Hon. Michael McSweeney
City Clerk and Clerk of the Council
141 Worth Street
New York, NY 10013

Dear Mr. McSweeney:

Pursuant to subdivision (e) of Section 197-d of the New York City Charter, I hereby disapprove Resolution Number 2298 disapproving the decision of the City Planning Commission on ULURP No. C090438 PPX, for the disposition of one (1) city-owned property located at 29 West Kingsbridge Road (Block 3247, Lots 10 and p/o 2), Borough of Bronx (L.U. No. 1259). Resolution 2298 is one of four resolutions related to the redevelopment of the Kingsbridge Armory in the Bronx.

In disapproving the Kingsbridge Armory redevelopment project, the Council unraveled more than three years of collaborative planning with community leaders and negated an opportunity to generate more than \$300 million in private investment and 2,200 jobs in the Bronx, many of them paying middle class salaries.

The Kingsbridge Armory redevelopment proposal was born out of a planning process that began with the 2006 creation of the Kingsbridge Armory Task Force. The Task Force was comprised of the two neighboring Community Boards, local civic groups, and elected officials, including the local Council Members. Working together, the members of this group gave careful consideration to the needs and preferences of the Bronx communities surrounding the long-vacant armory site. The work of the Task Force ensured that these needs were reflected in the City's Request for Proposals (RFP) to redevelop the Armory site, with the RFP process resulting in a winning proposal that would transform the armory into a shopping and entertainment complex, including community space, that would revitalize the area, create jobs, and provide a valuable resource for Bronx residents and all New Yorkers alike.

This proposal would also create a much-needed economic engine for the Bronx, where residents disproportionately travel elsewhere to shop. Each year, the Bronx loses more than 40% of potential retail sales to locations outside the borough, which translates to \$2.8 billion in spending by Bronx residents that could be spent close to home and within New York City. This

outward flow of spending has a compounding effect on unemployment in the Bronx, which has the highest unemployment rate of any county in the State. Redevelopment of the armory would result in 1,200 new permanent jobs and 1,000 construction jobs, many of which would be filled by Bronx residents.

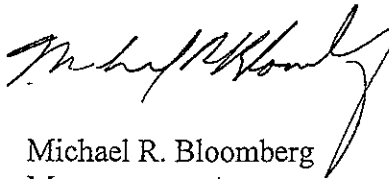

Given the continued negative economic effects of the national recession, including high unemployment and a scaling back of job-creating development, the Kingsbridge Armory redevelopment plan came at a particularly important moment for the City of New York and especially for the Borough of the Bronx. Disapproval of the plan serves as a particularly untimely setback to the fulfillment of these goals.

The public review of the proposal conducted under the Uniform Land Use Review Procedure did not identify any land use impacts or implications which warranted Council disapproval. The Kingsbridge Armory redevelopment plan was also considered in a comprehensive and detailed Environmental Impact Statement (EIS) which both the City Planning Commission and the City Council recognized met all environmental standards. There was thus no land use or environmental justification for the Council action.

Failure to approve this redevelopment will leave this challenging site vacant for the foreseeable future and will cause a potential City asset to continue instead to drain the City of millions of dollars annually for the operational, security, and capital expenses to maintain an empty facility. An opportunity will be lost to adaptively reuse this historic site for a project that would stimulate growth and jobs, benefitting the Bronx and the City as a whole.

Accordingly, for all the reasons set forth above, I hereby disapprove Resolution Number 2298.

Sincerely,
