Int. No. 211

By Council Members Brannan, Holden, Yeger, Ulrich, Borelli and Carr

A Local Law to amend the administrative code of the city of New York, in relation to requiring the department of transportation to post information online regarding scheduled and requested street maintenance and traffic control changes

Be it enacted by the Council as follows:

Section 1. Section 19-154 of the administrative code of the city of New York, as added by local law number 1 for the year 2012, is amended to read as follows:

§ 19-154 Publication of street [resurfacing] maintenance and traffic control information. [a. The commissioner shall make available online through the department's website information regarding the resurfacing and capital improvement of city blocks. Such information shall include but not be limited to: (i) what year city blocks were last resurfaced or received capital improvement; (ii) the current rating for city blocks pursuant to the department's street rating system as one of the following: good, fair, or poor.

b. On or before January 31, 2013, the information required by subdivision a of this section shall be searchable by city block.] The department shall post on its website certain information relating to street maintenance and traffic controls under the department's jurisdiction. The department shall update such information at least monthly and shall, at a minimum, include the following:

1. The year of each city block's last resurfacing;
2. The current rating for each city block's street condition pursuant to the department's street rating system as one of the following: good, fair or poor;
3. The date and location of each upcoming street maintenance project, including but not limited to milling, resurfacing, street cuts and repairs of potholes, cave-ins, hummocks and ponding conditions;
4. The status of requests relating to resurfacing or other street maintenance. Such status information shall include the date of the request, the location of the requested maintenance, the type of maintenance requested, any determination made by the department regarding such request and any completed or scheduled resurfacing or other street maintenance that addresses the request; and
5. The status of requests relating to changes in traffic flow, speed limits and other traffic control measures. Such status information shall include the date of the request, the location of the requested change, the change requested, any determination made by the department regarding such request and any completed or scheduled changes that address the request.

§ 2. This local law takes effect 180 days after it becomes law.
