**TESTIMONY OF STATE SENATOR BRAD HOYLMAN**  
**TO THE NEW YORK CITY COUNCIL REGARDING THE PROPOSED**  
**APPLICATION NO. C 170116 ZSM (27 East 4th Street)**

September 17, 2018

Thank you Council Chair Moya and Council Committee members for the opportunity to submit testimony regarding the application for a text amendment to the Zoning Resolution to allow construction of an eight-story hotel at 27 East 4th Street. I represent New York State's 27th Senate District, which includes the neighborhoods of East Village, Greenwich Village, Midtown/East Midtown, Clinton/Hell's Kitchen, Chelsea, Columbus Circle, Times Square, Stuyvesant Town-Peter Cooper Village, the Lower East Side, and the Upper West Side. I join Community Board 2, Manhattan, Greenwich Village Society for Historic Preservation, the Historic Districts Council, the Merchant's House Museum, Manhattan Borough President Gale Brewer, and residents in opposing the current application.

The application by Kalodop II Park Corp. (the "developer") is for a proposed eight-story hotel at 29 East 4th Street, directly adjacent to the Merchant's House Museum (the "Museum"), which threatens the Museum's very existence. The Museum was built in 1832 and is a federal, state and city landmark. Studies by architects, and structural and soil engineers demonstrate that the construction of the proposed hotel could pose massive risks to this fragile city treasure. In good faith, those at the Museum, with the help of design professionals, have been attempting to eliminate the risks to the infrastructure, but the developer's design team has made zero progress on protecting the structural integrity of the museum. Any damage caused by the applicant could result in temporary or permanent closure, stifled revenue, displaced staff and personnel, massive storage costs for this city-owned public resource or potentially destroy the Museum altogether.

Most egregiously the proposed zoning amendment prioritizes private real estate interests over what's best for the community. Zoning text amendments of this type, known as "spot zoning," are illegal. Moreover, the application does not prove credible land use considerations for its proposal; it excludes evidence the property could not be well-used as a developed one-story building with full lot coverage. But perhaps more importantly the community plainly rejects this hotel. At nearly 100 feet tall, this hotel would loom over all the buildings on the block and erode the character of the neighborhood. Furthermore, the developer has a viable alternative at 403 Lafayette, which the developer already owns, which would provide for a larger hotel, which would not require a text amendment, and most critically, which would not imperil the Museum.

I respectfully urge you to support the the preservation of this unique public museum and reject this application for zoning text amendment and special permits. Thank you for your consideration.

Gale A. Brewer, Borough President

September 17, 2018

**Testimony of Manhattan Borough President to the City Council Subcommittee on Zoning and Franchises on ULURP Application Nos. N170115 ZRM, 170117 ZSM, and 170116 ZSM**

**27 East 4<sup>th</sup> Street By Kaladop II Park Corp**

Good morning Chair Moya and members of the Subcommittee on Zoning and Franchises and thank you for the opportunity for the opportunity to testify on the proposed project at 27 East 4<sup>th</sup> Street.

In order to satisfy the requirement of the special permit, the applicant must demonstrate to our satisfaction that the proposed development would have "minimal adverse effects on conforming uses in the surrounding area". The location of this proposed development in an historic district and adjacent to a beloved and fragile landmark makes this very challenging. The proposed project is adjacent to the Merchant's House Museum, a historic landmark which is nearly 200 years old. The age of the building, the structural condition and concern over the impact the construction of the proposed development could have on the exterior and interior of the museum building must be considered carefully.

While the applicant has been working with the museum since 2014 to mitigate any potential damage if its project were to proceed, there is still no agreement on whether or not these efforts would be effective or sufficient given the current condition of the museum building. At the present moment, the museum building's owner, the Parks Department, has not taken on any capital needs assessment of the building and acknowledges that such an assessment is needed. The Borough President believes that before the current application is approved, an independent assessment conducted by an expert in historic properties must be conducted under the auspices of Parks and the application should not move forward unless a construction plan is developed that has an extremely high probability of success without damage to the museum.

However, before those steps are taken, the Borough President believes another route may prove advantageous. During review of this application, it was discovered that the applicant also owns another property within the same zoning lot, 403 Lafayette Street (Block: 544 Lot:5). It is presently a 3-story parking garage. Preliminary conversations between this office and the New York City Department of City Planning indicate that a transfer of development rights is possible depending on what the applicant were to propose to construct. Landmarks Preservation Commission would also need to evaluate whether or not a building at this new site with the transferred development rights would be appropriate. This office believes the location of this alternate site is more appropriate for the hotel use sought by the applicant given the size of the lot and its location on a major street. While this office sympathizes with the applicant at the thought

of starting over with a new site, this alternative could also benefit the applicant as they would be able to build a larger project.

Therefore, the Manhattan Borough President recommends disapproval unless the Applicant makes all reasonable efforts to develop the project at 403 Lafayette Street.

If the applicant is unable to develop on the alternate site after exhausting all efforts, then the City of New York, through the Department of Parks and Recreation, should obtain an independent expert assessment that should result in a plan to ensure the structural stability of the museum building throughout construction of the project prior to final approval of the application. The City Planning Commission (CPC) should require a restrictive declaration as a condition of the special permits. The restrictive declaration should require the developer to adhere to conditions and safeguards to minimize adverse effects on the adjacent Merchant House. The Department of Parks and Recreation should also be responsible for overseeing implementation of the conditions and safeguards to ensure the stability of the museum building as a treasured landmark for generations to come.

# FOR THE RECORD

## Testimony in **OPPOSITION** to the zoning change and special permits requested for a boutique hotel next to the Merchant's House Museum

Submitted by Daniel A. Ross

I first visited the Merchant's House Museum a little more than eight years ago. I am interested in history and joke that I am a connoisseur of historic house museums. I have visited (and revisited) many homes across the city, the state, the country, and some internationally. Among the city's historic house museums, including better-known ones, the Merchant's House stands out for its excellence. The City has already recognized its excellence as a time capsule, having landmarked both the interior and exterior of the building. What landmark status does not tell you – but I can – is that its excellence as a museum surpasses its peers.

If you take a guided tour of the Merchant's House, you're in luck. The volunteers I have met on my numerous visits – as I bring more and more friends to this under-appreciated historic site – have been passionate and knowledgeable. They can tell you how the home changed over time to fit the needs of the Tredwell family, and they can tell you about the members of the Tredwell family and their place in the neighborhood and the city. And, often overlooked in other historic homes, they can tell you about the staff who worked for the Tredwells.

If you visit when there isn't a guided tour, you're still in luck. The Museum has prepared a self-guided tour better than almost any I've gone on. You're given a binder full of information that introduces you to the home and the family it was built for. The binder offers detailed information about each room, how it was used, and what's known about the notable objects in each room. Again, unlike many historic homes, the objects are original to the home and the Tredwell family. This is not a home reimagined with period pieces they could've had. This is their home with their stuff, how they used it.

The Merchant's House isn't just about the décor preferences of rich 19<sup>th</sup> Century New Yorkers. You learn about advances in cooking methods and improvements in public utilities, about family life, about social expectations and customs, about commerce and politics, and about the lives of the staff that enabled the Tredwells' lifestyle. It's a wonderful compliment to the Tenement Museum, another of the city's gems, which, among other things, tells the stories of immigrants like the Tredwells' teenage staff after they married and moved to their own apartments further downtown.

I do not advocate landmarking everything, or preventing all kinds of development. But the Merchant's House is a treasure for the public. It makes no sense to threaten the integrity of the landmarked structure so the city can have yet another boutique luxury hotel. If the Council really thinks another luxury hotel is needed, the developer could build elsewhere, like its other parcel around the corner on Lafayette Street. The boutique hotel benefits no one except the developer. If it were to close, visitors would stay elsewhere and no one would miss it. If the Merchant's House collapses or is damaged, however, New York will have lost a part of its history that is not told elsewhere and cannot be recreated. Just as the Council would not allow a neighboring development to threaten the continued existence of Grand Central or the Empire State Building, you must not allow a proposed boutique hotel to threaten the nearly 200-year history of the Merchant's House Museum. .

Thank you for voting against the zoning change and special permits for this luxury hotel.

**FOR THE RECORD**

**TESTIMONY FROM THE ASSOCIATION FOR A BETTER NEW YORK  
BEFORE CITY COUNCIL SUBCOMMITTEE ON ZONING**

By: John Napisa  
September 17, 2018

Good morning. The Association for a Better New York (ABNY) is a 47-year old civic organization that promotes the effective cooperation of public and private sectors to improve the quality of life for all New Yorkers. On behalf of ABNY, thank you for the opportunity to express our support of the proposed redevelopment of 110 East 16<sup>th</sup> Street as proposed by Tishman Realty. The project proposes a mixed-use project including retail and community facility, 40-55 residential units, and a restoration of the 4-story landmarked 111 East 15<sup>th</sup> Street.

In addition to the transit-oriented development nature of the project that fits within the city's overall plans for smart growth, we believe the proposal will provide significant improvements to the immediate vicinity. By replacing a 9-story parking garage with the mixed use development, the project would provide continuous street level use and would add activity to what is currently a "blank wall" of use. Additionally, the removal of the parking garage on East 16<sup>th</sup> street will reduce the subsequent automobile traffic headed toward Irving Place, providing particular relief to the student foot traffic around the nearby High Schools.

To help with the affordability crisis we are facing in our city, we need to continue to create capacity for housing development in all areas of our city for all income levels. However, given the congestion and strains on our infrastructure we see today – in addition to the anticipated demand we expect by the over 9M New Yorkers by 2040 – it becomes imperative to focus and promote reasonable and contextual growth in areas that are well served by public transit and are in close proximity to commercial cores resourced like the Union Square area.

The 110 East 16<sup>th</sup> Street proposal is sensitive to the surrounding buildings and is architecturally coherent with existing buildings in the Union Square area. Additionally, the preservation of the architecturally significant 111 East 15<sup>th</sup> street helps to preserve the historic nature of the area.

We urge the City Council Subcommittee and full council to approve this mixed use proposal. Thank you again, and I appreciate the opportunity to testify today.

## TESTIMONY OF THE REAL ESTATE BOARD OF NEW YORK BEFORE THE SUBCOMMITTEE ON ZONING AND FRANCHISES IN SUPPORT OF ULURP APPLICATIONS C 180263 ZSM and C 180264 ZSM – 110 EAST 16TH STREET

September 17, 2018

The Real Estate Board of New York, Inc. (REBNY) is a broadly-based trade association representing owners, developers, brokers, managers and real estate professionals active throughout New York City. We support Tishman's plan to develop the site at 110 East 16<sup>th</sup> Street and believe that their application merits approval from the Commission.

The transfer of air rights from 111 East 15<sup>th</sup> Street will allow for the restoration of an Individual Landmark, the Century Association Building, and the special permit will require its continued maintenance in perpetuity. The financial well-being of The Lee Strasberg Theater & Film Institute will also be ensured through the purchase of development rights.

Tishman is working with Morris Adjmi, an architect renowned for his ability to create historically contextual buildings. Adjmi's design for this building will honor the period style emblematic of the Union Square area and be a respectful addition to the charm of the varied textures and styles of the neighborhood. The building typology surrounding Union Square Park is one of mixed heights, uses, and styles. At a height of 283 feet, the proposed residential building is well within the context of the surrounding neighborhood. One block south of the site is the Zeckendorf Towers standing at 327 feet. To the east of the Zeckendorf is a landmarked Con-Edison building with a height of 470 feet. Along the north of Union Square Park, the Individual Landmarks' Guardian Life and Everett buildings reach heights of 285 and 250 feet, respectively.

Finally, the location of a residential building on this site makes sense given its proximity to the well-served Union Square transit station. The development is estimated to reduce traffic on the street by 10-15% and will improve the streetscape by activating the space that is currently a parking garage, reducing the existing curb cut, and providing trees on the sidewalk.

The plans for 110 East 16<sup>th</sup> Street have been deemed contextual and appropriate by the Landmarks Preservation Commission (LPC), and we ask that the City Council approve this application.

**MANHATTAN  
CHAMBER OF  
COMMERCE**

**TESTIMONY BEFORE NEW YORK CITY COUNCIL  
SUBCOMMITTEE ON ZONING**

**JESSICA WALKER  
PRESIDENT AND CEO**

**MONDAY, SEPTEMBER 17, 2018**

Good afternoon. My name is Jessica Walker and I am the President and CEO of the Manhattan Chamber of Commerce. Our Chamber, founded in 1920, continues to be a leading voice to champion economic development and quality of life throughout the borough.

We are excited to support development of a beautiful new building at 110 East 16th Street, which will add to the city's iconic skyline while keeping with the historic context of the neighborhood and surrounding buildings.

Benefits to the area are immense, including:

- Restoration of an historic building at 111 East 15th Street, which will contribute to the quality of the neighborhood—updating the building for unobstructed access and ensuring that TBN, a neighborhood institution, can remain in place for the long-term.
- The project includes small-scale retail that will add a mid-block amenity for residents of the neighborhood.
- The project will improve the streetscape, reducing the length of the existing curb cut and providing trees on the sidewalk.
- In the context of the upcoming L-train closure and the traffic congestion that is expected to result, high-density development like this will be a mitigating factor by contributing to walkability and reducing reliance on cars in the neighborhood.

The proposed project at 110 East 16th Street is a model for the type of development that should exist throughout the city. On behalf of the Manhattan Chamber and our members, I implore the City Council Subcommittee on Zoning to support this vital project. Thank you.

John B. Senter, III  
115 East 9<sup>th</sup> Street, #15L  
New York, NY 10003-5421  
212.677.5711

Testimony to the City Council of New York,  
Zoning and Franchises Subcommittee  
September 17, 2018, page 1 of 1  
Re 27 East 4<sup>th</sup> Street ULURP applications

.. THE RECORD

I'm John Senter.

I respectfully ask the members of the Zoning and Franchises Subcommittee, the full Committee and the entire City Council to DENY the ULURP application and Zoning Text Amendment for 27 East 4<sup>th</sup> Street in Manhattan.

Manhattan Borough President Gale Brewer and the full Community Board 2 took similar positions after careful analysis of this issue.

These are in essence "spot zoning" requests which will NOT benefit the public, but merely the applicant's private interests.

I have lived near the Merchant's House Museum for 40 years.

It is a historical treasure and in fact some years ago the property and building were deeded to the City of New York and fall~~s~~ under the Department of Parks and Recreation.

Multiple engineering firms have assessed the structure of the Merchant's House and determined that it is extremely vulnerable to damage from construction activities nearby. Commercial construction at 27 East 4<sup>th</sup> Street could cause irreparable harm to the Merchant's House. As the Merchant's House already represents a considerable investment by the taxpayers of New York, this is a risk that should not be taken.

Further, it is my understanding that the applicant may have a reasonable alternative to 27 East 4<sup>th</sup> Street, located nearby, where commercial development would be more appropriate for this community and could be undertaken without endangering the Merchant's House or other existing buildings. That is where any new commercial hotel construction should be sited.

Again, please DENY the ULURP application and Zoning Text Amendment for 27 East 4<sup>th</sup> Street. Thank you.

Sincerely,

  
John B. Senter, III

**Testimony of Justin Pascone, Director of Policy and Research  
New York Building Congress  
Hearing on 110 East 16th Street  
City Council Subcommittee on Zoning  
September 17<sup>th</sup>, 2018**

Good Morning. My name is Justin Pascone, Director of Policy and Planning for the New York Building Congress and I am pleased to express our strong support for Tishman Realty and their project on 110 East 16th Street. The New York Building Congress has, for almost a hundred years, advocated for investment in infrastructure, pursued job creation and promoted outstanding projects, like this one, in the New York City area.

Our association is made up over 550 organizations, comprising more than 250,000 professionals. Through our members, events and various committees, we seek to address the critical issues of the construction industry and consistently promote the economic and social advancement of our city and its constituents.

The project site is an ideal location for higher density development given its proximity to public transit, premier parks and retail. As our city continues to experience significant growth, we need to be mindful of where and how we accommodate the influx of residents and businesses. The project promotes walkability and significantly reduces reliance on automobiles, therefore making it a model of development that should exist near transit hubs across the city.

Further, Tishman has worked with the architect Morris Adjmi to design an attractive, contextually appropriate building for the neighborhood. Not only will it blend with the historic features nearby, it will preserve the integrity of Union Square by responding to the height and context of the surrounding buildings.

Tishman has put an enormous amount of thought into this project to ensure it is truly an added benefit to the community and has actively engaged with community stakeholders to be as sensitive as possible to all concerns. This opinion was echoed by the Landmarks Preservation Commission in their January approval.

Finally, the project brings a long-term commitment to the maintenance and health of the Lee Strasburg Theater at 111 15th Street, giving back to the preservation of New York City's rich architectural history.

In closing, the New York Building Congress strongly urges this Board for approval of the permit application.

Thomas J. Santucci, *Chairperson*  
Howard Graf, *Vice Chairperson*

September 17, 2018

Chair Marisa Lago  
City Planning Commission  
120 Broadway, 31<sup>st</sup> Floor  
New York, New York 10271

**Re: 26-32 Jackson Avenue & 27-01 Jackson Avenue, Long Island City, NY**

Dear Chair Lago:

I write this letter on behalf of the Queens Chamber of Commerce in support of the above-referenced land use applications. The Queens Chamber of Commerce is the oldest and largest business association in Queens. We have achieved a membership level of near 1,000 organizations, representing over 90,000 Queens-based employees.

I am testifying in favor of the application which will create hundreds of good jobs and generate economic activity for the businesses in the Long Island City area.

The plan before you allows the City to transfer air rights to create much needed affordable housing by literally creating it out of thin air. The Buildings that are being created are tall but in scale or smaller than other buildings in the area. The Developer, American Lion, includes the Shirian Family which has been a responsible Long island City Developer for a long time and Fetner Properties, a leading developer of affordable housing. We know they have expressed interest in working closely with the residential and business community to address the issues of infrastructure and open space in the area.

