A Local Law to amend the administrative code of the city of New York, in relation to requiring the departments of correction and health and mental hygiene to report on cases of injuries to inmates and staff in city jails, and to refer such cases to investigative agencies.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of title 17 of the administrative code of the city of New York is amended to add a new section 17-198 to read as follows:

§ 17-198 Inmate injury reporting.

a. Definitions. When used in this section the following terms shall have the following meanings:

1. “Investigation division” means any division of the department of correction responsible for investigating allegations of the excessive use of force by staff against inmates or for investigating allegations of violence by inmates against staff, including but not limited to the investigation division and intelligence division.

2. “Physical injury” means impairment of physical condition or substantial pain. It shall not constitute a superficial bruise, scrape, scratch, or minor swelling.

3. “Serious physical injury” means physical injury which creates a substantial risk of death, or which causes death or serious and protracted disfigurement, protracted impairment of health or protracted loss or impairment of the function of a bodily organ.

b. Inmate injury inter-agency reporting. The department must review every incident in which an inmate in the custody of the department of correction received medical treatment for a physical injury to the head or any serious physical injury within 12 hours of the treatment. If an inmate suffered any physical injury to the head or any serious physical injury, the department must report to the investigation division, the department of investigation, and the board of correction a detailed description of the injury, the name of the inmate, and any pertinent information in its possession regarding the nature of the incident that led to the injury within 12 hours of reviewing the incident. In no event shall any report submitted pursuant to this section release, or provide access to, any personally identifiable information contained in health records if such disclosure or access would violate any federal or state law.

c. Injury reporting. Beginning October 1, 2015, and every quarter thereafter, the commissioner shall post on the department website a report including the following information for the preceding quarter, the reporting period prior to the preceding quarter, and the previous year: the number of physical injuries to the head and the number of serious physical injuries to inmates, in total and the rate of each such injury per 100 inmates in the custody of the department of correction during the reporting period.

§ 2. Chapter 1 of title 9 of the administrative code of the city of New York is amended by adding a new

section 9-135 to read as follows:

§ 9-135: Injury reporting

1. “Assault” means any act taken with the intent to cause physical injury to another person.

2. “Command discipline” means any penalty imposed by officers of the department to sanction the officers under their command for the purpose of correcting minor deficiencies and maintaining discipline within the officer’s command, and does not include any formal charges.

3. “Excessive force” means force that, considering the totality of the circumstances in which it is used, is greater than that which a person in the position of the person using such force would reasonably believe necessary to ensure their safety or the safety of others.
