The cases that NDS handles are often accepted through referrals or specific requests by clients.

Office of the Appellate Defender Service (OAD) \$2,250,000

The appropriation of \$2.25 million will enable OAD to remain operational in Fiscal 2006. In existence for 15 years, OAD handles indigent defense cases at the appellate level that Legal Aid and other providers cannot handle due to conflicts of interest and high case volume.

Alternative-to-Incarceration Programs \$5,794,800

Alternative-to-Incarceration Programs (ATIs) permit New York judges to sanction defendants through means other than jail or prison. The use of intermediate sanctions, such as community service and substance abuse counseling, saves the City the cost of maintaining jail beds for those who otherwise would be incarcerated. In addition, ATIs provide a range of rehabilitative services for defendants and allow jail beds to be made available for more violent offenders who pose a threat to the community. As part of a comprehensive ATI initiative, the Council will provide funding to the following programs:

The Center for Alternative Sentencing Employment Services (CASES) will receive \$1.24 million to operate four programs. The Court Employment Project Program (CEP) serves felony non-detainees and offers defendants a wide range of services including counseling, health and drug

education, employment training and vocational services. The Treatment Readiness Program (TRP) provides two-day workshops to offenders with substance abuse problems. TRP provides Criminal Court judges with a sentencing option for first and second time offenders. It gives offenders essential information about drugs, substance abuse, and HIV/AIDS. It also provides outreach and referral services as well as access to needed drug and alcohol treatment. The Nathaniel Project is a program designated for seriously mentally ill felony offenders. Lastly, CASES will receive new funding to create a girls-only alternative sentencing program for juvenile offenders.

The Center for Community Alternatives' Crossroads Program will receive \$540,000 in funding. This funding will allow Crossroads to serve female felony offenders with substance abuse problems and will replace expired State funding for the continuation of a Client Specific Planning Program in the Family Court.

The Center for Employment Opportunities (CEO) will receive \$460,000 in funding to provide non-residential job training and placement services to ex-offenders.

Osborne Association will receive \$700,000 to support three programs. Its defender-based advocacy program, Assigned Counsel Services, assists defense attorneys by developing individualized plans for defendants, including vocational education and drug treatment. The Osborne Association's La Fuente Treatment Intervention Program (TIP) is a walk-in drug treatment and recovery readiness program located in the Bronx. Funding will also support TIP at the Manhattan Misdemeanor Treatment Court.

Educational Assistance Corporation (EAC) will receive \$82,400 for the Stoplift Program, an alternative sentencing program for first-time shoplifters, and the Anger Management Program, a program for individuals with minimal or no prior criminal record charged with conflict related offenses.

Treatment Alternatives to Street Crime (TASC) will receive \$1.898 million in funding. TASC diverts defendants from jail to treatment programs. The Brooklyn Bridge TASC project and the TASC programs in Queens and Bronx place non-violent offenders into drug treatment programs and monitor their status for 12 months. TASC provides services to pre-trial defendants at Rikers Island with the dual diagnosis of mental illness and chemical abuse (MICA). This funding will also allow TASC to provide services at the Queens Drug Treatment Court.

The Women's Prison Association's Hopper Home will receive \$794,400. This funding will allow Hopper Home to provide residential ATI services to women and to offer program activities to those who are involved in ATI programs but who require additional supervision on evenings and weekends. In addition, this funding will support the Community Linkage Unit which provides a central point of contact between WPA and the community.

Legal Aid Society **\$1,375,000**

Legal Services for New York City (LSNY) **\$1,375,000**

This action restores a combined \$2.75 million to the Legal Aid Society and LSNY and is intended to serve as a replacement for lost Interest On Lawyer Accounts (IOLA) funds. It is the Council's express intent that this appropriation will be utilized to augment overall city-wide civil legal services programs in the same manner that State IOLA funding does.

These services may include, but are not limited to: direct client representation, including representation in class action cases; the provision of legal advice; community legal education presentations; pro-bono/volunteer lawyer programs; and hotline and other telephone-based legal services. Legal areas in which services may be provided include, but are not limited to: consumer/finance; education; employment; family; juvenile; health; housing; income maintenance; individual rights; and miscellaneous benefits.

No prohibitions may be imposed on the types of civil legal services these entities may perform on behalf of their clients, other individuals and/or community groups. This restoration will ensure the provision of civil legal services citywide to, among others, senior citizens, battered women, disabled persons and persons with AIDS.

Working with specially trained physicians, representatives from the Administration for Children’s Services, detectives from the NYPD, and members of the District Attorney’s Office, [the Centers] help sexually abused children and their families negotiate the criminal justice and social services systems. The Centers also provide short-term counseling, information and referrals for children and families not involved in current investigations.”
