81-744

Transfer of development rights from listed theaters

For the purposes of the Theater Subdistrict:

A "listed theater" shall mean a theater designated as listed pursuant to Section 81-742 (Listed theaters).

A "granting site" shall mean either a #zoning lot# or that portion of a #zoning lot# occupied by a "listed theater" and comprised of those block and lot numbers specified for such theater pursuant to the table in Section 81-742, as such block and lots existed on January 12, 1998. However, a "granting site" shall not include any #zoning lot# occupied by a "listed theater" located within the geographical area covered by the 42nd Street Development Land Use Improvement Project, adopted by the New York State Urban Development Project in 1984, as such Project has and may be subsequently amended.

A "receiving site" shall mean a #zoning lot# or the portion of a #zoning lot# located within the Theater Subdistrict to which development rights of the "granting site" are transferred. However, no portion of a "receiving site" shall be located within the 42nd Street Development Project Area. In addition, for #zoning lots# containing "listed theaters", that portion of the #zoning lot# occupied by the "listed theater" and comprised of the block and lot numbers specified for such theater pursuant to the table in Section 81-742 shall not be included in the "receiving site."

Any "receiving site" divided by a district boundary or Theater Subdistrict Core boundary may locate bulk in accordance with the provisions of Section 81-746 (Additional provisions for zoning lots divided by district or subdistrict core boundaries).

(a) Transfer of development rights by certification

Within the Theater Subdistrict, the City Planning Commission shall allow, by certification, a transfer of development rights from a "granting site" to a "receiving site," provided that:

(1) the maximum amount of #floor area# transferred from a "granting site" is the basic maximum #floor area ratio# established pursuant to Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings) for such #granting site# as if it were undeveloped, less the total #floor area# of all existing #buildings# or portions of #buildings# on the #granting site# and #floor area# attributed to the "granting site" that has been previously used or transferred;

- (2) each transfer, once completed, irrevocably reduces the amount of #floor area# that may be #developed# on the #zoning lot# containing the "granting site" by the amount of #floor area# transferred;
- (3) the maximum amount of #floor area# transferred to a "receiving site" shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 for such #receiving site# by more than 20 percent;
- (4) the provisions of Section 81-743 (Required assurances for continuance of legitimate theater use) are met; and
- (5) appropriate legal documents are executed ensuring that a contribution in an amount equal to ten dollars per square foot of transferred #floor area# be deposited in the Theater Subdistrict Fund established pursuant to paragraph (i) of Section 81-741 (General provisions) at the earlier of either the time of closing on the transfer of development rights pursuant to this Section or the filing for any building permit for any #development# or #enlargement# that anticipates using such development rights.

The City Planning Commission shall review such amount no more than once every three years and no less than once every five years and shall adjust the amount to reflect any change in assessed value of all properties on #zoning lots# wholly within the Theater Subdistrict.

(b) Transfer of development rights by authorization

Within the Theater Subdistrict, the City Planning Commission shall allow, by authorization, an additional transfer of development rights beyond the amount of #floor area# transfer permitted by certification in paragraph (a) of this Section from a "granting site" to any portion of a "receiving site" located within the Eighth Avenue Corridor, subject to the following conditions:

- (1) the maximum amount of such additional #floor area# transfer to that portion of a "receiving site" located within such Corridor shall not exceed the maximum total FAR with as-of-right #floor area# allowances in the Theater Subdistrict set forth in Section 81-211 by more than 20 percent; and
- (2) such transfer complies with the conditions and limitations set forth for the transfer of development rights in paragraph (a) of this Section.

In order to grant such authorization, the City Planning Commission shall find that such #development#:

- (i) relates harmoniously to all structures and open space in its vicinity in terms of scale, location and access to light and air in the area; and
- (ii) serves to enhance or reinforce the general purposes of the Theater Subdistrict.

Any application pursuant to paragraphs (a) and/or (b) of this Section shall be referred to the affected Community Board, the local Council Member and the Borough President of Manhattan. The Commission shall not grant any such certification or authorization prior to sixty days after such referral and sixty days after the date any reports required to be submitted to the Landmarks Preservation Commission pursuant to Section 81-743, paragraph (b), or the Theater Subdistrict Council pursuant to Section 81-71 (General Provisions) have been so submitted.

