SERGEANT AT ARMS: This is sound check on Committee on Public Safety. Today is June 30th, 2026. We are in HR3. It was recorded by Roman Petrov. Good morning, ladies and gentlemen. Welcome to the New York City Council vote for the Committee on Public Safety. At this time, I'd like to remind everyone to please silence all devices, and at no point during the vote may approach the dais. Chair, we are ready to begin.

CHAIRPERSON FELIZ: Thank you. Good morning. I am Councilmember Oswald Feliz, chair of the Committee on Public Safety. Today I'm joined by every member of the Public Safety Committee: Councilmembers Gutiérrez, Wong, Hankerson, Ariola, Justin Sanchez, Nurse, Banks, and Hanks. Today the committee will vote on proposed introduction number 929A sponsored by Councilmember Encarnación. This bill would require the NYPD to publish a transparency report on its plan to address and contain the risk of physical obstruction, physical injury, intimidation, and interferences at entrances to and exits from certain educational facilities in the city through the use of security perimeters and more. This report will provide the council and the public with needed

clarity regarding NYPD's approach to crowd control during protests occurring at certain educational facilities and require improved communication between the city, school administrators, and individuals exercising their rights to protest. I believe this report will improve public confidence in NYPD operations and ensure that a proper balance is struck between protecting the rights of protesters while guaranteeing individuals, particularly young children, have access to educational facilities. I would now like to yield the microphone to the clerk for the vote.

COMMITTEE CLERK: Matthew DiStefano, committee clerk, Committee on Public Safety. Roll call vote on proposed intro number 929A. Chair Feliz.