Finally, we support the work force affordable rents that will enable the community to continue to be home to a wide array of working New Yorkers, including uniformed service personnel, school teachers and medical service employees. Given the cost to build, it is the right economic mix and a good use of the City's otherwise unusable floor area under the ramps. For these reasons the Queens Chamber of Commerce whole heartily endorses the project.

For the foregoing reasons, we support the proposed application and request that the City Planning Commission approve the proposed land use application.

Respectfully,

Thomas J. Grech

A handwritten signature in black ink that reads 'Thomas J. Grech' in a cursive script.

President and Chief Executive Officer

## **Comment to Application CD Q02-ULURP # 180385 PPQ and related applications (HPD LIC Ramps)**

The disposal of development rights from the public domain to a private developer (in a civil democracy) must meet a minimum threshold of public benefit, otherwise the transaction is nothing than a give-away without community enhancement or even concern. The HPD/DCAS LIC Ramps Applications do not meet that public benefit minimum and therefore, I urge the Council not to support any of the applications associated with the proposed action and instead support the lower height and density, as-of-right project originally planned for this site.

Please note the following issues:

1. There is no public benefit going directly to the community even though this area's rapid transformation from an industrial work zone to a residential community has caused severe deficits in open space, school seats, greenery, transportation, assembly space, sewage collection, athletic facilities - to name just a few of the apparent needs.
2. The only public benefit claim by the applicant is "affordable housing". However, based on Area Median Income (AMI) formula that counts much wealthier counties leaves these units beyond the reach of most Queens residents where median household income is \$59K, annually. In fact, only (6) units allow that income or lower. This is not a public benefit, in fact it is the opposite as it will cause accelerated gentrification and secondary displacement which will ripple through the area including Queensbridge Houses.
3. The basis of the deal is not in balance, especially for the community. The transfer allows the developer to increase market rate units by 60% over the as-of-right proposal. The affordable housing is 30% of the total and will receive a property tax exemption for 35 years. The resulting exorbitant profits remain in the developer's pockets while the community suffers from hyper development without a comparable increase in services. When the air rights from the High Line were transferred to private developers it heightened the effects of gentrification, but at least the local community got public open space. This parallel deal offers nothing to the public. This is a precedent that you do not want to see repeated in your district.
4. The proposal was cobbled together without community input. At first we are kept in the dark and then blithely asked to support an irresponsible project based on meeting administrative quota for affordable housing. If HPD is after ramp rights or other air belonging to the public this is not the recommended methodology.
5. The proposal is not in the context of a vacuum. Within a ½ mile radius, some 23,000 additional units are either under construction or proposed along with 2,100 additional hotel rooms. The City appears to be overwhelmed by this much development and has not begun to approach a plan that comprehensively absorbs the magnitude of this activity. Considering a single ULURP at-a-time, such as this one is segmentation and will end up destroying the community as we know it.

**Thomas Paino**, Officer, Hunters Point Community Coalition, a decades old 501( c ) 3 currently engaged in developing a comprehensive plan for HP, the fastest growing neighborhood in the US. **9/17/18**

Re: ULURP numbers: 180385 PPQ, 180382 ZSQ, 180383 ZSQ, 180386 PPQ, 180384 ZSQ (27-01 Jackson Ave and 26-32 Jackson Ave.)

Community Board 2 overwhelmingly rejected this sale of publicly owned air rights for private development, as did Borough President Katz, because it provides little or no benefit to LIC and Queens. More than half of Queen's residents' annual earnings are well below the AMI for this project.

The sale of public property in the form of air rights transfer to increase private development construction is an egregious abuse of the fundamental principles guiding wise urban planning. If the City Council approves this sale, few if any Council districts will be immune from the sale of public space air rights, whether they be parks, under highways, or public schools. Indeed, why bother having urban planning? Let's hear a cheer for corporate welfare and crony capitalism while ignoring the intolerable living conditions created by these developers, among such realities as: inadequate public schools, virtually no open space, insufficient sewer capacity resulting in CSOs with every bit of rain, and one live public tree for every 2200 residents.

An **immediate moratorium** on all non-as-of-right efforts to rezone or modify land use in LIC must be put into place and remain until a comprehensive analysis of all proposed actions and DOB-approved projects is conducted. To ignore the health and welfare of LIC residents by members of the City Council sends a city-wide signal that spot zoning, private gain using public property and the utter disregard of the horrendous deficiencies of top-down planning are acceptable and furthermore suggests that our elected representatives truly hold us in contempt. May I remind them that these residents are voters and the decision made today will be remembered at the coming elections as well as for future ones.

**TESTIMONY OF THE GREENWICH VILLAGE SOCIETY  
FOR HISTORIC PRESERVATION  
BEFORE THE CITY COUNCIL ZONING & FRANCHISES SUBCOMMITTEE  
REGARDING 27 EAST 4<sup>th</sup> STREET  
September 17, 2018**

My name is Andrew Berman, and I am the Executive Director of the Greenwich Village Society for Historic Preservation, the largest membership organization in Greenwich Village and the East Village. I am here today to urge you to reject the proposed zoning text amendment and special permits for 27 East 4<sup>th</sup> Street.

The reasons to do so are many. First, this is in essence a spot zoning, in spite of what the applicants say and the complicated and convoluted way in which that is disguised. Secondly, approval of the application would allow uses which are undesirable and unnecessary at this location.

But most importantly, approval of this application would facilitate a development on this site which appears to present a grave danger to the neighboring Merchant's House Museum. The museum is one of New York's first designated landmarks, a rare interior and exterior landmark also located within a historic district, a federal and state landmark, and New York City's only family home preserved intact, inside and out, from the 19th century. Since 1936 it has also been an invaluable historic, cultural, and educational resource, open to the public. Given that the City of New York has invested millions of dollars over the years to buttress, restore, and repair the Merchant's House, any decision to potentially endanger it in this way would be particularly confounding.

It is also unnecessary. The developer controls the lot which extends all the way to Lafayette Street. A development could be shifted to that part of the site without endangering the Merchant's House or any other building. This would be a vastly preferable outcome – not only for the Merchant's House, but for this neighborhood, and for New York City.

It's not worth risking the catastrophic and irreversible damage which the Merchant's House Museum could suffer if this development moves ahead. I urge you to consider the much bigger picture here. Reject the application before you, and help ensure the survival of one of New York City's great historic and cultural gems.

September 17, 2018

**STATEMENT OF THE NEW YORK LANDMARKS CONSERVANCY BEFORE THE SUBCOMMITTEE ON ZONING AND FRANCHISES OF THE NEW YORK CITY COUNCIL REGARDING THE ZONING, 27 EAST 4TH STREET, MANHATTAN**

Good morning, Chair Moya and Council Members, I am Glen Umberger, speaking on behalf of the New York Landmarks Conservancy. The Conservancy opposes the proposed new building at 27 East 4 Street, adjacent to the Merchant's House Museum at 29 East 4 Street.

The Merchant's House is truly a special place and its significance cannot be overstated. The New York City Landmarks Preservation Commission recognized this when they designated the house as an individual landmark on its first day of existence in 1965; the Commission later designated the interior as a landmark stating in the designation report that "[t]he Old Merchant's House [is] a unique document of its period which shows with unrivaled authenticity how a prosperous New York City merchant and his family lived in the mid-nineteenth century." The house is also been listed on the National Register of Historic Places and is a member of the city's Historic House Trust. The building with its surviving historic exterior and interior spaces should not be placed at risk.

The proposed new building next door, accordingly poses a real physical threat. Adjacent construction of a large building could result in significant and irreversible damage such as settling of the Museum's rubble masonry foundation walls, which in turn would cause damage to the interior's delicate plasterwork and other architectural features. In 2012, at the time of the Landmarks Preservation Commission hearing for this proposed project, preservation engineer Robert Silman, representing the Merchant's House Museum, wrote that this construction has the potential to cause severe damage to the landmarked house. This concern is not theoretical; in 1988, the building immediately to the east of the Merchant's House was demolished, resulting in damage that required \$1 million of structural repairs and interior restoration work at the museum, closing it to the public for over two years.

Even if the most sophisticated monitoring system is employed for this construction project, it will only track the damage. Nothing can truly ensure that the landmark will remain unscathed through the excavation and construction phases.

We are aware that there have been some discussions for the project to move forward on an alternative development site nearby and we would encourage such a compromise to protect this venerable building while allowing the developer to move forward with their plans.

We urge the Council to protect the Merchant's House Museum, one of the city's rare architectural assets.

re:ULURP APPLICATION - HPD LIC RAMPS PROJECT  
180385PPQ,180382ZSQ,180383ZSQ,180386PPQ, and 180384ZSQ

I am deeply concerned about the lack of capacity in the City sewer system to handle the additional sewage disposal and treatment requirements of this project. The combined sewer overflows that dot the East River shore line along Long Island City regularly wash untreated sewage — human fecal matter — into our waterways when it rains even one-quarter of an inch.

In fact, DEP, which has signed off on approving this project, also asks residents of Queens and Brooklyn (via its website) to **NOT flush our toilets, or to shower, or to do laundry** when it's raining because of the overflows and residential back ups that occur. Yes, DEP may well have the capacity to process the additional waste stream from the Jackson Avenue project at Bowery Bay, but it does not have capacity in the system to transport it to the treatment plant.

Just last week, the East River overflowed into Gantry Park. This is a common occurrence. A distinct debris line about six feet into the grassy area in front of the library marked the perimeter of water's edge. This water, containing both sewage and toxic storm water runoff from our streets, and released from the euphemistically named

“Wet weather discharge point” — has repeatedly soaked into the lawn where, in dry weather, families bring their young children to play, to picnic, and to enjoy the riverfront.

By transferring air rights to this project and substantially expanding it, the city will add 481 new units and at least **722 new toilets** to the overburdened sewers. Just last week, a recently repaved section of 44th Drive between 11th and 23rd Streets had to be dug up because the 1940's era sewer main below ground had simply collapsed and was releasing sewage into the ground. For those upstream from the collapse, the sewage backed up into cellars and garages. The developers of the the apartment buildings in Queensborough Plaza did not pay for the repairs. City tax payers did.

The City cannot continue to disregard the growing public health risks of development without considering the health and safety of those of us who live and work in LIC. We have a beautiful, well-designed, park at Hunters Point South that nevertheless reeks of raw sewage in even the lightest rain.

In the 19th century, untreated sewage in the privies of the city's first tenements gave rise to the cholera epidemics of 1832 and 1839.

Today, sewage-related illnesses include diarrhea, e. coli, encephalitis, gastroenteritis, giardiasis, and hepatitis A. This is a partial list.

We need to think proactively about the public health risks of overdevelopment — to say nothing of the rights of long term residents to live in their homes without the stench of sewer back ups in the basement. Let's allow Lions Group to build a ten or twelve story building without additional air rights. Please support the recommendation of Queens Community Board #2 and of Queens Borough President Melinda Katz. Do not approve the air-rights transfer.

Thank you for preserving the livability of Queens.

## THE SOCIETY FOR THE ARCHITECTURE OF THE CITY

### **Testimony before the Sub-Committee on Zoning and Franchises, September 17, 2018**

**27 East Fourth Street, Manhattan, LU 0203-2018, LU 0204-2018, LU 00205-2018**

Lower Manhattan, more conspicuously Tribeca and Soho but now also the East Village, is experiencing renaissance in terms of real estate values, driven in large measure by the wonderful historic architecture and the old world ambiance that people find here.

The Society for the Architecture of the City has been monitoring the LPC since the early 1980s, and we watched this item move through the long process that brought it here. The agency approved the construction of the hotel simply as a new building in an historic district, while taking the position that the huge excavation required, if carefully done, could be executed without harming the neighboring Old Merchant's House Museum. That was not the universal opinion of qualified restoration architects and engineers, who saw the project as risky at best and potentially catastrophic.

Yes, the LPC approved this project—after years of hesitation and much internal controversy, ending in a split vote. But the reasoning behind the approval was clearly based on procedural technicalities, which did nothing to enforce the agency's primary mission as described in the landmarks law, that is, to prevent the irreplaceable loss of exceptional old buildings that are our heritage.

In our opinion, a narrow view of the importance of reaching compromises with investors has led the DeBlasio administration to find that risk to the Museum is justified. It was a regrettable decision in view of the fact that this small development is not even as of right under zoning and conveys no public benefit of any kind, while the threatened Museum is internationally known and one of New York's most unique and beloved landmarks.

*NY Times* architecture critic, Ada Louise Huxtable once wrote, "We will probably be judged not by the monuments we build, but by those we have destroyed." The Special Permits and amendments this project requires should be denied.

New York City Council Subcommittee on Zoning and Franchises  
City Hall  
New York, NY 10007

Re: 27 East 4<sup>th</sup> Street, Manhattan special permit and zoning text change applications

Dear Sir or Madam:

I write in opposition to the zoning amendment and special permits being requested by the developer of a proposed hotel at 27 East 4<sup>th</sup> Street, adjacent to the landmarked Merchant's House Museum. Constructing a building of this scale will physically endanger the Merchant's House, a fragile building from 1832 that is designated as a landmark on both the exterior and interior. The rare, ornate plasterwork and other interior features are very vulnerable to construction impacts, for which standard construction protection schemes may well be inadequate. No peculiarities of the site would seem to warrant the approval of an application specific to this lot that might result in severe damage to or loss of this important city, state, and national historic resource.

Thank you.

Sincerely,

Jeremy Woodoff

There is an ethnic and cultural cleansing taking place in NYC. It is called rezoning. Rezoning spurs gentrification: a form of systemic violence based on white supremacy that continues the racist legacy of "urban renewal". In 1857 the City of New York used "eminent domain" to displace what included "the largest community of free African-American property owners in New York" from an area of Central Park. Now the Mayor, the City Council, the Department of City Planning and the Department of Buildings, conspiring with Large Real Estate firms and REBNY, are utilizing rezoning to displace not only communities of color but history itself.

The Merchant's House Museum is now faced with being permanently displaced by these co-conspirators in the same evil systemic way. Clearly Marisa Lago and the City Planning Commission are compromised. The CPC approved this spot rezoning after both Community Board 2 and the Manhattan Borough President Gale Brewer recommended to deny this rezoning. Why did they choose to ignore all the evidence presented at CB2 that showed that the 186-year-old Merchants's House Museum will be destroyed by the construction of a hotel that would rise 110 feet high on a lot adjacent to the Museum? Were they paid off by the dark money that drives NY real estate? Maybe a visit from REBNY changed their mind? It's not clear.

What is clear is that the city charter states that every community board must have a planner. No community board has yet to receive funds to hire a planner. Furthermore, NYC is the only major U.S. City that has never approved a comprehensive master plan. Rezoning is NOT comprehensive community planning!!!

Vote "No" on the spot rezoning being asked for by developer Kalodop II Park to build a hotel that would rise 110 feet high on a lot to the west of the 186-year-old Merchant's House Museum.

### RE: 27 East 4<sup>th</sup> St., Manhattan, Special Permits

Dear Chairman Salamanca and Members of the Committee:

We object to the granting of two special permits for the development on 27 East 4<sup>th</sup> St. and the resulting "spot zoning" it represents. We are appalled that DCP even considered it given the precedent this sets for every heavily defended zoning envelope in the City.

At this location these special permits not only threatened established zoning but the integrity of Landmark preservations and contextuality.

The Merchants House is of great value to our neighborhood, and to the City. We feel that the City Council should further mandate a stringent construction protocol where now only guidelines exist. We ask the City Council to red flag this application for frequent DOB inspections - prior to, during and after construction. We would ask the City Council to mandate that all the precautions the Merchants House engineers prescribe be executed; all expenses in storage and protection be covered and that all damages - if any - be covered by the applicant. Further, that the applicant should be responsible for lost revenue from ordinary tours, events during the course of construction because the process will mandate the Museum's closure.

As a treasured landmark this sets a precedent for all NYC landmarks to be treated carefully and with the same respect - a stance that the City Council, as a whole, can surely endorse.

Sincerely,

Zella Jones

RE: **ULURP Application – HPD LIC Ramps Project – 180385PPQ, 180382ZSQ, 180383ZSQ, 180386PPQ, 180384ZSQ – 27-01 Jackson Avenue and 26-32 Jackson Avenue, LIC**

Dear Ms. Lago:

On June 7, 2018, Community Board 2 (“the Board”) held a public hearing concerning the above ULURP Application HPD LIC Ramps Project.

At that meeting with a quorum present, a motion was made and seconded to oppose the application. The motion passed overwhelmingly with 33 Board members in favor of the motion, only one opposed, and none abstaining.

Community Board 2 expressed the following concerns, which form the basis for its almost unanimous opposition to this application:

- Incentivizing development, in Court Square, an already overheated market will have a negative sum impact by nearly tripling the density of the project that would otherwise be permissible as of right. The Court Square community is already overburdened by development.
- The City’s transfer of public assets in the form of development rights (“air rights”) will only serve to enrich the developer, and increase the number of transient market rate rental units by nearly 60%. The Board feels very strongly that the public benefit of this air rights transfer would be much greater if, among other things, the City and the developer a one-to-one equation of additional FAR to affordable units, and by both using affordable housing tools other than MIH and significantly increasing the depth of affordability and ratio of affordable to market rate units in this project. As presented in this application, the level of public benefit when compared to the FAR windfall that would be realized by the developer is woefully insufficient.

- The Court Square neighborhood lacks adequate infrastructure, schools, community and open space, affordable artist studio space and medical facilities. The air rights transfer of public land could be used for a much better public purpose to enrich the community, such as to incentivize development of a community center.
- The Board also feels very strongly that the City should prioritize the immediate use of the open public space under the ramp for park space and open space, including opportunities for the arts, rather than current Department of Transportation storage. These underutilized lots would provide a much-needed, and preferred, public benefit in an area that has virtually no open or green space available to its burgeoning population.

If you have any questions, please feel free to contact the Community Board 2 office.

Sincerely,

  
Debra Markell Kleinert  
District Manager

Investigating the City. Empowering Communities.

