Int. No. 176

By Council Members Van Bramer, Chin, Johnson, Reynoso, Rosenthal and Mendez

A Local Law to amend the New York city charter and the administrative code of the city of New York, in relation to community impact reports for city-subsidized economic development projects.

Be it enacted by the Council as follows:

Section 1. Title 22 of the administrative code of the city of New York is amended by adding a new chapter 9 to read as follows:

Chapter 9

Community Impact Reports

§22-901. Definitions

§22-902. Community Impact Reports

§22-901. Definitions. a. For the purposes of this chapter, the following terms shall have the following meanings:

“Department” shall mean the department of small business services.

“City economic development entity” shall mean a not-for-profit corporation of which a majority of its members are appointed by the mayor and that is under contract with the department to provide or administer economic development benefits on behalf of the city and expend city capital appropriations in connection therewith.

“Economic development benefit” shall mean the sale or lease of city-owned land or the provision or administration of financial assistance by the city economic development entity to a person or entity for the purpose of job creation, retention, growth or other economic development project . Economic development

benefit shall not include: (i) the sale or lease of city-owned property or the provision of financial assistance in connection with contracts or other agreements for the provision of social services;

(ii) as-of-right assistance, tax abatements or benefits, such as those under the Industrial and Commercial Abatement Program, the J-51 Program, and other similar programs;

(iii) projects for affordable housing where such affordable housing units shall be affordable to individuals earning less than 120% of area median income and where any market rate housing units created within such project comprise no more than thirty percent of all units created within such project; and

(iv) projects that include less than 25,000 square feet of gross commercial space;

“Economic development project” shall mean a project undertaken by a person or entity which receives an economic development benefit for such project.

“Financial assistance” shall mean the provision of more than one hundred fifty thousand dollars in cash payments or grants, bond financing, tax abatements or exemptions (including, but not limited to, abatements or exemptions from real property, mortgage recording, sales and use taxes, or the difference between any payments in lieu of taxes and the amount of real property or other taxes that would have been due if the property were not exempted from the payment of such taxes), tax increment financing, filing fee waivers, energy cost reductions, environmental remediation costs, write-downs in the market value of building, land, or leases, or the cost of capital improvements undertaken for the benefit of a project subject to a project agreement. Financial assistance shall include only discretionary assistance that is negotiated or awarded by the city or by a city economic development entity, and shall not include as-of-right assistance, tax abatements or benefits, such as those under the Industrial and Commercial Abatement Program, the J-51 Program, and other similar programs. Any tax abatement, credit, reduction or exemption that is given to all persons who meet criteria set forth in the state or local legislation authorizing such tax abatement, credit, reduction or exemption shall be deemed to be as-of-right (or non-discretionary); further, the fact that any such tax abatement, credit, reduction or exemption is limited solely by the availability of funds to applicants on a first come, first served or

other non-discretionary basis set forth in such state or local law shall not render such abatement, credit, reduction or exemption discretionary. Where assistance takes the form of leasing city property at below-market lease rates, the value of the assistance shall be determined based on the total difference between the lease rate and a fair market lease rate over the duration of the lease. Where assistance takes the form of loans or bond financing, the value of the assistance shall be determined based on the difference between the financing cost to a borrower and the cost to a similar borrower who does not receive financial assistance from the city or a city economic development entity.

§22-902. Community Impact Reports. For each economic development project, the department shall prepare or cause to be prepared a community impact report which shall describe and assess certain economic and social data related to the proposed economic development project and the community in which it will be located along with the following:

a. a general, functional description of the proposed project; its prospective location; its initial owner, operator or manager; existing number of employees; whether the project is a new or continuing endeavor; a full description of the funding source benefit or program name, dollar amount or equivalent along with the term of all economic development benefits being contemplated including a list of as-of-right business incentive program benefits provided by the city;

b. information on whether the economic development project would be located in a highly distressed area as defined under section 854(18) of the general municipal law with a listing of such qualifying characteristics. Where a project would be located in a highly distressed area, the community impact report shall describe the impact, if any, the proposed project is projected to have on (i) alleviating unemployment; (ii) spurring private or public investment in employment, housing or educational opportunities for residents; (iii) increasing wages or other employment compensation, such as health benefits, of other businesses in the distressed area; (iv) providing opportunities for training and skills development and improving employment opportunities for entry-level or low-skill workers; and (v) facilitating and supporting local entrepreneurial

efforts.

c. where a business will be created or moved to a prospective location in furtherance of the economic development project, a description of the current use of the prospective location shall be provided.

d. information regarding (i) the estimated number of residential units to be directly created or renovated as a result of such project, proposed rents for such units, how such rents compare to current rents of unit types in closest similarity within the community district or districts within which such project will be located and the estimated increase in rents to such units and other units within such community district or districts that may result from such project;

(ii) the estimated number of residents who will be displaced as a direct result of the project and as to these residents, a demographic profile compiled from non-confidential government and other data publicly available to include, but not limited to the racial, ethnic and gender composition of these residents, the estimated number of residents over sixty-five years of age and under 18 years of age; the estimated average individual and household income; the estimated number of residents receiving subsidized housing assistance from vouchers, grants or other program; the number of any rent regulated units in an existing building at risk of elimination; and such other information determined by the department to be appropriate;

(iii) the estimated number of businesses that will be displaced as a direct result of the project; the estimated number of full-time employees and part-time employees to be displaced; the business type classification as commercial, industrial or retail and to the extent reasonably available from non-confidential government data, the percentage representation, average gross floor area and the final actual assessed total value of the business properties to be displaced.

(iv) the estimated number of permanent and seasonal full-time jobs to be directly created by such project, the method by which the estimate was derived, and the aggregation of such jobs by business sector including, but not limited to, construction, retail, professional services, financial services, tourism and hospitality, information and technology, and building services and the method by which each such estimate was

derived;

(v) the estimated number of permanent full-time jobs to be indirectly created by such project and the method by which such estimate was derived;

(vi) the estimated percentage of employees in each category set forth in paragraphs iv and v of this subdivision, respectively, who it is estimated will earn up to thirty-five thousand dollars per year, the percentage of employees who it is estimated will earn more than thirty-five thousand dollars per year and up to fifty thousand dollars per year, and the percentage of employees who it is estimated will earn more than fifty thousand dollars per year, and for those employees who are not salaried but are paid based upon an hourly wage, the percentage of employees in each such category, respectively, who it is estimated will be paid an hourly wage between the minimum wage and ten dollars an hour, and above ten dollars, and up to fifteen dollars an hour;

(vii) information on whether the project will utilize local job recruitment programs and the number of jobs which may be filled by such programs;

(viii) the estimated number of persons in each category set forth in paragraphs iv and v of this subdivision, respectively, whom it is estimated will receive employer provided health benefits;

(ix) a statement as to the sources and computational methodology of all information relied upon to produce the estimates and data required by this subdivision.

e. A community impact report shall be submitted to the council at least thirty days prior to the approval by the city or the economic development entity of the proposed economic development benefit and related project. Each report shall also be made available on the website of the economic development entity or on the website of the city of New York.

§2. Paragraph a of subdivision 1 of section 1301 of the New York city charter is amended to read as follows:

a. to establish business, industrial and commercial policies, programs and projects which affect the

business, industrial, commercial or economic well-being, development, growth and expansion of the economic life of the city; and to examine the impact on communities for which an economic development project is proposed.

§3. This local law shall take effect one hundred twenty days from its enactment.
