Be it enacted by the Council as follows:

Section 1. Subdivision d of section 15 of the New York city charter, as amended by local law number 22 for the year 2002, is amended to read as follows:

d. 1. The city of New York further recognizes the need for coordination and cooperation among city agencies and between city agencies and non-governmental entities that provide such services.

2. There shall be [mental retardation] intellectual and developmental disability coordination within the office of operations. In performing functions relating to such coordination, the office of operations shall be authorized to: develop methods to: (i) improve the coordination within and among city agencies that provide services to people with [mental retardation] intellectual or developmental disabilities, including but not limited to the department of health and mental hygiene, the administration for children’s services, the human resources administration, department of youth and community development, the department of juvenile justice, and the department of employment, or the successors to such agencies, and the health and hospitals corporation and the board of education; and (ii) facilitate coordination between such agencies and non-governmental entities providing services to people with [mental retardation] intellectual or developmental disabilities; review state

and federal programs and legislative proposals that may affect people with [mental retardation] intellectual or developmental disabilities and provide information and advice to the mayor regarding the impact of such programs or legislation; recommend legislative proposals or other initiatives that will benefit people with [mental retardation] intellectual or developmental disabilities; and perform such other duties and functions as the mayor may request to assist people with [mental retardation] intellectual or developmental disabilities and their family members.

§ 2. Section 550 of the New York city charter, as added by a vote of the electors on November 6, 2001, is amended to read as follows:

§ 550. Definitions. When used in this chapter: the term “mentally disabled” shall mean those with mental illness, [mental retardation] developmental disability, alcoholism, substance dependence or chemical dependence as these terms are defined in section 1.03 of the mental hygiene law and those with intellectual disability as the term is described in section 1.03 of the mental hygiene law; or any other mental illness or mental condition placed under the jurisdiction of the department by the mayor; the term “provider of services” shall mean an individual, association, corporation or public or private agency which provides for the mentally disabled; and the term “services for the mentally disabled” shall mean examination, diagnosis, care, treatment, rehabilitation, training, education, research, preventive services, referral, residential services or domiciliary care of or for the mentally disabled, not specifically limited by any other law. Notwithstanding the foregoing, planning and programs for persons with substance dependence or chemical dependence shall be conducted by the department, and the department may act as a “local agency” to conduct substance abuse programs and seek reimbursement therefore pursuant to provisions of the mental hygiene law relating to funding for substance abuse services, as deemed appropriate by the commissioner in recognition of the programs currently administered by the New York state office of alcoholism and substance abuse services or its successor agency under article [nineteen] 19 of the mental hygiene law.
