**By Council Members Greenfield and Salamanca**

WHEREAS, the City Planning Commission filed with the Council on August 28, 2017 its decision dated August 23, 2017 (the "Decision"), pursuant to Section 201 of the New York City Charter, regarding an application submitted by the New York City Economic Development Corporation, for an amendment of the text of the Zoning Resolution of the City of New York, modifying Article VIII, Chapter 7, for the purpose of establishing two subdistricts within the Special Harlem River Waterfront District and modifying Appendix F for the purpose of establishing a Mandatory Inclusionary Housing area. This amendment in conjunction with the related actions would facilitate a mixed-use development anticipated to include affordable housing, ground-floor retail space, office space, community facility space, and publicly-accessible open space along the Harlem River Waterfront in Bronx Community District 4, (Application No. N 170312 ZRX), Community District 4,

Borough of the Bronx (the "Application");

No. 747), an amendment to the Zoning Map to change an M2-1 district to an R7-2/C2-5 district and establish a Special Harlem River Waterfront subdistrict; C 170314 PPX (L.U. No. 749), disposition of City-owned property; and C 170315 ZSR (L.U. No. 750), a Special Permit to reduce parking requirements;

WHEREAS, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

WHEREAS, upon due notice, the Council held a public hearing on the Decision and Application on September 25, 2017;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

WHEREAS, the Council has considered the relevant environmental issues, including the Final Environmental Impact Statement (FEIS) for which a Notice of Completion was issued on August 11, 2017 (CEQR No. 16DME012X), which identified significant adverse impacts with respect to hazardous materials, air quality and noise which would be avoided through the placement of (E) designations (E-418) and the Technical Memorandum dated June 9, 2017, (the "Technical Memorandum");

RESOLVED:

Having considered the FEIS and the Technical Memorandum with respect to the Decision and Application, the Council finds that:

- (3) The adverse environmental impacts identified in the FEIS will be minimized or avoided to the maximum extent practicable by incorporating as conditions to the approval, those project components related to the environment and mitigation measures that were identified as practicable; and
- (4) The Decision, together with the FEIS and the Technical Memorandum, constitute the written statement of facts, and of social, economic and other factors and standards that form the basis of this determination, pursuant to 6 N.Y.C.R.R. §617.11(d).

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, and based on the environmental determination and consideration described in the report, N 170312 ZRX, incorporated by reference herein, the Council approves the Decision with the following modifications:
