Whereas, Data suggests that turnout would increase the most for younger voters and voters of color if municipal elections were to be moved to even-numbered years; and

Whereas, Additional election cycles require voters to expend additional resources to learn how and where to vote and to make an additional trip to the polls; and

Whereas, When Representatives are elected by a small number of voters they are only accountable to a limited portion of their constituents; and

Whereas, Moving elections into even-numbered years will greatly decrease the cost of election administration; now, therefore, be it
