Int. No. 80

By Council Members Brannan, Adams and Yeger

A Local Law to amend the administrative code of the city of New York, in relation to requiring that traffic study determinations be issued no later than 60 days from the date a traffic control device is requested by a city council member or community board

Be it enacted by the Council as follows:

Section 1. Section 19-185 of the administrative code of the city of New York, as added by local law number 14 for the year 2011, is amended to read as follows:

§ 19-185 Traffic study determinations. The department shall issue a traffic study determination within 60 days of the date a council member or community board submits a request for a traffic control device regulated by the manual on uniform traffic control devices. The department shall include with any determination denying [a]such request [by a community board or council member for a traffic control device regulated by the manual on uniform traffic control devices,] a summary of the traffic control device warrants, along with the date and time that the department performed its traffic analysis and the time period of any crash data considered by the department for such warrants. Such denial shall also include the following language: “A summary of the studies and reports that led to this determination will be provided upon request.” Upon such request by the community board or council member after receiving the denial the department shall provide a summary of the traffic studies and/or reports performed by the department.

§ 2. This local law takes effect 120 days after it becomes law.
