions upon expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. This act shall only apply to a city with a population of one million or more.

§ 2. a. "Utility interference work" shall mean any work that is deemed necessary or desirable for the completion of a public work project that requires the maintenance, support, protection or other accommodation of energy, telecommunications or other private facilities or structures not publicly owned which are located within, traversing or adjacent to the construction area of such project, whether above, below or at ground level, including the removal, relocation, alteration, replacement, reconstruction or improvement of such facilities or structures.

b. "New York city utility interference work project" shall mean any public work project within the city of New York for which the city awards a contract which includes utility interference work in such contract.

§ 3. a. Notwithstanding any general, special or local law or rule or regulation to the contrary, the city of New York may include utility interference work in any contract for a public work project, provided however that chapter 357 of the laws of 1988, known as the "gas facility cost allocation act", shall continue to apply as set forth therein. If the city of New York undertakes a New York city utility interference work project, the city shall award the contract to the lowest responsible bidder. In the event that the utility interference work is not included in the city's contract, nothing in this subdivision shall prevent the city from including provisions in its contracts requiring contractors to engage in alternate methods of dispute resolution regarding utility interference work. Further, nothing in this section is to be deemed to alter, modify, amend, or revoke any of the rules presently existing that govern the responsibility between the metropolitan transportation authority and the public utilities for the payment of any of the costs required for the maintenance, support, protection, or other accommodation of any energy, telecommunication, or other private facilities or structures.

b. Notwithstanding any general, special or local law or rule or regulation to the contrary, when the city awards a contract for a New York city utility interference work project the city shall require contractors and subcontractors to have, prior to entering into such contracts, a record of maintaining harmonious labor relations, a commitment to working with minority- and women-owned businesses through joint ventures or subcontractor relationships, and a record of protecting the health and safety of workers on construction projects and job sites demonstrated by their experience modification rates for each of the last three years. In addition, when the city awards a contract for a New York city utility interference work project that exceeds one million dollars, the city shall require contractors and subcontractors to have, prior to entering into such contracts, apprenticeship agreements appropriate for the type and scope of work to be performed, that have been registered with and

approved by the commissioner of the department of labor, and that have been in successful operation for a period of not less than three years.

c. Contracts awarded pursuant to this act are contracts subject to the requirements of local law number 1 of the city of New York for the year 2013.

d. A New York city utility interference work project shall not be subject to the provisions of this act where compliance with the provisions of this act would violate the terms or conditions of any applicable federal law or regulation.

§ 4. Notwithstanding any provisions to the contrary in this act, any Lower Manhattan redevelopment project, as defined in section 3 of chapter 259 of the laws of 2004, known as the Coordinated Construction Act for Lower Manhattan, as amended, shall be governed by such act while such act remains in effect.

§ 5. With respect to any project subject to this act involving natural gas, all employees performing such work must be certified as qualified by the federal department of transportation gas operator qualification certification for the region.

§ 6. Severability. If any clause, sentence, paragraph, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 7. This act shall take effect immediately and shall expire and be deemed repealed December 31, 2024.

require, with respect to any project subject to this act involving natural gas, all employees performing such work to be certified as qualified by the federal Department of Transportation gas operator qualification certification for the region.

JUSTIFICATION: Currently, when the City of New York undertakes a public works project, utility interference work is often needed to complete the project. This legislation would allow public work projects within NYC to include utility interference work in the public work project contract to administer a timely, efficient and cost effective public work project.

AN ACT to amend the vehicle and traffic law, in relation to speed limits

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Paragraph 26 of subdivision (a) of section 1642 of the vehicle and traffic law is renumbered paragraph 27 and a new paragraph 26 is added to read as follows:

26. (a) With respect to highways (which term for the purposes of this paragraph shall include private roads open to public motor vehicle traffic) in such city, other than state highways maintained by the state on which the department of transportation shall have established higher or lower speed limits

than the statutory fifty-five miles per hour speed limit as provided in section sixteen hundred twenty of this title, or on which the department of transportation shall have designated that such city shall not establish any maximum speed limit as provided in section sixteen hundred twenty-four of this title, subject to the limitations imposed by section sixteen hundred eighty-four of this title, establishment of maximum speed limits at which vehicles may proceed within such city or within designated areas of such city higher or lower than the fifty-five miles per hour maximum statutory limit. No such speed limit applicable throughout such city or within designated areas of such city shall be established at less than twenty-five miles per hour, except that school speed limits may be established at no less than fifteen miles per hour pursuant to the provisions of section sixteen hundred forty-three of this article.

(b) A city shall not lower a speed limit by more than five miles per hour pursuant to this paragraph unless such city provides written notice and an opportunity to comment to the community board or community boards established pursuant to section twenty-eight hundred of the New York city charter with jurisdiction over the area in which the lower speed limit shall apply. Such notice may be provided by electronic mail and shall be provided sixty days prior to the establishment of such lower speed limit.

§ 2. Paragraph 27 of subdivision (a) of section 1642 of the vehicle and traffic law, as added by chapter 499 of the laws of 1999 and as renumbered by section one of this act, is amended to read as follows:

27. (a) Establishment of maximum speed limits below twenty-five miles per hour at which motor vehicles may proceed on or along designated highways within such city for the explicit purpose of implementing traffic calming measures as such term is defined herein; provided, however, that no speed limit shall be set below fifteen miles per hour nor shall such speed limit be established where the traffic calming measure to be implemented consists solely of a traffic control sign. Establishment of such a speed limit shall, where applicable, be in compliance with the provisions of sections sixteen hundred twenty-four and sixteen hundred eighty-four of this chapter. Nothing contained herein shall be deemed to alter or affect the establishment of school speed limits pursuant to the provisions of section sixteen hundred forty-three of this article. For the purposes of this paragraph, "traffic calming measures" shall mean any physical engineering measure or measures that reduce the negative effects of motor vehicle use, alter driver behavior and improve conditions for non-motorized street users such as pedestrians and bicyclists.

(b) Any city establishing maximum speed limits below twenty-five miles per hour pursuant to clause (i) of this subparagraph shall submit a report to the governor, the temporary president of the senate and the speaker of the assembly on or before March first, two thousand ~~two~~ **fifteen and biannually thereafter** on the results of using traffic calming measures and speed limits lower than twenty-five miles per hour as authorized by this paragraph. **This report shall also be made available to the public by such city on its website.** Such report shall include, but not be limited to the following:

(i) a description of the designated highways where traffic calming measures and a lower speed limit were established and

(ii) a description of the specific traffic calming measures used and the maximum speed limit established[-] **and**

(iii) a comparison of the aggregate type, number, and severity of accidents reported on streets on which street calming measures and lower speed limits were implemented in the year preceding the implementation of such measures and policies and the year following the implementation of such measures and policies, to the extent this information is maintained by any agency of the state or the city.

§ 3. This act shall take effect on the ninetieth day after it shall have become a law.

**NEW YORK STATE ASSEMBLY
MEMORANDUM IN SUPPORT OF LEGISLATION
submitted in accordance with Assembly Rule III, Sec 1(f)**

BILL NUMBER: A10144

SPONSOR: Rules (O'Donnell)

TITLE OF BILL: An act to amend the vehicle and traffic law, in relation to speed limits

PURPOSE OR GENERAL IDEA OF BILL:

To improve pedestrian, bicyclist and motor vehicle occupant safety by authorizing the City of New York to establish a 25 mile per hour city-wide speed limit.

SUMMARY OF SPECIFIC PROVISIONS:

Section one renumbers paragraph 26 of subdivision (a) of § 1642 of the Vehicle and Traffic Law (VTL) as paragraph 27, and adds a new paragraph 26 to authorize cities having a population of one million or more to establish speed limits at which vehicles may proceed within such city or within designated areas of such city no lower than 25 miles per hour (mph), provided that the city must give written notice to the community board(s) with jurisdiction over the area in which the lower speed limit would apply, and an opportunity to comment, if the reduction exceeds five mph.

Section two amends paragraph 27 of subdivision (a) of § 1642 of the VTL to require biannual reporting by the city, beginning in 2015, on the results of using traffic calming measures and speed limits lower than 25 mph as authorized under current law, and to include in such report a comparison of accidents reported on such streets both before and after implementation of such measures and speed limits.

JUSTIFICATION:

In New York City in 2013, nearly as many people died in traffic accidents as were murdered. The speed at which a motorist is driving correlates strongly with the likelihood that an accident with a pedestrian will be fatal. Early numbers from this year demonstrated the critical need for this legislation. When an earlier version of this bill was first introduced in mid-January 2014, there had been seven pedestrian fatalities in NYC from traffic accidents involving motor vehicles over the course of just 14 days. On one day alone, on Manhattan's Upper West Side, there were two such fatalities - one child and one senior citizen, both crossing streets in crosswalks. This bill, by reducing the speed limit on city streets, will protect all of New York City's pedestrians.

The critical need for this legislation is further supported by Mayor de Blasio's recently released report outlining the City's "Vision Zero" action plan, which highlights the unfortunate reality that each year in New York City over 250 people are killed and nearly 4,000 are seriously injured in traffic crashes. Crashes often have multiple contributing factors including speeding, driver inattention, and failure to yield to pedestrians. The Vision Zero plan therefore calls for the implementation of several traffic safety initiatives to reduce preventable pedestrian and motorist fatalities.

A multi-faceted approach is needed to address these dangerous driving habits, especially excessive speeding, and a key element is reducing the speed limit, which requires legislative action. Although the City has committed to pursuing several safety enhancements such as implementing engineering improvements at intersections, increasing speed enforcement on arterial streets and establishing new neighborhood slow zones, it also needs additional tools. One particularly powerful tool is the ability to establish a 25 mph speed limit in the City.

Studies have shown that lowering the speed limit, even by five mph, can have a serious impact in reducing the number of traffic-related injuries and deaths. Traveling at lower speeds can greatly reduce crashes because both motorists and other street users have more time to see each other and react safely to avoid potential accidents. And, if a crash does occur, the severity of injuries is greatly reduced at lower speeds. At 30 mph, the lowest default speed limit permitted by current law, there is a 1 in 5 chance of being killed. If the speed limit were lowered to 25 mph, the chance of an accident resulting in death drops significantly to 1 in 10. Another benefit to having a speed limit of 25 mph is the marked improvement in vehicle stopping distance. At 25 mph, stopping distance is improved by 45 feet (23%), which will allow many crashes to be avoided altogether.

Report of the Committee on State and Federal Legislation in favor of approving a Communication from the Mayor - "AN ACT relating to joint bidding on contracts for public work projects and providing for the repeal of such provisions upon expiration thereof" A.10021-B / S.7849-A.

REPORTS:

(The following report refers to pending State legislation which requires a Home Rule Message for passage in the State Senate and State Assembly in Albany, N.Y. This Committee is to decide whether to recommend the adoption of this respective Mayor's Message by the Council. By adopting this item, the Council would be formally requesting the New York State Legislature to act favorably in this matter)

BACKGROUND:

As set forth in the memoranda of support for Senate bill number S7849-A and Assembly bill number A10021-B, the proposed legislation would permit the City to use joint bidding to facilitate the timely, cost effective and efficient completion of public work projects.

