40 if the death of such member occur during [his or her] their service in
41 such police force, or after [he or she] such member was retired from
42 service in such force. The amount of any such pension to be paid by the
43 board of trustees to each of the several representatives of such member,
44 in case there shall be more than one, from time to time, may be deter-
45 mined by such board according to the circumstances of each case. The
46 annual pension to the representative or representatives of such member,

54 § 3. This act shall take effect immediately and shall apply to surviv-
55 ing spouses in pay status as of such date and for members dying on or
56 after such date.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

SUMMARY: This proposed legislation, as it relates to the New York City Retirement Systems and Pension Funds (NYCRS), would allow eligible Tier 3 surviving spouses of New York City Police Pension Fund (POLICE) members to continue to receive certain accidental death benefits, in lieu of other potential beneficiaries, after remarriage.

EXPECTED INCREASE (DECREASE) IN EMPLOYER CONTRIBUTIONS: Because members of POLICE are eligible for Special Accidental Death Benefits (SADB), the proposed legislation is not expected to change the amount or timing of employer contributions. However, as explained below, the allocation of a portion of death benefits among beneficiaries may change.

IMPACT ON SURVIVOR BENEFITS: The accidental death benefits payable to beneficiaries of Tier 3 POLICE members is approximately 100% of salary pursuant to SADB under General Municipal Law 208-f and is offset by any non-SADB accidental death benefits (RSSL 509). The SADB is paid to the deceased member's surviving spouse, if alive, regardless of subsequent marital status.

Currently, surviving spouses receiving accidental death benefits who subsequently remarry stop receiving the non-SADB portion of the accidental death benefit. Instead, the non-SADB death benefit would be paid to the deceased member's children until age 25, dependent parents, or other eligible beneficiaries, if any. If there are no other eligible beneficiaries upon remarriage, then 100% of salary would still be paid to the spouse pursuant to SADB.

Under the proposed legislation, surviving spouses who are in pay status on or after the effective date and subsequently remarry, would continue to receive both the non-SADB and SADB portion of the accidental death benefit. Any beneficiaries lower in the hierarchy of eligible recipients (such as qualifying children under age 25 or dependent parents) would lose eligibility to such non-SADB accidental death benefits to the extent the surviving spouse who remarries is still alive.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of the impacted retirement systems.

For purposes of this Fiscal Note, potential costs related to Section 2 of the proposed legislation, which modifies benefits for a class of members whose plan has been closed since approximately 1940 and generally rendered inoperable pursuant to Chapter 503 of the Laws of 1995, have not been included.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population, and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits). This Fiscal Note does not reflect any chapter laws that may have been enacted during the current legislative session.

We are members of NYCERS, but do not believe it impairs our objectivity, and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.
