deemed appropriate by the department. For projects in existence prior to July 1, 2005, the report shall be made with regard to each such project for the first seven years [after any such assistance was first provided] from the date when any project agreement or other document applicable to the project is executed by the entity receiving such assistance with such local development corporation and the report shall contain, for the current reporting year, the following information with respect thereto: (i) [its] the project's name; (ii) its location; (iii) the time span over which the project is to receive any such assistance; (iv) the type of such assistance provided, including the name of the program or programs through which assistance is provided; (v) [the number of jobs projected to be created or retained for the first seven years after any such assistance was first provided;] for projects that involve a maximum amount of assistance, a statement of the maximum amount of assistance available to those projects over the duration of the project agreement, and for those projects that do not have a maximum amount, the current estimated amount of assistance over the duration of the project agreement, the amount of tax exempt bonds issued during the current reporting year and the range of potential cost of those bonds; project assistance to be reported shall include, but shall not be limited to, PILOT savings, which shall be defined for the purposes of this paragraph as the difference between the PILOT payments made and the property tax that would have been paid in the absence of a PILOT agreement, the amount of mortgage recording fees waived, related property tax abatements, sales tax abatements, the dollar value of energy benefits and an estimated range of costs to the city of foregone income tax revenues due to the issuance of tax exempt bonds; (vi) [an estimate of the actual number of jobs created or retained to date;] the total number of employees at all sites covered by the project at the time of the project agreement including the number of permanent full-time jobs, the number of permanent part-time jobs, the number of full-time equivalents, and the number of contract employees where contract employees may be included for the purpose of determining compliance with job creation or retention requirements; (vii) [the estimated amount, for that year and cumulatively to date, of such assistance;] the number of jobs that the entity receiving benefits is contractually obligated to retain and create over the life of the project, except that such information shall be reported on an