PROPOSED LEGISLATION:

S.7849-A and A.10021-B, collectively "the bill," would apply only to cities in New York with a population of one million or more.³

The bill would permit the City to include utility interference work within its contracts for public work projects.⁴ Utility interference work includes any work necessary to accommodate energy, telecommunications, or other private facilities in the construction area of a public work project.⁵ Should the City decide not to include utility interference work within its contracts, the bill provides that the City may engage in other methods of dispute resolution concerning such work.⁶

The bill would leave unaltered (i) the current rules between the Metropolitan Transportation Authority and public utilities governing the responsibility to accommodate utility interference work,⁷ and (ii) the application of Ch. 259 §3 of the laws of 2004, the Coordinated Construction Act, to redevelopment projects in Lower Manhattan.⁸

If the City awards jointly bid contracts, the bill would require that contractors and subcontractors have a record of harmonious labor relations and the protection of worker health and safety, and a commitment to working with minority- and women-owned business enterprises (MWBEs).⁹ Under the bill, jointly bid contracts would be subject to the MWBE requirements of Local Law 1 of 2013.¹⁰ For projects exceeding one million dollars, the bill would require that contracts include apprenticeship agreements.¹¹ Finally, to the extent that any jointly bid public work project involves natural gas, the bill would require federal certification for all employees performing natural gas work.¹²

The bill would sunset on December 31, 2024.¹³

 COMMITTEE: State and Federal Legislation

TITLE: An act relating to joint bidding on contracts for public work projects and providing for the repeal of such provisions upon expiration thereof.

SPONSOR: Mayor's Message

SUMMARY OF LEGISLATION:

According to the State's memorandum in support, currently, when the City of New York undertakes a public works project, utility interference work (UIW) defined as "any work that is deemed necessary or desirable for the completion of a public work project that requires the maintenance, support, protection or other accommodation of energy, telecommunications or other private facilities or structures not publicly owned which are located within, traversing or adjacent to the construction area of such project, whether above, below or at ground level, including the removal, relocation, alteration, replacement, reconstruction or improvement of such facilities or structures" is often needed to complete the project. This legislation would authorize the City of New York to include UIW in certain contracts for public work projects.

In addition, the bill would require the following:

If the UIW is included in the public contract, the contract must be awarded to the lowest responsible bidder;

When the City awards a contract for a New York city utility interference work project (NYCUIWP), contractors and subcontractors must have a record of maintaining harmonious labor relations, a commitment to working with minority- and women-owned businesses and a record of protecting the health and safety of workers on construction projects demonstrated by their experience modification rates from the last three years;

When the City awards a contract for a NYCUIWP that exceeds \$1 million, contractors and subcontractors must have apprenticeship agreements that have been registered with and approved by the Commissioner of the Department of Labor, and that have been in successful operation for a period of not less than three years; and

With respect to any project subject to this act involving natural gas, all employees performing such work must be certified as qualified by the federal Department of Transportation gas operator qualification certification for the region .

Contracts awarded pursuant to this act shall be subject to Local Law 1 of the City of New York for the year 2013 (participation of Minority- and Women-owned Business Enterprise (M/WBE) in State contracts). Any Lower Manhattan Redevelopment Project, as defined in section 3 of Chapter 259 of the Laws of 2004 (the Coordinated Construction Act for Lower Manhattan), as amended, shall be governed by such act while such act remains in effect.

EFFECTIVE DATE: This act shall take effect immediately and shall expire and be deemed repealed December 31, 2024.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: FY 2015

Revenues (+)	\$0	\$0	\$0
Expenditures (-)	\$0	\$0	\$0
Net	\$0	\$0	\$0

IMPACT ON REVENUES: It is estimated that there will be no impact on revenues resulting from the enactment of this legislation.

IMPACT ON EXPENDITURES: Because the cost to the City in a joint bid would never be more than the lowest responsible bid for the municipal portion of the work, it is anticipated that there would be minimal to no impact on expenditures resulting from the enactment of this legislation.

This Committee is to decide whether to recommend the adoption of this respective Mayor's Message by the Council. By adopting this item, the Council would be formally requesting the New York State Legislature to act favorably in this matter)

BACKGROUND:

The proposed legislation provides for the extension of City authority to impose certain speed limits. Specifically, New York City will be authorized to set citywide speed limits, to as low as 25 miles per hour, provided, however, that where a speed limit is to be reduced at a location greater than 5 miles per hour, the local Community Board would need to be notified at least 60 days prior to the change in speed limit.

Currently, New York City is permitted to set citywide speed limits between 30 and 55 miles per hour. The proposed legislation will increase that range to as low as 25 miles per hour for a citywide speed limit. Finally, the bill would require the City to provide a bi-annual report to the Governor, the Temporary President of the Senate, and the Assembly Speaker, beginning March 1, 2015, discussing the results of the locations where the speed limit has been established at less than 25 miles per hour and where traffic calming measures have been installed. That report would have to compare crash data from such locations from prior to and subsequent to the change in speed limit and implementing traffic calming measures, to the extent this data were available at the State or City level.

PROPOSED LEGISLATION:

The provisions of the legislation are the following: Section 1 of the bill renumbers paragraph 26 of subdivision (a) of section 1642 of Vehicle and Traffic Law to paragraph 27, and adds a new paragraph 26, which would have 2 subparagraphs. Subparagraph a of this new paragraph would permit cities with one million people or more to set a citywide speed limit to as low as 25 miles per hour. Current law allows for such cities to set speed limits between 30 and 55 miles per hour. Subparagraph b of this new paragraph would require that where the speed limit of a roadway is to be reduced by greater than five miles per hour, the local Community Board would be required to be notified sixty days prior to the speed limit change.

Section 2 of the bill would amend subparagraph b of the new paragraph 27 of subdivision (a) of section 1642 of Vehicle and Traffic Law to require a city establishing speed limits below 25 miles per hour to submit a report to the governor, the temporary president of the senate and the speaker of the assembly on or before March 1, 2015 and biannually thereafter on the results of using traffic calming measures and speed limits lower than 25 miles per hour, with such report being required to compare crash data from before and after the implementation of the lower speed limit and traffic calming measures, to the extent such data is available at the State or City level.

 Preconsidered M: S.7892 (Klein) A.10144 (O' Donnell)
 COMMITTEE: State and Federal Legislation

TITLE: An act to amend the vehicle and traffic law, in relation to speed limits.

SPONSOR: Mayor's Message

SUMMARY OF LEGISLATION: According to the State's memorandum in support, this legislation would amend section 1642 of the New York State Vehicle and Traffic Law (VTL) to give the City of New York the ability to set a minimum citywide speed limit of 25 miles per hour, and minimum school speed limit of 15 miles per hour, on streets that are not part of the State highway system or otherwise exempted by the State Department of Transportation. The city must provide local community boards with notice and the opportunity to comment if the city is lowering the speed limit by more than 5 miles per hour.

Additionally, when the City establishes a speed limit below 25 miles per hour to implement traffic calming conditions, starting in 2015 and then biannually thereafter the City must produce a public report to the Governor and the leaders of the Legislature on the results of using traffic calming measures and speed limits lower than 25 miles per hour. This report must also be posted online. The report must include comparative data on accidents occurring pre- and post-traffic calming condition implementation.

EFFECTIVE DATE: This act shall take effect on the ninetieth day after it shall have become a law.

Report for State Legislation Res. No. 3

Report of the Committee on State and Federal Legislation in favor of approving a State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Golden, S.7664, and Assembly Member

Abbate, A.9059, “AN ACT to amend the administrative code of the city of New York, in relation to providing that a representative holding the title of pilot or marine engineer appointed by the president of the uniformed firefighters association of greater New York be entitled to cast one-half vote on the FDNY’s pension fund subchapter two board of trustees”.

The Committee on State and Federal Legislation, to which the annexed State Legislation Resolution was referred on June 18, 2014, respectfully

REPORTS:

(The following report refers to pending State legislation which requires a Home Rule Message for passage in the State Senate and State Assembly in Albany, N.Y. This Committee is to decide whether to recommend the adoption of this respective State Legislation Resolution [SLR] by the Council. By adopting this item, the Council would be formally requesting the New York State Legislature to act favorably in this matter)

BACKGROUND

Section 13-316 of the Administrative Code of the City of New York provides for the composition of the board of trustees for the FDNY Pension Fund Subchapter Two. Under this section, presently, the composition of the board of trustees is:

- The Fire Commissioner (3 votes);
- NYC Comptroller (3 votes);
- Mayor’s Representative (3 votes);
- Finance Commissioner (3 votes);
- President of the Uniformed Firefighters Association of Greater New York (“UFA”) (3 votes);
- Vice-President of the UFA (2 votes);
- Treasurer of the UFA (2 votes);
- Chair of the UFA Board of Trustees (2 votes);
- Three Elected Board Members of the United Firefighter Officers Association Board of Trustees (one an officer with rank above captain (1 vote), one with the rank of captain (1 vote) and one with the rank of lieutenant (1 ½ votes)); and
- President of the Marine Engineers Benevolent Association (“MEBA”) (½ vote)

According to the memorandum in support of S. 7664/A. 9059, FDNY pilot and marine engineers have voted to end their affiliation with the MEBA and are now members of the UFA, pursuant to the decision and certification of the New York City Office of Collective Bargaining, Board of Certification. The bargaining certificate for the titles of pilot and marine engineer is now held by the UFA.

As a result of the change in union affiliation, the one-half vote currently held by the President of MEBA, should be held by a pilot or marine engineer appointed by the President of the UFA. New York State Senate bill S.7664, sponsored by Senator Golden and Assembly bill 9059, sponsored by Assembly Member Abbate would amend subdivision 10 of Section 13-316 of the administrative code of New York City to accomplish that change.

PROPOSED LEGISLATION

State bills S.7664/A.9059 would amend paragraph 10 of subdivision a of section 13-316 of the administrative code of the City of New York to remove the phrase: “The president of the uniformed pilots and marine engineers association, fire department, city of New York,” and replace it with: “A representative holding the title of pilot or marine engineer appointed by the president of the uniformed firefighters association of greater New York.”

PRECONSIDERED SLR: S.7664 (Golden)
A.9059 (Abbate)

COMMITTEE: State & Federal

TITLE: An act to amend the administrative code of the city of New York, in relation to providing that a representative holding the title of pilot or marine engineer appointed by the president of the uniformed firefighters association of greater New York be entitled to cast one-half vote on the FDNY’s pension fund subchapter two board of trustees.

SPONSOR(S): Council Member Koslowitz

SUMMARY OF LEGISLATION: This bill would amend Section 13-316 of administrative code to entitle a representative appointed by the president of the Uniformed Firefighters Association of Greater New York to serve on the Board of Trustees of the FDNY’s pension fund (subchapter two) and to cast a one-half vote. That representative would be required to have the title of pilot or marine engineer. Under current law, the president of the Marine Engineers Benevolent Association (“MEBA”) is entitled to that position and vote.

