A Local Law to amend the administrative code of the city of New York, in relation to idling adjacent to a senior center

cause or permit the engine of a bus as defined in section one hundred four of the vehicle and traffic law to idle

while parking, standing, or stopping (as defined above) at any terminal point, whether or not enclosed, along an

established route.

§ 2. Section 24-163 of the administrative code of the city of New York is amended by adding a new

subdivision (h) to read as follows:

(h) No person shall cause or permit the engine of a motor vehicle, other than a legally authorized

emergency motor vehicle, to idle for longer than one minute if such motor vehicle is adjacent, as determined by

rule, to any senior center, as defined in section 21-201 of this code, while parking, as defined in section 129 of

the vehicle and traffic law, standing as defined in section 145 of the vehicle and traffic law, or stopped as

defined in section 147 of the vehicle and traffic law, unless the engine is used to operate a loading,

unloading or processing device, and provided that idling of an engine of a vehicle used for the transport of

senior citizens may be permitted to the extent necessary: (1) for mechanical work; (2) to maintain an

appropriate temperature for passenger comfort; or (3) in emergency evacuations where necessary to

operate wheelchair lifts. It shall be an affirmative defense that any such senior center was not easily identifiable

as a senior center by signage or otherwise at the time a violation of this subdivision occurred.

§ 3. This local law takes effect 120 days after it becomes law.
