A Local Law to amend the administrative code of the city of New York, in relation to alteration permits.

Be it enacted by the Council as follows:

Section 1. Section 27-147 of the administrative code of the city of New York, as amended by local law number 39 for the year 1972, is amended to read as follows:

§27-147 When permits required. (a) No building construction or alteration work, foundation or earthwork, demolition or removal work, or plumbing work shall be commenced, and no signs or service equipment of the types listed in articles sixteen and seventeen of this subchapter shall be erected, installed, altered, repaired, or used, nor shall any service equipment of the types listed in article eighteen of this subchapter be used or operated, unless and until a written permit therefor shall have been issued by the commissioner. The provisions of this section shall not apply, however, to minor alterations and ordinary repairs, as defined and delineated in article five of this subchapter or to work or equipment exempted from permit requirements under the provisions of sections 27-176, 27-179, 27-184 and 27-189 of this subchapter.

(b) The commissioner, in consultation with the fire commissioner, shall establish a procedure, to be implemented within ninety days of the effective date of this section, for notification of the fire department of the issuance of any permit that will result in the issuance of a new or amended certificate of occupancy or other change in the use and occupancy of the premises, provided, however, that in no instance shall the required notice be given more than one business day after the date of the issuance of the permit.

§2. This local law shall take effect thirty days after its enactment.
