§ 14-177 Gang database and federal immigration authorities. a. Definitions. For the purposes of this section, the term “gang database” means the database maintained by the department that designates a person as a gang member or associate, or includes or points to information that reflects a designation of that person as a gang member or associate.

b. Department personnel shall not expend time while on duty or department resources of any kind

disclosing information regarding whether any person is or has been included in the gang database to:
