**Bill Title:**

A Local Law to amend the New York city charter and the administrative code of the city of New York, in relation to amending and eliminating certain reporting requirements

**Submitted by:**

Council Member Williams

**Justification:**

The Charter and Administrative Code contain reporting requirements for City agencies that over time become duplicative, unnecessary or outdated. This local law will repeal those requirements. This local law will also amend due dates for existing reporting requirements that agencies have asked the Council to change due to a variety of circumstances, including: to allow time for data collection, make the date at which the report is due more relevant and timely, and better align with the calendar year, among other reasons.
