

SBS Statement on Proposed Castle Hill BID
Before City Council Finance Committee
March 24, 2022

Good Morning Chair Brannan and members of the Finance Committee. I am Michael Blaise Backer, Deputy Commissioner of Neighborhood Development at the Department of Small Business Services (SBS). I am joined by our BID Program Director, Roxanne Earley. We are here to testify in support of the proposed Castle Hill Business Improvement District (BID).

Throughout the pandemic and recovery, SBS has been a key provider of programs, services, and critical information to small businesses and commercial corridors alike. Most recently, my team has focused on improving interagency coordination to address public safety and quality of life challenges and ensuring a strong economic recovery for our commercial districts. We believe that these efforts are central to supporting BIDs, who are valuable and proven partners in fostering the vitality of the City's neighborhoods and commercial districts.

In addition to our role overseeing and supporting the City's existing network of 76 BIDs, SBS also supervises the BID formation and expansion process, serving as an advisor and resource for communities interested in developing or expanding BIDs. We work closely with each steering committee to follow a transparent process that solicits community input and can demonstrate broad based support through comprehensive outreach.

Moreover, we are cognizant of the unique nature of each community we assist and empower local stakeholders to make determinations on (1) proposed services, (2) boundaries, (3) budget size, and (4) the formula that distributes the assessment in an equitable manner. When working with any BID formation effort, we recognize that the power and effectiveness of BIDs rests in their unmatched understanding of local needs and issues.

Beginning in January 2017, the Castle Hill formation effort involved numerous meetings and consultations with local stakeholders throughout the planning and outreach phases. After an extensive outreach effort and close coordination with all key parties, SBS determined that the documented support among all stakeholder groups – including over 50% of the area's total assessed value – was sufficient to submit their application to City Council.

In light of COVID, SBS requested the Castle Hill steering committee conduct additional outreach above and beyond the traditional requirements. Specifically, we requested that the committee send notifications to all stakeholders in the district and provide an opportunity to give feedback or withdraw support due to any impacts from the pandemic. Before beginning the formal legislative process, Castle Hill conducted additional mailings and outreach in the areas and were able to confirm continued majority support for these formations. No stakeholders withdrew their support for this expansion.

As required by law, the Castle Hill steering committee mailed the summary of the City Council Resolution, no less than 10 days and no more than 30 days before today's hearing, to property owners and tenants of the proposed district.

Furthermore, SBS arranged for the publication of a copy of the summary of the Resolution at least once in the City Record.

Additionally, I would like to acknowledge and thank Council Member Amanda Farias for her support of the Castle Hill BID formation effort.

Lastly, I would like to acknowledge that representatives of the BID formation efforts are present here today to testify and address any specific questions that I am unable to answer.

At this time, I am happy to take any questions. Thank you.

SBS Statement on Proposed West Village BID
Before City Council Finance Committee
March 24, 2022

Hello and Good Morning again, Chair Brannan and members of the Finance Committee. I am Michael Blaise Backer, Deputy Commissioner of Neighborhood Development at the Department of Small Business Services (SBS). I am joined by our BID Program Director, Roxanne Earley. We are here to testify in support of the proposed West Village Business Improvement District (BID). For brevity, I have omitted the sections from my oral testimony which are redundant to my previous testimony for the Castle Hill BID.

The West Village formation effort began in 2018 and involved numerous meetings and consultations with local stakeholders throughout the planning and outreach phases. After an extensive outreach effort and close coordination with all key parties, SBS determined that the documented support among all stakeholder groups – including 50% of the area’s commercial assessed value providing written support in favor – was sufficient to submit the application to City Council.

A majority of the outreach phase for this project was conducted during COVID, with roughly half of all property ownership support confirmed after March of 2020. Before beginning the formal legislative process, West Village conducted additional mailings and outreach to residential and commercial tenants and were able to confirm continued support for the effort from early respondents as well as additional support from previously unresponsive stakeholders who saw the value the BID could bring to the district despite the impacts of the pandemic. Finally, as part of the City Planning Commission review process, the BID has also secured approval from Manhattan Community Board 2.

As required by law, the West Village Steering Committee mailed the summary of the City Council Resolution, no less than 10 days and no more than 30 days before today’s hearing, to property owners and tenants of the proposed district.

Furthermore, SBS arranged for the publication of a copy of the summary of the Resolution at least once in the City Record. SBS has been made aware of a clerical error in Exhibit C of the West Village District Plan whereby the list of benefitted properties have been incorrectly classified. I have included a copy of the correct benefitted property list with my testimony today, and furthermore SBS will file an amendment to the district plan on file with the City Clerk and re-notice these changes in the City Record.

I would also like to acknowledge and thank Council Member Erik Bottcher for his ongoing support of the West Village BID formation effort.

Lastly, I would like to acknowledge that representatives of the BID formation effort are present here today to testify and address any specific questions that I am unable to answer. At this time, I am happy to take any questions. Thank you.