## EPA Presses New York City to Address Sewage Backups

By Karen Savage | March 15, 2017

*Karen Savage*

*Jennifer Medina says recurring sewer backups in her Queens home are costing her family money and triggering asthma.*

One rainy day last summer, a Brooklyn mother of four, pregnant with her fifth child, heard the sound of water gushing into her basement. She scrambled down the stairs and nearly cried. The supplies she'd carefully prepared for the new baby were covered in raw sewage.

"It was feces. It was the week before I had a baby and I had everything cleaned out, washed—undershirts, pajamas, car seats, carriages, strollers, everything," said the mother, who did not want to give her name for fear it would delay payment on a damage claim she filed with the city.

"I started taking video to show to my husband so he could tell me how I should stop it, and then I was like 'Oh, my God, kids, run up stairs' — because it was up to my ankles already," the Midwood resident said.

A few miles away Queens resident, Jennifer Medina, 48, said backups are also a problem in her neighborhood. She said at least once a year, sewage floods her basement and a heavy, nauseating stench fills the entire house.

"It's always been a problem, more lately than ever," said Medina, who said backups have been a problem since her husband's family bought the house in the South Ozone Park neighborhood more than 38 years ago.

Most New Yorkers dread having to go out on rainy days, but for some city residents, staying home isn't much better. In some neighborhoods, during heavy rain, raw sewage gurgles up through basement toilets, showers and drains, leaving cellars awash in raw sewage and the smell of untreated human waste permeating homes. And for many of those residents, the problem is nothing new.

Medina said she's made numerous calls to 311—the city's hotline for non-life-threatening assistance—asking for help with the disgusting and costly mess.

"It's like they just don't give a damn. They act like it's not their problem," said Medina referring to the city's response.\*

While raw sewage discharges into the rivers and waterways surrounding New York City have garnered wide attention, residential sewage backups—which have plagued some city neighborhoods for decades—have received far less attention. The problem is most prevalent in Brooklyn, Queens and parts of Staten Island, but occur in neighborhoods across all five boroughs.

In recent years, the city has attempted to tackle the problem, with mixed results. Now the Environmental Protection Agency (EPA) is stepping in. Last August, the agency issued an administrative compliance order, forcing New York City to reckon with longstanding problems.

"The city has a documented history of basement backups, sewage going into residences and business basements," says Douglas McKenna, chief of the EPA's Water Compliance Branch, referring to data provided to the EPA by the city.

\* \* \*

## **Have you had a sewer backup at your New York City home or business?**

Clickhere

(<https://docs.google.com/a/journalism.cuny.edu/forms/d/e/1FAIpQLSe7Sqs3K8iPRe7ajFFhKg2e2a1bXqmFsSHFaqF2dRUkvu076g/viewform>)  
to tell us about it.

\* \* \*

According to the order ([https://www.epa.gov/sites/production/files/2016-08/documents/nyc\\_ao\\_cwa-02-2016-3012.pdf](https://www.epa.gov/sites/production/files/2016-08/documents/nyc_ao_cwa-02-2016-3012.pdf)), the city "has not addressed the violations at a pace and scale necessary to protect its residents." The agency says the backups expose residents to raw sewage, a human health hazard. The backups also violate the Clean Water Act by allowing untreated wastewater to discharge into nearby waterways.

By issuing the order, which McKenna said is not punitive, the EPA is requiring the city to comply with the Clean Water Act, to create and implement an operation and maintenance plan, to better document complaints and to provide increased transparency regarding efforts to address those complaints. He said the order also formalizes work the City is already doing.

According to a letter provided by the EPA, the City received the order on September 2nd and was given 120 days to implement an operation and maintenance plan. The plan is required to include an outline of steps the City will take to prevent and better respond to backups, with "the ultimate goal of elimination of Sewer Backups systemwide." In the letter, dated January 23, the EPA approved a city-proposed extension to extend the plan's submission deadline to May 31, 2017.

McKenna also said the EPA is also looking for more transparency from the city. As an example, he pointed to "State of the Sewer" reports, which include data on the number of sewer backups experienced by borough, as well as information on remedies implemented by the city. The publicly available reports, which McKenna said should continue, are available for 2012

(<http://www.nyc.gov/html/dep/pdf/reports/state-of-the-sewers.pdf>) and 2013

(<http://www.nyc.gov/html/dep/pdf/reports/state-of-the-sewers-2013.pdf>) but are not available for more recent years.

The January 23 letter indicates the City has proposed replacing the EPA-required "State of the Sewer" report—which was due to the EPA on February 15th—with a dashboard hosted on the DEP website. The EPA has not yet approved that proposal and is asking the City for more information in

order to ensure the information is publicly accessible on the DEP's website and includes a clear link, including instructions on how to access the data.

The New York Bureau of Water and Sewer did not comment on specific questions related to reported sewer backups or the EPA order, but in an emailed statement, a spokesperson said, "New York City has invested billions of dollars in upgrades to our wastewater systems and our data-driven, proactive approach to operation and maintenance has resulted in significant improvements to both performance and reliability, including a 33 percent reduction in sewer backups."

The DEP spokesperson also said the department has invested nearly than \$16 billion in upgrades to the city's wastewater system over the last 15 years and has implemented programs to reduce the amount of household grease entering the system, as well as a program to help homeowners maintain private sewer lines.

### **"Feces comes out and everything just smells"**

Homes are typically connected to the city sewer system by lines that run from the house to the city's pipes under the street. Because those connections are located on private property, homeowners are responsible for their maintenance. According to city estimates, more than 75 percent of reported sewer problems are the result of problems with private sewer lines.

The DEP spokesperson said the department has invested nearly than \$16 billion in upgrades to the City's wastewater system over the last 15 years and has implemented programs to reduce the amount of household grease entering the system, as well as a program to help homeowners maintain private sewer lines.

Grease can accumulate (<http://www.businessinsider.com/why-cant-you-pour-grease-down-the-drain-2014-8>) and stick to interior sides of sewer lines, restricting and even blocking the flow of wastewater.

But the Medinas and their neighbors say grease is not the problem in their Queens neighborhood, nor is the blockage in their private sewer lines.

"We spend money on plumbers to come and look," Mrs. Medina say. "They tell us the problem's not us, it's from the city, but we have to pay for the call anyway."

Her husband, Roberto, was raised in the house they now live in, which he says his mother purchased in the early 1970's.

"I kind of just grew up with it," he says, referring to the backups. "I learned to live with it."

"The way we got around it was that we ceramic-tiled the basement and that helps with the cleanup, because we mop and bleach it," he says.

"We installed a backflow and it helps, but it's an expensive proposition," he says. Backflows and other flow control valves are installed by homeowners to prevent sewage from coming back into their homes even when the city's system backs up.

According to John Good, a customer service technician with Balkan Plumbing, the cost for valves many residents have had to install can run between \$2,500 and \$3,000 or higher, depending on each home's construction. Backflow prevention valves—sometimes called backflow, butterfly or backup valves—include a mechanism that closes when wastewater begins to flow in from the city sewer.

The Medinas say they've spent thousands of dollars and countless hours dealing with the problem.

After living in her Bronx home for more than 26 years, Francis Ferrer says she knows there's a problem if her toilet doesn't flush or flushes slowly.

"My neighbors will come over and say 'Are you having a problem, 'cause we're having a problem?' and then you know," she says.

"And it's been the same for 26 years. There's nothing you can do. It's just the way it is," says Ferrer. "Feces comes out and everything just smells, because it's actually in the house because the trap is in the house."

Larry Minichello has lived in Brooklyn's Sheepshead Bay neighborhood for 38 years. He says he got tired of dealing with recurring sewer backups and installed a backflow valve years ago.

"If you don't have that type of valve to prevent that water from coming back in, you're going to get burnt in this neighborhood – there's no doubt about it," he says.

But, he says, even the valve didn't help during a storm last summer.

"What happened is when I lifted that up a little, it just squirted up and it was sewage. I had to bang it down with my hammer and kept it down. It was a horrible night," he says.

New York City Council Member Chaim Deutsch represents Minichello and his neighbors in Brooklyn's 48th district. After heavy rains last summer, Deutsch organized a community meeting in order to call attention to the problem.

"People just got used to living with this and expecting that whenever it rains heavy, they had to check their basement," says Deutsch.

He says the meeting gave the DEP an opportunity to hear from residents first-hand. Residents learned about valves they could install and insurance available to cover repairs to homeowner's sewer lines. Insurance is offered to homeowners by American Water Resources through their monthly water bills.

But even those who enroll aren't covered for damage caused by problems in the city's sewer lines, and property damage due to backups isn't covered regardless of where the problem lies.

"We cover repairs to clogs on the customer-owned sewer line but damage to the customer's personal property inside the home as a result of the backup is not covered under the program," said Richard Barnes, spokesperson for American Water Resources, who said about one in three New York City homeowners is enrolled in the program.

"None of that's a fix," Deutsch says. "At the end of the day, people shouldn't be getting sewer backups. We need to do everything possible so that we don't have to live like this until something more permanent gets done."

To that end, Deutsch encourages residents to continue to report backups.

"People got so used to it that they don't call 311 and if you don't call 311 to report that you have a sewer backup, it's like it never happened," he says, adding that funding for infrastructure improvements often go to neighborhoods who have documented complaints.

### **Progress, but not fast enough**

Despite ongoing problems, some say the city has made progress.

"Over the past several years, they've made significant progress in dropping their backups by over 50 percent. However, we felt that there was a need for them to continue this progress and take another look and come up with additional things that might reduce their backups further," McKenna says.

Minichello notes that the sewer system is serving a much larger population than it was designed to handle.

"I don't think it would be fair to say the city's not doing their job, because it doesn't happen that often," Minichello says. "For the most part, for 30 some odd years, that sewer systems been working fine."

But, like Deutsch, he says infrastructure improvements are desperately needed.

"Everybody's screaming about climate change," Minichello says. "What if we start getting more regular periods of heavy, heavy rain – what do we have to worry every time it rains? She'll tell you," he says, nodding toward his wife, Marilyn, "Every time it rains, I go downstairs and I triple check it – it could be 3 o'clock in the morning and I hear a heavy downpour and I go downstairs just to make sure water's not coming in, because you have to catch it early."

Even without an increase in rainfall, Queens residents say something needs to be done. Mrs. Medina describes the city response as "lackadaisical" and says that the city hasn't taken responsibility for the problem, which only adds to her frustration.

"Ever since we bought [the house], it's always been a problem, sometimes even if it doesn't rain," says Bibi Hussain, 49, who cares for his elderly mother, who bought the family home in 1989. She is one of a small percentage who have reported "dry weather backups," which are not weather-related.

“We can’t leave anything on the floor. We store things high, because we never know when there’s going to be a flood,” says Hussain, who added that no one has been able to explain why her family has had to deal with the backups.

Like the Medinas, she says after each backup, her family spends money on plumbers who tell them the problem is with the city’s system.

And then there’s the cleanup.

“The guys will come,” says Hussain, who relies on family members to clean up the mess. “My husband brings his vacuum. My other brother tries to dry the place, get the smell out.”

Mrs. Medina says because of her ongoing health problems getting the house dried and keeping it free from mold after a backup is her number one priority.

“The whole house has asthma,” she says, including her two sons, aged 9 and 13.

“The doctors have told us that a lot of times it is related to smells,” says Mrs. Medina, referring to the distinct smell of raw sewage. “I know for me it’s a trigger, and for my other sister-in-law, it’s a trigger, because she’s worse off than I am.”

Neighborhood residents suspect the backups they suffer are tied to a larger infrastructure problem that needs attention. As for where to start, Mr. Medina and his Queens neighbors point toward nearby 115th Avenue.

“When it rains, the whole corner, the drain doesn’t work,” Medina says. “It becomes like a swamp.”

Jim Bezett, 81, who has lived across the street from the Medinas for more than 30 years, agrees.

“The water never completely dries up,” says Bezett, adding that he no longer bothers to complain to the city.

“It’s a useless cause,” he says, adding that 15 years ago – after dealing with the backups for more than two decades – he installed a butterfly valve to restrict wastewater from flowing back into his house. He said installing the valve solved the problem for him, but he’s given up hope on solving the larger problem.

A few streets over, Hussain has also given up. She says the repeated sewer backups cause too much stress.

“It gives me a headache. I say sell the damn house, but who’s gonna buy it?” she says.

**\* Editor’s note:** *DEP says 311 records show only a single complaint from the Medinas since 1999, and that it was marked “resolved”, but Jennifer Medina contends she or her family has called at least once annually over the past three or four years. She did not retain the reference numbers of those calls.*

## Pre-Development Extraordinary Efforts

- Site Safety Plan & Adjoining Structures Protection Plan has been vetted for Ownership by three separate firms...it has been timely shared with regulators and neighbors
- GMS Structural Engineering has been on our staff since 2013 working with their counterparts at NYC Parks and NYC Department of Buildings, and the engineer(s) hired by both neighboring buildings
- Pre-Monitoring Vibration Analysis done in 2013-2014 to establish baseline results
- Soil Borings and test pits were made inside our building and along our east wall to find bottom of foundations
- All test pits were dug by hand
- The Archaeologist commissioned by the Ownership, has shared all their findings with LPC and DCP...No Historical Designation is required
- Even before this project, we have been a good neighbor who has cooperated with the Merchants House Museum over the years

# SUPPORT OF EXCAVATION & CONSTRUCTION SEQUENCE

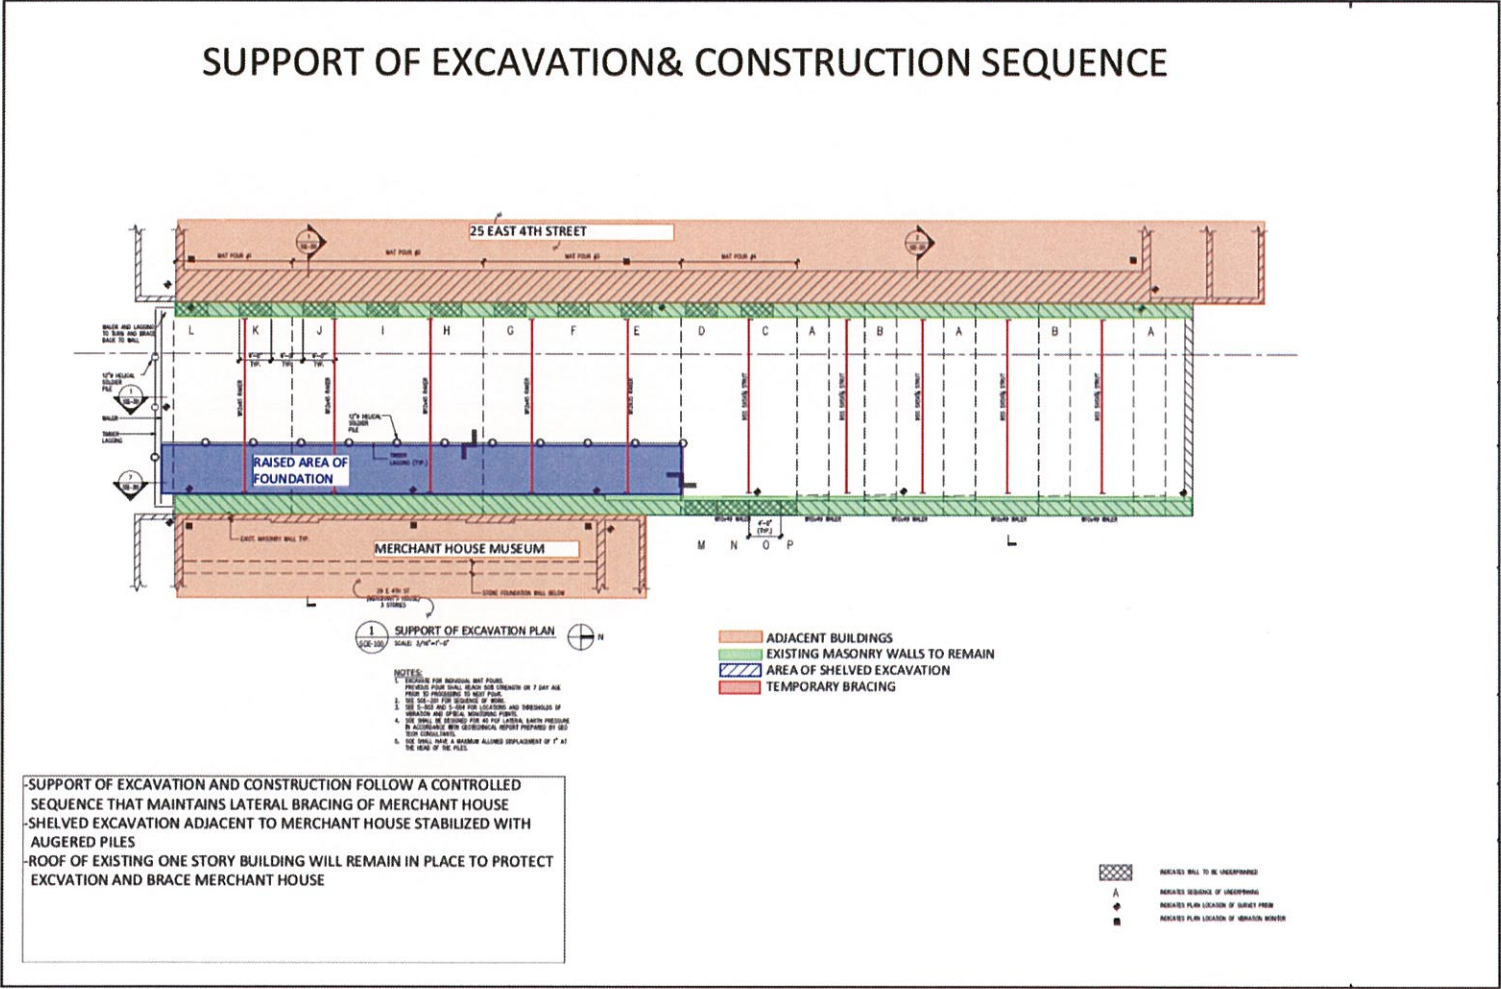

**Our East Wall  
between Buildings  
will Remain**

## A Historically Sensitive Guide to Digging a Foundation...

- ✓ There is an existing existing 16" thick east wall (which pre-dates our one story structure) left intact from the previous building in perpetuity, which currently provides lateral support. Hence we are donating our eastern wall to the MHM.
- ✓ We are "stepping back" our foundation from the MHM building by approximately 5'6" to isolate our new structure from the MHM and keep out of the "angle of influence" along the building line.
- ✓ This minimizes "settlement" at the adjacent MHM.
- ✓ We will be utilizing "hand-tools" handled by "human power" to dig our foundation in conformance with the Building Code.
- ✓ Our proposed vibration limits meet and are in accordance with all NYC DOB requirements for historic structures. We are not aware of any projects in NYC which have used a lower limit.