According to the State’s memorandum in support, FDNY pilots and marine engineers have voted to end their affiliation with MEBA and join the Uniformed Firefighters Association of Greater New York (“the association”). The bargaining certificate for the titles of pilot and marine engineer is now held by the association; as a result, the one-half vote on the FDNY pension fund’s trustee board that was previously held by the president of MEBA should now be held by a pilot or marine engineer appointed by the president of the association.

EFFECTIVE DATE: The law would take effect immediately following enactment.

Report for Int. No. 389

Report of the Committee on Finance in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to authorizing the commissioner of buildings to waive certain fees in connection with work funded under the "Build It Back" program.

The Committee on Finance, to which the annexed proposed local law was referred on June 25, 2014, respectfully

REPORTS:

I. Background

A. Build It Back Program

Build It Back ("BIB") is a program the City has developed to help multi-family and single-family (1-4 units) homeowners complete repairs and rebuild as a result of SuperStorm Sandy.

BIB uses funds from the U.S. Department of Housing and Urban Development's (HUD) Community Development Block Grant Disaster Recovery (CDBG-DR) program, which passes through the City's Department of Environmental Protection (DEP), and is overseen by the NYC Housing Recovery Office and administered by the Department Housing Preservation and Development (HPD). The program offers homeowners the option to: 1) repair; 2) repair and elevate; 3) receive reimbursement for out-of-pocket previous repairs; 4) rebuild; and 5) acquire a new property. Repair is offered if damage amounts to less than 50% of the pre-storm value of the home, repair and elevate is offered if damage amounts to between 50% and 80% of pre-storm value, and rebuild is offered if the cost for rebuilding is within 20% of the cost to repair and elevate.¹

Under BIB, residential property owners receive access to a grant for residential reconstruction or rehabilitation, with payments in the amount of the grant going directly to contractors managed by the City. Registration to participate in this program closed on October 31, 2013.

¹ See *New York City Build It Back Applicant Guidebook for 1-4 Unit Homes*, available at

<http://www.nyc.gov/html/recovery/downloads/pdf/bib-applicant-guidebook-final-v1.0.pdf> (last accessed June 22, 2014).

Under BIB, some homeowners may also be eligible for reimbursement if they have paid for repairs done by private contractors. Eligibility is determined on a case-by-case basis and applies only to contracts signed prior to October 29, 2013, the one year anniversary of Sandy.

As of April 1, 2014, 19,920 participants have registered with BIB for assistance with the rehabilitation or reconstruction of single-family homes and 747 participants have registered for assistance for the rehabilitation or reconstruction multi-family homes. A total of \$18,743,333 has already been spent on those homes.

A total of \$1.698 billion in CDBG-DR funding has been allocated to BIB thus far, with \$3.96 million recently appropriated in the City's Department of Buildings' ("DOB") Executive Budget for Fiscal Year 2015 for the hiring of new staff, including inspectors, dedicated to servicing the properties participating in the BIB program and other related costs.

B. Duplication of Benefits

CDBG-DR funding is intended to supplement, and not duplicate, other resources made available to disaster victims. Before the City spends federal funding on a customer, the City is obligated by law, specifically under the Stafford Act, to make sure that the City is not spending federal money to cover a need for which funding has already been provided by other sources, including awards from the U.S. Federal Emergency Management Agency (FEMA), U.S. Small Business Association (SBA) loans, or insurance payouts.² In other words, funds received by the participant from

other sources for the same property and the same purpose are considered duplicative benefits.³ Benefits received from other sources which were either spent improperly

² See 42 U.S.C. 5155(A)

³ See *New York City Build It Back Applicant Guidebook for 1-4 Unit Homes*, available at <http://www.nyc.gov/html/recovery/downloads/pdf/bib-applicant-guidebook-final-v1.0.pdf> at 11 (last accessed June 22, 2014).

or which have not yet been spent by the applicant are duplicative and BIB must reduce the amount of CDBG-DR funded assistance the applicant receives by the duplicative amount.⁴

1. Construction Fees and Duplication of Benefits

Under the New York City Building Code, various permits are required when a property undergoes significant repair or reconstruction. Pursuant to Section 28-112.1 of the New York City Administrative Code, generally, all permits, applications, and inspections required by the various provisions in the New York City Building Code are valid only upon payment of the proscribed fee. Participants in the BIB program pay the necessary fees, and then are subsequently reimbursed by HUD. The below tables detail some of the required fees:

2. DOB Executive Budget

As previously mentioned, under the BIB program, residential property owners receive access to a grant for residential reconstruction or rehabilitation, with payments in the amount of the grant going directly to contractors managed by the City who will have to apply for DOB permits, and pay the associated fees, to complete the repair or reconstruction of properties in the BIB program. In order to ensure that it can quickly conduct required inspections of this large portfolio of City-managed construction, the Mayor's Fiscal 2015 Executive Budget appropriated \$3.96 million to DOB in CDBG-DR funding for the hiring of new staff, including inspectors dedicated to servicing the properties participating in the BIB program and

other related costs.⁵ This funding will be used, in part, to cover the costs associated with the fees of the inspections.

II. Legislation

A. Prevention of Duplication of Benefits

As previously mentioned, DOB imposes fee on homeowner to cover cost of construction, electrical, and plumbing permits. Currently, through BIB, the City-managed contractors pay fees on behalf of homeowner who subsequently gets reimbursed by HUD. As a result of the CDBG-DR funding appropriated to DOB for inspectors and the associated fees in the Fiscal Year 2015 Executive Budget, duplication of benefits results City-managed contractors can get reimbursed for inspection fees through HUD even though these fees are already covered by the budget appropriation.

In order to prevent duplication of benefits, the Administration has submitted legislation to the Council that would waive fees to the homeowner since the fees and the associated costs would now be covered by the \$3.96 million dollar appropriation in DOB's budget.

The Mayor's Office of Housing Recovery currently estimates that the owners of approximately 5,500 single-family properties and 300 multi-family properties would benefit from this fee waiver and that these numbers will likely increase as more owners advance through the BIB process. It is further estimated that for an average construction job costing approximately \$40,000, the amount of required alteration work permit fees that would be waived pursuant to this legislation would be \$350.25.

⁵ The CDBG-DR funding will not cover the approximately \$225,00 that will need to be expended to purchase vehicles for the inspectors dedicated to servicing the BIB properties. The money for these vehicles will need to be appropriated from elsewhere in DOB's FY15 budget.

⁶ See 42 U.S.C. 5155(A)

The legislation would take effect immediately upon signature by the Mayor and will be retroactive to July 1, 2014. This local law shall apply only to fees payable on or after such date. B. Fiscal Impact of legislation

There would be no fiscal impact on the City's revenue or expenditure as a result of this legislation because the fees are eligible to be charged to the CDBG-DR grant. Currently, homeowners and/or their City-managed contractors pay the applicable fees to DOB and are then eligible to be reimbursed for those costs by the CDBG-DR grant. Under this legislation, DOB would waive the fees to the homeowner and be paid directly from the CDBG-DR funds.

THE COUNCIL OF THE CITY OF NEW YORK

FINANCE DIVISION

LATONIA MCKINNEY, ACTING DIRECTOR

FISCAL IMPACT STATEMENT

Preconsidered Intro. No.:

COMMITTEE:
Finance

TITLE: A local law to amend the administrative code of the city of New York, in relation to authorizing the commissioner of buildings to waive certain fees in connection with work funded under the "Build It Back" program.

SPONSOR:
Council
Member Ferreras (in conjunction with the Mayor)

SUMMARY OF LEGISLATION: This legislation would add a new section 28-112.11 to Chapter 1 of Title 28 of the Administrative Code of the City of New York, authorizing the Commissioner of the Department of Buildings (DOB) to waive fees to homeowners and their contractors that would otherwise be required to be paid to DOB in accordance with the Building Code, Electrical Code, or rules of DOB, in connection with applications, permits, and inspection for work that is officially approved under the City's Build It Back program. For mixed use buildings, the fee waiver would apply only for work performed on residential units.

The Fiscal Year 2015 Executive Budget reflects a \$3.96 million dollar increase in Community Development Block Grant Disaster Recovery funding to cover costs associated with permitting and inspecting residential properties in the Build it Back program. In order to prevent a duplication of benefits to DOB by also collecting fees from homeowners and their contractors to cover these costs, this bill would permit DOB to waive such fees.

EFFECTIVE DATE: The local law would take effect immediately upon signature by the Mayor and would be retroactive to and would be deemed to have been in full force and effect on and after July 1, 2014. The local law would apply only to fees payable on or after such date.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: FY 2015

	Effective FY15	FY Succeeding Effective FY16	Full Fiscal Impact FY15
Revenues (+)	\$0	\$0	\$0
Expenditures (-)	\$0	\$0	\$0
Net	\$0	\$0	\$0

IMPACT ON REVENUES: Because the costs covered by the fees previously collected from homeowners and their contractors will now be charged to the federal Community Development Block Grant Disaster Recovery funds appropriated to the DOB for Fiscal Year 2015, it is estimated that there will be no impact on revenues resulting from the enactment of this legislation.

IMPACT ON EXPENDITURES: It is estimated that there will be no impact on expenditures resulting from the enactment of this legislation.

**THE CITY OF NEW YORK
OFFICE OF THE MAYOR
NEW YORK, N.Y. 10007**

Pursuant to authority vested in me by section twenty of the Municipal Home Rule and by section thirty-seven of the New York City Charter, I hereby certify to the necessity for the immediate passage of a local law, entitled:

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to authorizing the commissioner of buildings to waive certain fees in connection with work funded under the "Build It Back" program.

Given under my hand and seal this 25th day of June, 2014 at City Hall in the City of New York.

Bill de Blasio
Mayor

On motion of the Speaker (Council Member Mark-Viverito), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

Report for Res. No. 62-A

Report of the Committee on Finance in favor of approving and adopting, as amended, a Resolution granting additional real property tax exemptions for certain affordable housing developments (Harry Silver Housing Company, property located at 811 Rutland Rd., identified by block 4590, lot 51 in Brooklyn).

The Committee on Finance, to which the annexed amended resolution was referred on February 26, 2014 (Minutes, page 459), respectfully

REPORTS:

Background

Housing companies organized under Articles II and IV of the Private Housing Finance Law provide low cost housing to thousands of low and moderate income New Yorkers. These housing companies receive real property tax exemptions which help allow them to keep their rents affordable. Prior to 2003, property tax exemptions provided under Article II and Article IV expired when the housing companies paid off their mortgages, or after the passage of a specified period of years. Without the tax exemptions, the housing companies may be forced to convert to private ownership and raise rents in order to cover the increase in taxes. As a result, an important source of low and moderate income housing is lost.

In 2003, pursuant to Chapter 389 of the Laws of 2003, the State authorized localities to grant an additional period of tax exemption for as long as the projects organized pursuant to Articles II and IV of the Private Housing Finance Law continue to provide affordable and regulated housing under the Mitchell-Lama and Limited-Dividend Companies programs, for a maximum of 50 years.

