A Local Law to amend the administrative code of the city of New York, in relation to requiring gas service providers and owners to notify the department of buildings within twenty-four hours when gas service is shut-off or not restored due to safety concerns

Be it enacted by the Council as follows:

Section 1. Article 119 of chapter 1 of title 28 of the administrative code of the city of New York is amended by adding a new section 28-119.4:

§ 28-119.4 Notification of gas shut-off or non-restoration after inspection. Within 24 hours after gas service to a building is shut off by a utility company or utility corporation because of a class A or class B condition, as described in part 261 of title 16 of the New York codes, rules and regulations, and within 24 hours after gas service is, after an inspection by such a company or corporation, not restored because of such a condition, such company or corporation and the owner of such building shall each provide notice to the department in a form and manner prescribed by the department.

§ 2. This local law takes effect 90 days after it becomes law, except that the commissioner of buildings may take such measures as are necessary for its implementation, including the promulgation of rules, before such effective date.