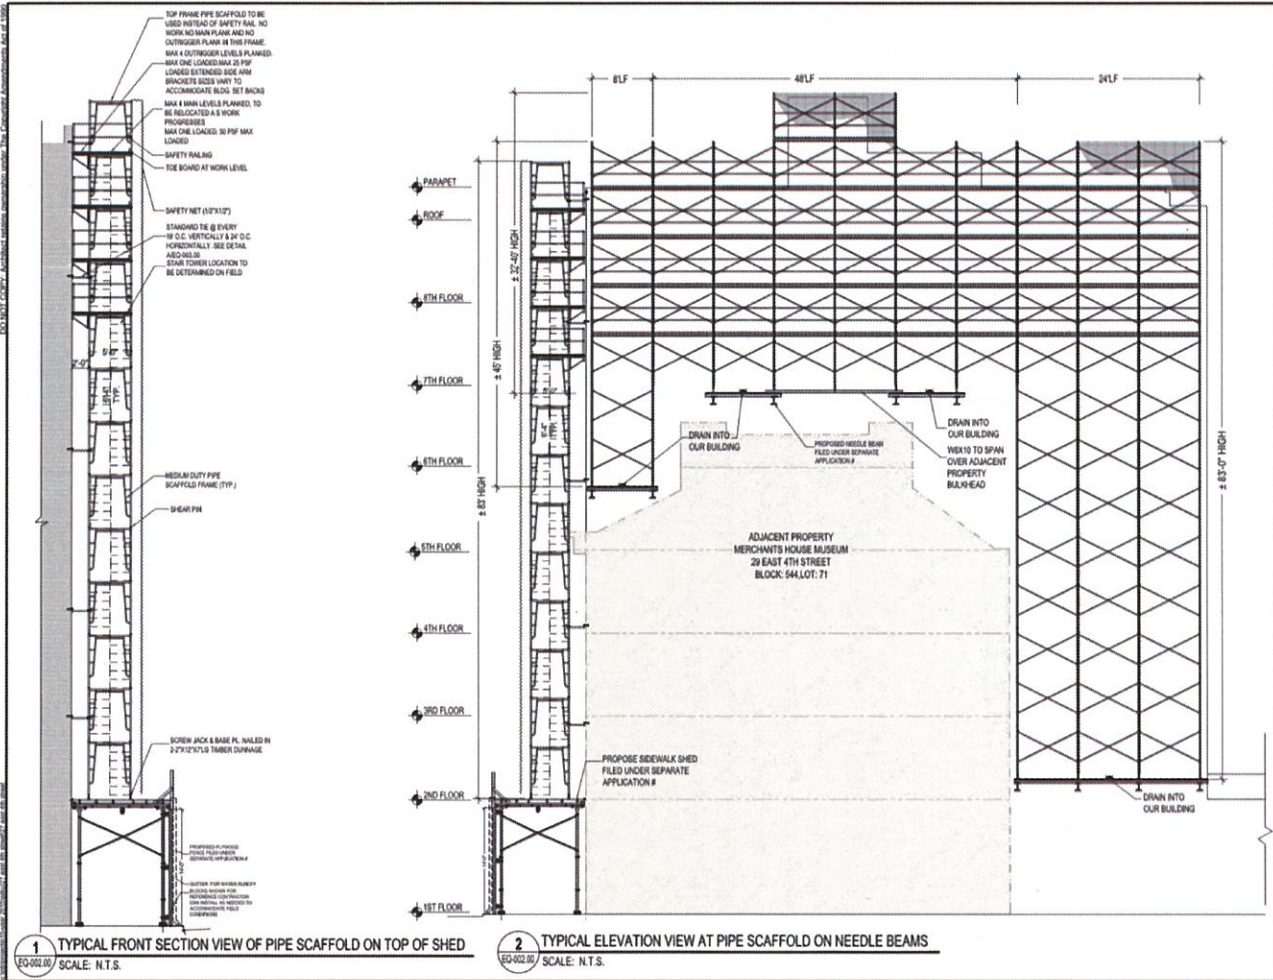

# Support of Excavation & Construction Sequence

## Going above and beyond code requirements by being a good neighbor.

- ✓ We will cantilever protection over the roof of MHM to “catch” any falling objects.
- ✓ We will keep the existing one-story structure during initial foundation work both to minimize vibrations and to provide a water run-off plan that will divert water that would ordinary fill a construction site, “away” from the MHM and its historic structure.
- ✓ The external chimney will be incorporated into an internal shaft-way in our building to preserve the “look and integrity” of the MHM.
- ✓ Our sidewalk shed will be above the MHM entrance way to allow protection for people coming and going with unfettered access.

# Scaffolding Plan to Protect Neighboring Buildings

## MERCHANT HOUSE MONITORING & PROTECTION PROGRAM

### INTRODUCTION

THE ADJACENT PROPERTY TO 27 EAST 4TH STREET HAS BEEN DESIGNATED A NATIONAL HISTORIC LANDMARK. THE MERCHANT HOUSE MUSEUM ON 29 EAST 4TH STREET IS A 4 STORY MASONRY BUILDING WITH WOOD FRAMED FLOORS CONSTRUCTED C. 1832. THERE ARE 1 1/2 STORES BELOW GRADE WITH THE LOWER CELLAR OCCUPYING A NARROWER FOOTPRINT THAN THE REST OF THE BUILDING. FOR THIS PROJECT WE PROPOSE TO IMPLEMENT A MONITORING PROGRAM IN ACCORDANCE TECHNICAL POLICY AND PROCEDURE NOTICE # 10/88. AS PART OF THIS PROGRAM WE WILL PERFORM A PRE-CONSTRUCTION SURVEY TO DETERMINE THE EXISTING STATE OF THE STRUCTURE, INSTALL SEISMOGRAPHS AND A TILT METER TO MONITOR VIBRATIONS WITHIN THE BUILDING AND SURVEY THE STRUCTURE FOR ANY MOVEMENT DURING THE COURSE OF THE WORK.

### PRE-CONSTRUCTION SURVEY

A PRE-CONSTRUCTION SURVEY OF THE MERCHANT HOUSE WILL BE PERFORMED. THIS SURVEY WILL CONSIST OF REVIEWING THE MASONRY FACADE FOR ANY SIGNS OF DISTRESS INCLUDING BULGING, CRACKING AND MORTAR DETEIORATION. TELLTALES (CRACK MONITORS) WITH AN ACCURACY OF 0.001 INCHES WILL BE INSTALLED ON ANY OBSERVED CRACKS FOR MONITORING ANY CHANGE IN CRACK WIDTH DURING THE COURSE OF THE PROJECT. A COMPLETE PHOTOGRAPHIC AND VIDEO LOG OF THE MASONRY FACADE AND ANY ACCESSIBLE INTERIOR SPACES WILL BE ESTABLISHED. PARTICULAR ATTENTION WILL BE PAID TO EXISTING HISTORIC PLASTER SURFACES INSIDE THE BUILDING. IN ADDITION, THE EXISTING FACADE WILL BE SURVEYED BY A LICENSED SURVEYOR FOR PLUMBNESS AND TO ESTABLISH BENCHMARK ELEVATIONS AND LOCATIONS FOR MONITORING OF ANY BUILDING MOVEMENTS. THESE SURVEYS WILL BE PROVIDED TO THE ADJACENT PROPERTY OWNER (NYC PARKS) ON DEMAND.

### VIBRATION MONITORING

WE WILL INSTALL A TOTAL OF (2) CONSTRUCTION VIBRATION (SEISMOGRAPHIC) MONITORING SYSTEMS IN PREDETERMINED LOCATIONS IN EACH BUILDING ADJACENT TO DEMOLITION AND CONSTRUCTION OPERATIONS TAKING PLACE AT THE 27 EAST 4TH STREET SITE. THE MONITORS WILL BE MOVED PERIODICALLY AS CONSTRUCTION OPERATIONS PROGRESS. WE WILL MEASURE, RECORD, ANALYZE AND REPORT ON VIBRATION ABOVE A THRESHOLD LEVEL OF 0.2 IN/SEC DUE TO DEMOLITION OR CONSTRUCTION ACTIVITIES. (NYC DOB MAXIMUM PERMISSIBLE IS 0.50 IN/SEC FOR LANDMARK STRUCTURES.) SEE SHEET S-011 FOR ADDITIONAL INFORMATION.

ROUTINE REPORTING ON VIBRATION LEVELS WILL BE TRANSMITTED VIA CELLULAR/ELECTRONIC NOTIFICATION TO PARTIES DESIGNATED BY THE CLIENT. DAILY REPORTS SUMMARIZING PEAK VIBRATION DURING THE MOST RECENT 24 HOUR PERIOD WILL BE TRANSMITTED TO CLIENT-DESIGNATED PARTIES ON A DAILY BASIS. A COPY OF TRANSMITTED DATA AND REPORTS WILL BE MAINTAINED BY THE CONSULTANT AND WILL BE MADE AVAILABLE TO THE CLIENT UPON REQUEST.

### TILT MONITORING

WE WILL INSTALL A BIAXIAL TILT MONITORING SYSTEM IN THE UPPER FLOOR OF THE MERCHANT HOUSE. THE LOCATION, ALONG WITH THE NECESSARY INTERNAL WIRING DOWN TO THE BASEMENT, WILL BE COORDINATED WITH THE OWNER.

### OPTICAL MONITORING

DURING THE COURSE OF WORK A REAL TIME MONITORING SYSTEM INSTALLED BY A LICENSED SURVEYOR, SUCH AS A PRE-PROGRAMMED TOTAL STATION, WILL SURVEY THE BENCHMARKS ESTABLISHED ABOVE FOR ANY SIGNS OF MOVEMENT OF THE ADJACENT BUILDING. THE ACCURACY OF THIS MONITORING WILL BE +/- 0.01 FT. THE TOTAL NUMBER OF PRISMS AND FREQUENCY OF MONITORING CYCLES WILL BE COORDINATED WITH ADJACENT PROPERTY AND NYC DOB. SEE SHEET S-011 FOR ADDITIONAL INFORMATION.

### ACTION PLAN

PRIOR TO CONSTRUCTION- ANY AREAS OF THE EXISTING MASONRY WALL SUPPORTING THE WESTERN SIDE OF THE MERCHANT HOUSE THAT ARE IDENTIFIED TO BE IN DISTRESS OR DEEMED LIKELY TO BE DESTABILIZED DURING THE COURSE OF WORK WILL BE DOCUMENTED IN THE PRE-CONSTRUCTION SURVEY REPORT. THESE AREAS WILL BE BROUGHT TO THE ATTENTION OF THE ADJACENT PROPERTY OWNER. NO CONSTRUCTION SHALL COMMENCE PRIOR TO REPAIR OF THESE AREAS OR, IF APPLICABLE, ADDITIONAL SHORING PROVIDED TO MITIGATE THE POTENTIAL FOR DESTABILIZATION OF THE EXISTING MASONRY.

DURING CONSTRUCTION- SEE S-011 FOR DURING CONSTRUCTION ACTION PLAN

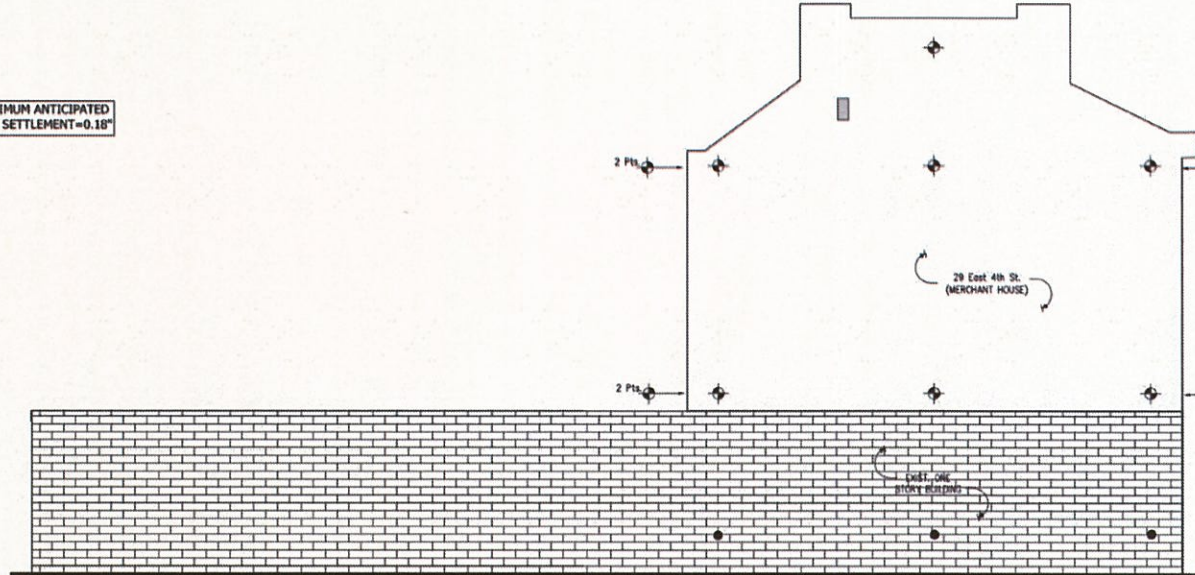

### POST-CONSTRUCTION SURVEY

AFTER THE NEW STRUCTURE IS COMPLETE, A POST-CONSTRUCTION SURVEY OF THE MERCHANT'S HOUSE WILL BE PERFORMED. THIS SURVEY WILL CONSIST OF VISUAL OBSERVATION, AND WRITTEN, PHOTOGRAPHIC AND VIDEO RECORDING OF THE RELEVANT MASONRY AND PLASTER SURFACES OF THE BUILDING. IN ADDITION, THE EXISTING FACADE WILL BE SURVEYED BY A LICENSED SURVEYOR AND COMPARED WITH THE INITIAL SURVEYS AT THE START OF THE PROJECT. THE SURVEYS WILL BE PROVIDED TO THE ADJACENT PROPERTY OWNER (NYC PARKS DEPT) ON DEMAND.

### TPPN #10/88 CHECKLIST

**SUPPLEMENTARY PROCEDURES:** THE ARCHITECT OR ENGINEER DESIGNATED FOR CONTROLLED INSPECTION OF CONSTRUCTION REQUIRED FOR OR AFFECTING THE SUPPORT OF ADJACENT PROPERTIES OR BUILDINGS REQUIRED BY SECTION 27-724 (C28-1112.6) SHALL INSTITUTE A MONITORING PROGRAM FOR ADJACENT HISTORIC STRUCTURES AND FOR ANY EXISTING STRUCTURE DESIGNATED BY THE COMMISSIONER. THE

MAXIMUM ANTICIPATED  
MAT SETTLEMENT=0.18"

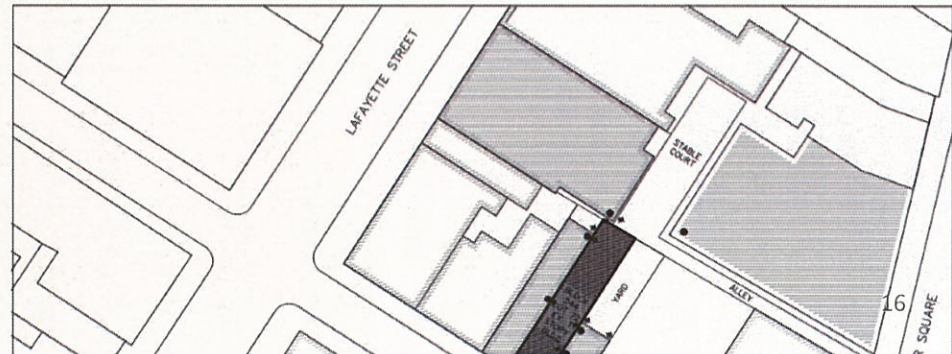

### TPPN #10/88 CHECKLIST (CONTINUED)

- 3.3. MAINTAINING ACCURATE RECORDS, INCLUDING THE LOCATION OF THE BLAST, TOTAL EXPLOSIVE HEIGHT IN THE BLAST, MAXIMUM EXPLOSIVE HEIGHT PER DELAY (OR THE EXPLOSIVE HEIGHT IN EACH BLAST HOLE AND THE DESIGNATION OF THE DELAY CAP USED IN EACH HOLE).  
-NOT APPLICABLE.
- 4.0. ESTABLISHMENT OF CRITERIA FOR ANY TEMPORARY RETAINING WALL STRUCTURE.
  - 4.1. THE MAXIMUM PERMISSIBLE HORIZONTAL AND VERTICAL MOVEMENT OF THE TEMPORARY RETAINING WALL SYSTEM SHALL BE DESIGNED IN ACCORDANCE WITH GENERALLY ACCEPTED ENGINEERING PRACTICE.  
-RETAINING WALL STRUCTURE ALONG 4TH STREET WILL BE DESIGNED ACCORDINGLY.
- 5.0. ESTABLISHMENT OF MOVEMENT CRITERIA FOR THE HISTORIC BUILDING.
  - 5.1. THE MAXIMUM PERMISSIBLE VERTICAL AND HORIZONTAL MOVEMENT SHALL BE MIN. (0MM).  
-MOVEMENT WILL BE MONITORED AS DESCRIBED ON THIS SHEET.
- 6.0. ESTABLISHMENT OF CRITERIA FOR GROUND WATER.  
-NOT APPLICABLE.
- 7.0. ESTABLISHMENT OF A MONITORING PROGRAM.  
-MONITORING WILL BE CONDUCTED AS DESCRIBED ON THIS SHEET.
- 8.1. A LICENSED SURVEYOR SHALL BE RETAINED TO MONITOR MOVEMENTS AND TILTING OF THE HISTORIC BUILDINGS AND THE TEMPORARY RETAINING SYSTEM.
  - 8.1.1. SETTLEMENTS OF THE STREET AND OF SELECTED POINTS ON THE GROUND ARE TO BE MONITORED.
  - 8.1.2. SURVEY MEASUREMENTS SHALL BE MADE IN SEAL TIME.
  - 8.1.3. OPTICAL SURVEY READINGS SHALL BE TAKEN TO AN ACCURACY OF ±0.01 FT. (3MM).
- 8.2. 'TELLTALES' SHALL BE INSTALLED ACROSS EXISTING CRACKS AND IN OTHER SENSITIVE AREAS TO PERMIT CHANGES IN CRACK WIDTH TO BE MEASURED.
  - 8.2.1. A MOROMETER SENSITIVE TO 0.001 IN. (0.003 MM) SHALL BE USED TO MONITOR CRACK WIDTHS AT LEAST ONCE A DAY.