Legislation

On June 2, 2014, the Department of Housing and Preservation and Development (HPD) submitted a communication to the Council requesting an additional period of real property tax exemption for the Harry Silver Housing Company, property located at 811 Rutland Rd., identified by block 4590, lot 51 in Brooklyn, New York. The property tax exemption for this property expired on June 30, 1997. The Council has determined that it is in the best interests of the City to assist these housing companies, including the Harry Silver Housing Company, to maintain affordable rents and carrying charges by granting an additional period of real property tax exemption with respect to housing developments owned, operated or maintained by such housing companies. The Council wishes to provide an inducement to the housing companies such as Harry Silver, to remain in the programs by which affordable rents and carrying charges are maintained.

Therefore, at the recommendation of HPD, this legislation would create an additional period of partial real property tax exemption for the Harry Silver Housing Company, property located at 811 Rutland Road, identified by block 4590, lot 51 in Brooklyn, New York, for a period of 50 years from the date upon which the original tax exemption for such Housing Company expired because the prior real property tax exemption it received pursuant to the Private Housing Finance Law expired on June 30, 1997.

The additional period of real property tax exemption for the Harry Silver Housing Company will be provided at a level that requires it to make real property tax payments in an amount equal to ten percent of the annual "Shelter Rent"¹⁵ it receives. The additional period of real property tax exemption will be granted upon the condition that when the New York State Division of Housing and Community Renewal (DHCR) or the U.S. Department of Housing and Urban Development (HUD) deems it appropriate, an existing regulatory agreement or contract shall be extended or modified or a new agreement or contract be executed.

The additional period of real property tax exemption is also conditioned upon compliance with the applicable provisions of the Private Housing Finance Law and the applicable rules, regulations or other requirements of DHCR and HUD, whether or not any regulatory agreement or contract is in effect. If the Harry Silver Housing Company fails to comply, the City is authorized to terminate the real property tax exemption.

for the Lower Ma

¹⁵ "Shelter Rent" shall mean the total rents received from the Harry Silver Housing Company, including rent subsidies and supplements received from the federal government, the state, or the City on behalf of such occupants, but shall not include interest reduction payments pursuant to subdivision (a) of section 201 of the Federal Housing and Urban Development Act of 1968, less the cost of providing to such occupants electricity, gas, heat and other utilities as the amount of such real property tax exemption may be limited by section 93 of the Private Housing Finance Law.

Accordingly, this Committee recommends its adoption, as amended.

(The following is the text of Res. No. 62-A:)

Res. No. 62-A

Resolution granting additional real property tax exemptions for certain affordable housing developments (Harry Silver Housing Company, property located at 811 Rutland Rd., identified by block 4590, lot 51 in Brooklyn).

By Council Members Mealy, Dickens, Levine, King, Ferreras, Cornegy, Rose, Palma, Lancman, Rosenthal, Miller and Espinal.

Whereas, housing companies organized under Articles II and IV of the Private Housing Finance Law provide low cost housing to thousands of low and moderate income New Yorkers; and

Whereas, These housing companies receive real property tax exemptions which help allow them to keep their rents affordable; and

Whereas, The duration of the real property tax exemption is generally limited to the length of the mortgages of the respective housing developments, or established by statute; and

Whereas, The State Legislature, by enactment of Chapter 389 of the Laws of 2003, has authorized the local legislative body of the City of New York to grant additional periods of real property tax exemptions ("additional property tax exemption") with respect to such housing developments upon expiration of their property tax exemption or when their mortgage is fully paid; and

Whereas, The additional property tax exemption may be granted for the same period of time and under the same conditions with respect to a housing development whose real property tax exemption has expired, and would apply so long as the projects continue to provide affordable and regulated housing under Article IV of the Private Housing Finance Law, for a maximum of fifty years; and

Whereas, The Council of the City of New York ("Council"), the local legislative body of the City, has determined that it is in the best interests of the City to assist these Housing Companies to maintain affordable rents and carrying charges by granting an additional property tax exemption with respect to housing developments owned, operated or maintained by such Housing Companies; and

Whereas, On June 2, 2014, the Department of Housing and Preservation and Development submitted a communication to the Council requesting an additional property tax exemption for the Harry Silver Housing Company, property located at 811 Rutland Rd., identified by block 4590, lot 51 in Brooklyn, New York, and identified in Schedule A of this Resolution; now, therefore, be it

Resolved, The prior real property tax exemption for Harry Silver Housing Company received pursuant to the Private Housing Finance Law expired on June 30, 1997; and be it further

Resolved, That the Council hereby approves for the Harry Silver Housing Company, set forth in Schedule A of this Resolution, to receive an additional property tax exemption for a period of 50 years; and be it further

Resolved, Such additional property tax exemption shall commence in the tax quarter immediately following the adoption of this Resolution and terminate 50 years from the date upon which the original tax exemption for such Housing Company expired as indicated in Schedule A attached hereto, or until such time as the housing development owned, operated or maintained by such Housing Company is no longer operated under the restrictions and for the purposes set forth in the applicable provisions of the Private Housing Finance Law, or until such time as the additional real property tax exemption is otherwise terminated as provided for in this Resolution, whichever is sooner; and, be it further

Resolved, That such additional property tax exemption for the housing development set forth in Schedule A of this Resolution, which is deemed a part hereof, shall be provided at a level that requires any such Housing Company to make real property tax payments in an amount equal to ten percent of the annual "Shelter Rent" received by such Housing Company and that "Shelter Rent" shall mean the total rents received from the occupants of the Housing Company's development, including rent subsidies and supplements received from the federal government, the state, or the City on behalf of such occupants, but shall not include interest reduction payments pursuant to subdivision (a) of section 201 of the Federal Housing and Urban Development Act of 1968, less the cost of providing to such occupants electricity, gas, heat and other utilities as the amount of such real property tax exemption may be limited by section 93 of the Private Housing Finance Law; and, be it further

Resolved, That the additional property tax exemption shall be granted upon the condition that when the New York State Division of Housing and Community Renewal or the United States Department of Housing and Urban Development, as is applicable, deems it appropriate, an existing regulatory agreement or contract shall be extended or modified or a new agreement or contract be executed and, be it further

Resolved, That such additional property tax exemption is further conditioned upon compliance with the applicable provisions of the Private Housing Finance Law and the applicable rules, regulations or other requirements of the New York State Division of Housing and Community Renewal or the United States Department of Housing and Urban Development, as is applicable, whether or not any regulatory agreement or contract is in effect; and, be it further

Resolved, That in the event any Housing Company for which an additional property tax exemption is granted pursuant to this Resolution fails to comply with the

applicable provisions of the Private Housing Finance Law, the applicable rules, regulations or other requirements of the New York City Department of Housing Preservation and Development, the New York State Division of Housing and Community Renewal or the United States Department of Housing and Urban Development, as is applicable, or the terms of any regulatory agreement or contract, the City is authorized to terminate the additional real property tax exemption herein approved for such Housing Company and, be it further

Resolved, That any resolution previously passed by the Board of Estimate or the City Council approving a real property tax exemption for any housing development set forth in Schedule A of this Resolution shall remain in full force and effect except as otherwise provided herein.

On motion of the Speaker (Council Member Mark-Viverito), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

At this point the Speaker (Council Member Mark-Viverito) announced that the following items had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Report for M-76

Report of the Committee on Finance in favor of approving a Communication from the Office of Management & Budget regarding the transfer of City funds between various agencies in Fiscal Year 2014 to implement changes to the City's expense budget, pursuant to Section 107(b) of the New York City Charter (MN-4).

The Committee on Finance, to which the annexed communication was referred on June 25, 2014, respectfully

REPORTS:

Introduction. At a meeting of the Committee on Finance of the City Council of the City of New York (the "City Council") on June 25, 2014 the Committee on Finance received a communication, dated June 25, 2014 from the Office of Management and Budget of the Mayor of The City of New York (the "Mayor"), of a proposed request to modify units of appropriation and transfer city funds between various agencies in the amount of \$1,603,517,579 in the Fiscal Year 2014 expense budget as adopted by the Council on June 26, 2013, pursuant to Section 107(b) of the Charter of the City of New York (the "Charter").

Analysis. MN-4 for Fiscal Year 2014 re-allocates funds among agencies and units of appropriation to reflect actions in the City's Executive Budget Financial Plan as well as changes recognized as part of the fiscal year 2015 Adoption process. MN-4 reduces spending in certain units of appropriation (U/A) by a total of \$1,603,517,579 and transfers that amount to other units of appropriation, with a net effect of zero in overall spending.

Notable actions:

- Within the Department of Education:
 - \$246.4 million increase in U/A 491 — Collective Bargaining to reflect the recently ratified contract with the United Federation of Teachers (UFT). The increased funding includes \$1 15.8 million for \$1,000 bonuses for full-time UFT members and pro-rated bonuses for full-time equivalents, as well as \$130.6 million for

salary increases.

- \$100 million increase in school budgets via U/A 403 — Special Education Instruction & School Leadership — OTPS, to account for increased growth in mild to moderate special education services. This funding is partially offset by a decline in funds for severe special education services, resulting in a \$38 million decrease in U/As 423 and 424 — Citywide Special Education, a \$37 million decrease in U/A 470 — Special Education Pre-Kindergarten Contracts, and a \$31 million decrease in U/A 472 — Contract Schools.
- \$45 million increase in funding for central administration and school support, including a \$25 million increase in funding for U/A 453 — Central Administration

PS and a \$20 million increase in U/A 415 — School Support — PS, to adjust deficits and align the budget with actual spending.

- Within the Department of Sanitation: The Fiscal 2014 Executive Budget Modification includes a net increase of \$39.7 million for the Department of Sanitation's Snow Budget to reflect overtime costs from the past winter's heavy snow season. The Fiscal 2015 Preliminary Budget included a \$35 million increase for salt and additional Other Than Personal Services needs.
- General Reserve: \$918 million has been added to the reserve for collective bargaining. This reflects the settlement with the United Federation of Teacher and the settlement pattern proposed by the City for other unions. The Revenue Modification MN-5, submitted along with this Expense Budget Modification, adds an additional \$653 million to this reserve.

Use of Funds

Detail on the funding transfer between agencies, initiatives and discretionary programs, is reflected in Appendix A of the attached report.

Procedure. If the Mayor wishes to transfer part or all of any unit of appropriation to another unit of appropriation from one agency to another; or when a transfer from one unit of appropriation to the another, and such transfer results in any unit of appropriation being increased or decreased by the greater of five percent or \$50,000, section 107(b) of the Charter requires that the Mayor must first notify the Council of the proposed action. Within 30 days after the first stated meeting of the Council following receipt of such notice, the Council may disapprove such proposed action. If the Council fails to approve or disapprove such proposed action within such 30-day period, the proposed action becomes effective and the Mayor has the authority to make such transfer.

Description of Above-captioned Resolution. In the above-captioned resolution, the Council would approve the Modification pursuant to Section 107(b) of the Charter. Such resolution would take effect as of the date of adoption.

On motion of the Speaker (Council Member Mark-Viverito), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

At this point the Speaker (Council Member Mark-Viverito) announced that the following items had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Report for M-77

Report of the Committee on Finance in favor of approving a Communication from the Office of Management & Budget regarding the appropriation of new revenues of \$1.730 billion in Fiscal Year 2014, pursuant to Section 107(e) of the New York City Charter (MN-5).

The Committee on Finance, to which the annexed communication was referred on June 25, 2014, respectfully

REPORTS:

Introduction. At the meeting of the Committee on Finance of the City Council on June 25, 2014, the Council received a communication, from the Office of Management and Budget of the Mayor, dated June 25, 2014, of a proposed request to modify, pursuant to Section 107(e) of the Charter of the City of New York, the Fiscal 2014 Expense Budget, and the revenue estimate related thereto prepared by the Mayor as of April 7th, 2014.

Analysis. The Council annually adopts the City's budget covering expenditures pursuant to Section 254 of the Charter. On June 26, 2013, the Council adopted the expense budget for fiscal year 2014 (the "Fiscal 2014 Expense Budget"). On June 26, 2013, the Mayor submitted to the Council a revenue estimate related to the Fiscal 2014 Expense Budget. On October 9, 2013, the Council adopted MN-1 modifying the Fiscal 2014 Expense Budget. On April 7, 2014 the Council adopted MN-2 modifying the Fiscal 2014 Expense Budget and MN-3 modifying the Fiscal 2014 Expense Budget and related revenue estimates. Circumstances have changed since the Council last amended the Fiscal 2014 Expense Budget.

Section 107(e) provides one mechanism for the Mayor and the Council to amend the Expense Budget and related revenue estimate to reflect changes in circumstances that occur after adoption of a budget. Section 107(e) permits the modification of the budget in order to create new units of appropriation, to appropriate new revenues from any source other than categorical federal, state and private funding or to use previously unappropriated funds received from any source.

Discussion of Above-captioned Resolution. The above-captioned resolution would authorize the modifications to the Fiscal 2014 Expense Budget and related revenue estimate requested in the Communication.

This modification (MN-5) seeks to increase revenues in the net amount of \$1.730 billion from the Fiscal 2014 Adopted Budget. This represents an increase in City funds of approximately 3.3 percent.

MN-5 is the second revenue modification of Fiscal 2014 and it incorporates changes since the first Revenue modification MN-3 and reflects changes since the February plan. The additions to revenue are about \$483 million larger than would be expected on the basis of the May 2014 plan.

The preponderate share of the additional revenue came from taxes, amounting to \$1.562 billion. The personal income tax garnered \$832 million in additional collections. The bonus season and realized capital gains from Wall Street were significantly stronger than expected in the revenue estimate associated with MN-3. Much of this was known by the time the May plan came out, but this strength continued and personal income tax revenues in the modification are \$180 million over the May plan. Real estate taxes took in \$257 million more than projected in MN-3, as tax delinquencies fell sharply in the past year. The real property transfer tax was \$86 million higher compared to MN-3. This continues a trend that has existed all year, but also represents a large transaction involving Stuyvesant Town

Miscellaneous revenues contributed \$168 million in the revenue modification. The surprises here were fines and forfeitures which were up about \$66 million and licenses, franchises, etc. up about \$56 million. The strength in licenses and franchises was in construction permits up about \$30 million.

Today's revenue modification, MN-5, will add \$213 million to the Budget Stabilization Account (BSA). This is added to the \$1.770 billion already in the account to allow for prepayment in Fiscal 2015. Another \$864 million of the additional revenue will be added to the Retiree Health Benefits Trust. This trust is designed to fund the City's \$92.5 billion in post-employment health care liabilities. Historically, it has also functioned as a kind of rainy-day fund. With this addition the Trust has around \$2 billion. Finally \$653 million will be added to the reserve for collective bargaining. This is necessary to help fund the United Federation of Teachers contract settlement and the settlement pattern that the City is using in its negotiations with other unions.

The resolution would also direct the City Clerk to forward a certified copy thereof to the Mayor and the Comptroller so that the Mayor, the Comptroller and the City Clerk may certify the Fiscal 2014 Expense Budget as amended thereby as the budget for the remainder of the fiscal year. The above-captioned resolution would take effect as of the date adopted.

(The following is the text of the Fiscal Impact Memo to the Finance Committee from the Finance Division of the New York City Council:)

TO: Honorable Melissa Mark-Viverito
Speaker
Honorable Julissa Ferreras Chair, Finance Committee

FROM: Latonia McKinney, Acting Director
Raymond Majewski, Deputy Director/Chief Economist Finance Division

DATE: June 25, 2014

SUBJECT: A Preconsidered Budget Modification (MN-5) for Fiscal 2014 that will appropriate \$1.730 billion in new revenues.

INITIATION: By letter dated June 25, 2014 the Director of the Office of Management and Budget submitted to the Council, pursuant to section 107(e) of the New York City Charter, a request to appropriate \$1.730 billion in new revenues. These revenues will be used to: increase the Budget Stabilization Account by \$213 million, to increase the Retiree Health Benefits Trust fund by \$864 million and to fund \$653 million for collective bargaining costs.

BACKGROUND: This modification (MN-5) seeks to recognize \$1.730 billion in new revenues reflecting changes since the City's February financial plan. Of these funds, \$213 million are added to the Budget Stabilization Account, which will prepay debt service for Fiscal Year 2015. \$864 million are added to the Retiree Health Benefits Trust fund and \$653 million are added to the reserve for collective bargaining.

FISCAL IMPACT: This modification represents a net increase in the Fiscal 2014 budget of \$1.730 billion.

Accordingly, this Committee recommends its adoption.

In connection herewith, Council Member Ferreras offered the following resolution:

Res. No. 302

RESOLUTION APPROVING A MODIFICATION PURSUANT TO SECTION 107(E) OF THE CHARTER OF THE CITY OF NEW YORK.

By Council Member Ferreras.

Whereas, on June 25, 2014 the Committee on Finance of the City Council received a communication, dated June 25, 2014 from the Mayor's Office of Management and Budget, of a proposed request to recognize a net increase in revenue pursuant to Section 107(e) of the Charter of the City of New York, attached hereto as Exhibit A (the "Request to Appropriate"); and

Whereas, Section 107(e) of the Charter requires the City Council and the Mayor to follow the procedures and required approvals pursuant to Sections 254, 255, and 256 of the Charter, without regard to the dates specified therein, in the case of the proposed appropriation of any new revenues and the creation of new units of appropriation; and

Whereas, Section 107(e) of the Charter requires that any request by the Mayor respecting an amendment of the budget that involves an increase in the budget shall be accompanied by a statement of the source of current revenues or other identifiable and currently available funds required for the payment of such additional amounts, attached hereto as Exhibit B (together with the Request to Appropriate, the "Revenue Modification");

NOW, THEREFORE, the Council of the City of New York hereby resolves as follows:

Approval of Modification. The City Council hereby approves the Revenue Modification pursuant to Section 107(e) of the Charter.

Further Actions. The City Council directs the City Clerk to forward a certified copy of this resolution to the Mayor and the Comptroller as soon as practicable so that the Mayor, the Comptroller and the City Clerk may certify the Fiscal 2014 Expense Budget as amended by this resolution as the budget for the remainder of the fiscal year.

Effective Date. This resolution shall take effect as of the date hereof

Report for Res. No. 297

Report of the Committee on Finance in favor of approving a Resolution to establish that the discount percentage for early payment of real estate taxes be set at 1.0% per annum for Fiscal Year 2015.

The Committee on Finance, to which the annexed resolution was referred on June 25, 2014, respectfully

REPORTS:

Under current law, the City provides a discount for property owners who pay their property tax bills early. To receive a discount on the *entire* tax bill, both semi-annual and quarterly taxpayers have to pay the entire tax bill prior to the date the July 1st installment could be paid without interest.¹ For quarterly taxpayers, if the taxpayer does not pay the entire tax bill upfront, but instead pays the last three quarters in full on or before October 15th, the discount is calculated at a rate of two-thirds of the discount percentage. If the last two quarters (due in January and April) are paid in full on or before January 15th, the taxpayer receives a discount equal to one-third of the discount percentage. A tax installment paid after the January 15th due date is not eligible for a discount.

The New York City Council is charged with the responsibility of setting the discount percentages for the early payment of real estate taxes prior to the dates on which such taxes become due and payable. Specifically, Section 1519-a (7)(b) of the New York City Charter provides that not later than the twenty-fifth day of May in each year, the New York City Banking Commission (the "Banking Commission") shall send a written recommendation to the Council of a proposed discount percentage for the ensuing fiscal year.

Further, section 1519-a(7)(c) of the New York City Charter provides that the New York City Council may adopt a discount percentage on the fifth day of June preceding such ensuing fiscal year, or at any time thereafter.

If the Council does not set a discount rate, the default discount rate, which is set by section 1519-a(7)(d) of the New York City Charter will apply. The default discount rate is 1.5%.

The Banking Commission forwarded to the Council, by letter dated May 20, 2014, its recommendation that the discount percentage for early payment of real estate taxes for Fiscal Year 2015 be set at one percent (1.0%) per annum.

Pursuant to Charter section 1519-a(7)(c), the Council adopts the Banking Commission's recommendation and establishes that the discount percentage for early payment of real estate taxes shall be set at one percent (1%) per annum for Fiscal Year 2015.

¹This is the only discount available to semi-annual taxpayers for tax bills due on or after July 1st, 2014.

Accordingly, this Committee recommends its adoption.

Report for Res. No. 298

Report of the Committee on Finance in favor of approving a Resolution Computing and Certifying Base Percentage, Current Percentage and Current Base Proportion of Each Class of Real Property for Fiscal 2015 to the State Board of Real Property Services Pursuant to Section 1803-a of the Real Property Tax Law.

The Committee on Finance, to which the annexed resolution was referred on June 25, 2014, respectfully

REPORTS:

Introduction. Section 1803-a of the Real Property Tax Law requires the City Council to certify to the State Board of Real Property Services (the "SBRPS") certain calculations used in the process of updating the class shares from the previous year. These calculations are made every year by the Council to reflect the following changes in each class of real property:

- a. Changes in the market value of taxable real property (as determined by SBRPS sample studies),
- b. Physical changes as a result of new construction or demolitions,
- c. Changes in taxable status, and
- d. Transfers of real property among the four classes of real property as a result of changes in use or for other reasons.

Under SBRPS regulations, the Council must update the class shares by making two separate certifications. The action to be taken in the above-referenced resolution constitutes the first step of establishing the class shares of the four classes of taxable real property in the City to which the tax levy for the Fiscal 2015 budget will be applied. The purpose of this step is to give effect to the latest class equalization rates required by Article 18 of the Real Property Tax Law. Using these rates, new estimates of market values for each class are calculated.

The second step, certifying the "adjusted base proportions", is the subject of a separate resolution that takes account of all the changes that are included in the final assessment roll, after Tax Commission review of taxpayer protests. Attached hereto, as Exhibit A, are definitions of terms that are used in the analysis below.

