Safe haven. The term “safe haven” means a facility operated by the department or a provider under contract or similar agreement with the department that provides low-threshold, harm-reduction housing to chronic street homeless individuals, who are referred to such facilities through a department outreach program, without the obligation of entering into other supportive and rehabilitative services in order to reduce barriers to temporary housing.

Shelter. The term “shelter” means temporary emergency housing provided to homeless adults, adult families, and families with children by the department or a provider under contract or similar agreement with the department.

b. Report. No later than 1 year after the effective date of the local law that added this section, and every 6 months thereafter, the department, in coordination with the department of health and mental hygiene and any other relevant city agency, shall submit to the speaker of the council and post on its website information on safe havens, shelters and drug treatment centers in the city.