1 WEST SURVEY ELEVATION  
SCALE: 1/8"=1'-0"

# 27 East 4<sup>th</sup> Street Monitoring & Protection

## MONITORING & PROTECTION PROGRAM

MONITORING TASK	MINIMUM REQUIRED BY TPPN 10/88	PROPOSED FOR MERCHANT HOUSE MUSEUM	PROPOSED FOR ALL OTHER ADJACENT LANDMARK BUILDINGS (25 E. 4th Street, 403 Lafayette Street, 16 Cooper Square)
DISPLACEMENT MONITORING	SURVEY MEASUREMENTS 2X WEEK. MAX ALLOWED VERTICAL AND HORIZONTAL DISPLACEMENT 1/4"	CONTINUOUS AUTOMATIC SURVEY DURING DEMOLITION AND EXCAVATION. MAX ALLOWED VERTICAL AND HORIZONTAL DISPLACEMENT 1/4"	SMALL MEASUREMENTS ONE TIME A WEEK TO AN ACCURACY OF ABOUT 1/16" NUMBER PLACES. VERTICAL AND HORIZONTAL DISPLACEMENT & N/A
CRACK MONITORING	TELLTALES ACROSS EXISTING CRACKS IN MASONRY MEASURED DAILY.	TELLTALES ACROSS EXISTING CRACKS IN MASONRY MEASURED DAILY.	"TELLTALES" INSTALLED ACROSS EXISTING CRACKS IN MASONRY MEASURED DAILY. ONLY PHOTOGRAPHS TO BE TAKEN WEEKLY
TYLT MONITORING	NONE REQUIRED	CONTINUOUS AUTOMATIC TILT METER DURING DEMOLITION AND EXCAVATION	N/A
VIBRATION MONITORING	MAXIMUM PEAK PARTICLE VELOCITY=0.5 IN/S	MAXIMUM PEAK PARTICLE VELOCITY=0.5 IN/S. REVIEW THRESHOLD =0.2 IN/S	MAXIMUM ALLOWED PEAK PARTICLE VELOCITY : 0.5 IN/S
PRE-CONSTRUCTION SURVEY	PHOTOGRAPH TELLTALES	PHOTOGRAPH AND VIDEO SURVEY OF EXTERIOR AND INTERIOR ACCESSIBLE SPACES	PRECONSTRUCTION SURVEY OF EXTERIOR AND INTERIOR ACCESSIBLE SPACES IMMEDIATELY ADJACENT TO CONSTRUCTION

### MERCHANT HOUSE ACTION PLAN DURING CONSTRUCTION

1. DISPLACEMENT, CRACK, TILT AND VIBRATION MONITORING IN ACCORDANCE WITH ADJACENT ORDINANCE.
2. IN THE EVENT THAT DISPLACEMENT AND VIBRATION THRESHOLDS ARE EXCEEDED:
  - A. THE CLIENT/CONTRACTOR PARTIES TO CONSTRUCTION, OWNER, MONITORING, AND ADJACENT PROPERTY OWNERS, SHALL BE NOTIFIED VIA EMAIL IMMEDIATELY.
  - B. THE CONTRACTOR SHALL PROVIDE A WRITTEN EXPLANATION OF THE ACTUAL WORK CAUSED THE VIOLATION OF ORDINANCE, AND QUANTIFY EXISTING TRENDS TO AVOID FUTURE VIOLATION OR MONITORING.
  - C. THE ENGINEER SHALL REVIEW THE DATA AND MAKE RECOMMENDATIONS AS NECESSARY.
3. IN THE EVENT THAT MAXIMUM VIBRATION OR DISPLACEMENT ORDINANCE ARE EXCEEDED:
  - A. CONSTRUCTION SHALL CEASE CONSTRUCTION ACTIVITIES AND CONTACT NEW JERSEY RECORDING, RELEVANT PROPERTY OWNERS AND DEPARTMENT OF READING SHALL BE NOTIFIED IMMEDIATELY.
  - B. DECISION OF RECORD TO REVIEW DATA AND DETERMINE/RECOMMEND ADJACENT STRUCTURES FOR SIGN OF DISTRESS, ANY SIGN OF DISTRESS TO BE BROUGHT TO THE ATTENTION OF THE ADJACENT STRUCTURES OWNER.
  - C. IF SIGNIFICANT SIGNS OF DISTRESS ARE FOUND AND/OR MOVEMENT BEYOND 1/4" NOTED WORK SHALL NOT PROCEED UNTIL THE CAUSE OF THE DISTRESS/MOVEMENT IS IDENTIFIED AND REPAIRS ARE MADE TO PREVENT ADDITIONAL DISTRESS OR MOVEMENT. ANY STRUCTURAL DAMAGE SHALL BE REPAIRED PRIOR TO WORK RESUMING.
  - D. IF NO SIGN OF DISTRESS ARE FOUND AND/OR MOVEMENT DOES NOT EXCEED 1/4" WORK MAY PROCEED, BUT EQUIPMENT OR METHOD BEING USED SHALL BE ALIGNED OR SUBMITTED TO PREVENT VIBRATION AND/OR DISPLACEMENT ORDINANCE FROM BEING EXCEEDED.

- MONITORING PROGRAM MEETS OR EXCEEDS TPPN 10-88
- SETTLEMENT MONITORING COMPLETED BY AUTOMATIC TOTAL STATION WITH REALTIME REPORTING IN LIEU OF BI-WEEKLY
- ADDITIONAL VIBRATION REVIEW THRESHOLD OF 0.2 IN/S HELPS ANTICIPATE HIGHER VIBRATION
- BASELINE MONITORING COMPLETE JUNE-OCTOBER 2012 HAD 5 VIBRATION EVENTS ABOVE 0.5 IN/S. HIGHEST OF 0.622 IN/S.

NYC Parks

Mitchell J. Silver, FAICP  
Commissioner

August 3, 2018

The owner of the development site must ensure that its work is undertaken using the utmost care, beyond that of a typical construction project. To this end, Parks will coordinate with the owner of 27 East 4th Street (“Owner”) and the Operator to enable a comprehensive pre-construction conditions survey of the Museum’s existing interior and exterior conditions acceptable to Parks, which will be funded by the Owner. The survey shall be performed by expert historic preservation consultants, experienced in the analysis and construction methods of similar historic buildings. Analysis from this survey will be used to inform the Owner’s design and means and methods of construction and the creation of a monitoring and protection plan (the “M&P Plan”) for the Museum prepared by the Owner in consultation with the Operator, Parks, and the Department of Buildings.

August 3, 2018

The Old Merchant's House is individually designated and outside of the adjacent NoHo Historic District Extension where 27 East 4<sup>th</sup> Street is situated. While the Landmarks Law section 25-307 doesn't require the Commission to consider impacts of work on buildings outside of the historic district, the Commission will consider impacts of work on an individual landmark. And it did so in this case.

The Commission routinely approves new construction adjacent to historic buildings, and recognizes that such construction can occur safely and appropriately. This includes new buildings, major additions, and excavation and underpinning of historic buildings. In addition, under the Department of Buildings TPPN 10/88, a construction protection plan, including vibration monitors, is required for construction adjacent to LPC-designated property. The function of this monitoring is to ensure that vibration levels affecting a historic building are monitored, and work is required to stop if vibrations exceed certain levels. If this were to occur, then the construction contractor is required to cease work that exceeds the standards or implement alternative construction techniques that will not exceed the standards.

I should also note that implementation of a construction protection plan is a standard form of mitigation in environmental review analysis under CEQR, SEQRA and NEPA for potential construction-related impacts to historic structures.

August 3, 2018

In approving the new building, the Commission explicitly recognized that the work was occurring next to the Old Merchant's House and required that "the excavation will be supervised by a professional licensed engineer and that the applicant will provide all appropriate safeguards to ensure that the structural integrity of the adjacent buildings are protected and will carefully monitor the excavation and construction to ensure that the work will not diminish the special architectural or historic character [sic] adjacent buildings." In addition, the applicant is required, after receiving approval from the City Planning Commission, to submit the final DOB construction plans and filing drawings to the LPC for review. These materials will include the Support of Excavation drawings and materials, as well as the protection plan. Since approving the application for a new building at this site in 2014, the LPC has retained preservation engineers who are tasked with reviewing significant excavation and other structural or engineering issues. These engineers will review the materials submitted by the developer of 27 East 4<sup>th</sup> Street to ensure compliance with these requirements.

Sincerely Yours,

Mark A. Silberman

Cc: Frederick Bland, Vice-Chair  
Sarah Carroll, Executive Director  
Jared Knowles, Director, Preservation Department  
Cory Herrala, First Deputy, Preservation Department

“Find a Professional” Engineer

Rick D. Chandler, P.E.  
Commissioner

August 6, 2018

DOB recommends, at a minimum, that the Commission require as a condition for its approval, the following: (i) that the owner of the Proposed Development at 27 East 4<sup>th</sup> Street hire a NYS registered design professional/engineer acceptable to Parks and DOB to perform an independent third party peer review of the monitoring thresholds to be set forth in the M&P Plan, and to determine the extent of survey and the construction monitoring resulting from the proposed design and construction; (ii) that such construction monitoring records be maintained at the Proposed Development site and made available upon request to the City, including Parks, DOB, and the Landmarks Preservation Commission ("LPC"); (iii) that all monitoring reports and survey data be provided to Parks at the frequency agreed to in the M&P Plan; and (iv) that any proposed construction documents for the Proposed Development be submitted to Parks.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Timothy D. Lynch".

Timothy D. Lynch, P.E.  
DOB Chief Engineer, Enforcement

22

1. Monitoring plan has been prepared, with specific attention to the Merchant's House. Note that the proposed plan is more protective of and exceeds the requirements of TPPN 10/88 for the Merchant's House.
2. The proposed vibration limits to be included within our construction protection plan are consistent with NYC's adopted criteria for vibration limits set forth in the NYC Building Code. We undertook on-site vibration monitoring at the Merchant's House Museum from June 2012 through March 2013 and note that our results include several dozen recorded vibration events between .15 and .25 in/sec, several dozen between .25 and .5 in/sec, and approximately one dozen above 0.5 in/sec. The request to limit acceptable vibration as set forth in the NYC Building Code from 0.5 in/sec. to 0.2 in/sec not only exceeds the vibration limits that Merchant's House already experiences but, we believe is an unreasonable standard that has not been adopted by the City of New York. In fact, we are not aware of any projects in NYC which have used such a lower limit.
3. There is no underpinning intended at southeast corner of site, nor is underpinning of neighboring structure intended at southwest corner. The treatment of gaps between underpinning piers is for underpinning the lot line wall of 27 East 4th street and does not concern the neighboring structures. Soil will remain between piers due to the minimal load (it is only supporting the self-weight of this two story high wall).

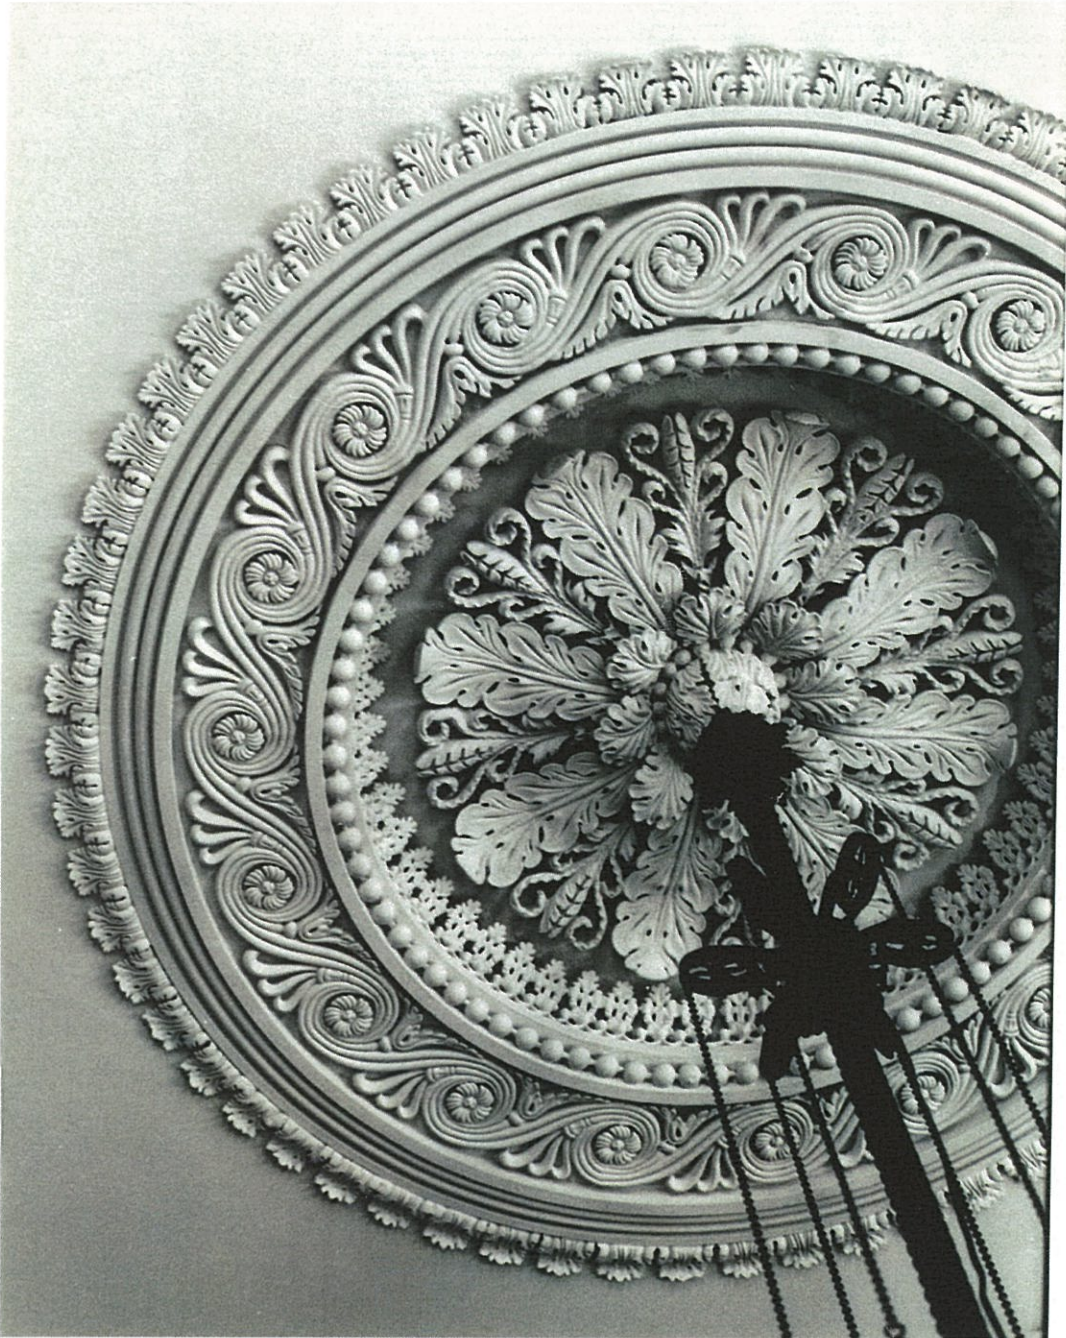

## Special Measures Incorporated in Design and Construction

- ✓ 16" thick Common Wall from 1935 structure adjacent west wall of MHM will remain undisturbed...forfeiting 1600 SF of buildable space
- ✓ Providing a stepped back foundation wall approximately 5.5 feet away outside the angle of influence from MHM to avoid underpinning...forfeiting 600 SF of basement space...this "modification" has intimately affected the placement of fixtures and planning for necessary building services
- ✓ We will excavate using hand-tools adding expense and time
- ✓ Scaffolding/external protection planned for above MHM "exceeding" DOB code requirements
- ✓ Water run-off plan (maintaining the existing one-story building while pouring foundation) will keep moisture away from MHM property line.
- ✓ Real-time vibration monitoring plan in place which will relay any spikes to our project engineer and the DOB on a timely basis

## Summary

1. Since 2011, the Applicant has worked with Landmarks, DOB, Parks and Elected Officials to come up with a plan that is consistent with the NoHo Historic District Extension by replacing a one-story, problematic, “eye-sore”.
2. Before we start construction activities, we expect to enter into an industry standard “commercially reasonable” construction protection agreement with our neighbors. On August 13<sup>th</sup> we were asked by CM Rivera to facilitate a meeting between our Engineer and the MHM Engineer that has yet to happen.
3. We have offered to engage and fund the Geotechnical Engineer who prepared a report for MHM in 2012 which needs to be updated as it does not reflect the proposal that you see before you today. There has been no response from MHM.
4. As local residents, we understand the importance of making a new commercial building a “good neighbor” and have gone to extraordinary lengths to come up with a construction plan that has been vetted by three separate firms.
5. This project is now literally “shovel-ready” and awaiting its final approvals.

