commission to be installed in a taxicab or street hail livery which performs one or more of the following functions:

- 1. Allows a passenger to identify the location(s) of available taxicabs and street hail liveries in a given area and allows a taxicab or street hail livery driver to identify the location of a passenger who is currently ready to travel;
- 2. Allows a passenger to hail a taxicab or street hail livery via the electronic device;
- 3. Allows a taxicab or street hail livery driver to receive a hail request from such a passenger if the e-hail application provides for connecting a passenger to a taxicab or street hail livery driver; or
- <u>4.</u> <u>Allows for passengers to pay for fares through the e-hail application.</u>
- kk. "E-hail application provider" means the vendor of an e-hail application.
