Pursuant to Section 197-d of the New York City Charter, based on the environmental determination and the consideration described in the report C 220132 HAM and incorporated by reference herein, and the record before the Council, the Council approves the HPD Requests.

The Council finds that the present status of the Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law and subject to the terms and conditions of the Project Summary.
