No later than March 1, 2019, the commissioner shall submit to the mayor and the council, and make publicly available online, a plan for accepting and processing putrescible and non-putrescible waste from commercial establishments at each city-owned marine transfer station that is accepting, or is scheduled to accept, solid waste. For each city-owned marine transfer station, such plan shall include, at a minimum, (i) the date upon which each city-owned marine

b. No later than March 1, 2021, and by March 1 in every year thereafter, the commissioner shall submit to the mayor and the council, and make publicly available online, a report on implementation of such plan. For each city-owned marine transfer station, such report shall include, at a minimum, the amount of putrescible and non-putrescible solid waste accepted and processed by such station from commercial establishments in the previous calendar year.
