Res. No. 1750
Resolution determining that the enactment of Proposed Int. No. 832-A, a Local Law to amend the administrative code of the city of New York, in relation to banning gauges that use mercury to test gas piping, drainage and vent systems and banning the sale of such mercury gauges and replacement mercury, will not have a significant adverse impact on the environment.

By Council Member Spigner, Michels, Malave-Dilan, Marshall, Warden, Provenzano and Nelson; also Council Members Carrion, Dear, Freed, Harrison and Lopez

Whereas, Pursuant to the New York State Environmental Quality Review Act (Article 8 of the New York State Environmental Conservation Law) and regulations promulgated thereunder in 6 NYCRR Part 617 and in accordance with Executive Order No. 91 of August 24, 1977, as modified by the Rules of Procedure for City Environmental Quality Review (62 RCNY §5-01, et seq.), the Council has evaluated the appropriate criteria to determine the environmental significance of Proposed Int. No. 832-A, a Local Law to amend the administrative code of the city of New York, in relation to banning gauges that use mercury to test gas piping, drainage and vent systems and banning the sale of such mercury gauges and replacement mercury; and

Whereas, The attached Environmental Assessment Statement and Negative Declaration represent the findings and conclusions of the Council; now, therefore, be it

Resolved, That the Council of the City of New York hereby determines that the enactment of Proposed Int. No. 832-A will not have a significant adverse impact on the environment.
