Int. No. 2257

By Council Members Cabrera, Kallos, Rosenthal, Rivera and Louis

A Local Law to amend the administrative code of the city of New York, in relation to the recording of certain orders, requirements, decisions, determinations, resolutions and restrictive declarations issued by the board of standards and appeals

Be it enacted by the Council as follows:

Section 1. Chapter 2 of title 25 of the administrative code of the city of New York is amended by adding a new section 25-210 to read as follows:

§ 25-210 Notice of board decisions. a. Upon issuance of any order, requirement, decision, determination, resolution or restrictive declaration affecting real property, the board shall timely record in the office of the register of the city of New York in the county in which the subject property lies, or in the case of property within the county of Richmond, in the office of the clerk of such county, notice of such order, requirement, decision, determination, resolution or restrictive declaration.

b. The board may, where it determines it to be in the public interest, record notices of orders, requirements, decisions, determinations, resolutions and restrictive declarations affecting real property rendered prior to the effective date of the local law that added this section in a manner and within a period of time to be determined by the board.

c. Each notice recorded pursuant to this section shall include the borough, block and lot number of the affected property as set forth on the tax map.

d. Failure to record notice of an order, requirement, decision, determination, resolution or restrictive declaration of the board affecting real property in the office of the register of the city of New York in the county in which a subject property lies, or in the case of property within the county of Richmond, in the office of the clerk of such county, shall not affect the validity of such order, requirement, decision, determination, resolution or restrictive declaration.

§ 2. This local law takes effect immediately.