(c) Transfer of development rights by special permit

The City Planning Commission may allow, by special permit, an additional transfer of development rights beyond the amount of #floor area# transfer permitted by certification in accordance with paragraph (a) of this Section from a "granting site" to any portion of a "receiving site" located within C5-3, C6-6, C6-7 and C6-7T Districts, subject to the following conditions:

- (1) no feasible transfer of development rights is possible from landmark theaters pursuant to Section 81-747 (Transfer of development rights from landmark theaters) or other landmarks pursuant to Section 74-79 (Transfer of development rights from landmark sites), to the "receiving site";
- (2) the maximum amount of such additional #floor area# transferred to that portion of a "receiving site" located within such districts shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 for such portion of a "receiving site" by more than 20 percent;
- (3) notwithstanding the maximum amount of #floor area# allowed to be transferred pursuant to paragraph (c)(2) of this Section, such transfer complies with the conditions and limitations set forth for the transfer of development rights by certification in paragraph (a) of this Section; and
- (4) any pedestrian circulation space obligation is satisfied by a pedestrian circulation space other than the theater waiting space required by Section 81-451.

In order to grant a special permit, the City Planning Commission shall find that:

- (i) such additional #floor area# will not unduly increase the bulk of any new #development# or #enlargement# on the "receiving site," density of population, or intensity of #use# on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area;
- (ii) the distribution and location of such bulk will not adversely affect the surrounding area by restricting light and air or otherwise impair the essential character or future #development# of the surrounding area; and

(iii) the resulting #development# will not create or contribute to serious traffic congestion and will not unduly inhibit surface traffic and pedestrian flow.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding areas.

(d) Requirements for Application

An application filed with the Chairperson of the City Planning Commission for the transfer of development rights by certification pursuant to paragraph (a) of this Section, or with the City Planning Commission for the transfer of development rights by authorization or special permit pursuant to paragraph (b) or (c) of this Section, shall be made jointly by the owners of the "granting site" and the "receiving site" and shall include:

(1) a site plan and #floor area# zoning calculations for the #granting site# and the #receiving site# and, for authorization and/or special permit applications, any such other information as may be required by the City Planning Commission;

(2) a copy of the transfer instrument legally sufficient in both form and content to effect such a transfer, together with a notice of the restrictions limiting further #development# of the "granting site" and the "receiving site." The notice of restrictions shall be filed by the owners of the respective lots in the Borough Office of the Register of the City of New York, indexed against the "granting site" and the "receiving site," a certified copy of which shall be submitted to the Chairperson of the City Planning Commission. Receipt of the certified copy shall be a pre-condition to issuance of any building permit, including any foundation or alteration permit, for any #development# or #enlargement# on the "receiving site."

Both the instrument of transfer and the notice of restrictions shall specify the total amount of #floor area# transferred and shall specify, by lot and block numbers, the lots from which and the lots to which such transfer is made.

(3) demonstrations of compliance with the requirements of Section 81-743 and paragraph (a)(5) of this Section, including all necessary legal documents. Issuance of any building permit, including any foundation or alteration permit, shall be conditioned upon the filing of such legal documents in the Borough Office of the Register of the City of New York and receipt by the City Planning Commission of certified copies of same as required pursuant to Section 81-743.

A separate application shall be filed for each transfer of development rights to an independent "receiving site."

81-745

Floor area bonus for rehabilitation of existing listed theaters

The City Planning Commission may allow, by special permit, bonus #floor area# for substantial rehabilitation or restoration of any theater designated as a "listed theater" pursuant to Section 81-742 (Listed theaters), provided the following conditions are met:

(a) the #development# for which a theater rehabilitation bonus is granted is located on the same #zoning lot# as the "listed theater";

(b) substantial rehabilitation will be performed, consisting of major interior structural changes for the purpose of improving the theater's design and its commercial viability for legitimate theater #use#, or historic restoration of the interior of a theater designated as an interior landmark. Substantial rehabilitation may include, without limitation, such work as an expansion of stage wings, re-raking of the orchestra, an increase in the amount of rehearsal, dressing room or lobby space, historic restoration, or reconversion to legitimate theater #use# of an original legitimate theater currently in other #use#, but shall not mean normal theater maintenance, painting or improvements to mechanical systems alone;

(c) the maximum amount of bonus #floor area# shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings) for the #zoning lot# by more than 20 percent or, for #zoning lots# located in C6-4, C6-5 or M1-6 Districts, by more than 44 percent;

(d) there shall be a contractual commitment or commitments for the construction work involved in the substantial rehabilitation;

(e) the provisions of Section 81-743 (Required assurances for continuance of legitimate theater use) are met; and

(f) no rehabilitation bonus shall be granted for a substantial rehabilitation completed before May 13, 1982.

