RESOLVED:

The Council finds that the action described herein will have no significant impact on the environment pursuant to the Type II Determination.

Pursuant to Section 197-d of the New York City Charter, based on the environmental determination and the consideration described in the report C 190128 HAM and incorporated by reference herein, and the record before the Council, the Council approves the Decision of the City Planning Commission and the HPD Requests.

The Council finds that the present status of the Area tends to impair or arrest the sound growth and development of the City of New York, that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law, and that the financial aid in the form of tax incentives to be provided by the municipality pursuant to Section 696 of the General Municipal Law is necessary to enable the project to be undertaken; and

The Council approves the designation of the Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law and subject to the terms and conditions of the Project Summary.

The Council approves the disposition of the Disposition Area under Section 197-d of the New York City Charter, to a developer to be selected by the New York City Department of Housing Preservation and Development for the development of the Project consistent with the Project Summary.
