Int. No. 444

By Council Members Holden, Louis, Brannan, Abreu, Gennaro, Velázquez, Mealy and Williams

A Local Law to amend the administrative code of the city of New York, in relation to requiring the department of environmental protection to post information online regarding scheduled and requested infrastructure services

Be it enacted by the Council as follows:

Section 1. Section 24-503 of the administrative code of the city of New York is amended by adding a new subdivision f to read as follows:

f. The department of environmental protection shall post on its website certain information relating to scheduled and requested infrastructure services. The department shall update such information at least monthly and shall, at a minimum, include the following:

1. Scheduled and requested services relating to infrastructure under the department’s jurisdiction,

including inspection, maintenance, repair, installation and removal of catch basins and fire hydrants; water quality testing; sinkhole repair; and ponding condition remediation;

2. The date and location of each upcoming service by the department; and

3. The status of requests relating to such services. Such status information shall include the date of the request, the location of the requested service, the type of service requested, any determination made by the department regarding such request and any completed or scheduled service that addresses the request.

§ 2. This local law takes effect 180 days after it becomes law.