Plaster Stabilization

## Plaster Stabilization

### **Survey/Assessment:**

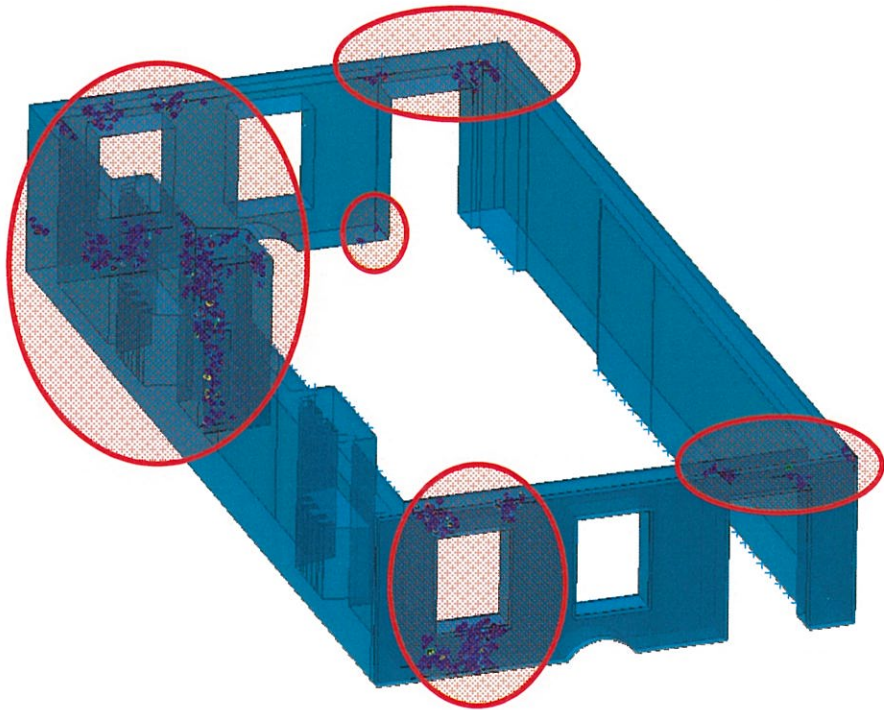

- Visual assessment of existing plaster finishes
- Plaster sounding and testing to identify concealed conditions
- Differential movement analysis to identify probable locations of damage during construction
  - Probable locations for damage to occur are identified on the exterior and interior walls on the following slides (In blue and gray)

### **Stabilization Recommendations:**

- Installation of protection and shoring for the duration of construction
- Lift existing floor boards to access back-side of plaster for stabilization
- Stabilize existing intact plaster to minimize potential damage

*The following slides show the areas of probable significant damage as a result of the construction.*

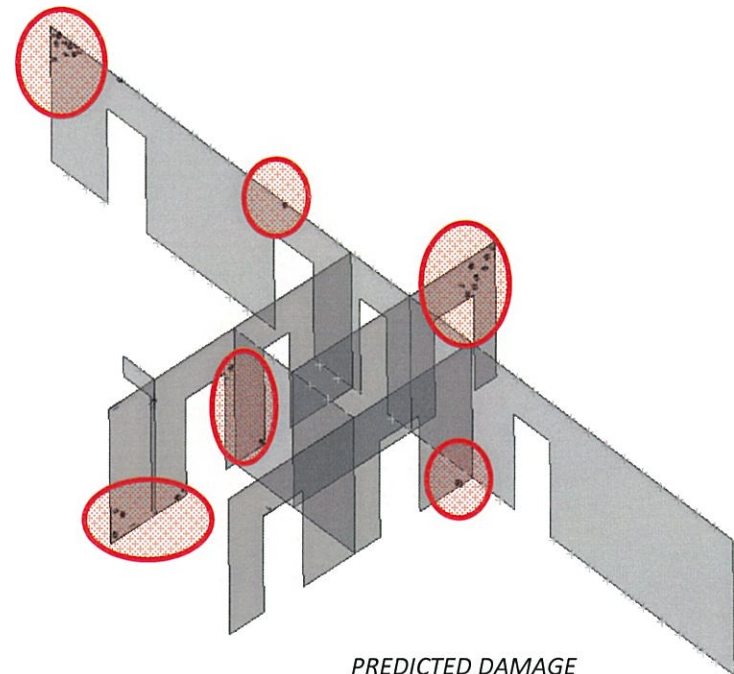

# Finite Element Analysis showing predicted locations of plaster failure

PREDICTED DAMAGE  
AT EXTERIOR WALLS

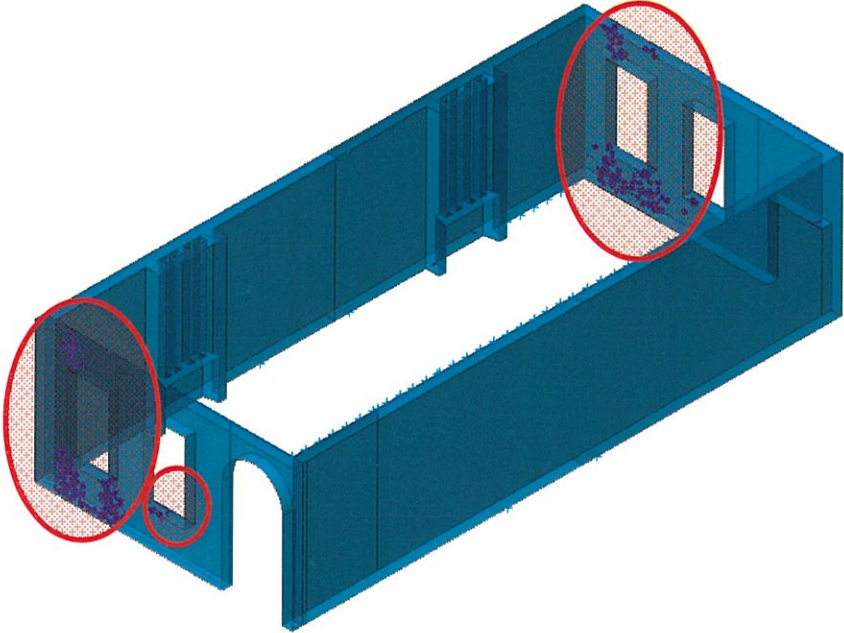

Location and extent of damage (shown as dots-highlighted in red) as predicted by the finite element analysis.

Significant damage is likely to form around openings adjacent to the east and west walls and at the north fire place, around corners of door openings and at the top and bottom corners adjacent to exterior walls.

PREDICTED DAMAGE  
AT INTERIOR WALLS

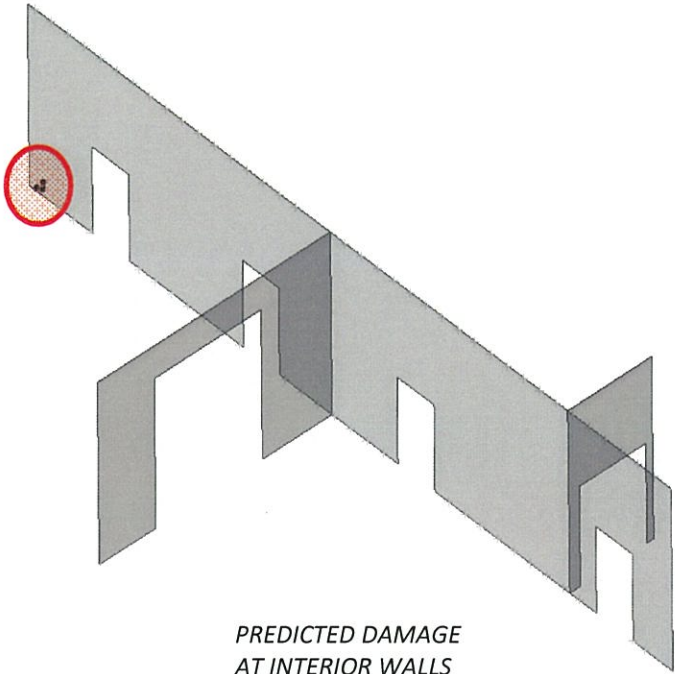

Finite Element Analysis showing predicted locations of plaster failure

PREDICTED DAMAGE AT EXTERIOR WALLS

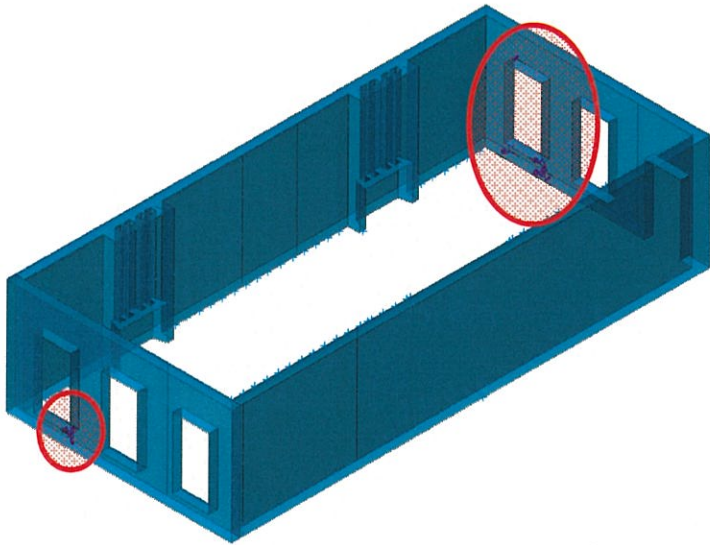

Location and extent of damage (shown as dots – highlighted in red) as predicted by the finite element analysis.

Significant damage is likely to form around the window openings and localized at the bottom corner of the wall, adjacent to the north elevation.

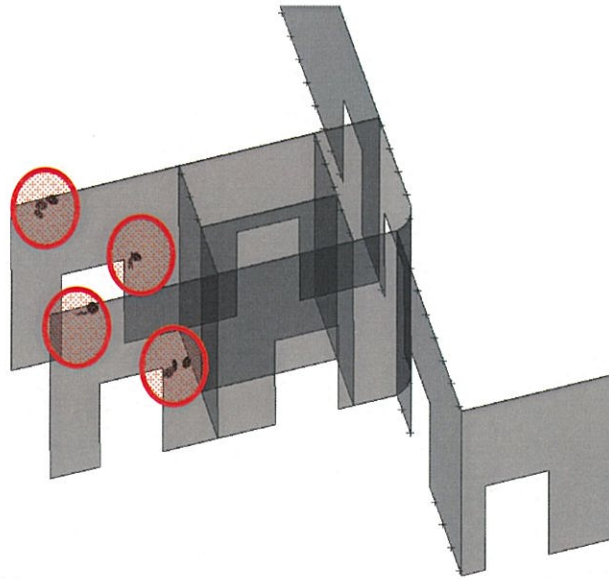

PREDICTED DAMAGE AT INTERIOR WALLS

# Finite Element Analysis showing predicted locations of plaster failure

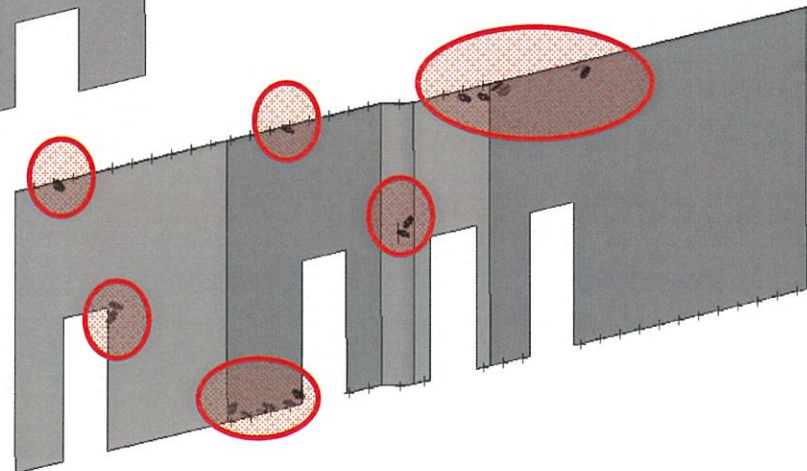

PREDICTED DAMAGE  
AT EXTERIOR WALLS

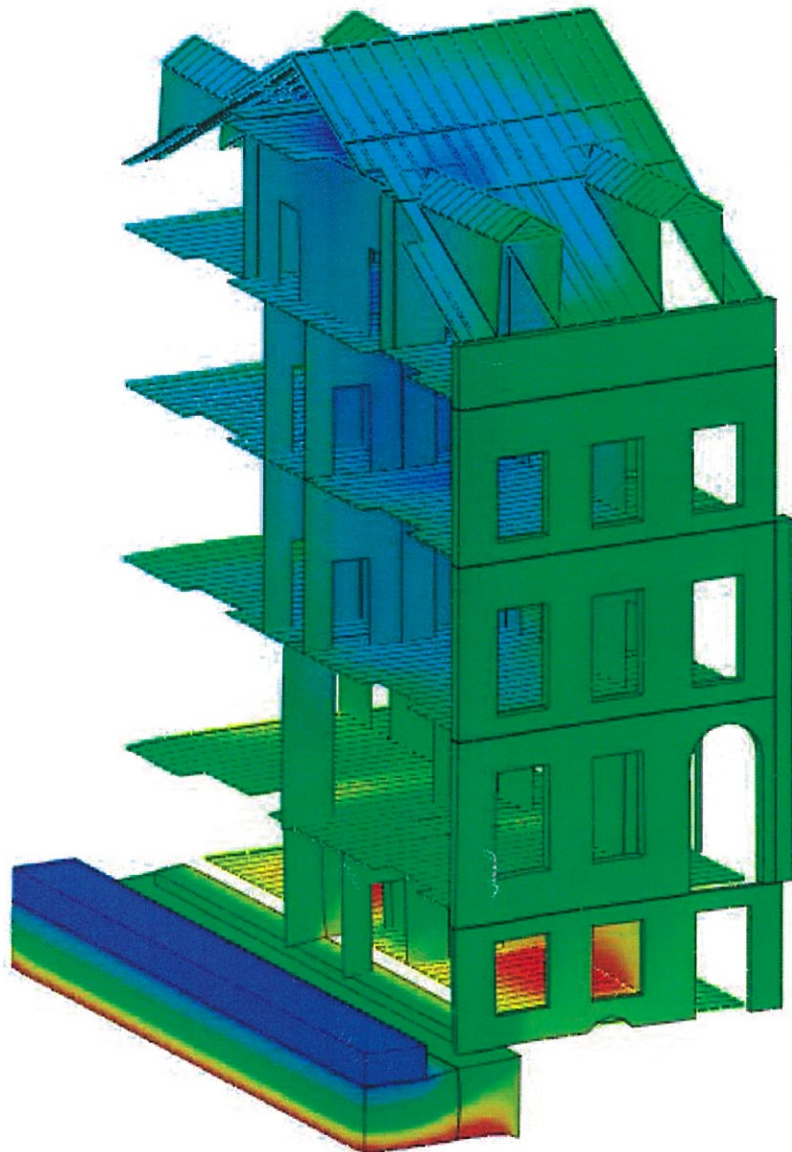

PREDICTED DAMAGE  
AT INTERIOR WALLS

Location and extent of cracking (shown as dots-highlighted in red) as predicted by the finite element analysis.

Damage is likely to occur at the lower corners of windows, upper corners of door openings, and at the ceiling-wall corner at the west walls.

### Plaster Stabilization Expenses

<i>Task</i>	<i>Estimated Cost</i>
Installation of protection and shoring	\$ 432,765.00
Label, prepare legend drawing, and lift floorboards.	
Provide walking planks and plywood staging	
Reinstall flooring	
Remove shoring and protection	\$ 36,000.00
Remove deafening (allow downtime for archaeological investigation)	
Archaeological investigation of deafening	\$ 25,000.00
Plaster Stabilization	\$ 200,960.00
<i>Sub-Total</i>	<i>\$ 694,725.00</i>
<i>General Conditions (15%)</i>	<i>\$ 104,208.75</i>
<i>Contractor O + P (10%)</i>	<i>\$ 79,893.38</i>
<i>Contingency (15%)</i>	<i>\$ 131,824.07</i>
<i>Construction Contract Admin/Consultation (12%)</i>	<i>\$ 121,278.14</i>
<b>Total Stabilization Costs</b>	<b>\$ 1,000,105.27</b>

#### Vertical displacement contour plot

Shows deformation of the House under self-weight and predicted foundation movement.  
Most significant forces are shown in red/yellow, least in blue.

# Merchant's House Museum

***“The distinction of this house—and it is a powerful one—is that it is the real thing. One simply walks though the beautiful doorway . . . into another time and place in New York . . . It is a unique social esthetic and historical document.*”**

Architecture Critic and Historian Ada Louise Huxtable.  
(First architecture critic for a major U.S. newspaper, author of eleven books and countless articles and columns she wrote as architecture editor for *The New York Times* and as architecture editor of *The Wall Street Journal*, a position she held until her death in 2013 at the age of 91.)

Submitted by

Margaret Halsey Gardiner  
Executive Director  
Merchant’s House Museum

The City Council of New York City  
Subcommittee on Zoning and Franchises  
Public Hearing  
September 17, 2018

# **The 1832 Merchant's House Museum Is an Irreplaceable New York City Landmark and Cultural Institution**

## **Reasons to oppose the developer's application for a Zoning Text Amendment and two Special Permits.**

1. If approved, construction of the eight-story hotel next door would cause irreversible damage to, and possible collapse of, the Museum's fragile 186-year old landmark building.
2. Even if the proposed hotel could be constructed without causing irreparable harm to the building (and it cannot), it would still necessitate closing the Museum to the public for a minimum of 18-24 months in order to ensure protection of the collection and undertake stabilization of the interior.
3. The proposed Zoning Text Amendment is illegal "spot zoning," easing the zoning bulk restrictions within the NoHo Historic District Extension and benefitting only this developer's property.
4. The developer could build a larger, thus more profitable, hotel on his lot around the corner at 403 Lafayette Street. This shift in location would remove all risk to the Merchant's House and have strong community support.

