A Local Law in relation to requiring the department of transportation to study private streets

Be it enacted by the Council as follows:

Section 1. The department of transportation shall conduct a study of private streets that are not within its jurisdiction. As part of such study, the department shall obtain from each borough president and from the department of city planning the locations of private streets in the city, to the extent such information is available, and shall review the factors that may be considered or necessary for the acquisition of built private streets. Upon completion of such study, and no later than June 30, 2018, the department shall issue a report on the study's findings to the mayor and the speaker of the council. Such report shall include, but not be limited to, any locations of private streets in the city obtained from each borough president and the department of city planning pursuant to such study.
