The Preliminary Financial Plan for Fiscal 2025-2029 (Preliminary Plan), includes a proposed Fiscal 2026 budget of \$37.8 million for the Mayor's Office of Contract Services (MOCS or the Office). MOCS's Fiscal 2026 budget in the Preliminary Plan is the same as the Fiscal 2026 budget in the November Financial Plan. Citywide Contracting Budget *(dollars in billions)*

The Citywide Contracting Budget chart shows the actual contract spending for Fiscal 2019 through Fiscal 2024, and the Fiscal 2025 and Fiscal 2026 contract budget in the Preliminary Plan. Actual citywide contract spending increased by 73 percent from Fiscal 2019 through Fiscal 2024. This increase was mainly driven by contracting needs related to COVID and the influx of asylum seekers to the City. The Fiscal 2026 projected contract budget is \$4.6 billion less than the current Fiscal 2025 budget. However, since adoption the Fiscal 2025 contract budget has grown by \$3.5 billion, so it is likely that the Fiscal 2026 contract will increase over the course of the fiscal year to better align with the current year's budget. The Fiscal 2026 contract budget of \$22.1 billion represents approximately 19 percent of the total Fiscal 2026 budget, while the Fiscal 2025 contract budget makes up 23 percent of the current Fiscal 2025 budget. This highlights the city's procurement needs and the importance of the work MOCS does in registering and managing the city's central procurement system.

Largest Agency Contract Budget: Fiscal 2026 *(dollars in millions)*

The Fiscal 2026 contract budget supports 17,593 contracts which provide vital services to all New Yorkers. The Fiscal 2026 contract budget is approximately \$1.1 billion less than the Fiscal 2025 adopted budget of \$23.2 billion. The is primarily the result of \$737.6 million less funding in the Department of Homeless Services budget for contracts for asylum seeker shelters for individuals and families.

The majority of the Fiscal 2026 contract budget, \$18.4 billion, is administered by six agencies presented in the chart above. The Department of Education’s (DOE) \$10.8 billion contract budget comprises nearly 49 percent of the Fiscal 2026 contract budget, supporting a vast array of services including; Charter schools, payments to contract schools for students with disabilities, and pupil transportation. <p>Other Adjustments: \$14,000</p>	
<p>Budget Issues and Concerns</p>	<ul style="list-style-type: none"> • The Council continues to advocate for increased funding and headcount to help the MOCS process contracts more efficiently. Delays or outstanding contract payments from the City jeopardize organizations' sustainability and their ability to provide services to New Yorkers. The City Comptroller's January 2024 report revealed that two-thirds of City contracts were submitted late for registration, indicating a deteriorating trend. The Council is concerned that organizations are suffering from year- long delays in the contracting and reimbursement process. Last year the Council called for the administration to provide additional funding for MOCS to enable the Office to meet its mandate. The Council appreciates that an additional \$1.1 million for 10 positions was included at adoption. However, the office needs additional headcount and an exemption from the 2 for 1 hiring freeze to fill all vacancies. Additional funding is necessary to enhance the office to process contracts and reimbursements in a timely manner.
<p>Federal and State Budget Risks</p>	<ul style="list-style-type: none"> • Federal Funding Freeze. On January 27th, 2025, the Trump administration issued a directive to pause spending on federal loans and grants. The directive was quickly rescinded two days later, but an executive order issued by the President to review funding remains in effect. The outcome of the executive order at this time is unknown. Many of the City's 17,593 city contracts rely on federal funding. A freeze or cut of federal funds could have a devastating impact on services and the organizations who rely on those city contracts.