# The Cultural and Architectural Significance of the Merchant's House is Undisputed

- Built in 1832, it was home to prosperous merchant Seabury Tredwell, his wife, Eliza, their eight children, and their Irish servants for 100 years.
- A museum open to the public since 1936, it is NYC's *only* family home preserved intact from the 19<sup>th</sup> century complete with the family's furnishings and personal possessions.
- The museum offers a view of domestic life in mid-19<sup>th</sup> century New York that is *unparalleled in its authenticity*.

**“It is an entirely unique, enormously treasured, and fragile and irreplaceable landmark and museum.”**

*Community Board 2 Resolution  
to deny the application, May 24, 2018*

# The 1832 Late-Federal and Greek Revival Merchant's House is a Federal, State, and City Landmark

- National Historic Landmark, 1966
- National Register of Historic Places, 1977
- In NYC, designated the first landmark in Manhattan at the first meeting of the Landmarks Preservation Commission, 1965
- Interior NYC landmark, 1981  
Finest surviving ornamental plasterwork from the period
- It is one of only 120 NYC interior landmarks (and one of only 6 residences)

***“It is a unique, and I stress the word unique, survivor in the City of New York ... a perfect example of Greek Revival domestic architecture and style. The preservation of the house with its contents is of the utmost importance.”***

**Berry Tracy, Curator, American Decorative Arts,  
Metropolitan Museum of Art, LPC Hearing, 1965**

# Mission

With unparalleled authenticity, the Merchant's House educates the public about the domestic life of a prosperous merchant family and their Irish servants, 1835-1865, when the City transformed from a mercantile seaport into a booming metropolis and the commercial emporium of America.

The Museum fulfills its mission through:

- Educational Programming
- Collections Care and Conservation
- Preservation of its 1832 Landmark Building

# Mission: Educational Programming

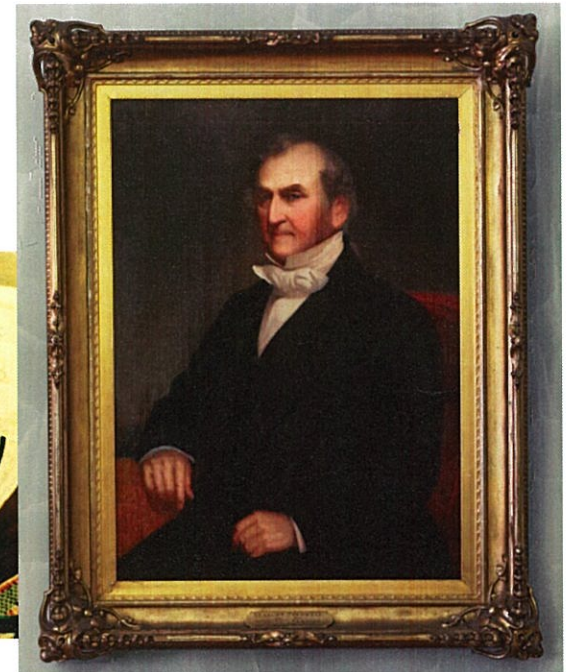

- Tours of the house and neighborhood, exhibitions, lectures, living history, concerts, performances.
- 16,000 visitors annually: tourists from all over the country and the world, scholars, students, and New Yorkers.
- The museum educates visitors in 19<sup>th</sup> century architecture, interior design, historic preservation, the immigrant experience, women's history, social history, furniture, decorative arts, costumes and textiles, and fine arts.

***TripAdvisor ranks the Merchant's House in the top 5.7 percent of all "Things To Do" in NYC (#65 out of #1,124).***

# Mission: Collections Care & Conservation

The Museum's collection comprises 3,000 items owned by the Tredwells, including furniture, decorative arts, clothing and textiles, personal and household accessories, books, and photographs.

# Mission: Preservation of 1832 Landmark Building

The Museum and the City have invested millions of dollars to preserve the house.

*L to R: restoration of 1832 windows (1999), tea room (2005), rear façade and windows (2011), front stoop (2003)*

# A Whirlwind Tour of the Merchant's House

## Ground Floor Kitchen

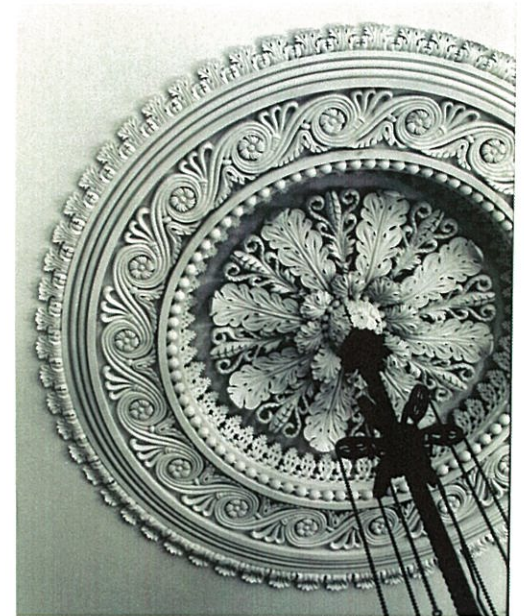

# Ground Floor Family Room

# 1<sup>st</sup> Floor Greek Revival Double Parlor and Ornamental Plasterwork

# 2<sup>nd</sup> Floor Seabury Tredwell's Bedroom

## 2<sup>nd</sup> Floor Eliza Tredwell's Bedroom

## 4<sup>th</sup> Floor Irish Servants' Bedroom

# Rear Garden

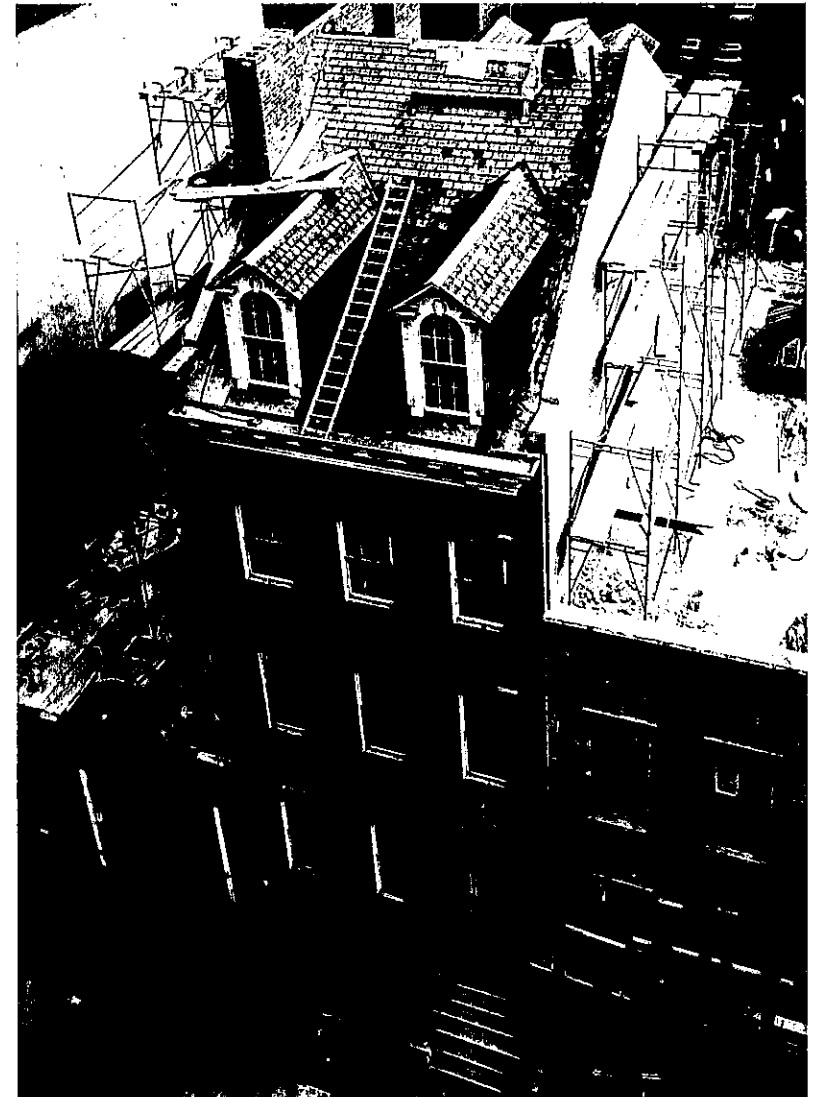

# The 1832 Building Has a Decades Long - and Expensive - History of Damage Caused by Work Performed at Adjoining & Nearby Property

## Highlights

- *1946.* Four-story 1826 building to the west demolished and one-story garage erected. Demolition caused immediate damage to the Merchant's House and in exposing the west party wall ensured decades of future restoration work. **Cost to date: \$500,000; currently, the west wall needs \$350,000 in repairs.**
- *1988.* Buildings to the east demolished, causing major structural damage. **Cost \$1 million.**
- *1990s.* Blasting from the City's Third Water Tunnel (Shaft 31B) to the east caused damage to original plaster walls and ceilings.

*Image: 1972 restoration, one-story garage (27 E. 4<sup>th</sup>), and building to east pre-demolition.*

## **The Museum is Bound by Its Mission and the Public Trust to Preserve and Protect its Original Collection and 1832 Landmark Building.**

### **If construction is approved, Protective Measures Are Estimated to Cost \$4.975 million**

- Packing, removal, and storage of the original Tredwell Collection of 3,000 items (18 months)  
**Est. cost \$1.75 million**
- With the Collection offsite, special measures to protect the building's landmark interior can be taken, including erecting padded scaffolding to secure and cushion the interior plaster walls, ceilings, and decorative elements.  
Interior protection: **Est. cost \$1 million**
- Pre-construction building repairs are required: **"Hazardous & Critical" Est. cost \$1.4 - \$1.5 million; total all conditions Est. cost \$1.7- \$1.8 million** (Existing Conditions Assessment, Jan Hird Pokorny Associates, 2015, cost estimates update September 2018)
- Moving the collection offsite will necessitate closing the museum to the public for a minimum of 18-24 months and renting temporary offices for Museum operations.  
**Lost revenue and rental: Est. cost \$725,000**

# ***Opposition* has been Overwhelming from Preservation & Community Organizations, Government Agencies, Elected Officials, and Thousands of Concerned Individuals**

## **Letters from Organizations**

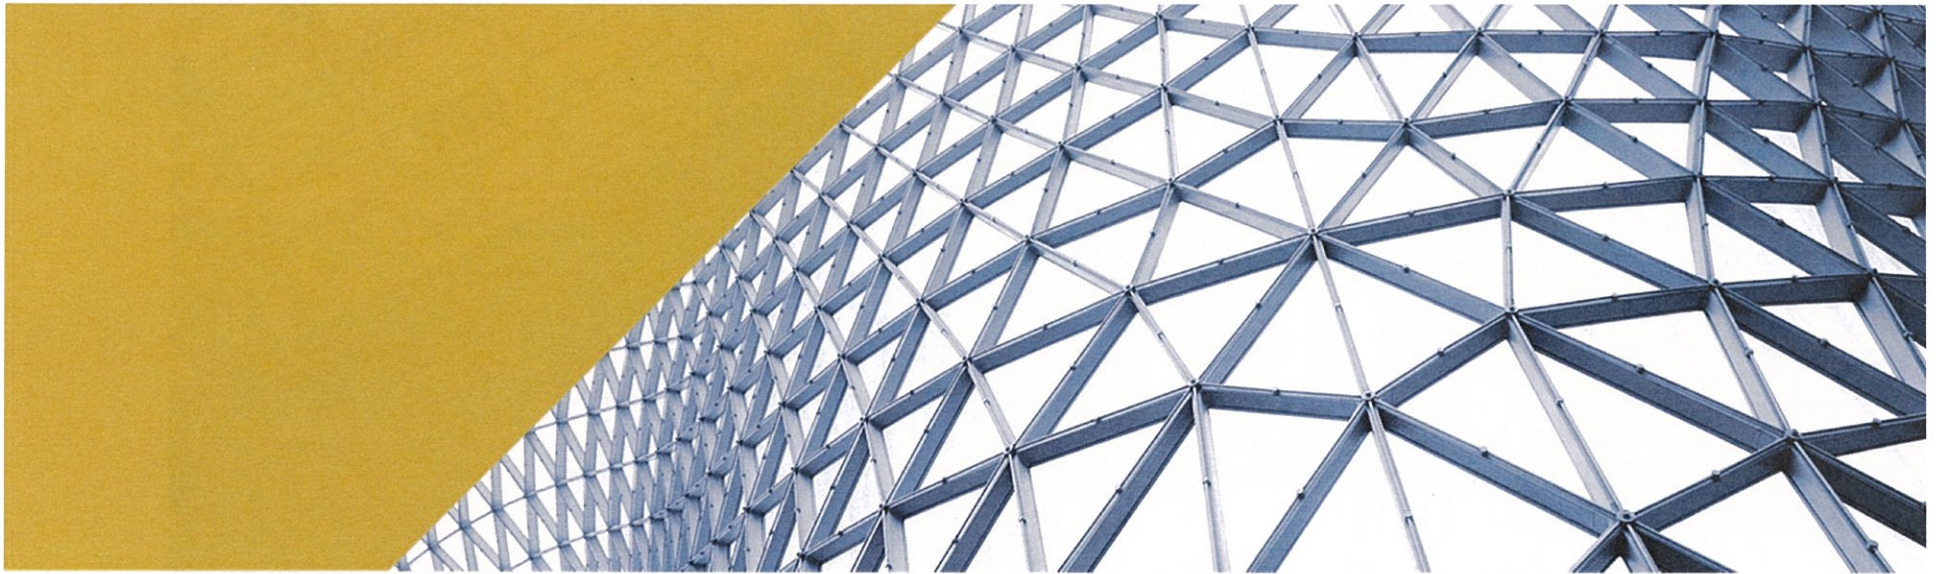

The Municipal Arts Society  
The Preservation League of New York State  
New York Landmarks Conservancy  
Greenwich Village Society for Historic Preservation  
Historic Districts Council  
The Society for the Architecture of the City  
The Historic House Trust of New York City

### SPECIAL USE REGULATIONS

## 101-11

### Special Ground Floor Use Regulations

Map 2 (Ground Floor Retail Frontage), in Appendix E of this Chapter, specifies locations where the special ground floor #use# regulations of this Section apply.

#Uses# within #stories# that have a floor level within five feet of #curb level#, and within 50 feet of the #street line#, shall be limited to #commercial uses# listed in Use Groups 5, 6A, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C, where such #uses# are permitted by the underlying district. In addition, libraries, museums and non-commercial art galleries shall be permitted. In addition, all non-residential #uses# permitted by the underlying district shall be permitted for buildings fronting on Myrtle Avenue between Ashland Place and Fleet Place. A #building's street# frontage shall be allocated exclusively to such #uses#, except for Type 2 lobby space, entryways or entrances to subway stations provided in accordance with the provisions of Section 37-33 (Maximum Width of Certain Uses). However, loading berths serving any permitted #use# in the #building# may occupy up to 40 feet of such #street# frontage provided such #street# frontage is not subject to curb cut restrictions as shown on Map 5 (Curb Cut Restrictions) in Appendix E of this Chapter.

## A Call to Arms!

## Why Oppose the Proposed Hotel!

The Merchant's House would suffer **catastrophic structural damage and likely collapse** during construction.

### Friday, September 14<sup>th</sup> at 4:58 pm

The Merchant's House engineering firm reaches out to our team:

“it would facilitate their update of the settlement analysis if we could have the most recent design loads imposed on the soil at the bottom of the mat foundation, which were used in the settlement analysis by GMS or your geotechnical consultant. Could you share those with us?”

***All of the hyperbole was based on an old 2012 report and design.***

***THE PROPOSAL BEFORE YOU TODAY IS FOR A SMALLER & LIGHTER COMMERCIAL BUILDING. OUR CONSTRUCTION PLAN HAS BEEN VETTED BY DOB, PARKS, LANDMARKS & 3 OUTSIDE FIRMS. THERE ARE PLENTY OF EXAMPLES OF NEW BUILDINGS THAT ARE CAREFULLY CONSTRUCTED ADJACENT TO LANDMARKED SITES.***

## A Call to Arms!

### Why Oppose the Proposed Hotel!

The developers' application for a zoning text amendment is illegal "spot zoning" – benefiting the developers alone.

**THE CITY PLANNING COMMISSION UNANIMOUSLY APPROVED THIS PROJECT. CB2 WAS PRESENTED WITH NUMEROUS EXAMPLES OF SUCCESSFUL APPLICATIONS FOR A ZONING TEXT AMENDMENT.**

A flyer from the Greenwich Village Society for Historic Preservation. The header includes the organization's name and logo. The main heading reads "Save the Merchant's House - Zoning Approvals for Hotel Next Door at City Council Sept. 17". Below this is a photograph of a group of people holding signs, with a red circle and slash over a building image. The flyer contains several paragraphs of text, including a call to action for a public hearing on Monday, September 17th, and a statement from the Merchant's House Museum regarding the proposed hotel's impact on the historic building and neighborhood.

**Greenwich Village**  
SOCIETY FOR HISTORIC PRESERVATION

SAVE THE MERCHANT'S HOUSE - ZONING APPROVALS FOR HOTEL NEXT DOOR AT CITY COUNCIL SEPT. 17

Join us Monday, September 17th, at 9:30 am at the City Council public hearing at the 200 Broadway 16th floor hearing room to approve zoning changes and special approvals needed for a hotel planned adjacent the Merchant's House Museum at 27 East 4th Street. Last month the City Planning Commission APPROVED this outrageous application, endangering this historic landmark, and making the City Council the last line of defense.

The Merchant's House Museum believes the construction of the hotel would gravely endanger this landmark house and cultural institution and cause great damage to the building. The hotel developer owns an adjoining site on Lafayette Street which could be developed instead without presenting such a danger. In the City Council, including Councilmember Carlos Escobar, who implements the plan, not to approve the plan, and to request special approvals for this plan, and to protect the Merchant's House.