In order to grant the special permit, the Commission shall make the following findings:

(1) the proposed rehabilitation will improve the theater's suitability for #use# as a legitimate theater;

(2) the proposed rehabilitation will contribute toward satisfying the needs of the Theater Subdistrict;

- (3) the bonus #floor area# will not unduly increase the bulk of any new #development# or #enlargement#, density of population, or intensity of #use# on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area; and
- (4) the distribution and location of such #floor area# bonus will not adversely affect the surrounding area by restricting light and air or otherwise impair the essential character or future #development# of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding areas.

For purposes of applying the provisions of Section 11-42 (Lapse of Authorization or Special Permit by the City Planning Commission Pursuant to the 1961 Zoning Resolution) to a special permit granted pursuant to this Section, "substantial construction" shall mean substantial rehabilitation, as described in paragraph (b) of this Section, of the subject theater for which a #floor area# bonus has been granted to a related #development#.

81-745

Floor area bonus for rehabilitation of existing listed theaters

The Commission by special permit may authorize bonus #floor area# for substantial rehabilitation or restoration of any theater listed as a listed theater in Section 81-742 (Listed Theaters), in accordance with the provisions of this Section.

(a) Conditions for rehabilitation bonus

As a condition for the issuance of a special permit under the provisions of this Section, the following requirements shall be satisfied:

(1) Location of development

The #development# for which a theater rehabilitation bonus is granted shall be located on the same #zoning lot# as the listed theater.

(2) Qualification of substantial rehabilitation

Substantial rehabilitation work qualifying for a #floor area# bonus shall consist of major interior structural changes for the purpose of improving a theater's design and its commercial viability for legitimate theater #use#, or historic restoration of the interior of a theater which has been designated as an interior landmark.

Substantial rehabilitation may include, without limitations, such work as expanding stage wings, re-raking the orchestra, increasing rehearsal, dressing room or lobby space, or historic restoration. It may also include reconversion to legitimate theater #use# of an original legitimate theater currently in other #use#. Substantial rehabilitation does not mean normal theater maintenance, painting or improvements to mechanical systems alone.

(3) Timing and commitment

- (i) There shall be a contractual commitment or commitments for the construction work involved in the substantial rehabilitation;
- (ii) the requirements of Section 81-743 (Required assurances for continuance of legitimate theater use) shall be satisfied;
- (iii) a rehabilitation bonus shall not be granted for a substantial rehabilitation completed before May 13, 1982.

(b) Amount of rehabilitation bonus

The amount of bonus #floor area# granted for a qualifying theater rehabilitation shall be at the discretion of the City Planning Commission after consideration of the following findings by the Commission:

- (1) how and to what extent the proposed rehabilitation will improve the theater's suitability for #use# as a legitimate theater;
- (2) how the proposed rehabilitation will contribute toward satisfying the needs of the Theater Subdistrict.
- (3) whether the bonus #floor area# will unduly increase the bulk of any new #development# or #enlargement#, density of population, or intensity of #use# on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area; and
- (4) whether the distribution and location of such #floor area# bonus will adversely affect the surrounding area by restricting light and air or otherwise impair the essential character or future #development# of the surrounding area.

Such bonus #floor area# shall not exceed 20 percent of the basic maximum #floor area# permitted on the development's #zoning lot# by the regulations of the underlying district, except that in the case of a C6-4, C6-5, or M1-6 underlying District, the bonus #floor area# shall not exceed 44 percent of the basic maximum #floor area# permitted in such underlying District.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding areas.

For purposes of applying the provisions of Section 11-42 (Lapse of Authorization or Special Permit by the City Planning Commission Pursuant

to the 1961 Zoning Resolution) to a special permit granted pursuant to this Section, "substantial construction" shall mean substantial rehabilitation, as described in paragraph (b) of this Section, of the subject theater for which a #floor area# bonus has been granted to a related #development#.