Analysis. The class equalization rates described above produce prospective current base proportions that show an increase in Class 4 above the Fiscal 2014 adjusted base proportion, or "class shares" (as shown in column R of SBRPS Form

RP-6700 attached to the above-captioned resolution), and decreases in the class shares of Classes 1, 2, and 3. Pursuant to Section 1803-a(1)(c) of the Real Property Tax Law if the increase in any class exceeds 5 percent, the Council is directed to shift the excess (and only the excess) to any other class or classes so long as the shift does not cause the current base proportion of any other class to increase by more than 5 percent. None of the Classes exceed the cap, therefore, in the above-captioned resolution, there is no excess above 5 percent to distribute.

The chart below shows the following changes of the current base proportions of all four classes from their adjusted base proportions in Fiscal 2014. No Class sees a percent change that exceeds the 5 percent cap.

Class	Percent Change of FY15 Current Base Proportions from FY14 Adjusted Base Proportions
1	-1.66
2	-1.50
3	-12.26
4	+4.03

However, these "current base proportions" must still be adjusted for the physical changes and transfers among classes which are contained in the final assessment roll. These adjustments will be made in a separate resolution constituting the Council's second step. The "adjusted base proportions" thus derived will be the class shares used for allocating the real property tax levy for Fiscal 2015.

EXHIBIT A

"Class equalization rate" represents the percentage that the total assessed value of each class is of the market value of the class, as shown in SBRPS sample studies.

"Base percentage" represents the percentage of total market value that each class constitutes in the 1989 base tax roll. The 1989 base tax roll is the one that was used in setting the tax levy for Fiscal 1990.

"Current percentage" is similar to the base percentage, but applies to the most recent year for which the SBRPS has established class equalization rates (in this case, the 2013 tax roll).

"Local base proportions" are the class tax shares used to fix the tax rates for Fiscal 1991.

"Current base proportions" are the local base proportions modified to take into account the market value changes revealed by the latest class equalization rates.

Accordingly, this Committee recommends its adoption.

Report for Res. No. 299

Report of the Committee on Finance in favor of approving a Resolution Computing and Certifying Adjusted Base Proportion of Each Class of Real Property for Fiscal 2015 to the State Board of Real Property Services Pursuant to Section 1803-a of the Real Property Tax Law.

The Committee on Finance, to which the annexed resolution was referred on June 25, 2014, respectfully

REPORTS:

Introduction. The above-captioned resolution completes the certification procedure required by Section 1803-a of the Real Property Tax Law to establish the class shares used in levying the real property taxes for the adopted Fiscal 2015 budget.

In a separate resolution, the Council computed and certified the current base proportions for Fiscal 2015 (the "CBP Resolution"). The above-captioned resolution uses those current base proportions, together with data supplied by the New York City Department of Finance from the final assessment roll released on May 27, 2014, to determine the adjusted base proportions (or class shares) in accordance with the procedure established by the State Board of Real Property Services (the "SBRPS").

The current base proportion for each class of real property takes into account the market value changes in the class occurring between the assessment roll for the base period, 1989, and the latest roll for which SBRPS has established class equalization rates, 2013. The CBP Resolution modified the class shares for the Fiscal 2015 property tax levy accordingly. The remaining step, to be taken in the above-captioned resolution, adjusts these current base proportions to take account of the various physical changes (such as demolitions, new construction, changes in exempt status and transfers among classes) that are reflected in the new final assessment roll. The computations called for in the SBRPS procedure are designed to separate the effects of these physical changes from equalization changes made by local assessors.

Analysis. The calculations shown on the SBRPS Form RP-6702 attached to the above-captioned resolution modify the share for each class to reflect physical changes. For Fiscal 2015, all property tax classes show modest physical increases. The Fiscal 2015 adjusted base proportions for Classes 1 and 2 show modest declines of about one percent or less from the Fiscal 2014 current base proportions. Classes 3 and 4 on the other hand see modest increases due to physical increases pushing their adjusted base percentage up about 0.2 percent and 1.3 percent respectively.

However, the changes from the adjusted base proportions from Fiscal 2014 to Fiscal 2015, as reported in the table below, show an increase for Class 4, while Classes 1, 2, and 3 see decreases.

Comparison of Class Shares for Fiscal 2014 and Fiscal 2015			
Class	Fiscal 2014	Fiscal 2015	Percent Change
1	15.4894	15.0728	-2.69
2	36.7523	36.1823	-1.55
3	6.8468	6.0842	-11.14
4	40.9115	42.6607	+4.28
Total	100.0000	100.0000	

The tax rates resulting from the use of class shares, or adjusted base proportions, shown above for Fiscal 2015 are compared to the Fiscal 2014 tax rates in the following table.

Comparison of Tax Rates for Fiscal 2014 and Fiscal 2015 (Per \$100 Assessed Value)

Report for M-53

Report of the Committee on Finance in favor of approving a Communication from the Mayor in regard to the Submittal of the Proposed City Fiscal Year 2015 Community Development Program, the Proposed CFY'15 Budget, the Proposed Reallocations-the CD XL Funds, Proposed CD XLI Statement of Objectives and Budget, dated May 8, 2014.

The Committee on Finance, to which the annexed communication (with coupled Community Development Program Budget resolution shown below) was referred on May 14, 2014 (Minutes, page 1452), respectfully

REPORTS:

Introduction. The Proposed City Fiscal Year 2015 Community Development Program, Proposed Reallocation of Fortieth Year Community Development Funds, and Proposed Forty-First Year Community Development Program were submitted by the Mayor to the Council on May 8, 2014 and referred to the Committee on Finance.

Analysis. The Committee on Finance held hearings on May 15, 16, 19, 20, 21, 22, 27, 28, 30, on June 2, 3, and 6, 2014. The testimony elicited at these hearings regarding the budget as a whole and with respect to specific needs and projects was supplemented by further data developed at the meetings of the Committee on Finance, and from Council staff and representatives of City agencies. The primary concern of the Committee was that the funding contained in the Proposed City Fiscal Year 2015 Community Development Program would meet the actual and perceived needs of the communities the City of New York comprises.

In its deliberations, the Committee on Finance took into consideration the testimony of the citizenry at the public hearings and the information furnished by

Council Members, staff assistants and City agencies.

As a result of the Committee on Finance's deliberation, the Committee recommends the following:

1. A City Fiscal Year 2015 Community Development Program totaling \$219,450,000 and
2. A Reallocated Fortieth Year Community Development Program totaling \$219,756,000; and
3. A Forty-First Community Development Program totaling \$219,075,000.

The Committee makes this recommendation with the stipulation that the portion of the Forty-First Year Community Development budget which will be spent in City Fiscal Year 2016 and not City Fiscal Year 2015 will be subject to review and reallocation in the City Fiscal Year 2016 Community Development budget recommendations to be made in June, 2015.

(Millions of Dollars)

COMMUNITY DEVELOPMENT PROGRAM	PROPOSED BUDGET	PROPOSED CHANGES	REVISED BUDGET
City Fiscal Year 2015 Community Development Program Total:	219.075	0.375	219.450
Reallocated Fortieth Year Community Development Program Total:	219.381	0.375	219.756
Forty-First Year Community Development Program Total:	219.075	0.000	219.075

NOTE: The proposed change is for the Met Council Food Pantry, administered through the Department of Youth and Community Development. Community Development funds will pay for a food distribution program targeting low- and moderate-income residents in New York City. Funds will pay for the administrative staff and for food.

Accordingly, this Committee recommends its adoption.

In connection herewith, Council Member Ferreras offered the following resolution:

Report for M-59

Report of the Committee on Finance in favor of approving a Communication from the Chancellor in regard to the Submittal of a proposed five-year Capital Plan FY 2015 – 2019.

The Committee on Finance, to which the annexed communication (with coupled resolution shown below) was referred on May 14, 2014 (Minutes, page 1454), respectfully

REPORTS:

Introduction. At a meeting of the Committee on Finance of the City Council of the City of New York on June 25, 2014, the Committee on Finance received a communication from the Chancellor of the New York City Public Schools ("the Chancellor"), transmitting the Five-Year Educational Facilities Capital Plan for Fiscal Years 2015-2019 ("the Plan"). This resolution constitutes the Council's approval of the Plan for the City's public school system for the period from July 1, 2014 until June 30, 2019. Council approval of the Plan is required pursuant to Section 2590-p of the State Education Law ("Section 2590-p").

Analysis. The State Education Law sets forth a planning process for repair, maintenance and construction work in the City's public school facilities. Section 2590-p requires the Chancellor to prepare five-year educational facilities capital plans ("plans"). These plans are required to break down the work proposed to be performed on the school facilities into categories called program elements and to provide cost estimates and start and completion dates for design and construction of projects. The current plan ends on June 30, 2014. The Plan, which is the subject of the Chancellor's Communication and this Resolution, covers the period from July 1, 2014 until June 30, 2019.

Section 2590-p requires the Chancellor to produce a proposed plan by November 1st of the year prior to the start of the plan period. The law requires the plan to be submitted to the Community District Education Councils who are to hold public hearings. The Chancellor then revises the plan and submits a final proposed plan to the City Board (now the Panel for Education Policy) no later than February 1st for its approval. Since the 2002 State School Governance Legislation brought the City School System under increased local control, Section 2590-p now requires the Council and the Mayor to approve the plan before it is final.

In accordance with Section 2590-p, the Chancellor prepared a proposed plan in November 2013 and submitted it to the Community District Education Councils. Amendments to the proposed plan were made and a final proposed plan was submitted to the Panel for Education Policy and approved shortly thereafter. The proposed plan calls for an expenditure of \$12.8 billion over the five-year plan period and relies on State funding for approximately half of that amount.

Over the course of the last several months, the Council has engaged in extensive discussions and negotiations with the Department of Education ("DOE") over the content and specifics of the proposed plan. These negotiations have resulted in changes to the proposed plan's content, as well as the addition of more specific information to it. This revised document is the Plan and has been submitted to the Council for approval.

Plan Funding

Total Funding for the Plan: The Plan totals \$12.8 billion, which reflects an increase of \$1.58 billion, or 14.1%, over the fiscal years 2010-2014 plan. The Plan has three major categories, funding for which is outlined below:

- Capacity Program: \$4.35 billion, including \$3.3 billion for the construction of 31,754 new seats and the design of 806 additional seats in the New Capacity Program (6,603 of new seats are rolled over from the fiscal years 2010-2014 plan)
- Capital Investment: \$4.94 billion, including \$3.33 billion for the Capital Investment Program and \$1.66 billion for facility and technology enhancement projects; and

- Mandated Programs: \$3.46 billion for various mandated costs, including \$480 million for replacing light fixtures containing polychlorinated biphenyls (PCBs) and \$650 million for wrap-up insurance.

Other noteworthy components of the Plan include:

- \$210 million towards the Pre-Kindergarten Initiative, a program to support the plan to implement citywide full-day universal pre-kindergarten, for the expansion of pre-kindergarten capacity by approximately 2,100 seats;
- \$480 million for the removal of all Transportable Classroom Units;
- \$133 million to upgrade existing athletic fields;
- \$50 million to upgrade middle school science laboratories;
- \$100 million for pilot program renovating school bathrooms;
- \$480 million for removal of all Transportable Classroom Units.

