b. Such plan shall identify key agencies and groups that the department shall meet with at least monthly to work on improving roadway safety and shall include, but not be limited to:

[i.] 1. Proposed programs and initiatives to reduce traffic violations and to encourage traffic calming and safety measures;

[ii.] 2. Suggestions for behavioral modification to reduce crashes in the city, such as education and strategic traffic enforcement, including placement of traffic enforcement agents in certain areas;

[iii.] 3. A plan to increase collaboration between the department and the police department on roadway safety; and

[iv.] 4. A schedule for implementing the proposals contained in such plan.

c. The department shall issue such plan to the mayor and council [ninety] 90 days after the date on which the local law that added this section takes effect. Such report shall include, but not be limited to, the strategies for improving roadway safety, whether any strategies were implemented, and the status of such implementation.

d. Such plan shall be updated every five years and the first such updated plan shall be presented to the mayor and council no later than May 31, 2016, and on or before the same date every five years thereafter. Such updated plan shall include, but not be limited to, actions that have been taken to implement the prior plans submitted pursuant to this section, and the reasons that any actions that had been recommended by such prior plans [but not implemented] were not taken.
