TITLE:

A Local Law to amend the New York city charter, in relation to requiring that community planning boards receive an annual report submitted to the mayor with regard to projected and actual jobs created and retained in connection with projects undertaken by a certain contracted entity for the purpose of the creation or retention of jobs

I. INTRODUCTION

On December 2, 2015, The Committee on Economic Development, chaired by Council Member Daniel Garodnick, will vote on Int. No. 0128, a local law to amend the New York city charter, in relation to requiring that community planning boards receive an annual report submitted to the mayor with regard to projected and actual jobs created and retained in connection with projects undertaken by a certain contracted entity for the purpose of the creation or retention of jobs.

II. LEGISLATIVE HISTORY

The Committee previously considered Int. No. 0128 at a hearing held on October 22, 2015 and received testimony from the Economic Development Corporation (“EDC”), the Department of Small Business Services (“SBS”), as well as from a number of advocates representing the city’s community planning boards.

III. BACKGROUND

Under the New York City Charter, SBS is tasked with including certain requirements in contracts with local development corporations or not-for-profit corporations that have the majority of their members appointed by the mayor and that are engaged in providing or administering economic development benefits on behalf of the City.¹ One requirement is that such entities must submit an annual report of projected and actual jobs created and retained in connection with projects they have undertaken. This report must be submitted to the Mayor, City Council, City Comptroller, the Public Advocate and the Borough Presidents.² Int. No. 0128 would require that these reports also be sent to community planning boards.

¹ See N.Y. CITY CHARTER §1301(1)(a) (This entity is currently the New York City Economic Development Corporation).

² See *id.*

IV. ANALYSIS OF INT. NO. 0128

Int. No. 0128 would require SBS to existing submit job creation reports to community planning boards.

Bill section one would amend paragraph b of subdivision 1 of section 1301 of the New York city charter by including community planning boards as recipients of an annual report sent by the SBS to various city offices and entities indicating job creation data resulting from economic development projects undertaken through contract with a local development corporation or not-for-profit corporation engaged in providing or administering economic development benefits on behalf of the City. Currently that entity is the New York City Economic Development Corporation.

Section two of Int. No. 0128 contains the enactment clause and states that the local law shall take effect immediately upon enactment.

A LOCAL LAW

Information on any such lease shall be included until the lease terminates and information on sales of city-owned land shall be included for fifteen years following closing. For projects in existence prior to the effective date of this local law, information that business entities were not required to report to such contracted entity at the time that the project agreement and any other documents applicable to such project were executed need not be contained in the report.

The report shall be submitted by the statutory due date and shall bear the actual date that the report was submitted. Such report shall include a statement explaining any delay in its submission past the statutory due date. Upon its submission, the report shall simultaneously be made available in electronic form on the website of the contracted entity or, if no such website is maintained, on the website of the city of New York, provided that reports submitted in 2012 or after shall simultaneously be made available in a commonly available non-proprietary database format on the website of the contracted entity or, if no such website is maintained, on the website of the city of New York, except that any terms and restrictions on the use or resale of city-owned land need not be included in such non-proprietary database format, and provided further that with respect to the report submitted in 2012 in the commonly available non-proprietary database format, the contracted entity shall include, in such format, the data included in the reports for the period from July 1, 2005 to June 30, 2010.
