A Local Law to amend the administrative code of the city of New York, in relation to identifying pedestrian bridges for snow and ice removal by the city and establishing a plan for the removal of snow and ice from such bridges.

## Be it enacted by the Council as follows:

Section 1. Subdivision c of section 30-103 of the administrative code of the city of New York is amended to read as follows:

- c. No later than November fifteenth two thousand twelve and every November fifteenth thereafter, the report required pursuant to subdivision b of this section shall include:
- 1. an inventory of all city-owned snow management equipment and resources that were used during any snow event;

File #: Int 1005-2013, Version: \*

2. an inventory of privately-owned snow management equipment and resources used by the city during

any snow event, an assessment of how such equipment and resources were deployed and overseen by city

agencies or offices and strategies, contracts or agreements used to ensure that such snow management

equipment and resources were available to the city; [and]

3. the number of individuals who registered with the city to work during any snow event, and

assessment on how such individuals were deployed and overseen by city agencies or offices and strategies,

contracts or agreements used to ensure that such individuals were available to the city[.]; and

4. a list of pedestrian bridges for which the department or the department of transportation is responsible

for removal of snow or ice, and a plan for the removal of snow and ice from such pedestrian bridges including

resources to be used for such removal. Such information shall also be made available to the council members

and community boards representing the community district in which any such pedestrian bridge is located.

§2. This local law shall take effect ninety days after its enactment into law.