81-748

Floor area for new legitimate theaters

Within the Theater Subdistrict in C5-3, C6-6, C6-7 and C6-7T Districts, the City Planning Commission may, by special permit, allow additional #floor area# for new legitimate theater use. Such additional #floor area# shall be up to a maximum #floor area ratio# of 2.0 calculated over that portion of the #zoning lot# located within such districts. However, where more than half of the #lot area# of the #zoning lot# is located within such districts, and the remaining portion is located outside of such districts, such additional #floor area ratio# of 2.0 may be calculated over the entire #zoning lot#. The Commission may also permit the modification of the #street wall# and setback regulations of Section 81-751 (Special street wall and setback regulations within the Theater Subdistrict Core) in connection with such #floor area# for a new theater, subject to the following conditions:

- (a) the total maximum #floor area ratio# inclusive of all bonuses, #floor area# transfers and #floor area# used for new legitimate theater shall not exceed 21.6 on that portion of the #zoning lot# located within such districts; and
- (b) such #floor area# shall be limited to floor space exclusively associated with legitimate theater use, including auditorium, orchestra, balconies, stage and theater equipment space, wings, dressing rooms, lobbies, lounges, ticket offices and rest rooms and circulation space.

No modifications permitted by such special permit shall allow for the modification of signs required pursuant to Section 81-73 (Special Sign and Frontage Regulations).

In granting such special permit, the City Planning Commission shall make the following findings:

- (1) such #floor area# allowance shall not unduly increase the #bulk# of any new #development# or #enlargement#, density of population, or intensity of use on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area;
- (2) such modifications to #street wall# and setback regulations are necessary to accommodate the theater configuration and volume, are essential to ensure the proper functioning of the theater and are limited to the minimum necessary to accommodate the theater;
- (3) such modifications to #street wall# and setback regulations do not adversely affect access to light and air at #street# level as compared to that which would result from the application of the regulations set forth in Section 81-75 (Special Street Wall and Height and Setback Regulations); and

81-745

Floor area bonus for rehabilitation of existing listed theaters

The Commission by special permit may authorize bonus #floor area# for substantial rehabilitation or restoration of any theater listed as a listed theater in Section 81-742 (Restriction on demolition of theaters)(Listed Theaters), in accordance with the provisions of this Section.

- (k) Conditions for rehabilitation bonus

As a condition for the issuance of a special permit under the provisions of this Section, the following requirements shall be satisfied:

1. Location of development

The #development# for which a theater rehabilitation bonus is granted shall be located on the same #zoning lot# as the listed theater.

(2) Qualification of substantial rehabilitation

Substantial rehabilitation work qualifying for a #floor area# bonus shall consist of major interior structural changes for the purpose of improving a theater's design and its commercial viability for legitimate theater #use#, or historic restoration of the interior of a theater which has been designated as an interior landmark.

Substantial rehabilitation may include, without limitations, such work as expanding stage wings, re-raking the orchestra, increasing rehearsal, dressing room or lobby space, or historic restoration. It may also include reconversion to legitimate theater #use# of an original legitimate theater currently in other #use#. Substantial rehabilitation does not mean normal theater maintenance, painting or improvements to mechanical systems alone.

(3) Timing and commitment

- (a) There shall be a contractual commitment or commitments for the construction work involved in the substantial rehabilitation;
- (b) the requirements of Section 81-743 (Required assurances for continuance of legitimate theater use) shall be satisfied;
- (c) a rehabilitation bonus shall not be granted for a substantial rehabilitation completed before May 13, 1982.

(ii) Amount of rehabilitation bonus

The amount of bonus #floor area# granted for a qualifying theater rehabilitation shall be at the discretion of the City Planning Commission after consideration of the following findings by the Commission:

- (a) how and to what extent the proposed rehabilitation will improve the theater's suitability for #use# as a legitimate theater;
- (b) how the proposed rehabilitation will contribute toward satisfying the needs of the Theater Subdistrict.;
- (c) whether the bonus #floor area# will unduly increase the bulk of any new #development# or #enlargement#, density of population, or intensity of #use# on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area; and
- (d) whether the distribution and location of such #floor area# bonus will adversely affect the surrounding area by restricting light and air or otherwise impair the essential character or future #development# of the surrounding area.

Such bonus #floor area# shall not exceed 20 percent of the basic maximum #floor area# permitted on the development's #zoning lot# by the regulations of the underlying district, except that in the case of a C6-4, C6-5, or M1-6 underlying District, the bonus #floor area# shall not exceed 44 percent of the basic maximum #floor area# permitted in such underlying District.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding areas.
