By Council Member Kallos

A Local Law to amend the administrative code of the city of New York, in relation to the installation of solarpowered waste receptacles

Be it enacted by the Council as follows:

Section 1. Chapter 1 of title 16 of the administrative code of the city of New York is amended by adding

a new section 16-143 to read as follows:

<u>§ 16-143 Solar-powered waste receptacles. a. The commissioner shall install solar-powered waste</u> receptacles on street corners in areas with high population density or high pedestrian traffic, as determined by the commissioner, at a rate of no fewer than 1000 corners annually until such waste receptacles have been installed on every street corner in every such area. Each community board may recommend to the commissioner street corners that should be prioritized for installation of such waste receptacles.

b. The solar-powered waste receptacles installed pursuant to subdivision a shall:

File #: Int 2273-2021, Version: *

- 1. Be openable by use of a foot pedal;
- 2. Be designed to minimize rodent access and harborage; and
- 3. Have solar panels elevated above the top of the receptacle.
- § 2. This local law takes effect 90 days after it becomes law.