## A Call to Arms!

### Why Oppose the Proposed Hotel!

The proposed eight-story hotel is **undesirable and unnecessary at this location**. The community neither wants nor needs another hotel on 4th Street.

- 1. THE DEVELOPER IS PROPOSING AN EIGHT-STORY COMMERCIAL BUILDING THAT REPLACES A ONE-STORY NON-CONTRIBUTING “EYE-SORE”.***
- 2. OUR DESIGN HAS BEEN APPROVED BY LPC AS BEING “CONSISTENT” WITH THE AESTHETICS OF THE NOHO HISTORIC DISTRICT EXTENSION.***
- 3. WE WILL CREATE MANY MORE JOBS...WHICH WILL SIGNIFICANTLY INCREASE THE VALUE OF THIS SITE FOR REAL ESTATE TAX PURPOSES. THIS ECONOMIC ENGINE WILL GENERATE INCOME FOR PUBLIC BENEFITS.***

## A Call to Arms!

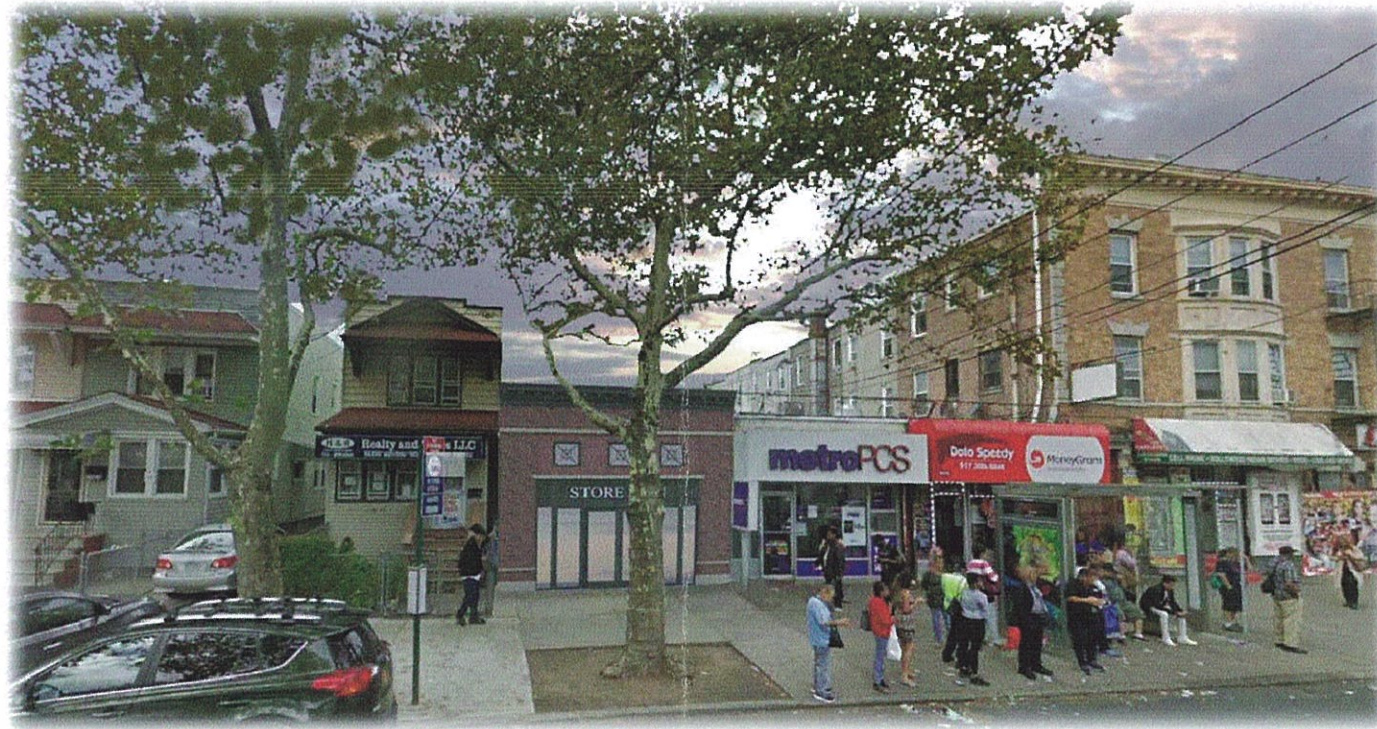

### Why Oppose the Proposed Hotel!

The developer could shift the hotel project around the corner to 403 Lafayette Street, which is connected to the East 4th Street site, thus removing all risk to the Merchant's House.

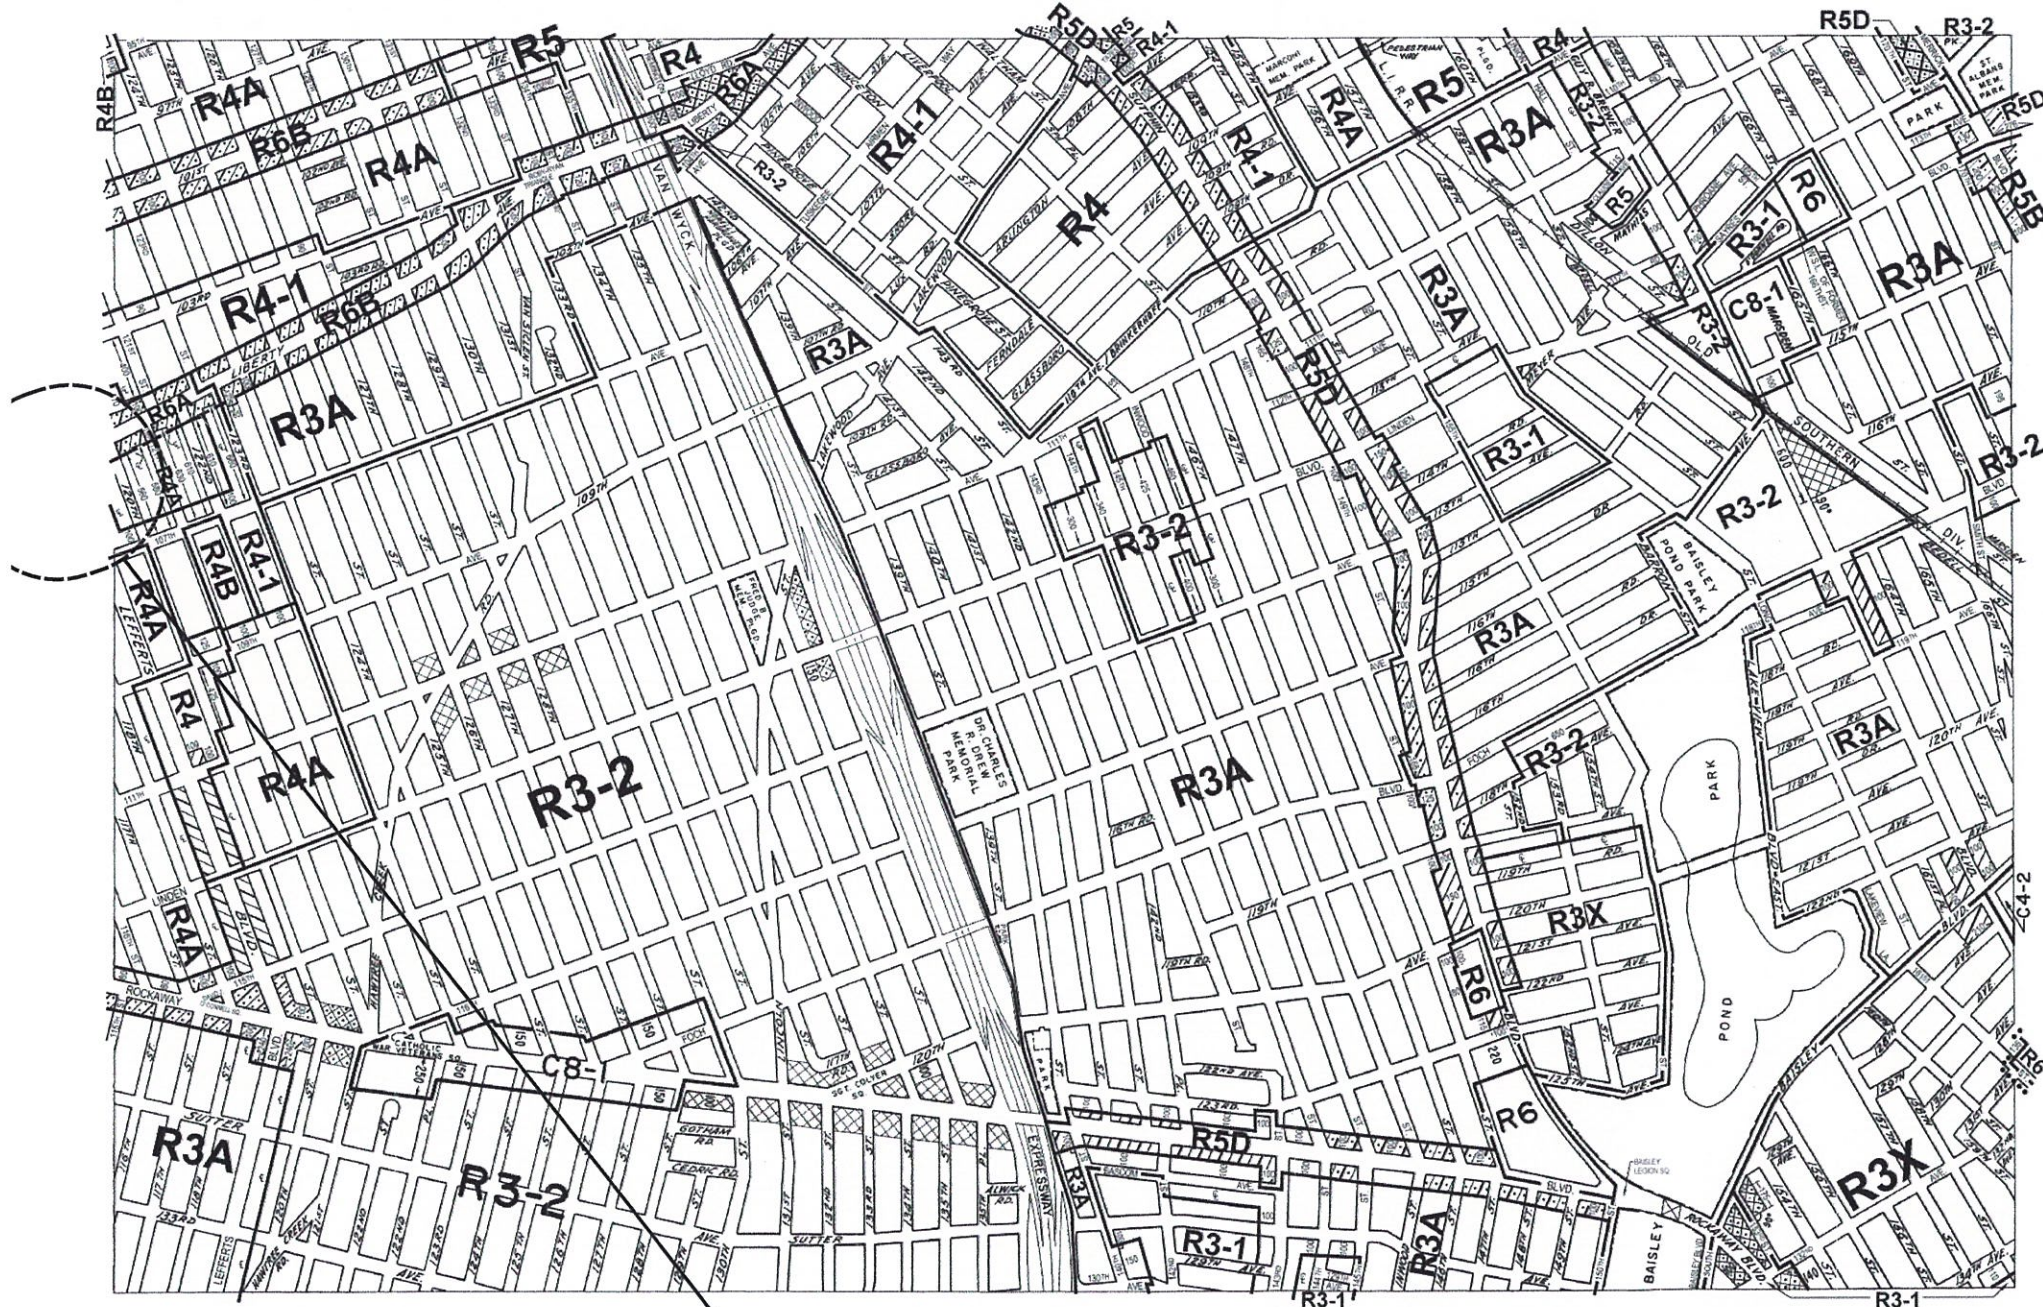

1. IN 2004 LPC DISCOURAGED THE DEVELOPER ABOUT SHIFTING ALL OF THE AVAILABLE AIR RIGHTS TO 403 LAFAYETTE STREET.
2. THE PARKING LOT AT 403 LAFAYETTE STREET IS VERY SUCCESSFUL AND PROVIDES A NEIGHBORHOOD BENEFIT.
3. THE GARAGE AT 27 EAST 4<sup>TH</sup> STREET HOUSES HOT DOG VENDOR CARTS WHICH PROVIDE NO PUBLIC BENEFITS. THE BUILDING IS MORE THAN 80 YEARS OLD AND IS FUNCTIONALLY OBSOLETE (ORIGINALLY A GAS STATION WITH AUTOMOTIVE REPAIRS).
4. THERE IS DOUBT ABOUT WHETHER THE TWO LOTS ARE CONTIGUOUS.
5. 25 EAST 4<sup>TH</sup> STREET RESIDENTS HAVE OPPOSED OUR PROJECT TO TRY TO PROTECT THEIR OWN SELF-INTEREST (IN PROTECTING LOT-LINE WINDOWS).

1. Build housing near transit, while improving the environment and eliminating a large public parking garage;
2. Contribute to the city's goals for affordable housing by partnering with a community-based organization;
3. Preserve the low height and pedestrian friendly character on East 15th Street by shifting buildable floor area to our site on 16th Street;
4. Improve the streetscape on 16th Street, while also making it safe;
5. Restore a landmark building;
6. Design a building in a way that minimizes the shadows on Union Square Park; On most days, shadows from the building affect less than 5% of the park and are gone by 9:45 AM;
7. Ensure the financial well-being of one of the area's most important cultural institutions: The Lee Strasberg Theater & Film Institute

Eric Benaim  
27-28 Thomson Avenue  
Apartment 700  
Long Island City NY 11101

Dear Honorable City Council,

I was in attendance at the September 17, 2018 hearing about both 27-01 and [26-32 Jackson Avenue](#). Unfortunately after waiting several hours I had to leave right when these items came up on the agenda.

My name is Eric Benaim, and my real estate company, Modern Spaces, has been consulting on the project for over 2 years. In addition to my 18+ year career in real estate, I am also a citizen and resident of Long Island City, specifically in Court Square where I have lived for 11 years.

I live with my wife and our 2-year-old son, just a few blocks from the Jackson avenue site and nearby ramp. For years we have walked our dog and now our young son, past the site several times a week. The area is truly an eye sore and to see it revitalized would be a huge benefit for the residents, passersby, and visitors alike.

I believe our community has an opportunity to take a desolate, fenced off abandoned lot under a ramp, and transform it into a space that everyone can enjoy. It also offers the potential to add much needed affordable workforce housing.

I would also like to speak to the character of the developer, *Lions Group*. I have known them personally since 2006, and have worked with them since 2009. To say that the two brothers Albert and Ramin Shirian, are good hearted people who care about the importance of community, would be an understatement.

Their children, Aaron, Allen, Jake and Lea and Leila have all interned for Modern Spaces. I have come to know their family on a personal

level that transcends a professional relationship. These are not outside developers coming into a new neighborhood to develop, profit, and leave. They are invested for the long haul, and the simple fact that their children have been advocating for this project proves that.

Additionally, if the space is used as is, the project can be 250 or so Luxury condo units, as that is the only financial business plan for the sites. However, by offering a significant amount of rentals, they would also be responsible for the property and surrounding area to make sure it is utilized and maintained well.

I am writing in my support for this project not only because I believe it will be a community benefit to add more affordable units, create jobs, and utilize the abandoned lot, but also because I know and admire the character of the sponsor. I am confident they will maintain the buildings and make sure the two streets are safe and clean for the surrounding community.

Thank You,

Eric Benaim

---

Lucky Pizzeria & Café  
27-10 Queens Plaza South  
Long Island City  
New York 11101

To Whom It May Concern,

Please accept the following written testimony for the City Council hearing on the transfer of development rights on Jackson Avenue.

I am the owner and operator of Lucky Pizza on Queens Plaza South. I have been aware of this project for some time and have heard many in the community give their opinions on it. Personally, I support the project. This development is adding workforce housing which we need here to keep residents from being driven out of the neighborhood. I have also known the developer as part of the community for many years and can attest to their responsible actions as neighbors and community members. This project should be approved.

Sincerely,

Victor Nair

# change.org

Recipient: Marisa Lago, Gale Brewer, Bill de Blasio

Letter: Greetings,

The proposed zoning text amendment is unnecessary and wrong, and is clearly designed to benefit a single developer and accommodate a single development. It would allow uses that do not belong in this area, and most importantly it would facilitate the development of a hotel which would have an incredibly damaging impact upon the Merchant's House Museum next door.

The Merchant's House Museum is a treasured New York City, State, and National Landmark, as well as a vital New York City cultural institution. All evidence indicates that the planned work next door would likely cause irreversible and potentially catastrophic damage to the museum and house. Even in a best case scenario, the construction would result in the closure of the Merchant's House Museum for years and cause extremely costly damage.

This would be a poor use of the zoning text amendment and special permit process. The interests of the public would not be served and the process would be manipulated to advantage a single developer. I urge you not to approve this application.