Council Priorities

In the Plan, the DOE has implemented one of the Council’s priorities as set forth in the Council’s Preliminary Budget Response relating to increased funding for school bathroom renovations. In the proposed plan presented in February, a total of \$50 million was allocated towards this project. After negotiations with the Council, the DOE has doubled this allocation for a total of \$100 million. These funds will be used to improve bathroom conditions through repairs and upgrades, including fixture replacements, such as sinks, commodes, and urinals; replacing all floor and wall tiles; installing new partitions; replacing bathroom doors; and painting as needed.

Memorandum of Understanding

In addition, as a condition to Council approval of the plan, the Council, the Chancellor, and the Mayor agreed to a Memorandum of Understanding (“MOU”). The MOU attempts to balance DOE’s need for flexibility in the planning process required by changing circumstances with the Council’s need for specificity with regard to the projects proposed to be undertaken in the Plan’s out-years, before the Council’s approval of such projects. The MOU accomplishes this by providing for an annual amendment process as well as an amendment if there is a shortfall in State funding relied upon to finance the plan. Specifically, the MOU:

- Requires the annual amendment to include siting and/or location of each project (by building or school district, as appropriate), cost estimates, start dates and completion dates for each project;
- Requires an amendment to be submitted within sixty days of any State budgetary action regarding the City’s educational capital facilities that creates a shortfall of funding of 5% or greater for any Plan year;
- Requires each amendment to include an updated Plan showing the projects anticipated over the next year of the Plan, and any changes to such projects that would result from the proposed amendment;
- Requires the DOE and the SCA to meet with each City Council Borough Delegation at least once per year, with meeting to be held after the November proposed amendment and, at the discretion of the Delegation, to meet at least one time after the release of the second proposed amendment;
- Requires the SCA to post on its website the Annual Facilities Survey and any Alternate Site Analysis within 30 days of completion and also requires the SCA to updated and post on its website quarterly a report detailing the schedules and budgets for all capital projects, disaggregated by school district, currently in process; and
- Prohibits actions or expenditures, excluding those facilitating scope and design or those for emergency projects, in furtherance of any projects to be undertaken in the Plan year that is the subject of the annual amendment to be taken prior to approval of the annual amendment by the Mayor and Council.

Agreement between the DOE and the Council

In an effort to increase transparency and assist the Council in its ability to review the progress of specific capital projects, the DOE has agreed to provide the Council with the following information:

- Quarterly reports mandated by Section 521(e) of the New York City Charter in Microsoft Excel;
- In the annual amendment, a list of capital projects that have been completed in the prior fiscal year; and

- An annual report, at the time each proposed amendment is released, regarding the DOE’s plan for the removal of Temporary Classroom Units (“TCUs”). Such report shall include: 1) contain the DOE’s plan for the removal of TCUs; 2) a list of the TCUs that were removed in the prior fiscal year and a projection of the number and which TCUs will be removed in the following fiscal year, disaggregated by school; and 3) a specific description of the manner in which the DOE has accounted for the decreased capacity caused by each TCU’s removal, such as by a redistricting plan or a list of the number of new seats that were or will need to be created and the actual or anticipated location of such new seats.

The Chancellor has provided such a report for Fiscal Year 2014 which reflects the removal of 31 TCUs from 9 schools across 6 school districts. For Fiscal Year 2015, the DOE currently projects the removal of an additional 8 TCUs at 3 more schools across 3 school districts. The tables below include more specific information about the TCU removal:

WHEREAS, On June 25, 2014, the New York City Council adopted the Five Year Educational Facilities Capital Plan for fiscal years 2015 through 2019 for the New York City Public Schools (the “Plan”) as submitted by the Mayor, pursuant to §2590-p of the State Education Law; and

WHEREAS, The New York State Education Law requires the Plan to set forth each program element and project within the Plan with an appropriate degree of specificity; and

WHEREAS, The parties further agree that it is necessary to balance the need for specificity with regard to the projects to be undertaken in the Plan’s later years, with the need for flexibility required by changing circumstances; and

WHEREAS, Whereas, The Plan relies on State funding for approximately one-half of \$12.0 billion to be spent over the period covered by the Plan, plus \$800 million to be funded by the Smart Schools Bond Act, if enacted; and

WHEREAS, The Plan can only be implemented in its totality if all of the funding on which the Plan relies is secured; and

WHEREAS, The Plan allocates \$4.94 billion to capital improvement projects that renovate existing buildings; and

Whereas, Such projects are only identified for the first two years of the plan (FY2015-2016); and

WHEREAS, Although the Plan allocates \$3.3 billion to new capacity for the construction of 31,754 new seats in an estimated 57 buildings, the difficulty of site selection and other factors will require ongoing attention to and modification of the Plan; and

WHEREAS, On the date of adoption of the Plan for fiscal years 2005-2009, the parties executed an Amended Memorandum of Understanding (hereinafter referred to as the “Amended MOU”), which extended the terms of an agreement executed on June 24, 2004 (hereinafter referred to as the “2004 Agreement”) that required, *inter alia*, the Chancellor to submit annual amendments to the Plan for fiscal years 2005-2009 to the Mayor and the City Council for their respective consideration and approval; and

WHEREAS, The Amended MOU extended the terms of the 2004 agreement to the Plan for an additional year; and

WHEREAS, The Amended MOU expired on June 19, 2010; and

WHEREAS, On June 19, 2010, the parties executed an MOU (hereinafter referred to as the “2010 MOU”) which set forth the terms for the period covering the Plan for fiscal years 2010-2014 including a requirement that the Chancellor submit annual amendments to the Plan for fiscal years 2010-2014 to the Mayor and the City Council for their respective consideration and approval; and

WHEREAS, The 2010 MOU expired on June 25, 2014; and

NOW THEREFORE, THE MAYOR, THE SPEAKER AND THE CHANCELLOR HEREBY AGREE AND CONSENT AS FOLLOWS:

1. In addition to any other amendments required pursuant to §2590-p of the State Education Law (hereinafter referred to as “§2590-p”), the Chancellor shall submit to the Mayor and the Council, at the same time and using the same procedure, for their respective consideration and approval, amendments to the Plan as follows:

- (a) An annual amendment submitted no later than March first of each year, which shall include for the ensuing fiscal year of the Plan period each project, including siting and/or location of each project (by building or school district, as appropriate), cost estimates, start dates and completion dates, and any other information required by §2590-p for each project; and
- (b) An amendment submitted within sixty (60) days of any State budgetary action regarding the City’s educational capital facilities that creates a shortfall of funding of five (5%) percent or greater for any Plan year; and

Each such amendment shall also include an updated Plan showing the projects anticipated over the next year of the Plan, and any changes to such projects that would result from the proposed amendment.

2. No actions or expenditures, excluding those facilitating scope and design or those for emergency projects, in furtherance of any projects to be undertaken in the Plan year that is the subject of the annual amendment shall be taken prior to approval of the annual amendment by the Mayor and Council.

3. The New York City Department of Education (hereinafter referred to as the “DOE”) and the New York City School Construction Authority (hereinafter referred to as the “SCA”) shall meet at least one (1) time with each City Council Borough Delegation after the release of the first proposed amendment of the Plan and, at the discretion of the Delegation, shall meet at least one (1) time after the release of the second proposed amendment of the Plan, to develop a list of potential site recommendations in each borough for the construction and leasing of new schools. Such list of recommendations shall be considered by the Chancellor and the SCA and any sites selected from the list shall be subject to all applicable provisions of §§ 1731 and 1732 of the State Public Authorities Law relating to community participation and approval of sites. During such meetings, the Chancellor and the SCA shall also provide a status update of the Capital Plan to the City Council. Such update shall include, but not limited to, the progress of the Capacity projects and Capital Improvement Projects.

4. The SCA shall post to its website a report detailing the schedules and budgets for all capital projects, disaggregated by school district, currently in process. Such report shall be updated on-line on a quarterly basis.

5. Within thirty (30) days of completion of the Alternate Site Analysis, or similar document that provides an analysis of at least one alternative site that was not selected in SCA’s site selection process for the construction of a new school facility, the SCA shall post such analysis, and related Notice of Filing and Site Plan on its website.

6. Within thirty (30) days of completion of the Annual Facilities Survey, or similar survey that contains an inventory of all of the rooms in a school facility and their usage, the DOE shall post information contained in this survey on its website information.

7. This MOU shall take effect upon its execution by the Mayor, the Speaker, and the Chancellor.

8. This MOU shall continue until the termination of the FY 2015-2019 Capital Plan by adoption of a succeeding Capital Plan and may only be revoked by mutual consent of all the parties hereto. The parties hereto further understand and intend that this MOU shall be binding on their successors in office.

9. If any clause, sentence, paragraph, section or part of this MOU shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

Res. No. 315

Resolution approving the Five-Year Educational Facilities Capital Plan For Fiscal Years 2015 – 2019 submitted by the Chancellor pursuant to Section 2590-p of the New York State Education Law.

By Council Member Ferreras.

Whereas, The New York State Education Law Section 2590-p provides for the development and approval, every five years, of a five-year educational facilities capital plan; and

Whereas, The current five-year educational facilities capital plan covers the period from July 1, 2009 until June 31, 2014; and

Whereas, The next five-year educational facilities capital plan will commence on July 1, 2014 and cover the period from July 1, 2014 until June 30, 2019 (“the Plan”); and

Whereas, Pursuant to Section 2590-p of the New York State Education Law, the Chancellor of the New York City Public Schools (“the Chancellor”) prepared a proposed five-year educational facilities capital plan in November 2013 as well as a final proposed five-year educational facilities capital plan in February 2014; and

Whereas, Additionally, in the Plan, the DOE has implemented one of the Council’s priorities as set forth in the Council’s Preliminary Budget Response relating to increased funding for school bathroom renovations; and

Whereas, In the proposed plan presented in February, a total of \$50 million was allocated towards this project, however, after negotiations with the Council, the DOE has doubled this allocation for a total of \$100 million; and

Whereas, These funds will be used to improve bathroom conditions through repairs and upgrades, including fixture replacements, such as sinks, commodes, and urinals; replacing all floor and wall tiles; installing new partitions; replacing bathroom doors; and painting as needed; and

Whereas, Moreover, as a condition to Council approval of such Plan, the Council, the Chancellor, and the Mayor have also agreed to a Memorandum of Understanding, effective on the date of adoption of this resolution, which

memorializes, *inter alia* the parties' intent to balance the need for specificity with regard to the projects to be undertaken in the plan's out-years with the need for flexibility in the planning process required by changing circumstances by providing for amendments to the Five-Year Educational Facilities Capital Plan; and

Whereas, In May 2014, the Chancellor submitted to the Council the Plan with changes and additional information as agreed upon by the Chancellor and the Council; now, therefore, be it

Report for M-79

Report of the Committee on Finance in favor of approving a resolution of the Council of the City of New York fixing the tax rate for the Fiscal Year 2015, adopted June 25, 2014 upon the recommendation of the Committee on Finance of the Council.

