The owner shall maintain every part of such driveway in accordance with

the specifications prescribed in section 27-558 of article three of subchapter nine of this chapter. Where the vehicular use of such driveway, in the opinion of the commissioner is dangerous to the public, or where the curb cut is inconsistent with the requirements of the zoning resolution of the city of New York, the commissioner shall order the owner to discontinue use of such driveway and restore the curb and sidewalk as required by the department of transportation. Upon the failure of the owner to comply with such order, the commissioner may inform the commissioner of transportation of such failure to comply and request the cooperation of the commissioner of transportation acting under his or her authority pursuant to section twenty-nine hundred four of the New York city charter in the enforcement of this section.

The commissioner shall limit the length of any curb cut for the purpose of providing a driveway across such curb or sidewalk, when in the opinion of the commissioner the actual use or intended use of such driveway would endanger the public. Where the vehicular use of such driveway, in the opinion of the commissioner is dangerous to the public, or where a curb cut is inconsistent with any requirement of the building code or the New York City Zoning Resolution, the commissioner shall order the owner to discontinue use of such driveway and restore the curb and sidewalk in accordance with standards of the Department of Transportation. Upon the failure of the owner to comply with any of the orders provided for in Section 3202.2.2.4, in such cases where the restoration of such curb cuts are needed to facilitate department of transportation work, the commissioner may inform the commissioner of transportation of such failure to comply and may request the cooperation of the commissioner of transportation acting under his or her authority pursuant to section 2903(b)(7) of the New York City Charter in the enforcement of this section.