The Committee on Finance, to which the annexed communication (with coupled resolution shown below) was referred on June 25, 2014, respectfully

REPORTS:

Introduction. This Resolution, dated June 25, 2014, provides the amounts necessary for the support of the government of the City of New York and the counties therein and for the payment of indebtedness thereof, for the fiscal year beginning on July 1, 2014 and ending on June 30, 2015 by the levy of taxes on the real property in the city of New York, in accordance with the provisions of the Constitution of the State of New York, the Real Property Tax law and the Charter of the City of New York.

On May 8, 2014, the Mayor submitted the executive budget for Fiscal 2015 to the Council pursuant to Section 249 of the Charter. On the date hereof, the Council adopted the budget for Fiscal 2015 pursuant to Section 254 of the Charter (the "Fiscal 2015 Budget"). Pursuant to Section 1516 of the Charter, the Council must fix the annual real property tax rates immediately upon such approval of the Fiscal 2015 Budget. In the resolution, captioned above, fixing the real property tax rates for Fiscal 2015 (the "Tax Fixing Resolution"), the Council fixes the annual real property tax rates, as described in greater detail below, and authorizes the levy of real property taxes for Fiscal 2015.

Determining the Amount of the Real Property Tax Levy. In the Tax Fixing Resolution, the Council determines the amount of the real property tax levy for Fiscal 2015, pursuant to the provisions of Section 1516 of the Charter, in the following manner. (1) First, the Council acknowledges the amount of the Fiscal 2015 Budget to be \$75,026,906,545, as set forth in the communication from the Mayor pursuant to Section 1515(a) of the Charter (the "Fiscal 2014 Budget Amount"). (2) The Council then acknowledges the estimate of the probable amount of all non-property tax revenues to be \$54,247,974,545, as set forth in the communication from the Mayor pursuant to Section 1515(a) of the Charter (the "Fiscal 2015 Revenue Estimate"). (Attached hereto as Exhibit A is a description of the Fiscal 2014 Revenue Estimate, detailing all sources of revenues exclusive of real property taxes.) (3) Pursuant to Section 1516 of the Charter, the Council finally determines the net amount required to be raised by tax on real property to be \$20,778,932,000, by subtracting the amount of the Fiscal 2015 Revenue Estimate from the Fiscal 2015 Budget Amount.

In order to achieve a real property tax yield of \$20,778,932,000, however, due to provision for uncollectible taxes and refunds and collection of levies from prior years equal in the aggregate to \$1,812,597,495, the Council determines that a real property tax levy of \$22,591,529,495 is required. Such amount, levied at rates on the classes of real property as further described below will produce a balanced budget within generally accepted accounting principles for municipalities.

The Council also provides for the application of the real property tax levy (net of provision for uncollectible taxes and refunds and collection of levies from prior years) to (1) debt service not subject to the constitutional operating limit, (2) debt service subject to the constitutional operating limit and (3) the Fiscal 2015 Budget in

excess of the amount of the Fiscal 2014 Revenue Estimate.

Authorizing and Fixing the Real Property Tax Rates. After having determined the amount of the real property tax levy, the Council authorizes and fixes the real property tax rates. On May 27, 2014, the Commissioner of the Department of Finance (the "Commissioner") delivered the certified assessment rolls for all real property assessable for taxation in the City in each borough thereof for Fiscal 2015 to the Council, pursuant to Section 1514 of the Charter (the "Fiscal 2015 Assessment Rolls"). On June 25, 2014, the Council adopted a resolution in which the Council computed and certified the current base proportion, the current percentage and the base percentage of each class of real property in the City for Fiscal 2015 (the "Current Base Proportion Resolution"), pursuant to Section 1803-a (1) of the Real Property Tax Law. On June 25, 2014, pursuant to Section 1803-a of the Real Property Tax Law, the Council adopted a resolution in which the Council adjusted the current base proportions of each class of real property in the City for Fiscal 2015, to reflect the additions to, and full or partial removal from, the Fiscal 2015 Assessment Rolls (the "Adjusted Base Proportion Resolution").

The following sections describe the determinations the Council must make before it fixes the real property tax rates and the process by which the Council fixes the real property tax rates.

Assessed Valuation Calculations. In the Tax Fixing Resolution, the Council sets out the assessed valuation calculations of taxable real property in the City by class within each borough of the City. Next, the Council sets out the assessed valuation (1) by class of real property for the purpose of taxation (exclusive of the assessed valuation of veterans' real property exempt under state law from tax for general purposes but subject to tax for school purposes) in each borough of the City and (2) by class of veterans' real property subject to tax for school purposes in each borough of the City.

Compliance with Constitutional Operating Limit Provisions. In the Tax Fixing Resolution, the Council also provides evidence of compliance with constitutional operating limit provisions. The Council determines that the amount to be levied by tax on real property for the Fiscal 2015 Budget does not exceed the limit imposed by Section 10, Article VIII of the Constitution of the State of New York, as amended, and Article 12-A of the Real Property Tax Law (the "Operating Limit Provisions"). The Operating Limit Provisions require that the City not levy taxes on real property in any fiscal year in excess of an amount equal to a combined total of two and one-half percent (2 1/2%) of the average full valuation of taxable real property in the City, determined by taking the assessed valuations of taxable real property on the last completed assessment roll and the four (4) preceding assessment rolls of the City and applying thereto the special equalization ratio which such assessed valuations of each such roll bear to the full valuations as fixed and determined by the State Office of Real Property Services ("ORPS"), minus (i) the amount to be raised by tax on real property in such year for the payment of the interest on and the redemption of certificates of other evidence of indebtedness described in the Constitution and (ii) the aggregate amount of business improvement district charges exclusive of debt service. (Attached hereto as Exhibit B is a description of net reductions of the amounts to be raised by the Fiscal 2014 tax levy as authorized by New York State law for purposes of the Operating Limit determination.)

Adjusted Base Proportions. The Tax Fixing Resolution sets forth the adjusted base proportions for Fiscal 2015, pursuant to the Adjusted Base Proportion Resolution, to be used in determining the Fiscal 2015 tax rates for the four classes of properties.

Tax Rates on Adjusted Base Proportions. Finally, in the Tax Fixing Resolution, the Council authorizes and fixes, pursuant to Section 1516 of the Charter, the rates of tax for Fiscal 2015 by class upon: (1) each dollar of assessed valuation of real property subject to taxation for all purposes of, and within, the City, as fixed in cents and thousandths of a cent per dollar of assessed valuation, as follows:

All One-, Two- and Three-Family Residential Real Property.....	0.19157
All Other Residential Real Property.....	0.12855
Utility Real Property.....	0.11125
All Other Real Property.....	0.10684

and (2) each dollar of assessed valuation of veterans' real property exempt under state law from tax for general purposes but subject to tax for school purposes of, and within, the City, as fixed in cents and thousandths of a cent per dollar of assessed valuation, as follows:

All One-, Two- and Three-Family Residential Real Property.....	0.11581
All Other Residential Real Property.....	0.07795
Utility Real Property.....	0.00000
All Other Real Property.....	0.06485

Authorization of the Levy of Property Taxes for Fiscal 2015. The Council authorizes and directs the Commissioner, pursuant to Section 1517 of the Charter, to set down in the Fiscal 2014 Assessment Rolls, opposite to the several sums set down as the valuation of real property, the respective sums to be paid as a tax thereon and add and set down the aggregate valuations of real property in the boroughs of the City and send a certificate of such aggregate valuation in each such borough to the State Comptroller. The Tax Fixing Resolution then requires the City Clerk to procure the proper warrants, in the form attached thereto, such warrants to be signed by the Public Advocate and countersigned by the City Clerk.

The Tax Fixing Resolution would take effect as of the date of adoption of the Fiscal 2015 Budget.

Accordingly, the Committee on Finance recommends adoption of the Tax Fixing Resolution.

FOOTNOTES

(1) Fiscal 2015 administrative expenses of the New York State Financial Control Board ("FCB") and the Office of the State Deputy Comptroller ("OSDC"), the "State Oversight Retention Requirements", have been treated only for accounting and financial reporting purposes of the City as if they were City expenditures. Consequently, the above estimates of General Fund receipts for Fiscal 2015 do not reflect anticipated reductions in amounts to be received by the City from the 4.5 percent sales tax levied in the City (the "City Sales Tax") pursuant to State Oversight Retention Requirements. In fact, the State Oversight Retention Requirements are to be retained by the State from the City Sales Tax and will therefore reduce the funds which are paid to the City from the City Sales Tax. This presentation of State Oversight Retention Requirements (instead of being shown as a reduction in City Sales Tax) has no bearing on the statutory relationship between the City, on the one hand, and the FCB and OSDC, on the other hand.

NOW, THEREFORE, be it resolved by The Council of The City of New York as follows:

Section 1. Fixing of Real Property Tax Rates for Fiscal 2015.

a. Determining the Amount of the Real Property Tax Levy.

(i) The total amount of the Fiscal 2015 Budget as set forth in the Fiscal 2015 Budget Statement is \$75,026,906,545.

(ii) The estimate of the probable amount of receipts into the City treasury during Fiscal 2015 from all the sources of revenue of the general fund and all receipts other than those of the general fund and taxes on real property as set forth in the Fiscal 2015 Revenue Estimate is \$54,247,974,545.

(iii) Pursuant to Section 1516 of the Charter, the Council hereby determines that the amount required to be raised by tax on real property shall be \$20,778,932,000, which is derived from deducting the amount set forth in the Fiscal 2015 Revenue Estimate from the amount of the Fiscal 2015 Budget.

(iv) In order to achieve a real property tax yield of \$20,778,932,000 due to provision for uncollectible taxes and refunds and collection of levies from prior years, the Council hereby determines that a real property tax levy of \$22,591,529,495 will be required, calculated as follows:

Not Subject to the 2 ½ percent Tax Limitation:

For Debt Service:

Provision for Uncollectible Taxes \$262,945,525

Collection of Prior Years' Levies (\$51,004,517) \$3,623,490,694

Subject to the 2 ½ percent Tax Limitation:

For Debt Service:
Temporary Debt Interest on Temporary Debt \$74,623,611
For General Operating Expenses:
Funds Required \$17,371,543,038

Amount Required for Debt Service and Operating Expenses

as:

Provision for Refunds \$412,415,665
Collection of Prior Years' Levies (\$266,995,483) 18,968,038,801

TOTAL REAL PROPERTY TAX LEVY \$22,591,529,495

The Council hereby determines that such amount, levied at such rates on the classes of real property pursuant to paragraph (iv) of subsection b below will produce a balanced budget within generally accepted accounting principles for municipalities.

(v) The real property tax levy, net of provision for uncollectible taxes and refunds and the collection of levies from prior years, determined pursuant to clause (iv) above shall be applied as follows:

(A) For payment of debt service not subject to the 2 ½ percent tax limitation: \$3,332,765,351
